Re: First Reading of Revised District Policy Manual

Please find attached to this memo proposed revisions to the District policy manual. The policies contained therein have been reviewed informally by the Board of Education over the last three years with the assistance of the Erie 1 BOCES Policy Service. Based on the discussions, the new adoptions, revisions, and deletions, are presented for a first read by the Board of Education.

The Board will need to approve the policies in the attached manual and listed in Appendix A. The Board will need to formally delete all existing policies listed on Appendix B.

A small number of policies has been excluded from the revised manual to resolve open questions of interpretation. These will be processed in the upcoming months.

Please do not hesitate to contact me with any additional questions you may have as you review the policy.

Enc: 2022 Policy Manual
Appendix A. Numerical policy listing of included policies
Appendix B. Numerical policy listing of old policies which are to be deleted

Our Mission is to educate and inspire each student to love learning, pursue excellence and use knowledge, skills and attitudes to contribute respectfully and confidently to an ever-changing global community.

The District's Policy Manual, developed with Erie 1 BOCES Policy Services, does not provide legal advice. Applying Board policies to specific situations may require consulting with school administrators/school attorney, or other professionals to address the particular circumstances.

FOREWORD

Here are the policy statements formulated by the Board of Education (Board) of the Spencerport Central School District (District).

Policy is defined as a basic plan of action. It establishes limits within which freedom of judgment can be exercised. Policy is also a governing principle of management. It is a statement that has an effect on the interests of those who come under its jurisdiction. A policy may originate from the constitution, from statute, from local determinations, or from customary patterns of formal behavior.

Policy should accomplish the following:

- a) State a position taken by the District;
- b) Grant the authority to act;
- c) Be sufficiently detailed to give adequate direction;
- d) Be achievable within the real environment of the school and community;
- e) Provide for impartial procedures.

In addition to the adopted policies, the operation of the District is governed by and subject to all applicable laws, regulations of the Commissioner of Education, Civil Service requirements, Board Resolutions, School Administrative Regulations and Contracts of Agreement.

If any part of this manual is made invalid by judicial decision or legislative or administrative enactment, all other parts will remain in full effect unless and until they are amended or repealed by the Board of Education. The official record of the adoption, amendment, or repeal of the bylaws and policies of the Spencerport Central School District will be the minutes of the Board's meetings.

SUBJECT: SCHOOL DISTRICT AND BOARD OF EDUCATION LEGAL STATUS AND AUTHORITY

The Constitution of New York State instructs the Legislature to provide for a system of free common schools wherein all children of the State may be educated.

The State Legislature has implemented this constitutional mandate through the creation of school districts of various types. As a Central School District, the Spencerport Central School District is organized under and subject to the provisions of Education Law Article 37.

The Board is the corporate body charged with the general control, management, and responsibility of the schools of the Spencerport Central School District. As such, it possesses those powers and duties set forth in law.

The Board is authorized to act as a body duly called in session. Individual Board members have no authority over school affairs.

SUBJECT: RELATIONSHIPS -- BOARD, ADMINISTRATION, EMPLOYEES AND PARENTS

The Board of Education considers the following to be the professional approach:

Board members feel that they should not and do not want to routinely become involved with problems which can be solved satisfactorily by school personnel. If Board action is necessary, direction is always through the Superintendent of Schools.

When a parent calls a Board member about a problem involving a teacher, the parent will be asked to follow the school's chain of command to arrive at a solution. The proper sequence is teacher, principal, Assistant Superintendent, Superintendent. In the case of non-teaching employees, the employee and immediate supervisor should be contacted initially. If the problem is not resolved by pursuing this chain, parents should feel free to contact the Board.

Employees having complaints or recommendations to make should follow the normal procedure of bringing their problems or opinions to the attention of their immediate supervisor. Should the problem be a grievance, the established grievance procedures should be followed.

The Board gives unqualified assurance to all parents, residents, and employees that they may bring any problem or complaint to the attention of a supervisor, or any other member of the administration or Board; that they will receive full and fair consideration, and that their bringing up the matter will not adversely affect them in any way.

Adherence to the above should eliminate unnecessary embarrassment, and shall facilitate action and understanding as well as prevent the compounding of minor problems.

SUBJECT: RESIGNATION AND DISMISSAL

Board members may resign at a District meeting of residents (i.e., the annual meeting, not a regular Board meeting) or by filing a written resignation with the District Superintendent of the Supervisory District who must endorse his or her approval and file the resignation with the District Clerk.

Alternatively, a Board member may resign by filing a written resignation with the District Clerk. The Clerk must then notify the Board and the State Board of Elections.

A resignation may be withdrawn only with the consent of the person to whom the resignation was delivered (i.e., the District Clerk or BOCES District Superintendent). The Board has no authority to act upon a request to withdraw a resignation.

The resignation will take effect upon the date specified in the letter of resignation; however, if no effective date is specified, it will take effect on the date of delivery to or filing with the District Clerk. If an effective date is specified in the letter of resignation, the date must not be more than 30 days subsequent to the date of its delivery or filing.

It will be the duty of each member of the Board to attend all meetings of the Board and, if any member refuses to attend three consecutive meetings of the Board after having been regularly notified and a satisfactory cause for each non-attendance is not shown, the Board will proceed to declare that office vacant.

A Board member may be removed from office by the Commissioner of Education for willful violation of any provision of law, neglect of duty, or willfully disobeying any decision, order, or regulation of the Commissioner. The Board may also remove a Board member for misconduct relating to the exercise of authority as a Board member. A written copy of all misconduct charges must be served upon the Board member at least ten days before the time designated for a hearing on the charges; the Board member will be allowed a full and fair opportunity to refute the charges before removal.

In the event of death, resignation, removal from office or from the District, or refusal to serve as a Board member, the District has the power and duty to fill the vacancy. If the Board chooses to fill the vacancy by appointment, the appointment requires a majority vote of the full Board and will be only for a term ending with the next annual election of the District.

The Board, at its own option, may instead call a special election within 90 days to fill the unexpired term. If not filled by Board appointment or special election, the District Superintendent of the Supervisory District may appoint a competent person to fill the vacancy until the next annual election. Alternatively, the Commissioner of Education may order a special election for filling a vacancy. When a special election is ordered, the vacancy will not be otherwise filled.

A person elected or appointed to fill a vacancy will take office immediately upon filing the oath of office.

SUBJECT: DUTIES OF THE EXTERNAL (INDEPENDENT) AUDITOR

The Board by law must obtain an annual audit of its records by an independent certified public accountant (CPA) or an independent public accountant (PA). The audit must also include all extraclassroom activity funds. The independent accountant will present the report of the annual audit to the Board. The Board will adopt a resolution accepting the audit report and file a copy of the resolution with the Commissioner. The District will also file the audit report with the Commissioner for a specific school year by October 15 of the following school year. In addition to the annual audit, the District is subject to State audits conducted by the State Comptroller.

The independence and objectivity of the auditor may be enhanced when the Board and Audit Committee perform an oversight role with respect to the hiring and performance of the auditor, as required by law. Similarly, no audit engagement will be for a term longer than five consecutive years. The District, may, however, permit an independent auditor engaged under an existing contract for those services to submit a proposal for those services in response to a request for competitive proposals or be awarded a contract to provide those services under a request for proposal process.

Duties and Responsibilities

The independent auditor must conduct the audit in accordance with Generally Accepted Government Auditing Standards (GAGAS) issued by the Comptroller General of the United States. Standards of GAGAS are organized as general, fieldwork, and reporting.

Below are some important considerations the District will expect of the auditor in preparing the audit; however, they should not be considered all-inclusive or a substitute for the auditor's professional judgment.

- a) Independence: The auditor must document that he or she is independent of the District and free of personal and external impairments. The auditor must establish an internal quality control system to identify any personal and external impairment and assure compliance with GAGAS independence requirements.
- b) Internal Quality Control System: The auditor must document that his or her internal quality control processes adequately demonstrate compliance with government auditing standards. He or she must establish an organizational structure, policies, and procedures to provide reasonable assurance of complying with applicable standards governing audits.
- c) Internal Controls: The auditor must obtain a sufficient understanding of the District's internal controls and document such understanding covering the five interrelated components: the control environment, risk assessment, control activities, information and communication, and monitoring.
- d) Planning and Supervision: The auditor's work is to be properly planned and supervised and will consider materiality and/or significance in order to provide reasonable assurance of detecting misstatements resulting from direct and illegal acts and irregularities to financial statements. The auditor should also be aware of the possibility that indirect illegal acts may have occurred.

(Continued)

SUBJECT: DUTIES OF THE EXTERNAL (INDEPENDENT) AUDITOR (Cont'd.)

- e) Audit documentation: In order to meet the GAGAS requirements, the audit documentation should provide a clear understanding of its purpose, the source, and the conclusions the auditor reached. It should be organized to provide a clear link to the findings, conclusions, and recommendations contained in the audit report.
- f) Reporting on Internal Controls and Compliance: The auditor must report on and present the results of his or her testing of the District's compliance with laws and regulations and its internal controls over financial reports in light of irregularities, illegal acts, other material noncompliance, significant deficiencies, and material weaknesses in internal controls.

SUBJECT: APPOINTMENT AND DUTIES OF THE CLAIMS AUDITOR

This auditor will determine whether the amounts claimed are actual and necessary expenditures, if the goods or services were actually received, whether the District official or employee was authorized to incur the obligation, and if the claims are supported with adequate evidence. The Claims Auditor will ensure that each claim is legitimate, mathematically correct, does not exceed any available appropriation within the applicable budget code, and is made in accordance with District policy, purchasing order, or contract before authorizing payment. This auditor will certify that he or she audited each claim listed on the claims warrant to authorize the Treasurer to pay. The Treasurer should compare the signed checks to the certified warrant to verify accuracy and consistency before issuing payment.

The Claims Auditor will report directly to the Board on a monthly basis. The Board may require that the Claims Auditor report to the Clerk of the District, Clerk of the Board, or to the Superintendent for administrative matters such as workspace, time, and attendance.

The Board may adopt a resolution establishing the office of Deputy Claims Auditor to act as the Claims Auditor in the absence of the Claims Auditor. The Board may, by resolution, abolish the position of Deputy Claims Auditor at any time. The same eligibility requirements and qualifications that apply to a Claims Auditor apply to the Deputy Claims Auditor.

SUBJECT: POLICY AND ADMINISTRATIVE REGULATIONS

The formulation and adoption of written policies will constitute the basic method by which the Board will exercise its leadership in the operation of the District. The Superintendent will act as an advisor to the Board in adopting and approving of written Board policies. The Board will seek input from staff and the community where appropriate. These written board policies will govern the operation of the District.

The adoption of a written policy will occur only after the proposal has been moved, discussed, and voted on affirmatively at two separate meetings of the Board (i.e., the "first reading" and the "second reading"). The policy draft may be amended at the second meeting. By a majority vote, the Board may waive the "second reading" and complete the adoption of the proposed policy at its "first reading."

Board action is also necessary for revising policies that require amendment or rescinding policies that are no longer relevant or applicable to the District.

The formal adoption, amendment, or deletion of written Board policy will be recorded in the official minutes of the Board. This written Board policy will govern the conduct and affairs of the District and will be binding upon the members of the educational community in the District.

It will be the Board's responsibility to keep its written policies up-to-date so that they may be used consistently as a basis for Board action and administrative decision. The Superintendent is given the continuing commission of calling to the Board's attention all policies that are out-of-date or for other reasons appear to need revision.

Execution of Policy: Administrative Regulations

The Board will delegate to the Superintendent the function of specifying required actions and designing the detailed arrangements under which the schools will be operated. These rules and detailed arrangements will constitute the administrative regulations governing the schools, and they will be consistent with the policies adopted by the Board. The Board will be kept informed periodically of changes in administrative regulations.

All Board meetings will be open to the public except those portions that are executive sessions. The Board will make reasonable efforts to ensure that all meetings are held in an appropriate facility that can adequately accommodate all members of the public who wish to attend. The Superintendent will attend all Board meetings. Members of the Superintendent's staff may attend Board meetings at the Superintendent's discretion. The Board may also request that additional people attend.

Regular Board meetings will take place on the day and time designated by the Board at the Annual Organizational Meeting, except as modified. Any Board meeting may be adjourned to a future date and time if approved by a majority of the Board present. Further, if a meeting date falls on a legal holiday, interferes with other area meetings, or Board member attendance will be less than a quorum, the Board will select a date for a postponed meeting at the prior regular meeting, and it will direct the Clerk to notify all members. The District Clerk will provide the Board members written notice of the time of and agenda for each regular meeting before the meeting.

When the Board schedules a meeting on at least one week's notice, it will give or electronically transmit public notice of the time and place to the news media and conspicuously post the notice in one or more designated public locations at least 72 hours before the meeting. Notice of other meetings will be given or electronically transmitted, to the extent practicable, to the news media and conspicuously posted at one or more designated public locations at a reasonable time before the meeting. When the District has the ability to do so, it will conspicuously post the meeting notices on its website.

The Superintendent will prepare the meeting agenda during the week before the meeting and review it with the Board President. The agenda will then be distributed to Board members no later than the Friday before the regular meeting. The President or other Board members will submit requests to place matters on the agenda to the Superintendent. Whenever individuals or groups wish to bring a matter to the attention of the Board, they will submit a written request to the Superintendent.

District records available to the public under the Freedom of Information Law, as well as any proposed rule, regulation, policy, or amendment scheduled to be discussed at a Board meeting will be made available upon request, to the extent practicable, before the meeting. Copies of these records may be made available for a reasonable fee. These records will be posted on the website to the extent practicable before the meeting.

If videoconferencing or online technology is used to conduct a meeting, the public notice for the meeting will inform the public, identify all the locations for the meeting, and state that the public has the right to attend at any of the locations. If a meeting is streamed live over the internet, the public notice will inform the public of the website's internet address. Voting may be done through videoconferencing, provided that members can be both seen and heard voting and participating from remote locations.

SUBJECT: SCHOOL VOLUNTEERS

Volunteers are persons who are willing to donate their time and energies to assist building principals, teachers, and other school personnel in implementing various phases of school programs. Volunteers will serve in that capacity without compensation or employee benefits except for liability protection under the District's insurance program.

The Board has a school volunteer program to support District instructional programs and extracurricular activities. The purpose of the volunteer program is to:

- a) Assist employees in providing more individualization and enrichment of instruction;
- b) Build an understanding of school programs among interested citizens, thus stimulating widespread involvement in a total educational process;
- c) Strengthen school/community relations through positive participation.

An application must be filled out by each prospective volunteer and forwarded to the District Community Programs volunteer office for evaluation and orientation. Following approval from the Superintendent or designee, volunteers selected for work in the District will be placed on the list of approved volunteers. However, the Superintendent and/or designee retains the right to approve, reject or revoke any volunteer applications submitted for consideration.

SUBJECT: CHARTER SCHOOLS

A charter school is a public school financed through public local, state, and federal funds that is independent of local school boards. The local school district within which the charter school is located has the right to visit, examine, and inspect the charter school for compliance with all applicable laws, regulations, and charter provisions.

Charter schools may be located in part of an existing public school building, a private work site, a public building, or any other suitable location. At the request of the charter school or prospective applicant, the District will make available a list of vacant and unused school buildings and vacant and unused portions of school buildings, including private school buildings, within the District which may be suitable for the operation of a charter school.

Academic Credit

The District's high school(s) may accept academic credit from students who transfer from the charter school as authorized and/or permitted in accordance with law, Commissioner's regulations, and local District standards. Either the charter school or the local School Board may issue a high school diploma upon students' graduation from a charter school depending on the charter school's relationship with the Board.

Educational Materials

Students attending a charter school have the same access to textbooks, software, and library materials loaned by the District as if enrolled in a nonpublic school. Within available District inventory and budgetary appropriations for purchase of these materials, the District is required to provide these materials on an equitable basis to all public school students and to all nonpublic school and charter school students who are residents of the District or who attend a nonpublic or charter school in the District. The base year enrollment of students in the charter school may be claimed by the District for the purposes of textbook, software, and library materials aids, in the same manner as nonpublic school enrollments are claimed.

Transportation

For the purpose of transportation, charter schools are considered nonpublic schools. Students attending charter schools who reside within a 15 mile radius of the charter school (or a greater radius if the voters of the district of residence have approved nonpublic transportation for more than 15 miles) will receive transportation from their district of residence on the same basis as nonpublic school students; that is, subject to the applicable minimum mileage limits for transportation in the district of residence, and the requirement of the timely filing of the request for transportation in accordance with Education Law.

A student cannot be dually enrolled in the charter school and District schools. However, the district of residence of students attending a charter school may, but is not required to, allow those students to participate in athletic and extracurricular activities.

(Continued)

SUBJECT: CHARTER SCHOOLS (Cont'd.)**Special Education**

Special Education programs and services will be provided to students with disabilities attending a charter school in accordance with the individualized education program recommended by the Committee or Subcommittee of Special Education of the student's district of residence. The charter school may arrange to have these services provided by the district of residence or by the charter school directly or by contract with another provider. Where the district of residence provides the special education programs or services, they will be provided in the same manner as provided to students in other public schools in the District. This includes the provision of supplementary and related services on site to the same extent the District's policy and practices provide such services on the site of other public schools.

Leaves of Absence

A teacher employed by the District may make a written request to the Board for an extended leave of absence to teach at a charter school. Approval for such a leave of absence for a period of three years or less will not be unreasonably withheld. If this approval is granted to a teacher by the District, the teacher may return to teach in the District during the period of leave without the loss of any right of certification, retirement, seniority, salary status, or any other benefit provided by law or by collective bargaining agreement. If an appropriate position is unavailable, the teacher's name will be placed on a preferred eligible list of candidates for appointment to a vacancy that may occur after in an office or position similar to the one the teacher filled in the District immediately prior to the leave of service.

Charter School Finances

The enrollment of students attending charter schools will be included in the enrollment, attendance and, if applicable, count of students with disabilities of the school district in which the charter school student resides. The charter school will report all of this data to the districts of residence in a timely manner for reporting to the State Education Department (SED). The school district of residence will pay directly to the charter school for each student enrolled in the charter school the basic tuition as determined by the Commissioner of Education as set forth in Education Law. The district of residence must forward these payments to the charter school in six substantially equal installments each year beginning on the first business day of the months of July, September, November, January, March, and May.

Approved operating expenses include the essential operating cost of the District. Excluded are costs for transportation, debt services, construction, tuition payments to other school districts, some BOCES payments, cafeteria or school lunch expenditures, balances and transfers, rental income from leased property, and certain other limited categories unless otherwise authorized by the State Charter School Facilities Incentive Program.

(Continued)

SUBJECT: CHARTER SCHOOLS (Cont'd.)

Charter school financing in the first year of operation will be based on the number of students projected to be served by the charter school and the approved operating expenses of the district of residence of those students. Adjustments will be made in each subsequent year based upon the final report by the charter school of actual enrollment.

Federal and State aid attributable to students with disabilities are required to be paid to a charter school by the school district of residence for those students attending the charter school in proportion to the services the charter school provides such students directly or indirectly. Payment of federal aid attributable to a student with a disability attending a charter school must be made according to the requirements set forth in federal law and regulations. Failure by the District to make required payments will result in the State Comptroller deducting the required amounts from State funds due to the District and paying them to the charter school.

The District, the charter entity, and the State are not liable for the debts of the charter school.

Notice and Hearing Requirements

The New York State Board of Regents is required to provide the District information on the charter school process. If a charter school is proposed, the charter entity and the Board of Regents will notify the school district in which the charter school is located and public and nonpublic schools in the same geographic area as the proposed charter school at each significant stage of the chartering process.

This notification will be provided by the charter entity within 30 days of its receipt of an application for formation of a new charter school or for renewal of an existing charter school and at least 45 days prior to initial approval of the charter application by the charter entity.

Before a charter is issued, revised, or renewed, the school district in which the charter school is located will hold a public hearing to solicit comments from the community potentially impacted by the proposed charter school. When a revision involves the relocation of a charter school to a different school district, the proposed new school district will also hold a hearing. The school district will, at the time of its dissemination, provide the SED with a copy of the public hearing notice.

No later than the business day next following the hearing, the school district will provide written confirmation to both the charter entity and the SED of the date and time the hearing was held. Copies of all written records or comments generated from the hearing will be submitted to the charter entity and the SED within 15 days of the hearing.

The school district will also be given the opportunity to comment on the proposed charter to the charter entity. The charter entity will consider any comments raised and submit them to the Board of Regents with the application for issuance, revision, or renewal of a charter.

(Continued)

SUBJECT: CHARTER SCHOOLS (Cont'd.)

In the event the school district fails to conduct a public hearing, the Board of Regents will conduct a public hearing to solicit comments from the community in connection with the issuance, revision, or renewal of a charter.

SUBJECT: NAMING SCHOOL FACILITIES

The School Board believes naming any District facility is a matter of great importance, one that deserves thoughtful attention. In selecting a name, the Board will give preference to people who have made a significant contribution to education in Spencerport.

The Board may, at its sole discretion, name a facility or form a subcommittee of the Board, community and/or staff to review petitions and submit recommendations to the Board.

Any individual or group desiring to submit a petition to the Board must submit the reasons, provide biographical materials and other relevant information to support their nomination.

The Board will not be influenced in its decision by personal prejudice or favoritism, political pressure, or popularity in choosing a name.

SUBJECT: VISITORS TO THE SCHOOL

All visitors will be required to report to the greeter's desk upon arrival at school and state their business. Visitations to classrooms for any purpose require permission in advance from the building principal in order to allow teachers the opportunity to arrange their schedules to accommodate these requests.

When individual Board members visit the schools, they must abide by the regulations and procedures developed by the administration regarding school visits.

All visitors must comply with the District's *Code of Conduct*.

Electronic Visitor Management System

The District utilizes an electronic visitor management system (EVMS) in order to ensure the safety and welfare of its students, staff, and guests. When any visitor, including parents and volunteers, wishes to enter any school building during school hours, he or she must present a valid state or government issued photo identification (ID), such as a valid driver's license. Prior to entry being permitted, the EVMS will check visitors against known sexual offender databases. Once the visitor's ID is scanned, the EVMS will print a visitor's badge which must be worn throughout the duration of the visit. Visitors should return this badge at the end of their visit so that they may be checked out of the building in a timely fashion.

Visitors who refuse to produce IDs or fail the check of sexual offender databases, must have their visit authorized by the building administrator. Visitors may be asked to either wait in the school building lobby or to leave school premises if their visit is not authorized.

SUBJECT: USE OF SERVICE ANIMALS

The Board allows the use of service animals on school grounds by individuals with disabilities, subject to restrictions permitted by federal and/or state law, and procedures established by the Superintendent or designee.

A service animal is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals.

The work or tasks performed by a service animal must be directly related to the individual's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition. Psychiatric service animals that have been trained to take a specific action to help avoid an anxiety attack or to reduce its effects, however, may qualify as a service animal.

Where reasonable, the Board also allows the use of miniature horses on school grounds by individuals with disabilities. This use will only be permitted where a miniature horse has been individually trained to do work or perform tasks to benefit an individual with a disability. The use of miniature horses by individuals with disabilities is subject to the considerations and restrictions permitted by federal and/or state law.

The Superintendent or designee may create procedures, regulations, and/or building-specific rules regarding the use of service animals and miniature horses on school grounds by individuals with disabilities.

SUBJECT: PUBLIC COMPLAINTS

Complaints by citizens regarding any facet of the school operation often can be handled more satisfactorily by the administrative officer in charge of the unit closest to the source of the complaint. In most instances, therefore, complaints will be made to the building principal and/or his or her assistant if the matter cannot be resolved by the teacher, coach, or other school employee.

Unresolved complaints at the building level must be reported to the Superintendent by the building principal. The Superintendent may require the statement of the complainant in writing.

All other complaints and related concerns that are not resolved at the Superintendent level to the satisfaction of the complainant may be carried to the Board. Unresolved complaints at the Superintendent level must be reported to the Board by the Superintendent. The Board reserves the right to require prior written reports from appropriate parties.

SUBJECT: CITIZENS ADVISORY COMMITTEES

A citizens advisory committee is a group of citizens from the School District whose function it is to advise the Board of Education with regard to the direction it should take concerning a particular curricular or noncurricular matter.

Once established, a citizens advisory committee has the complete freedom to study the charge created by the Board of Education and make recommendations to the Board of Education. Their function is strictly advisory, never policy making. The Board has the legal responsibility for operating the schools and as a legally constituted body, cannot delegate its powers and responsibilities.

Any recommendations forwarded to the Board of Education must be based on a continuing study of available relevant facts defined at the outset so that the committee knows what its relationship is toward the Board of Education, the Superintendent of Schools, staff members and other citizens of the community.

Each committee member is charged with determining and considering the views of the community regarding the problem or issue in question.

Kinds of Committee

- a) Special purpose advisory committee—deals with specific short-term problems—usually requires one to six months to complete. Its purpose for existence ceases as soon as the specific task is satisfied.
- b) Long-range advisory committee—operates for long periods of time to act as advisors to the Board of Education. The Board of Education receives an annual report from the committee. Additional reports will be identified in the charge to the committee. After the Board has analyzed and discussed committee reports, the Board of Education will decide whether or not to continue advisory committee for study. The Board of Education may choose to discontinue the committee's work, continue the committee's work with the original charge, or create a new charge for the committee. The Board of Education, at its discretion, may continue or reselect members of a long-range advisory committee at any time.

Size of the Committee

The size of the committee will depend on the purpose of the committee. However, it should be small enough so that it can function efficiently in the time allotted to complete its mission.

Methods of Selection for Members

The selection of citizen advisory members appointed by the Board of Education will be based on:

- a) Solicitation of volunteers and/or nomination by community members.

(Continued)

SUBJECT: CITIZENS ADVISORY COMMITTEES (Cont'd.)

- b) Nomination by the Board of Education.
- c) Membership required by the Regulations of the Commissioner of Education. Thus, they are appointed and charged with duties annually in accordance with the rules designated by the Commissioner of Education.

Selection of Members to Ensure Diverse Community Representation

- a) Citizens advisory committees will be broadly representative of the entire School District, reflecting it economically, geographically, occupationally, culturally, politically, etc. or as otherwise directed by the Commissioner of Education.

Members should exhibit:

- 1. A sincere interest in public education.
 - 2. Honesty and sincerity of purpose.
 - 3. Ability to recognize problems, interpret information fairly and reach honest conclusions.
 - 4. Freedom from strong bias that may interfere with reaching sound conclusions.
 - 5. Commitment to attend committee meetings.
- b) Employees of the School District may be members of an advisory committee.
 - c) The Superintendent of Schools and the Board President, or designees will be ex officio members of all advisory committees.
 - d) Advisory committees will have administrator and citizen co-chairs.

Organization

The organization of citizens' advisory committees will be as follows:

- a) The creation of a citizens' advisory committee is an action of the Board.
- b) The Board motion creating a citizens' advisory committee will include a statement outlining clearly what the Board expects from the group and a time frame to accomplish that charge.

(Continued)

SUBJECT: CITIZENS ADVISORY COMMITTEES (Cont'd.)

- c) Committee findings will be reported to the Board of Education. This report will be in writing and can be accompanied by an oral summary in accordance with the time frame established by the Board of Education. At this time, the committee would be decommissioned. The Board of Education reserves the right to form a new advisory committee to investigate related issues, or further study the same issue.
- d) The citizens advisory committee is responsible for organizing itself by deciding:
 - 1. What officers to have in addition to administrator and citizen co-chairs.
 - 2. How often to meet.
 - 3. What records to keep.
 - 4. Whether it is to have subcommittees or study groups. All subcommittees will report to the parent committee.
- e) Committee organization will be in alignment with any governing state regulations.

SUBJECT: SOLICITATION OF CHARITABLE DONATIONS**Students**

Direct solicitation of charitable donations from District students on school property during regular school hours is prohibited. It is a violation of District policy to ask District students directly to contribute money or goods for the benefit of a charity during the hours in which they are compelled to be on school grounds.

However, this policy does not prevent the following types of fundraising activities:

- a) Fundraising activities which take place off school grounds or outside of regular school hours during before-school or after-school extracurricular periods;
- b) Arms-length transactions, where the purchaser receives consideration for his or her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity;
- c) Indirect forms of charitable solicitation on school grounds that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods, or money.

The Board will ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

Personnel

Soliciting of funds from school personnel by persons or organizations representing public or private organizations is prohibited. The Superintendent has the authority to make exceptions to this policy in cases where solicitation is considered to be in the District's best interest. The Board will be notified of these instances.

Distribution of information about worthwhile area charities may be made through the Office of the Superintendent as a service to District personnel.

SUBJECT: ADVERTISING IN THE SCHOOLS

District facilities, staff, and students will not be used or employed in any manner for advertising or otherwise promoting the interests of any commercial, political, or other non-school agency, individual, or organization, except that:

- a) Schools may cooperate in furthering the work of any non-profit, community-wide, social service agency, provided that their cooperation does not restrict or impair the educational program of the schools or conflict with the Rules of the Board of Regents;
- b) The schools may use films or other educational materials bearing only simple mention of the producing firm;
- c) The Superintendent may, at his or her discretion, announce or authorize to be announced, any lecture or other community activity of particular educational merit;
- d) The schools may, upon approval of the Superintendent, cooperate with any agency in promoting activities in the general public interest that are non-partisan and non-controversial, and that promote the education and other best interests of the students.

No materials of a commercial nature will be distributed through District students except as authorized by law or the Commissioner's regulations.

SUBJECT: USE OF SCHOOL FACILITIES, MATERIALS, AND EQUIPMENT**School Facilities**

It is the policy of the Board to encourage the greatest possible use of school facilities for community-wide activities including those uses permitted by New York law. Individuals or groups wishing to use the school facilities must secure written permission from the Board or its designee and abide by the rules and regulations established for use, including restrictions on alcohol, tobacco, and drug use. All visitors must comply with the District's *Code of Conduct*.

The District reserves the right to charge a fee for the use of its facilities in a manner consistent with law, and on terms specified in regulation or by agreement with these organizations.

Materials and Equipment

Except when used in connection with, or rented under provisions of Education Law Section 414, school-owned materials or equipment may be used for school related purposes only. Private or personal use of school-owned materials and equipment is strictly prohibited. The loan of equipment and materials for public purposes that serve the welfare of the community is allowed, as long as the equipment is not needed at that time for school purposes and that the proposed use will not disrupt normal school operations.

The Board will permit school materials and equipment to be loaned to staff members when such use is directly or peripherally related to their employment, and to students when the material and equipment is to be used in connection with their studies or extracurricular activities. Community members will be allowed to use school-owned materials and equipment only for educational purposes that relate to school operations. The Board will also allow the loan of equipment to local governments and other entities that benefit the welfare of the surrounding community. The Board supports this inter-municipal cooperation as it saves taxpayer monies and is a more efficient use of scarce or costly equipment and resources.

Employee Use of District-Owned Vehicles

The District recognizes that some employees are on call at all hours, including weekends. Because of this, the District authorizes such employees to use District-owned vehicles for travel to-and-from District buildings to their residence.

Such personnel are the Director of Facilities and the Head Grounds Equipment Operator. The nature of their positions is that they are on 24-hour call, seven days per week and will usually be the first person that police or fire department officials contact in cases of emergency concerning school property or inclement weather. Due to these requirements, the use of a school-owned vehicle shall be authorized by the Board.

All other District personnel shall use District-owned vehicles only for school-related activity. All exceptions to this policy shall be made in writing to the Superintendent of Schools or his/her designee.

(Continued)

SUBJECT: USE OF SCHOOL FACILITIES, MATERIALS, AND EQUIPMENT (Cont'd.)

Employees using District vehicles may not stop at a store, bank, their home, or any other place for personal reasons while en route to or from school business unless given permission to do so for each such occurrence by their immediate supervisor. Any traffic violation incurred through the use of a District-owned vehicle is the responsibility of the person incurring such violations.

SUBJECT: USE OF FACILITIES BY THE BOY/GIRL SCOUTS OF AMERICA AND PATRIOTIC YOUTH GROUPS

To the extent the District receives funds made available through the United States Department of Education and maintains a "designated open forum" or a "limited public forum," as those terms are defined in federal regulation, it will not deny any group officially affiliated with the Boy/Girl Scouts of America or any other patriotic youth group listed in Title 36 of the United States Code equal access or a fair opportunity to meet. Likewise, the District will not discriminate against any group that requests to conduct a meeting within the District's designated open forum or limited public forum, including denying access or opportunity or discriminating for reasons based on the group's membership or leadership criteria or oath of allegiance to God and country.

The District will provide groups officially affiliated with the Boy/Girl Scouts of America or other Title 36 patriotic youth group access to facilities and the ability to communicate using school-related means of communication on terms that are no less favorable than the most favorable terms provided to other outside youth or community groups.

The District is not required to sponsor any group officially affiliated with Boy/Girl Scouts or any other Title 36 patriotic youth group.

SUBJECT: OPERATION OF MOTOR-DRIVEN VEHICLES ON DISTRICT PROPERTY

In order to promote the access and safety of its buildings and grounds, the Spencerport Central School District has specific requirements for the parking and driving of motor vehicles on District property. In addition to the requirements detailed in this policy, New York State Motor Vehicle laws are in effect and enforceable in all District parking lots and on its roadways at all times. Further, these requirements are consistent with the District's *Code of Conduct*.

Parking

District parking lots are reserved for staff, students, Board of Education members, community program attendees, users and attendees of events authorized by the District, parents, guardians and families of District students while frequenting their child's school and others authorized by the Facilities Office.

Parking is only allowed in authorized parking spots in District parking lots. No parking is allowed in fire lanes or other areas identified as "no parking." Additional parking areas may be authorized by the Facilities Department as needed. Vehicles parked in unauthorized areas may be ticketed by the police and/or fire marshal, and/or towed at the owner's expense. This provision does not apply to emergency vehicles or authorized service vehicles.

Bus loops are for school buses only. Vehicles are not allowed to pick up or drop off any passengers, packages or equipment, or to park or enter a bus loop at any time of the day or night. Exceptions will be posted as authorized by the District.

No parked vehicle shall be left running while unattended. The District is not responsible for lost, stolen, or damaged vehicles or thefts from vehicles while parked on District property. It is recommended that all vehicles are locked when parked on District property.

Vehicles parked on District property may be searched if there is a reasonable suspicion to believe that the search will result in evidence of a violation of the law or *Code of Conduct*.

All staff members parking their vehicle on District property are required to display a parking permit issued by the Facilities Department. Parking permits are for use by the authorized individual and cannot be transferred to others. Parking permits will remain the property of the Spencerport Central School District and when no longer needed or revoked, the permit must be returned to the Facilities Department or authorized office.

All vehicles operated by students and parked on school grounds during the school day must be authorized by the high school administration, or designee. Parking permits will be issued by the high school office. Students authorized to park may do so during the school day in specified locations as set forth by the high school administration. Students who violate the rules established by the high school administration or park without authorization during the school day on District property will face consequences consistent with this policy, including towing of the vehicle at the owner's expense.

The *Code* will govern the conduct of students, teachers, and other school personnel, as well as visitors and vendors. The Board will further provide for the enforcement of this *Code of Conduct*.

For purposes of this policy, and the *Code of Conduct*, school property means in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of the District's elementary or secondary schools, or in or on a school bus; and a school function means a school-sponsored extracurricular event or activity regardless of where the event or activity takes place.

The District *Code of Conduct* has been developed in collaboration with student, teacher, administrator, and parent organizations, school safety personnel, and other school personnel.

The District *Code of Conduct* will be adopted by the Board only after at least one public hearing that provided for the participation of school personnel, parents or persons in parental relation, students, and any other interested parties.

The District *Code of Conduct* will be reviewed on an annual basis, and updated as necessary in accordance with law. The District may establish a committee to facilitate review of its *Code of Conduct* and the District's response to violations. The Board will reapprove any updated *Code of Conduct* or adopt revisions only after at least one public hearing that provides for the participation of school personnel, parents or persons in parental relation, students, and any other interested parties. The District will file a copy of its *Code of Conduct* and any amendments with the Commissioner, in a manner prescribed by the commissioner, no later than 30 days after their respective adoptions.

SUBJECT: THREATS OF VIOLENCE IN SCHOOL

The District is committed to the prevention of violence against any individual or property in the schools, on school property, or at school activities whether such acts and/or threats of violence are made by students, staff, or others. Threats of violence against students, school personnel and/or school property will not be tolerated whether or not such threats occur on school grounds or during the school day.

Any person who commits an act or threatens an act of violence, including bomb threats, whether made orally, in writing, by email, or by any other electronic format, will be subject to appropriate discipline in accordance with applicable law, District policies and regulations, as well as the *Code of Conduct* and collective bargaining agreements, as necessary.

The District does not condone acts and/or threats of violence which threaten the safety and well-being of staff, students, visitors, and/or the school environment. Employees, students, agents, and invitees will refrain from engaging in threats or physical actions which create a safety hazard for others.

All staff who are made aware of physical acts and/or threats of violence directed to students or staff are to report these incidents to the building principal or designee, who will report these occurrences to the Superintendent. Additionally, the building principal or designee will also report occurrences of violence, whether involving an actual confrontation or threat of potential violence, to the school psychologist and/or Director of Special Education if applicable. Local law enforcement agencies may be called as necessary upon the determination of the Superintendent or designee.

Students should report all acts and/or threats of violence, including threats of suicide, of which they are aware to the school hotline, a faculty member, or the building principal.

The District reserves the right to seek restitution, in accordance with law, from the parent or guardian and/or student for any costs or damages which had been incurred by the District as a result of the threats or acts of violence in the schools.

This policy will be disseminated, as appropriate, to students, staff, and parents and will be available to the general public upon request. Appropriate sanctions for violations of this policy by students will be addressed in the *Code of Conduct*.

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT

The Board is committed to providing an environment free from discrimination and harassment. Accordingly, the Board prohibits discrimination and harassment on the basis of race, color, religion, national origin, sex, sexual orientation, age, disability, or other legally protected category. These actions and occurrences are prohibited regardless of whether they take place on District premises or at school-sponsored events, programs, or activities held at other locations.

Prohibited Conduct

Determinations as to whether conduct or occurrences constitute discrimination or harassment for the purposes of this policy and its implementing administrative regulations or procedures will be made consistent with applicable law. These determinations may depend upon a number of factors, including but not limited to: the particular conduct or occurrence at issue, the ages of the parties involved, the context in which the conduct or occurrence takes place, the relationship of the parties to one another, the category or characteristic that is alleged to have been the basis for the action or occurrence, and other considerations as are necessary and consistent with law. The characterizations and examples below are intended to serve as a general guide for individuals in determining whether to file a complaint of discrimination or harassment, and should not be construed to add or limit the rights individuals and entities possess as a matter of law.

Discrimination is, generally, the practice of conferring or denying privileges on the basis of membership in a legally protected class. Discriminatory actions may include, but are not limited to: refusing to promote or hire an individual on the basis of his or her membership in a protected class, denying an individual access to facilities or educational benefits on the basis of his or her membership in a protected class, or impermissibly instituting policies or practices that disproportionately and adversely impact members of a protected class.

Harassment generally consists of subjecting an individual, on the basis of his or her membership in a protected class, to conduct and/or communications that are sufficiently severe, pervasive, or persistent as to have the purpose or effect of: creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with an individual's work or a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting an individual's employment or educational opportunities.

Harassment includes unwelcome verbal, written, or physical conduct which offends, denigrates, or belittles an individual because of his or her membership in a protected class. This conduct includes, but is not limited to: derogatory remarks, jokes, demeaning comments or behavior, slurs, mimicking, name calling, graffiti, innuendo, gestures, physical contact, stalking, threatening, bullying, extorting, or the display or circulation of written materials or pictures.

Civil Rights Compliance Officer

The District will designate one or more individuals to serve as Civil Rights Compliance Officer (CRCO). The CRCO will be responsible for coordinating the District's efforts to comply with and carry out its responsibilities regarding non-discrimination and anti-harassment, including investigations of complaints alleging discrimination, harassment, or the failure of the District to comply with its obligations under relevant non-discrimination and anti-harassment laws and regulations (e.g., the Americans with Disabilities Act, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973).

Prior to the beginning of each school year, the District will issue an appropriate public announcement or publication which advises students, parents or guardians, employees, and other relevant individuals of the District's established grievance procedures for resolving complaints of discrimination and harassment. Included in this announcement or publication will be the name, address, telephone number, and email address of the CRCO(s). The District's website will reflect current and complete contact information for the CRCO(s).

The CRCO(s) for the District is the Assistant Superintendent for Human Resources.

Investigation of Complaints and Grievances

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether verbal or written, of discrimination and/or harassment based on any of the characteristics described above, and will promptly take appropriate action to protect individuals from further discrimination or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

It is essential that any individual who is aware of a possible occurrence of discrimination or harassment immediately report the occurrence. All reports will be directed or forwarded to the District's designated CRCO(s). These complaints are recommended to be in writing, although verbal complaints of discrimination or harassment will also be promptly investigated in accordance with applicable law and District policy and procedure. In the event the CRCO is the alleged offender, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity, or to the Superintendent.

To the extent possible, all complaints will be treated as confidential. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials.

If an investigation reveals that discrimination or harassment has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable laws and regulations, as well as any and all relevant codes of conduct, District policies and administrative regulations, collective bargaining agreements, and/or third-party contracts.

Knowingly Makes False Accusations

Any employee or student who knowingly makes false accusations against another individual as to allegations of discrimination or harassment will face appropriate disciplinary action.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of discrimination and/or harassment. Complaints of retaliation may be directed to the CRCO. In the event the CRCO is the alleged offender, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity, or to the Superintendent.

Where appropriate, follow-up inquiries will be made to ensure that discrimination and/or harassment has not resumed and that those involved in the investigation have not suffered retaliation.

Additional Provisions

Procedures or regulations will be developed for reporting, investigating, and remedying allegations of discrimination and/or harassment.

In order to promote familiarity with issues pertaining to discrimination and harassment in the schools, and to help reduce incidents of prohibited conduct, the District will provide appropriate information and/or training to staff and students. As may be necessary, special training will be provided for individuals involved in the investigation of discrimination and/or harassment complaints.

A copy of this policy and its accompanying procedures or regulations will be available upon request and will be posted and/or published in appropriate locations and/or school publications.

This policy does not abrogate other District policies, procedures, regulations, or the District *Code of Conduct* prohibiting other forms of unlawful discrimination, harassment, or inappropriate behavior within this District. It is the intention of the District that all of these policies, procedures, regulations, and *Code* be read consistently to provide protection from unlawful discrimination and harassment. However, different treatment of any individual which has a legitimate, legal, and non-discriminatory reason is not a violation of District policy.

SUBJECT: TITLE IX AND SEX DISCRIMINATION**Overview**

The District is committed to creating and maintaining education programs and activities which are free from discrimination and harassment. This policy addresses complaints of sex discrimination, including sexual harassment, made under Title IX of the Education Amendments Act of 1972 and its implementing regulations (Title IX). It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Title IX prohibits discrimination on the basis of sex in any education program or activity operated by a district that receives federal financial assistance. As required by Title IX, the District does not discriminate on the basis of sex in its education programs and activities or when making employment decisions.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sex discrimination, including sexual harassment. The District will promptly respond to reports of sex discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections to complainants and respondents, and impose sanctions and implement remedies when warranted.

Inquiries about this policy or the application of Title IX may be directed to the District's Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Scope and Application of Policy

This policy is limited to addressing complaints of sex discrimination, including sexual harassment, that fall within the scope of Title IX which, among other things, has a specific definition of sexual harassment and applies only to sex discrimination occurring against a person in the United States. This policy applies to any individual participating in or attempting to participate in the District's education programs or activities including students and employees.

Other District policies and documents address sex-based misconduct and may have different definitions, standards of review, and grievance procedures. These documents must be read in conjunction with this policy as they may cover incidents of sex-based misconduct not addressed by Title IX.

If the allegations forming the basis of a formal complaint of sexual harassment, if proven, would constitute prohibited conduct under Title IX, then the grievance process outlined in this policy would be applied to the investigation and adjudication of all the allegations. Depending on the allegations, additional grievance procedures may apply.

The dismissal of a formal complaint of sexual harassment under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

What Constitutes Sex Discrimination Including Sexual Harassment

Title IX prohibits various types of sex discrimination including, but not limited to: sexual harassment; the failure to provide equal athletic opportunity; sex-based discrimination in a District's science, technology, engineering, and math (STEM) courses and programs; and discrimination based on pregnancy.

Under Title IX, sexual harassment includes conduct on the basis of sex that satisfies one or more of the following:

- a) An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
- b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity;
- c) Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
- d) Dating violence, meaning violence committed by a person:
 1. Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 2. Where the existence of such a relationship will be determined based on a consideration of the following factors:
 - (a) The length of the relationship;
 - (b) The type of relationship;
 - (c) The frequency of interaction between the persons involved in the relationship;
- e) Domestic violence, meaning felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- f) Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
 1. Fear for his or her safety or the safety of others; or
 2. Suffer substantial emotional distress.

Title IX Coordinator

*The District has designated and authorized the following District employee(s) to serve as its Title IX Coordinator(s):

Primary: Assistant Superintendent for Human Resources
Secondary: Executive Director of Operations and Special Projects
Contact: HR@spencerportschools.org
Phone: 585-349-5120
71 Lyell Avenue
Spencerport NY, 14559

The Title IX Coordinator(s), who must be referred to as such, will coordinate the District's efforts to comply with its responsibilities under Title IX. However, the responsibilities of the Title IX Coordinator(s) may be delegated to other personnel.

Where appropriate, the Title IX Coordinator(s) may seek the assistance of the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Dignity Act Coordinator(s) (DAC(s)) in investigating, responding to, and remedying complaints of sex discrimination, including sexual harassment.

Reporting Allegations of Sex Discrimination

Any person may report sex discrimination, including sexual harassment, regardless of whether they are the alleged victim or not. Reports may be made in person, by using the contact information for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the Title IX Coordinator.

Reports of sex discrimination may also be made to any other District employee including a supervisor, building principal, or the District's CRCO. All reports of sex discrimination, including sexual harassment, will be forwarded to the District's Title IX Coordinator. Reports may also be forwarded to other District employees depending on the allegations.

All District employees who witness or receive an oral or written report of sex discrimination must immediately inform the Title IX Coordinator. Failure to immediately inform the Title IX Coordinator may subject the employee to discipline up to and including termination.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Making a report of sexual harassment is not the same as filing a formal complaint of sexual harassment. A formal complaint is a document either filed by a complainant or a parent or legal guardian who has a right to act on behalf of the complainant or signed by the Title IX Coordinator which alleges sexual harassment against a respondent and requests that the District investigate the allegations. While the District must respond to all reports it receives of sexual harassment, the Title IX grievance process is only initiated with the filing of a formal complaint.

In addition to complying with this policy, District employees must comply with any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*. This includes, but is not limited to, Policy #7550 -- Dignity for All Students (DASA) which requires District employees to make an oral report promptly to the Superintendent or

principal, their designee, or the DAC not later than one school day after witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination of a student. Two days after making the oral report, DASA further requires that the District employee file a written report with the Superintendent or principal, their designee, or the DAC.

If the Title IX Coordinator is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another Title IX Coordinator, if the District has designated another individual to serve in that capacity. If the District has not designated another Title IX Coordinator, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Grievance Process for Complaints of Sex Discrimination Other than Sexual Harassment

The District will provide for the prompt and equitable resolution of reports of sex discrimination other than sexual harassment. In responding to these reports, the Title IX Coordinator will utilize, as applicable, the grievance process set forth in Policy #3420 -- Non-Discrimination and Anti-Harassment in the District and any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Grievance Process for Formal Complaints of Sexual Harassment

The District will respond to allegations of sexual harassment in a manner that is not deliberately indifferent whenever it has actual knowledge of sexual harassment in an education program or activity of the District. The District is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For purposes of reports and formal complaints of sexual harassment under Title IX, education program or activity includes locations, events, or circumstances over which the District exercised substantial control over both the respondent(s) and the context in which the sexual harassment occurred.

The District will follow a grievance process that complies with law and regulation before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The District will conduct the grievance process in a timely manner designed to provide all parties with a prompt and equitable resolution. It is anticipated that, in most cases, the grievance process will be conducted within a reasonably prompt manner and follow the time frames established in this policy.

Definitions

- a) "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to a District's Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any District employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the District with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the District. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in this policy.
- b) "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

- c) "Days" means business days, but excludes any weekday during which the school is closed.
- d) "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the District. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by email or through an online portal provided for this purpose by the District) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party, and must comply with the requirements of law and regulation.
- e) "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- f) "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. These measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The District must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the District to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

General Requirements for the Investigative and Grievance Process

During the investigation of a formal complaint and throughout the grievance process, the District will ensure that:

- a) Complainants and respondents are treated equitably. This includes applying any provisions, rules, or practices incorporated into the District's grievance process, other than those required by law or regulation, equally to both parties.
- b) All relevant evidence is objectively evaluated, including both inculpatory and exculpatory evidence. Inculpatory evidence implicates or tends to implicate an individual in a crime or wrongdoing. Exculpatory evidence frees or tends to free an individual from blame or accusation.
- c) The Title IX Coordinator, investigator, decision-maker involved in the grievance process, or any person designated by the District to facilitate any informal resolution process does not

have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

- d) Respondents are presumed not to be responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- e) The grievance process, including any appeals or informal resolutions, is concluded within a reasonably prompt time frame and that the process is only temporarily delayed or extended for good cause. Good cause includes, but is not limited to, considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

language assistance or accommodation of disabilities. Whenever the time frame is temporarily delayed or extended, written notice will be provided to all complainants and respondents of the delay or extension and the reasons for the action.

- f) The range of possible disciplinary sanctions and remedies that may be implemented by the District following any determination regarding responsibility are described to any known party.
- g) The same standard of evidence is used to determine responsibility in all formal complaints.
- h) The procedures and permissible bases for an appeal are known to all complainants and respondents.
- i) The range of supportive measures available are known to all complainants and respondents.
- j) There is no requirement, allowance of, reliance on, or otherwise use of questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding the privilege has waived the privilege.
- k) The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not on the parties.
- l) The Title IX Coordinator, the investigator, any decision-maker, or any other person participating on behalf the District does not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the District obtains that party's voluntary, written consent to do so for the grievance process. If the party is not an eligible student, as defined in FERPA as a student who has reached 18 years of age or is attending a post-secondary institution, the District will obtain the voluntary, written consent of a parent.
- m) The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
- n) Credibility determinations are not be based on a person's status as a complainant, respondent, or witness.

- o) The ability of either party to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.
- p) The parties are provided with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney,

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

and not limit the choice or presence of advisor for any complainant or respondent in any meeting or grievance proceeding. However, the District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

- q) Written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, is provided to any party whose participation is invited or expected with sufficient time for the party to prepare to participate.
- r) The parties are provided with equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the District does not intend to rely on in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.
- s) Any document sent to a minor or legally incompetent person is also sent to the party's parent or legal guardian.
- t) Any document sent to a party is also sent to the party's advisor, if known.

After a Report of Sexual Harassment Has Been Made

After receiving a report of sexual harassment, the Title IX Coordinator will:

- a) Promptly contact the complainant to discuss and offer supportive measures;
- b) Inform the complainant both of the range of supportive measures available and that these measures are available regardless of whether a formal complaint is filed;
- c) Consider the complainant's wishes with respect to supportive measures; and
- d) Explain to the complainant the process for filing a formal complaint.

The Title IX Coordinator may also contact the respondent to discuss and/or impose supportive measures.

Requests for confidentiality or use of anonymous reporting may limit how the District is able to respond to a report of sexual harassment.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Emergency Removal and Administrative Leave

At any point after receiving a report or formal complaint of sexual harassment, the District may immediately remove a respondent from the District's education program or activity on an emergency basis, provided that the District:

- a) Undertakes an individualized safety and risk analysis;
- b) Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and
- c) Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

The District should coordinate their Title IX compliance efforts with special education staff when initiating an emergency removal of a student with a disability from an education program or activity as the removal could constitute a change of placement under the IDEA or Section 504.

The District may place a non-student employee respondent on administrative leave with or without pay during the pendency of the grievance process in accordance with law and regulation and any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Filing a Formal Complaint

A complainant may file a formal complaint with the Title IX Coordinator in person or by mail, email, or other method made available by the District. The complainant must be participating in or attempting to participate in the education program or activity of the District at the time of filing the complaint. The filing of a formal complaint initiates the grievance process.

A formal complaint must be signed by the complainant, the complainant's parent or legal guardian as appropriate, or the Title IX Coordinator. Where a parent or legal guardian signs the complaint, the parent or legal guardian does not become the complainant; rather the parent or legal guardian acts on behalf of the complainant. The Title IX Coordinator may sign the formal complaint, but his or her signature does not make him or her a complainant or a party to the complaint. If the formal complaint is signed by the Title IX Coordinator, the Title IX Coordinator is still obligated to comply with the grievance process outlined in this policy.

The complainant, or the complainant's parent or legal guardian, must physically or digitally sign the formal complaint, or otherwise indicate that the complainant is the person filing the formal complaint. When a formal complaint is filed, the Title IX Coordinator must send a written notice of allegations to all parties which includes the identities of all known parties.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The District will not discriminate on the basis of sex in its treatment of a complainant or a respondent in responding to a formal complaint of sexual harassment.

The formal complaint form may be obtained from the District's Title IX Coordinator or found on the District's website.

Consolidation of Formal Complaints

The District may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Written Notice of Allegations

Upon receipt of a formal complaint, the District will send all known parties written notice of:

- a) The District's grievance process, including any informal resolution process; and
- b) The allegations of sexual harassment which will:
 1. Provide sufficient details known at the time and sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;
 2. State that the respondent is presumed not to be responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
 3. Inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney;
 4. Inform the parties that they may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint; and
 5. Include notice of any provision in any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct* that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about any complainant or respondent that were not included in the initial notice, the District will provide another notice of the additional allegations to the parties whose identities are known.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Investigation of a Formal Complaint

The Title IX Coordinator will oversee the District's investigation of all formal complaints. During the investigation of a formal complaint, the Title IX Coordinator or another District employee may serve as the District's investigator. The District may also outsource all or part of an investigation to appropriate third parties. The outsourcing of all or part of an investigation does not relieve the District from its obligation to comply with law and regulation.

It is anticipated that most investigations will be completed within *60 days* after receiving a formal complaint however this may be extended depending on the timing and complexity of the case.

During the investigation of a formal complaint, the investigator will, as appropriate:

- a) Collect, review, and preserve all evidence including, but not limited to, any relevant documents, videos, electronic communications, and phone records.

- b) Interview all relevant persons including, but not limited to, any complainants, respondents, and witnesses. Interviews of complainants and respondents will be conducted separately. If a student is involved, the District will follow any applicable District policy, procedure, or other document such as the District's *Code of Conduct* regarding the questioning of students.
- c) Create written documentation of the investigation (such as a letter, memo, or email), which contains the following:
 - 1. A list of all documents reviewed, along with a detailed summary of relevant documents;
 - 2. A list of names of those interviewed, along with a detailed summary of their statements;
 - 3. A timeline of events; and
 - 4. A summary of prior relevant incidents, reported or unreported.
- d) Keep any written documentation and associated documents in a secure and confidential location.

Prior to completion of the investigative report, the District will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties will have at least ten days to submit a written response, which the investigator will consider prior to completion of the investigative report.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

At the end of the investigation, an investigative report will be created that fairly summarizes all relevant evidence.

At least ten days prior to a hearing or other determination regarding responsibility, the investigative report will be sent to each party and the party's advisor, if any, in an electronic format or a hard copy, for their review and written response.

Dismissal of a Formal Complaint

The District must investigate the allegations in a formal complaint. The District must dismiss a formal complaint under Title IX if the conduct alleged:

- a) Would not constitute sexual harassment even if proven;
- b) Did not occur in the District's education program or activity; or
- c) Did not occur against a person in the United States.

Further, the District may dismiss a formal complaint or any of its allegations under Title IX, if at any time during the investigation or hearing:

- a) A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any of its allegations;
- b) The respondent is no longer enrolled or employed by the District; or

- c) Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or any of its allegations.

Upon a dismissal of a formal complaint, the District must promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The dismissal of a formal complaint under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Informal Resolutions

Before reaching a determination regarding responsibility, but only after a formal complaint is filed, the District may offer and facilitate the use of an informal resolution process, such as mediation, that does not involve a full investigation and adjudication of the formal complaint.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

It is anticipated that most informal resolutions will be completed within 60-120 days.

The District will not require that parties participate in an informal resolution process. The District will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student. Further, the District will not require the waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right.

If the District offers and facilitates the use of an informal resolution process, it will:

- a) Provide written notice to all known parties which details:
 - 1. The allegations in the formal complaint;
 - 2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint;
 - 3. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and
- b) Obtain the parties' voluntary, written consent to the informal resolution process.

Hearings and Determination Regarding Responsibility

The District will designate an individual decision-maker or a panel of decision-makers to issue a written determination regarding responsibility. A decision-maker can either be a District employee or, where appropriate, a third-party. They cannot be the same individual as either the Title IX Coordinator or the investigator(s).

The District's grievance process may, but is not required to, provide for a hearing. The determination as to whether a hearing will be provided will be made on a case-by-case basis. If a hearing is provided, the District will make all evidence subject to the parties' inspection and review available to

give each party equal opportunity to refer to this evidence during the hearing, including for purposes of cross-examination.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

With or without a hearing, before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to:

- a) Submit written, relevant questions that a party wants asked of any party or witness within 10 days after the parties have received the investigative report;
- b) Provide each party with the answers given by any party or witness within 5 days
- c) Allow for additional, limited follow-up questions and responses from each party to occur within 5 days after the parties have received responses to their initial questions.

Questions and evidence about a complainant's sexual predisposition or prior sexual behavior will not be considered, unless the questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker(s) will issue a written determination regarding responsibility to the Title IX Coordinator, the Superintendent, and all parties simultaneously within a reasonably prompt period of time given the facts and circumstances of the case after all follow-up questions have been responded to or after the hearing, if one has been provided.

To reach this determination, the decision-maker(s) will use the preponderance of the evidence standard which is the standard of evidence that will be applied in all formal complaints of sexual harassment. This standard is understood to mean that the party with the burden of persuasion must prove that a proposition is more probably true than false meaning a probability of truth greater than 50 percent.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The written notice of the determination regarding responsibility will include:

- a) Identification of the allegations potentially constituting sexual harassment;
- b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- c) Findings of fact supporting the determination;

- d) Conclusions regarding the application of any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct* to the facts;
- e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the District is imposing on the respondent, and whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
- f) The District's procedures and permissible bases for the complainant and respondent to appeal.

Finality of Determination Regarding Responsibility

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination regarding responsibility for sexual harassment has been made against the respondent, remedies will be provided to a complainant and disciplinary sanctions may be imposed on a respondent. Remedies will be designed to restore or preserve equal access to the District's education program or activity. Remedies and disciplinary sanctions will be implemented in accordance with applicable laws and regulations, as well as any District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

The Title IX Coordinator is responsible for the effective implementation of any remedies and/or disciplinary sanctions. The Title IX Coordinator will work with other individuals as necessary to effectively implement remedies and/or disciplinary sanctions.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Appeals

Either party may file an appeal from a determination regarding responsibility or from the District's dismissal of a formal complaint or any of its allegations. Appeals must be submitted in writing to the Title IX Coordinator within 14 days of the written notice of the determination regarding responsibility or dismissal of the formal complaint or any of its allegations.

An appeal may only be based upon one or more of the following bases:

- a) Procedural irregularity that affected the outcome of the matter;
- b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- c) The Title IX Coordinator, investigator, or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The bases on which a party is seeking an appeal should be specifically stated in the party's written appeal.

Upon receipt of an appeal, the District will:

- a) Notify the other party in writing that an appeal has been filed and implement appeal procedures equally for both parties;
- b) Ensure that any decision-maker for the appeal:
 1. Is not the same person as any decision-maker that reached the initial determination regarding responsibility or dismissal, investigator, or Title IX Coordinator;
 2. Does not have any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- c) Give all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome. Parties will have to submit these written statements within 10 days after the parties have been notified of the appeal;
- d) Issue a written decision describing the result of the appeal and the rationale for the result; and

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- e) Provide the written decision simultaneously to the Title IX Coordinator, the Superintendent, and all parties within a reasonably prompt period of time given the facts and circumstances of the appeal after receiving the parties written statements in support of, or challenging, the outcome.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual for the purpose of interfering with his or her Title IX rights or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing under Title IX.

Charging an individual with *Code of Conduct* or other applicable violations that do not involve sex discrimination, including sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation. Charging an individual with a *Code of Conduct* or other applicable violation for making a materially false statement in bad faith during a grievance proceeding does not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

All complaints alleging retaliation will be handled in a manner consistent with the District's policies and procedures regarding the investigation of discrimination and harassment complaints, including Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

If the Title IX Coordinator is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another Title IX Coordinator, if the District has designated another individual to serve in that capacity. If the District has not designated another Title

IX Coordinator, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Confidentiality

Except where disclosure may be permitted or required by law or regulation, the District will keep confidential the identity of any:

- a) Individual who has made a report or complaint of sex discrimination;
- b) Individual who has made a report or filed a formal complaint of sexual harassment;
- c) Complainant;
- d) Individual who has been reported to be the perpetrator of sex discrimination;

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- e) Respondent; and
- f) Witness.

Training

The District will ensure that:

- a) All Title IX Coordinators, investigators, decision-makers, or persons who facilitate an informal resolution process receive training on:
 - 1. The definition of sexual harassment as defined in Title IX;
 - 2. The scope of the District's education program or activity;
 - 3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and
 - 4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.
- b) All decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about a complainant's sexual predisposition or prior sexual behavior are not relevant.
- c) All investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.
- d) All District employees receive training on mandatory reporting obligations and any other responsibilities that they may have relative to Title IX.

Materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process will not rely on sex stereotypes and will promote impartial

investigations and adjudications of formal complaints of sexual harassment. Training materials will be made publicly available on the District's website.

Notification

The District will notify students, parents or legal guardians of students, employees, applicants for employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District of this policy.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Further, the District will prominently publish this policy and the contact information for the Title IX Coordinator(s) on its website and in other publications, including in each handbook or catalog that it makes available to the individuals and entities referenced above.

Recordkeeping

For a period of seven years, the District will retain the following:

- a) Records of each sexual harassment investigation including any:
 1. Determination regarding responsibility;
 2. Audio or audiovisual recording or transcript required under law or regulation;
 3. Disciplinary sanctions imposed on the respondent; and
 4. Remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity.
- b) Any appeal and its result.
- c) Any informal resolution and its result.
- d) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- e) For each response to sexual harassment where the District had actual knowledge of sexual harassment in its education program or activity against a person in the United States, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If a District does not provide a complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

The attendance of personnel will be governed by their respective contracts.

SUBJECT: WIDESPREAD COMMUNITY DISASTERS FROM NATURAL, TERRORIST OR INFECTIOUS CAUSES

The Board of Education recognizes the profound impact a major catastrophic event such as but not limited to biologic, chemical, radiation exposures, widespread infectious diseases, such as pandemics, or disasters by forces of nature, may have on routine school function.

The Board of Education further recognizes the importance of a cooperative, integrated approach with local, state, and federal authorities according to the National Incident Management System (NIMS) to contain damage and safeguard our school community with the least disruption possible to normal instructional activities for our children and staff.

Accordingly, the Board will follow all local, state, and federal guidelines for the management of widespread disease or disasters, including but not limited to the need for school closure, sheltering, or use of a building for community assistance, as well as other yet unforeseen matters that a specific disaster may require. This will include a focus on planning and coordination, continuity of student learning and core operations, infection control, and communications. Infection controls can include mitigation strategies to prevent the spread of communicable diseases including but not limited to masking, social distancing, and remote learning, etc. The Superintendent can implement mitigation strategies, after consultation with the District Medical Director, even in the absence of local, state, or federal guidelines, when it is determined that controls are necessary to limit the spread of illnesses or to maintain the continuity of student learning and core operations. Factors such as student and staff absenteeism, rates of infection, vaccination rates, and alternative mitigation strategies, should be considered when implementing infection controls in the absence of official guidelines.

The Board of Education designates the Superintendent of Schools to work directly with the local and state Commissioners of Health (or designates according to NIMS) to implement an action plan at their direction. The Superintendent of Schools will also ensure that written agreements for mutual aid are in place according to NIMS guidelines.

The Board of Education further designates the Superintendent of Schools to work cooperatively with the County Supervisor (or designate according to NIMS) in whatever manner is necessary to maintain public order and the provision of widespread emergency assistance to the school and larger community, including facilitation of the use of school buildings as requested by local, state, or federal authorities as a point of dispensation of medical services, vaccinations, or medication, and/or sheltering community members.

SUBJECT: BUDGET PLANNING AND DEVELOPMENT

Budget planning and development for the District is an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the District. Budget planning is a year-round process involving participation of District-level administrators, principals, directors, coordinators, teachers, and other personnel. The process of budget planning and development will allow for community input and opportunities for public information and feedback.

The Superintendent has overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the District's educational priorities.

All budget documents for distribution to the public will be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents will be complete, and accurate, and contain sufficient detail to adequately inform the public regarding data such as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in this information from the prior year's submitted budget.

In accordance with Commissioner's regulations, the budget will be presented in three components which are to be voted upon as one proposition. The law prescribes the types of items to be included in each component and further prescribes that all relevant costs be included in the component.

- a) A program component which will include, but need not be limited to, all program expenditures of the District, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses;
- b) A capital component which will include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments and tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the District, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the District, and the costs of construction, acquisition, reconstruction, rehabilitation or improvement of school buildings, provided that such budget will include a rental, operations, and maintenance section that

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

includes base rent costs, total rent costs, operation and maintenance charges, cost per square foot for each facility leased by the District, and any and all expenditures associated with custodial salaries and benefits, service contracts, supplies, utilities, and maintenance and repairs of school facilities; and

- c) An administrative component which will include, but need not be limited to, office and central administrative expenses, traveling expenses and all compensation, including salaries and benefits of all school administration and supervisors, business administrators, superintendents of schools and deputy, assistant, associate or other superintendents under all existing employment contracts or collective bargaining, any and all expenditures associated with the operation of the Office of the Board, the Office of the Superintendent, General Administration, the School Business Office, consulting costs not directly related to direct student services and programs, planning, and all other administrative activities.

Additionally, the Board will append to the proposed budget the following documents:

- a) A detailed statement of the total compensation to be paid to the Superintendent, and any Assistant or Associate Superintendent in the ensuing school year, including a delineation of the salary, annualized cost of benefits and any in-kind or other form of remuneration;
- b) A list of all other school administrators and supervisors, if any, whose annual salary for the coming school year will be at or above that designated in law for such reporting purposes, with the title of their positions and annual salary identified;
- c) A School District Report Card, prepared pursuant to Commissioner's regulations, which includes measures of the academic performance of the District, on a school by school basis, and measures of the fiscal performance of the District (see subheading School District Report Card);
- d) A Property Tax Report Card prepared in accordance with law and Commissioner's regulations (see subheading Property Tax Report Card); and
- e) A Tax Exemption Report prepared in accordance with law (see subheading Tax Exemption Report).

The Board will ensure that unexpended surplus funds (i.e., operating funds in excess of 4% of the current school year budget, not including funds properly retained under other sections of law) have been applied in determining the amount of the school tax levy.

The proposed budget for the ensuing school year will be reviewed by the Board and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

District funds may be expended to inform the public regarding the annual budget and to present the annual budget to District voters; however, these funds will not be utilized to promote either a favorable or negative opinion of the proposed budget.

School District Report Card

Each year the District will supply data as required by the State Education Department (SED) and will receive a School District Report Card, sometimes referred to as a New York State Report Card. These provide enrollment, demographic, attendance, suspension, dropout, teacher, assessment, accountability, graduation rate, post-graduation plan, career and technical education, and fiscal data for public and charter schools, districts, and the State. The School District Report Cards consist of three parts:

- a) Accountability and Overview Report - shows District or school profile data, accountability statuses, data on accountability measures such as ELA, Math, and Science scores, and graduation rates.
- b) Comprehensive Information Report - shows non-accountability data such as annual Regents examination results and post-graduate plans of students completing high school.
- c) Fiscal Accountability Supplement - shows expenditures per pupil and some information about placement and classification of students with disabilities.

School District Report Cards are also available online at the SED website.

Property Tax Report Card

Each year, the Board will prepare a Property Tax Report Card, pursuant to Commissioner's regulations, and will make it publicly available by transmitting it to local newspapers of general circulation, appending it to copies of the proposed budget made publicly available as required by law, making it available for distribution at the Annual Meeting, and otherwise disseminating it as required by the Commissioner.

The Property Tax Report Card will include:

- a) The amount of total spending and total estimated school tax levy that would result from adoption of the proposed budget, and the percentage increase or decrease in total spending and total school tax levy from the District budget for the preceding school year; and
- b) The projected enrollment growth for the school year for which the budget is prepared, and the percentage change in enrollment from the previous year; and

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- c) The percentage increase in the average of the Consumer Price Indexes from January first of the prior school year to January first of the current school year as defined in Education Law; and
- d) The projected amount of the adjusted unrestricted fund balance that will be retained if the proposed budget is adopted; the projected amount of the adjusted restricted fund balance; the projected amount of the assigned appropriated fund balance; the percentage of the proposed budget that the adjusted unrestricted fund balance represents; the actual adjusted unrestricted fund balance retained in the District budget for the preceding school year; the percentage of the District budget for the preceding school year that the actual adjusted unrestricted fund balance represents; and a schedule of reserve funds setting forth the name of each reserve fund, a description of its purpose, the balance as of the close of the third quarter of the current fiscal year, and a brief statement explaining any plans for the use of each reserve fund for the ensuing fiscal year; and
- e) The District's school tax levy limit calculation. The District will submit its school tax levy limit calculation to the Office of the State Comptroller, SED, and the Office of Taxation and Finance by March 1 annually. If a voter override of the tax levy limit is necessary, the budget vote must be approved by 60% of the District's qualified voters present and voting.

A copy of the Property Tax Report Card prepared for the Annual District Meeting will be submitted to SED in the manner prescribed by the Department by the end of the business day next following approval of the Property Tax Report Card by the Board, but no later than 24 days prior to the statewide uniform voting day (i.e., the third Tuesday in May).

SED will compile such data for all school districts whose budgets are subject to a vote of the qualified voters, and will make this compilation available electronically at least ten days prior to the statewide uniform voting day. Links to each school year's Property Tax Report Card can be found on SED's official website.

Tax Exemption Report

A Tax Exemption Report will be annexed to any tentative or preliminary budget and will become part of the final budget. This report will be on the form as prescribed by the State Board of Real Property Services and will show the following:

- a) How much of the total assessed value of the final assessment roll(s) used in the budgetary process is exempt from taxation;
- b) Every type of exemption granted as identified by statutory authority;

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- c) The cumulative impact of each type of exemption expressed either as a dollar amount of assessed value or as a percentage of the total assessed value on the roll;
- d) The cumulative amount expected to be received from recipients of each type of exemption as payments in lieu of taxes or other payments for municipal services; however, individual recipients are not to be named; and
- e) The cumulative impact of all exemptions granted.

Notice of this report will be included in any notice of the preparation of the budget required by law and will be posted on any bulletin board maintained by the District for public notices as well as on any website maintained by the District.

SUBJECT: BUDGET ADOPTION

The Board will review the recommended budget of the Superintendent and seek public input and feedback regarding the recommended budget including, but not limited to, holding a public budget hearing not less than seven nor more than 14 days prior to the Annual District Meeting and Election at which the budget vote is to occur. The Board may modify the recommended budget of the Superintendent prior to its submission to District voters. Final authorization of the proposed budget is dependent upon voter approval unless a contingency budget is adopted by the Board.

In the event the original proposed budget is not approved at the Annual District Meeting and Election, the Board may resubmit the original proposed budget or a revised budget for voter approval, or individual propositions may be placed before District voters, at a special meeting held on the third Tuesday of June. If the voters fail to approve the second budget submittal, or budget proposition(s), or if the Board elects not to put the proposed budget to a public vote a second time, the Board must adopt a contingency budget with a tax levy that is no greater than the prior year's levy.

The District budget for any school year, or any part of such budget, or any proposition(s) involving the expenditure of money for that school year, will not be submitted for a vote of the qualified District voters more than twice.

The District budget, once adopted, becomes the basis for establishing the tax levy on real property within the District. The District will post its final annual budget and any multi-year financial plan adopted by the Board on its website.

Education Law §§ 1608, 1716, 1804(4), 1906(1), 2002(1), 2003(1), 2004(1), 2007(3)(b), 2022, 2023,

- b) Providing direction to the District in maintaining those records of accounting control as are required by the New York State Uniform System of Accounts for School Districts, the Board, and other procedures, as are deemed necessary.
- c) Keeping the various operational units informed through periodic reports as to the status of their individual budgets.

Unless otherwise provided by law, no claim against the District will be paid unless such claims have been audited and approved by the Claims Auditor.

Within monetary limits as established by the Board, the Superintendent is authorized to transfer funds between and within functional unit appropriations for teachers' salaries and ordinary contingent expenses. Whenever changes are made, they are to be incorporated in the next Board agenda for informational purposes only.

When required by law, the District will annually submit, prior to July 1, to the Commissioner of Education and the Director of the Budget a detailed statement of the total funding allocation for each school in the District for the upcoming school budget year. This statement will be in a form developed by the Director of the Budget, in consultation with the Commissioner of Education. This statement will be made publicly available and posted on the District website.

If the Board decides to submit either the original or a revised budget to the voters for a second time, and the voters do not approve the second budget submittal, the Board must adopt a contingency budget. The tax levy in the contingency budget cannot exceed the total tax levy of the prior year (i.e., there should be 0% levy growth).

The administrative component of the contingency budget is capped at the lesser of:

- a) The percent of the administrative component to the total budget in the prior year's budget, not including the capital component; or
- b) The percent that the administrative component comprised in the last proposed defeated budget for the subsequent year, not including, the capital component.

Adoption Date

SUBJECT: DISTRICT INVESTMENTS

Objectives

The objectives of this investment policy are four-fold:

- a) Investments will be made in a manner so as to safeguard the funds of the District.
- b) Bank deposits will be made in a manner so as to safeguard the funds of the District.
- c) Investments will be sufficiently liquid so as to allow funds to be available as needed to meet the obligations of the District.

The Treasurer may invest funds in the following eligible investments:

- a) Obligations of the State of New York.
- b) Obligations of the United States Government, or any obligations for which principal and interest are fully guaranteed by the United States Government.
- c) Time Deposit Accounts placed in a commercial bank authorized to do business in the State of New York, providing the account is collateralized as required by law. (Banking Law Section 237(2) prohibits a savings bank from accepting a deposit from a local government. This also applies to savings and loan associations.)
- d) Transaction accounts (demand deposits) both interest bearing and non-interest bearing that do not require notice of withdrawal placed in a commercial bank authorized to do business in the State of New York, providing the account is collateralized as required by law.

SUBJECT: ACCEPTANCE OF GIFTS, GRANTS, AND BEQUESTS TO THE DISTRICT

The Board may accept gifts, donations, grants, or bequests (collectively "gifts") of money, real or personal property, as well as other merchandise that add to the overall welfare of the District, provided that acceptance is in accordance with existing laws and regulations. Donations to the school are fully tax deductible so long as the gift is used exclusively for public purposes in accordance with USC Section 170(c). The Board may refuse any gift that constitutes a conflict of interest, gives an appearance of impropriety, or is not in its best interests. The Board will safeguard the District, the staff, and students from commercial exploitation, from special interest groups, and the like.

The Board will not accept any gifts which will place encumbrances on future Boards, or result in unreasonable additional or hidden costs to the District. The Board may, if it deems it necessary, request that gifts of equipment, facilities, or any item that requires upkeep and maintenance include funds to carry out maintenance for the foreseeable life of the donation.

The Board will not formally consider the acceptance of gifts until and unless it receives the offer in writing from the donor or grantor or their attorney or financial advisor. Any gifts donated to the Board and accepted on behalf of the District must be by official action and resolution passed by Board majority. The Board would prefer the gift to be a general offer rather than a specific one. Consequently, the Board would suggest that the donor or grantor work first with the school administrators in determining the nature of the gift prior to formal consideration for acceptance by the Board. However, the Board, in its discretion, may direct the Superintendent to apply the gift for the benefit of a specific school or school program.

The Board is prohibited, in accordance with the New York State Constitution, from making gifts or charitable contributions with District funds.

Gifts of money to the District will be annually accounted for in the Miscellaneous Special Revenue Fund in the bank designated by the Board.

All gifts become District property. A letter of appreciation, signed by the President of the Board and the Superintendent, will be sent to a donor or grantor in recognition of his or her contribution to the District. Letters will be sent in a timely manner and will acknowledge the possible tax deduction available to donors whose gifts qualify under IRS regulations.

SUBJECT: BORROWING OF FUNDS

The School District may borrow money only by means of serial bonds, bond anticipation notes, capital notes, tax anticipation notes, revenue anticipation notes and budget notes.

The Board of Education, in accordance with the Local Finance Law of New York State, authorizes both operating and capital project borrowing for approved District purposes.

Borrowing Purposes and Debt Instruments

The Local Finance Law authorizes Operating Borrowings to cover cash flow shortfalls including revenue anticipation notes, tax anticipation notes, or budget notes. These types of borrowings must be authorized by the Board of Education through the adoption of a formal borrowing resolution.

Capital Borrowings may include bond anticipation notes, statutory installment bonds, and serial bonds. These borrowings are only authorized for items for which a period of probable usefulness has been established by the New York Legislature through Section 11.00 of the Local Finance Law. These borrowings, generally, may only be undertaken after a positive public majority vote at the annual or special election. The Board of Education must formalize the authority for the indebtedness by adopting a legally complete formal bond resolution prior to any borrowing. The Board of Education delegates its authority to set the terms and conditions of any borrowing to the President of the Board of Education.

Borrowing Procedures

The Board of Education shall receive recommendations on the timing, bidding, terms and conditions of, placement and reporting on any borrowings. The solicitation and use of the services of a financial consultant and/or bond counsel in planning and completing any borrowing to optimize the number of potential bids and obtain lower market interest rates is authorized.

All borrowings shall be documented in written reports outlining the details of each borrowing and the interest rate bids received thereon.

Securing Quotes on Short Term Loans

Quotes shall be solicited for all short term loans which the Board has authorized and funds shall be borrowed from the responsible organization offering the most favorable terms. In the event of equal quotes, the District bank of record shall receive the note.

SUBJECT: PURCHASING: COMPETITIVE BIDDING AND OFFERING

Except as otherwise provided by law, all contracts for public work involving an expenditure of more than \$35,000 and all purchase contracts involving an expenditure of more than \$20,000 will be awarded by the District to the lowest responsible bidder furnishing the required security after advertisement for sealed bids. However, the District may, in its discretion, award purchase contracts on the basis of "best value" to a responsive and responsible bidder or offeror, provided the Board has authorized this action by rule, regulation, or resolution adopted at a public meeting.

No bid or offer will be accepted that does not conform to specifications furnished unless those specifications are waived by Board action. The District may, in its discretion, reject all bids or offers and readvertise for new bids or offers in a manner consistent with New York State law.

All contracts requiring public advertising and competitive bidding or offering will be awarded by resolution of the Board.

Except as authorized by law, no Board member or employee of the District will have an interest in any contract entered into by the District.

Standardization

Upon the adoption of a standardization resolution by a vote of at least 3/5 of all Board members, purchase contracts for a particular type or kind of equipment, materials, or supplies of more than \$20,000 may be awarded by the Board to the lowest responsible bidder or offeror furnishing the required security after advertisement for sealed bids in the manner provided in law. This resolution must state that, for reasons of efficiency or economy, there is a need for standardization and must contain a full explanation of those reasons. Upon the adoption of a valid standardization resolution, the District may provide in its specifications for a particular make or brand to the exclusion of others.

"Piggybacking" Exception to Competitive Bidding

The District may, in its discretion, purchase certain goods and services (apparatus, materials, equipment, and supplies) at costs beyond the above-referenced thresholds through the use of contracts let by the United States or any agency thereof, any state, and any county, political subdivision, or district of any state.

This method of procurement is permitted on contracts issued by other governmental entities, provided that the original contract:

- a) Has been let by the United States or any agency thereof, any state (including New York State) or any other political subdivision or district;
- b) Was made available for use by other governmental entities and agreeable with the contract holder; and

(Continued)

SUBJECT: PURCHASING: COMPETITIVE BIDDING AND OFFERING (Cont'd.)

- c) Was let in a manner that constitutes competitive bidding consistent with New York State law, or was awarded on the basis of best value, and is not in conflict with other New York State laws.

Annual Review

Periodically, comments concerning the District's bidding and purchasing policies and procedures will be solicited from those District employees involved in the procurement process.

The Board will annually review its bidding and purchasing policies and procedures. The School Business Official will be responsible for conducting an annual review of such policies and for an evaluation of the internal control structure established to ensure compliance with the procurement policy.

SUBJECT: PROCUREMENT OF GOODS AND SERVICES**Purchasing Authority**

The District's purchasing activities will be part of the responsibilities of the Business Office, under the general supervision of the Purchasing Agent designated by the Board. The Purchasing Agent is authorized to enter into cooperative bidding and cooperative purchasing arrangements to meet the various needs of the District. No contracts for goods and services will be made by individuals or organizations in the school that involve expenditures without first securing approval for the contract from the Purchasing Agent.

Except as authorized by law, no Board member or employee of the District will have an interest in any contract entered into by the District. Further ethical considerations are contained within Policy #6110 -- School District Officer and Employee Code of Ethics.

Purchasing Process

The Board recognizes its responsibility to ensure the development of procedures for the procurement of goods and services not required by law to be made pursuant to competitive bidding requirements. These goods and services will be procured in a manner so as to:

- a) Assure the prudent and economical use of public moneys in the best interests of the taxpayer;
- b) Facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and
- c) Guard against favoritism, improvidence, extravagance, fraud, and corruption.

These procedures will contain, at a minimum, provisions which:

- a) Prescribe a process for determining whether a procurement of goods and services is subject to competitive bidding and if it is not, documenting the basis for such determination;
- b) With certain exceptions, provide that alternative proposals or quotations for goods and services will be secured by use of written request for proposals, written quotations, verbal quotations, or any other method of procurement which furthers the purposes of General Municipal Law Section 104-b;
- c) Set forth when each method of procurement will be utilized;
- d) Require adequate documentation of actions taken with each method of procurement;
- e) Require justification and documentation of any contract awarded to other than the lowest responsible dollar offer, stating the reasons;

(Continued)

SUBJECT: PROCUREMENT OF GOODS AND SERVICES (Cont'd.)

- f) Set forth any circumstances when, or the types of procurement for which, the solicitation of alternative proposals or quotations will not be in the best interest of the District; and
- g) Identify the individual or individuals responsible for purchasing and their respective titles. This information will be updated biennially.

Any unintentional failure to fully comply with these provisions will not be grounds to void action taken or give rise to a cause of action against the District or any District employee.

The District will develop administrative regulations to establish procedures for the procurement of goods and services.

Professional Services

Professional services are generally those services that require specialized skills, training, professional judgment, expertise, and creativity. Examples include attorneys, architects, and engineers. The procurement of professional services falls within an exception to competitive bidding. In order to procure professional services, the District will use the request for proposals (RFP) process as set forth in General Municipal Law in order to protect the District's interests and to avoid the appearance of favoritism or impropriety. Although not necessarily bound to select the lowest bidder in response to its RFP, the District will adequately document its selection process to demonstrate its economical and prudent use of public monies and to ensure fair competition.

SUBJECT: ALTERNATIVE FORMATS FOR INSTRUCTIONAL MATERIALS

Preference in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's regulations.

The District has adopted the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. The District will ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards.

The District will establish a plan to ensure that instructional materials in a usable alternative format for each student with a disability (including students requiring Section 504 Accommodation Plans) are based upon the student's educational needs and course selections, and will be available at the same time as those instructional materials are available to non-disabled students.

The Plan will:

- a) Specify that the District gives a preference in the purchase of instructional materials it has selected for its students to those vendors who agree to provide such instructional materials in alternative formats;
- b) Specify when an electronic file is provided, how the format will be accessed by students and/or how the District will convert to an accessible format;
- c) Specify the process to be used when ordering materials to identify the needs of students with disabilities residing in the District for alternative format materials;
- d) Specify ordering timelines to ensure that alternative format materials are available at the same time as regular format materials are available; and

SUBJECT: MAINTENANCE OF FUND BALANCE**General Provisions**

The Board recognizes that the maintenance of a fund balance is essential to the financial integrity of the District insofar as it helps mitigate current and future risks and assists in ensuring stable tax rates. Consistent with this understanding, the Board adopts the following standards and practices.

Classification of Funds

The District will ensure that funds are classified consistent with Governmental Accounting Standards Board (GASB) Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Consequently, fund balance amounts will be categorized as non-spendable, restricted, committed, assigned, or unassigned.

Unassigned Fund BalanceMinimum Unassigned Fund Balance

In order to maintain financial stability and protect against cash flow shortfalls, the Board will strive to maintain an unassigned fund balance of at least 2% of the current year's budgeted expenses. In the event such balance falls below the 2% floor, the District will seek to replenish deficiencies through reducing expenses and/or increasing revenue.

Maximum Unassigned Fund Balance

In order to support normal operating costs and provide fiscal stability for the District, the Board will also strive to ensure that the unassigned fund balance does not exceed 4% of the current year's budgeted expenditures. If it is anticipated that such balance will exceed the 4% ceiling, the Board will evaluate current commitments and assignments in order to determine the final distribution of fund balance in any fiscal year. The District will ensure unexpended surplus funds are used to reduce taxpayer liability in conformance with Real Property Tax Law Section 1318.

Fund Balance and Budget Development

The District's ability to maintain its unassigned fund balance within the limits articulated above is contingent upon the development of a reasonable budget. Consequently, the District will develop and adopt budgets that, to the extent possible, reflect the anticipated revenues and expenditures.

Likewise, the District will ensure that appropriate reserve funds are established and utilized, consistent with applicable law and District policy, to ensure the fund balance is sufficient to meet District needs.

Education Law § 3653

SUBJECT: EXTRACLASSROOM ACTIVITY FUND

Any organization within the District whose activities are conducted by students, and whose financial support is raised other than by taxation or through charges of the Board, is an extraclassroom activity (ECA). The moneys raised by these organizations are referred to as ECA funds. ECA fund management provides students with the opportunity to learn proper business practices and how to operate a successful business. The Board and designated District staff will protect and provide oversight of ECA funds. All ECAs will be approved by the Board.

The Board will appoint an ECA Central Treasurer, a Faculty Auditor, and a chief faculty counselor (appointed for each building in the District, typically the building principal). Each ECA will have a faculty advisor appointed by the chief faculty counselor. Additionally, each ECA will have a student activity treasurer elected by the members of the ECA.

All ECA funds will be handled in accordance with the financial procedures set forth in The Safeguarding, Accounting, and Auditing of Extraclassroom Activity Funds, Revised 2019, published by the New York State Education Department. All moneys received from the conduct, operation, or maintenance of any ECA will be deposited with the ECA Central Treasurer. Two separate and independent sets of records of receipts and expenditures will be maintained, one by the ECA Central Treasurer and one by the ECA's student activity treasurer. On a quarterly basis, the ECA Central Treasurer will submit to the Board a financial report relating to the receipts and expenditures for all ECA accounts. The authority to expend moneys will be distinct and separate from the custody of these moneys. The District will invest ECA funds in accordance with its investment policy.

ECAs are prohibited from using the District's New York State sales tax exemption. The ECA Central Treasurer is responsible for filing the periodic sales tax returns for ECA funds.

All commitments and contracts will be the sole responsibility of the ECA incurring the transaction, regardless of a change in faculty advisors, membership, or officers.

In conjunction with the annual audit of District records, the Independent Auditor will audit all ECA funds. This audit will include a statement of receipts, disbursements, and balances for each ECA, together with a reconciliation of cash.

When an ECA becomes inactive or is discontinued, the ECA Central Treasurer is directed to expend the leftover ECA funds as voted by the organization controlling these funds. If this designation does not exist, then leftover funds of inactive or discontinued ECAs and of graduating classes will automatically revert to the account of the general student organization or student council. To reactivate, inactive or discontinued ECAs must follow the start-up procedures for new ECAs.

SUBJECT: MAINTENANCE OF FISCAL EFFORT (TITLE I PROGRAMS)

As a Local Educational Agency (LEA), the District may receive its full allocation of Title I funds if its combined fiscal effort per student or the aggregate expenditures of state and local funds with respect to the provision of free public education in the District for the preceding fiscal year was not less than 90% of the combined fiscal effort per student or the aggregate expenditures for the second preceding fiscal year.

In determining the District's compliance with the maintenance of effort requirement, the State Educational Agency (SEA) will consider its expenditures from state and local funds for free public education. These include expenditures for administration, instruction, attendance, health services, student transportation services, plant operation and maintenance, fixed charges, and net expenditures to cover deficits for food services and student body activities.

The SEA will not consider the following expenditures in determining the District's compliance with the maintenance of effort requirements:

- a) Any expenditures for community services, capital outlay, and debt service;
- b) Any expenditures made from funds provided by the federal government for which the District is required to account to the federal government directly or through the SEA.

The District will reserve from its allocation of Title I, Part A funds, such funds as are necessary to provide services comparable to those provided to students in District school buildings that receive Title I, Part A funds in order to serve:

- a) Homeless children and youths, including educationally related support services to children in shelters and other locations where children may live;
- b) Children in local institutions for neglected children; and
- c) If appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

Funds Will Supplement Not Supplant

The District will ensure that Title I, Part A funds only supplement, not supplant, the funds that would, in the absence of such federal funds, be made available from state and local sources for the education of students participating in programs assisted by Title I, Part A funds.

Allocation Methodology

The District has developed an allocation methodology that is consistent with Title I guidelines.

SUBJECT: ALLEGATIONS OF FRAUD**Reporting and Investigations of Allegations of Fraud**

All Board members and officers, District employees, and third party consultants are required to abide by the District's policies, administrative regulations, and procedures in the course of their duties. Further, all applicable federal and/or state laws and regulations must be adhered to in the course of District operations and practices. Any individual who has reason to believe that financial improprieties or wrongful conduct is occurring within the District should disclose this information according to the reporting procedures established by the District. The reporting procedures will follow the chain of command as established within the department or school building or as described in the District's Organizational Chart. In the event that the allegations of financial improprieties/fraud and/or wrongful conduct concern the investigating official, the report shall be made to the next level of supervisory authority. If the chain of supervisory command is not sufficient to ensure impartial, independent investigation, allegations of financial improprieties/fraud and/or wrongful conduct will be reported as applicable, to the Internal Auditor (if available), or the External (Independent) Auditor, or the School Attorney, or the Board. The District's prohibition of wrongful conduct, including fraud, will be publicized within the District as deemed appropriate; and written notification will be provided to all employees with fiscal accounting/oversight and/or financial duties including the handling of money.

Upon receipt of an allegation of financial improprieties/fraud and/or wrongful conduct, the Board or designated employee(s) will conduct a thorough investigation of the charges. However, even in the absence of a report of suspected wrongful conduct, if the District has knowledge of, or reason to know of, any occurrence of financial improprieties/fraud and/or wrongful conduct, the District will investigate the conduct promptly and thoroughly. To the extent possible, within legal constraints, all reports will be treated confidentially and privately. However, disclosure may be necessary to complete a thorough investigation of the charges and/or to notify law enforcement officials as warranted, and any disclosure will be provided on a "need to know" basis. Written records of the allegation, and resulting investigation and outcome will be maintained in accordance with law.

Based upon the results of this investigation, if the District determines that a school official has engaged in financial improprieties/fraudulent and/or wrongful actions, appropriate disciplinary measures will be applied, up to and including termination of employment, in accordance with legal guidelines, District policy and regulation, and any applicable collective bargaining agreement. Third parties who are found to have engaged in financial improprieties/fraud and/or wrongful conduct will be subject to appropriate sanctions as warranted and in compliance with law. The application of disciplinary measures by the District does not preclude the filing of civil and/or criminal charges. When school officials receive a complaint or report of alleged financial improprieties/fraud and/or wrongful conduct that may be criminal in nature, law authorities should be immediately notified.

An appeal procedure will also be provided, as applicable, to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable investigating officer(s).

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING

The Superintendent or designee will maintain a continuous and accurate inventory of fixed assets owned by the District in accordance with applicable rules, standards, procedures, and best practices. Fixed assets are, generally, long-term, tangible resources intended to be continuously held or used, and may include land, buildings, improvements, machinery, and equipment.

All fixed assets purchased and received by the District will be checked, logged, and stored through an established procedure.

The School Business Official will account for assets on an annual basis according to applicable rules, standards, procedures, and best practices. These accounts will serve to:

- a) Maintain an inventory of assets;
- b) Establish accountability;
- c) Determine replacement costs; and
- d) Determine and provide appropriate insurance coverage.

The Board will establish a dollar threshold as a basis for considering which fixed assets are to be depreciated. This threshold will ensure that at least 80% of the value of these assets is reported. The threshold will not be greater than \$5,000. Standard methods and averaging conventions will be used in assessing, capitalizing, and depreciating fixed assets.

Fixed assets will be recorded at initial cost or, if not available, at estimated initial cost; gifts of fixed assets will be recorded at estimated fair value at the time of the gift. A property record will be maintained for each fixed asset and will contain, where possible, the following information:

- a) Date of acquisition;
- b) Description;
- c) Serial or other identification number;
- d) Any funding source and percentage contributed by the source;
- e) Vendor;
- f) Cost or value;
- g) Location and use;

(Continued)

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING (Cont'd.)

- h) Asset type;
- i) Condition and estimated useful life;
- j) Replacement cost;
- k) Current value;
- l) Salvage value;
- m) Sale price and date and method of disposition; and
- n) Responsible official.

All fixed assets will be labeled. Any discrepancies between an inventory and the District's property records should be traced, explained, and documented.

Management of Assets Acquired Under a Federal Government Grant or Subgrant

Inventories will be maintained for assets acquired with funds obtained through federal grant programs. A separate inventory will be maintained for each program. Each inventory will record assets in the same manner as the District's fixed asset inventory. Assets will be labeled to specify the source of funds used to purchase the item. All Title I assets will include "Title I" on the label. These inventories will track assets for at least five years from the date of receipt.

When original or replacement assets acquired under a federal grant or subgrant are no longer needed for the original project or for other activities currently or previously supported by a federal agency, the District will dispose of the assets as follows:

- a) Assets with a current per-unit fair market value of less than \$5,000 may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.
- b) Assets with a current per-unit fair market value of greater than \$5,000 may be retained or sold and the awarding agency will have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the assets.
- c) No federal approval is necessary to dispose of an asset costing over \$5,000 but approval from the New York State Education Department (SED) is necessary. Once SED has determined that it has no other need for the use of the asset, the District may proceed with selling it.

The District will comply with the U.S. Department of Education regulations governing the use, management, and disposition of all equipment acquired through a federal government grant.

SUBJECT: FACILITIES: INSPECTION, OPERATION, AND MAINTENANCE**Operation and Maintenance**

The Board, through the Superintendent and his or her staff, has the responsibility of protecting the District's facilities through a systematic maintenance program. The program will include periodic preventive maintenance activities, long-range maintenance schedules, and emergency repair procedures. The District will make reasonable attempts to ensure that all maintenance work will be carried out in the least intrusive manner.

Construction and Remodeling of School Facilities

The District will ensure all capital projects and maintenance comply with the requirements of the New York State Uniform Fire Prevention and Building Code, the Manual of Planning Standards, and the Commissioner's regulations. Relevant documentation regarding all new buildings must be formally submitted to the State Education Department (SED) no matter the size or cost. The SED Office of Facilities Planning has provided an Instruction Guide on its official website.

Plans and specifications for the erection, enlargement, repair, or remodeling of facilities of the District will be submitted to the Commissioner consistent with applicable law.

Plans and specifications submitted to the Commissioner will bear the signature and seal of an architect or engineer licensed to practice in the State of New York. The architect or engineer who sealed the plans and specifications must also certify that the plans and specifications conform to the standards set forth in the State Uniform Fire Prevention and Building Code and the State Energy Conservation Construction Code.

For remodeling or construction projects, the District will ensure compliance with the requirements of the State Uniform Fire Prevention and Building Code and Commissioner's regulations. The District will also retain the services of an architect or engineer licensed to practice in New York State as required by law or regulation, or as necessary given the scope and cost of the project.

Carbon Monoxide Detection Requirements

All new and existing District buildings that have appliances, devices, or systems that may emit carbon monoxide, and all attached garages, must have a means to detect carbon monoxide. Buildings include school buildings, administrative buildings, bus maintenance facilities, concession stands, and field houses. Carbon monoxide may be produced by fuel-fired heating systems (boilers, HVAC units, and makeup air units), emergency or standby electric generation within a building, fuel-fired kitchen equipment (ranges, ovens, steamers, dishwashers, and makeup air units serving hoods), fuel-fired domestic hot water heaters, laboratory/shop equipment (gas outlets, torches, gas-fired kilns, and stationary or portable engines), maintenance and storage areas with fuel-fired equipment, and in garages.

(Continued)

SUBJECT: FACILITIES: INSPECTION, OPERATION, AND MAINTENANCE (Cont'd.)

The District may use a self-contained carbon monoxide alarm, a carbon monoxide detection system, or both. The District will comply with all laws and regulations regarding alarms or detectors, including where they must be located, their power sources, and labeling requirements. The District should develop written standard operating procedures to follow when a carbon monoxide detector is activated.

Inspections

The District is mindful of the health and safety of its students, staff, and visitors and, as such, the District administration will cooperate with appropriate officials conducting health, fire, asbestos, bus, and boiler inspections. In addition, the administration will keep the Board informed of the results of these inspections in a timely fashion.

In accordance with the Asbestos Hazard Emergency Response Act (AHERA), the District will inform all employees and building occupants (or their legal guardians) at least once each school year about all asbestos inspections, response actions, post-response action activities, as well as triennial re-inspection activities and surveillance activities that are either planned or in progress. The District will provide yearly notification to parent, teacher, and employee organizations on the availability of the District's asbestos management plan and any asbestos-related actions taken or planned in the school.

The District will test potable water for lead contamination from all outlets as required by law. If an outlet exceeds the action level for lead content, the District will prohibit use of the outlet for drinking and cooking purposes, and it will remediate the outlet before allowing these uses. The District will make all required notifications and issue all mandated reports to the public, local health department, or the SED. For ten years following creation, the District will retain all records of test results, lead remediation plans, lead-free building determinations, and waiver requests. The District may seek a waiver from testing requirements from the local health department by demonstrating prior substantial compliance with testing requirements.

To help protect staff, students, and visitors from contracting Legionnaires' disease from Legionella bacteria, the District will register any cooling towers it owns with the New York State Department of Health (DOH), providing the information in any form that the DOH requires. The District will also adhere to the inspection, annual certification, and maintenance program and planning requirements mandated by the DOH. Further, the District will maintain records regarding all inspection results, corrective action, cleaning and disinfection, tests, and certifications for at least three years. The District will keep a copy of its required maintenance program and plan on the premises where the cooling tower is located.

Comprehensive Public School Building Safety Program (RESCUE)

To ensure that all District facilities are properly maintained and preserved and provide suitable educational settings, the Board requires that all occupied school facilities which are owned, operated or leased by the District comply with the provisions of the Comprehensive Public School Building Safety

Program, the Uniform Code of Public School Building Inspections, and the Safety Rating and Monitoring as prescribed in Commissioner's regulations. For this reason, the District will develop a Comprehensive Public School Building Safety Program in accordance with Commissioner's regulations.

The program will be reevaluated and made current at least annually, and will include, at a minimum, the following:

- a) A five year capital facilities plan which will include an appraisal of the following: the educational philosophy of the District, with resulting administrative organization and program requirements; present and projected student enrollments; space use and State-rated student capacity of existing facilities; the allocation of instructional space to meet the current and future education program and service needs, and to serve students with disabilities in settings with nondisabled peers; priority of need of maintenance, repair or modernization of existing facilities, including consideration of the obsolescence and retirement of certain facilities; and the provision of additional facilities.
- b) A District-wide building inventory, which will include information pertaining to each building including, but not limited to:
 1. Type of building, age of building, size of building;
 2. Rated capacity, current enrollment;
 3. List of energy sources and major systems (lighting, plumbing, electrical, heating); and
 4. Summary of triennial Asbestos Inspection reports.
- c) A building condition survey will be conducted for all occupied school buildings once every five years by a team that includes at least one licensed architect or engineer.
- d) A District-wide monitoring system which includes:
 1. Establishing a Health and Safety Committee;
 2. Development of detailed plans and a review process of all inspections;
 3. Procedures for a response in writing to all inquiries about building health and safety concerns, a copy of which will be sent to the District's Health and Safety Committee for oversight, and a copy kept on permanent file.

(Continued)

SUBJECT: FACILITIES: INSPECTION, OPERATION, AND MAINTENANCE (Cont'd.)

- e) Procedures to ensure the safety of the building occupants while a construction or renovation project is taking place. These procedures will include:
1. Notification to parents, staff, and the community at least two months in advance of a construction project of \$10,000 or more to be conducted in a school building while the building is occupied; provided, however, that in the case of emergency construction projects, notice will be provided as far in advance of the start of construction as is practicable;
 2. A plan to ensure that all contractors comply with all health and safety issues and regulations, and wear photo identification badges;
 3. An opportunity for the District's Health and Safety Committee to conduct a walk-through inspection of newly renovated or constructed areas to confirm that the area is ready to be reopened for use; and
 4. An emergency plan which will address potential concerns with the capital project including, but not limited to, evacuation procedures, fire drills, and structural failures.

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE

The Board is committed to maintaining the integrity of school buildings and grounds while protecting the health and safety of students and staff and maintaining a productive learning environment.

Structural and landscape pests can pose significant problems for people and property. Weeds and infestations can destroy playing fields and playgrounds and more importantly, cause severe allergic reactions. Pesticides can pose risks to people, property, and the environment. It is therefore the policy of the District to incorporate Integrated Pest Management (IPM) procedures for control of weeds, structural, and landscape pests. The objective of this program is to provide necessary pest control while using the least toxic approach to all pests, weeds, and infestations.

Pest/Pesticide Management Plan

The District will manage weeds and pests to:

- a) Reduce any potential human health hazard or threat to public safety;
- b) Prevent loss or damage to school structures or property;
- c) Prevent pests from spreading into the community, or to plant and animal populations beyond the site; and
- d) Enhance the quality of life for students, staff, and others.

Integrated Pest Management (IPM) Coordinator

An IPM Coordinator will be appointed by the Superintendent. The Coordinator will be responsible for implementing the IPM policy and plan. The coordinator's responsibilities will include, but are not limited to, the following:

- a) Recording all pest sightings by school staff and students;
- b) Recording all pesticide use and utilizing the least toxic approach;
- c) Meeting with a local pest control expert, such as a pesticide contractor to share information on what pest problems are present in the school;
- d) Ensuring that all of the expert's recommendations on maintenance and sanitation are carried out where feasible;
- e) Ensuring that pesticide use is done when school is not in session or when the area can be completely secured against access by school staff and students for a standard 72 hours, or as required by the pesticide being used;

(Continued)

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)

- f) Evaluating the school's progress in the IPM plan; and
- g) Notifying parents, staff and neighbors of any applications of pesticides 48 hours before they occur. The IPM Coordinator will serve as the District's Pesticide Representative.

Pesticide Use on Common Areas

Pesticides will not be used on playgrounds, turf, athletic or playing fields, in effect, all lawn areas of the school. In these common areas where children gather and play, pesticide alternatives will be used whenever possible and effective. The prohibition does not apply to indoor use or the application to building structures.

An exception may be made for emergency applications of pesticide only when approved in advance by the Board. The Board may consult with the local Health Department on public health related emergency determinations. They may also consult with the Department of Environmental Conservation (DEC) for environmental emergency determinations. Emergency determinations should only be sought for one-time pesticide application in a specific situation, which presents a true emergency. The guidance document from DEC provides clarification on emergency determinations and can be found on the official website of the DEC.

Some types of pesticides and alternatives, those deemed safe in federal regulation, may be allowable on playing fields and playgrounds in certain circumstances. The District will develop regulations governing the use of pesticides and their alternatives on school grounds.

Fertilizer Use

Phosphorous fertilizers will only be used on school grounds in compliance with the following requirements:

- a) Fertilizer use is prohibited between December 1 and April 1 annually.
- b) The use of fertilizers is prohibited within 20 feet of any surface water except:
 - 1. Where a continuous natural vegetation buffer, at least ten feet wide, separates lawn and water.
 - 2. Where a spreader guard, deflector shield or drop spreader is used, then the application may not occur within three feet of any surface water.
- c) The use of phosphorus fertilizers is prohibited on lawns or other non-agricultural turf with the following exceptions:

(Continued)

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)

1. The use of phosphorus fertilizers is needed to establish a new lawn; or
 2. A soil test shows that phosphorus fertilizers are needed for growth.
- d) Fertilizer cannot be used on any impervious surfaces and if such an application occurs, it must be cleaned immediately and legally applied or placed in an appropriate container.

Notification

The District's IPM Coordinator or designated Pesticide Representative will give prior written notice of all pesticide applications to anyone who has asked to receive this notice. The District will also notify parents, students, and staff of periodic pesticide applications. The District will maintain a list of those people who wish to receive 48 hour notice before pesticide applications and will ensure that a system is developed to deliver such notice in a timely fashion to all affected. The notification system may be by mail or email, and will ensure that a back-up method is available to notify those for whom the regular system is unworkable. The name and contact information for the District Pesticide Representative will be made available to all requesting it.

The District must also provide additional written notification to all parents and staff three times per year to inform them of any pesticide applications that have occurred: within ten days of the end of the school year, within two school days of the end of winter recess and within two days of the end of spring recess.

Recordkeeping

Records of pesticide use will be maintained on site for three years and will be completed on the day of pesticide use. In addition, pest surveillance records will be maintained to help verify the need for pesticide treatments. Annual reports of any applications must be sent to DEC.

SUBJECT: ENERGY CONSERVATION AND RECYCLING IN THE SCHOOLS

The Board recognizes the importance of energy conservation and is committed to the analysis, development, and initiation of conservation measures throughout the District for the purpose of reducing energy consumption, particularly in these times of declining levels of natural energy resources and increasing cost of these resources. The Board maintains an aggressive and responsible program to reduce consumption of energy by its facilities and to provide education to both staff and students on the conservation of energy.

The District is committed to an energy conservation program that addresses not only capital-related energy projects but ongoing, day-to-day energy related issues as well. All staff are urged to participate actively in a program of energy conservation by assisting in the efforts to eliminate the wasteful use of energy in the operation of the District's buildings. Cooperation will be required of each employee and each student to achieve a meaningful energy conservation program that results in a more efficient use of energy resources. Involvement of staff and students is essential to a successful program of energy conservation.

The Board is further committed to protecting and improving the environment by recycling commonly used materials, waste prevention strategies, and purchasing recycled products when feasible.

SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING

It is the District's goal to provide students with access to nutritious no- or low-cost meals each school day and to ensure that a student whose parent/guardian has unpaid meal charges is not shamed or treated differently than a student whose parent/guardian does not have unpaid meal charges.

Unpaid meal charges place a large financial burden on the District. The purpose of this policy is to ensure compliance with federal requirements for the USDA Child Nutrition Program and to provide oversight and accountability for the collection of outstanding student meal balances to ensure that the student is not stigmatized, distressed, or embarrassed.

The intent of this policy is to establish procedures to address unpaid meal charges throughout the District in a way that does not stigmatize, distress, or embarrass students. The provisions of this policy pertain to regular priced reimbursable school breakfast, lunch and snack meals only. Charging of items outside of the reimbursable meals (a la carte items, adult meals, etc.) is expressly prohibited.

Access to Meals

- a) Free meal benefit eligible students will be allowed to receive a free breakfast and lunch meal of their choice each day. A la carte items or other similar items must be paid/prepaid.
- b) Reduced meal benefit eligible students will be allowed to receive a breakfast of their choice for \$0 and lunch of their choice for \$0 each day. The charge meals offered to students will be reimbursable meals available to all students, unless the student's parent or guardian has specifically provided written permission to the District to withhold a meal. A la carte items or other similar items must be paid/prepaid.
- c) Full pay students will pay for meals at the District's published paid meal rate each day. The charge meals offered to students will be reimbursable meals available to all students, unless the student's parent or guardian has specifically provided written permission to the District to withhold a meal. A la carte items or other similar items must be paid/prepaid.

Ongoing Staff Training

- a) Staff will be trained annually and throughout the year as needed on the procedures for managing meal charges using the State Education Department (SED) Webinar or the District's training program.
- b) Staff training will include ongoing eligibility certification for free or reduced price meals.

(Continued)

**SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING
(Cont'd.)****Parent Notification**

Parents/guardians will be notified that a student's meal card or account balance is exhausted and has accrued unpaid meal charges.

Parent Outreach

In the event a student has charged five or more meals to their account:

- a) Staff will communicate with parents/guardians to determine eligibility for free or reduced price meals.
- b) Staff will make two attempts to reach out to parents/guardians to complete a meal application in addition to the application and instructions provided in the school enrollment packet.
- c) Staff will contact the parent/guardian to offer assistance with completion of meal application to determine if there are other issues within the household causing the student to have insufficient funds, offering any other assistance that is appropriate.

Minimizing Student Distress

- a) Staff will not publicly identify or stigmatize any student in line for a meal or discuss any outstanding meal debt in the presence of any other students.
- b) Students with unpaid meal charges will not be required to wear a wristband or handstamp, or to do chores or other work to pay for meals.
- c) Staff will not throw away a meal after it has been served because of the student's inability to pay for the meal or because of previous unpaid meal charges.
- d) Staff will not take any action directed at a student to collect unpaid meal charges.
- e) Staff will deal directly with parents/guardians regarding unpaid meal charges.

Ongoing Eligibility Certification

- a) Staff will conduct direct certification through the New York Student Identification System (NYSSIS) or using SED Roster Upload to maximize free eligibility.
- b) Staff will provide parents/guardians with free and reduced-price application and instructions at the beginning of each school year in the school enrollment packet.

(Continued)

**SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING
(Cont'd.)**

- c) If the District uses an electronic meal application, it will provide an explanation of the process in the school enrollment packet and instructions on how to request a paper application at no cost.
- d) The District will provide at least two additional free and reduced-price applications throughout the school year to families identified as owing meal charges.
- e) The District will use its administrative prerogative to complete an application on a student's behalf judiciously, and only after using exhaustive efforts to obtain a completed application from the student's parent/guardian. The District will complete the application using only available information on family size and income that falls within approvable guidelines.
- f) The District will coordinate with the foster, homeless, migrant, and runaway coordinators to certify eligible students.

Prepaid Accounts

Students/Parents/Guardians may pay for meals in advance via the District website or with a check payable to Spencerport School Lunch Fund. Further details are available on the District's website. Funds should be maintained in accounts to minimize the possibility that a student may be without meal money on any given day. Any remaining funds for a particular student will be carried over to the next school year.

To obtain a refund for a withdrawn or graduating student, a written or e-mailed request for a refund of any money remaining in the student's account must be submitted. Students who are graduating at the end of the year will be given the option to transfer any remaining money to a sibling's account through a written request.

Unclaimed funds must be requested within one school year. Unclaimed funds will then become the property of the District Food Service Program.

The District will offer opportunities for students to participate in physical activity before and/or after the school day through various methods, such as physical activity clubs, intramurals, and interscholastic sports.
- b) The District will ensure that the following standards are met to achieve its goals relative to physical education and physical activity:
 1. The District will have a Board-approved Physical Education Plan on file with the New York State Education Department, that meets or exceeds the requirements set forth in Section 135.4 of the Commissioner's regulations.

The District recognizes the importance of physical education classes in providing students with meaningful opportunities for physical exercise and development. Consequently, the District will ensure:

- (a) All physical education classes are taught or supervised by a certified physical education teacher.

- (b) All physical education staff receive professional development relevant to physical education on a yearly basis.
- (c) Interscholastic sports, intramural sports, and recess do not serve as substitutes for a quality physical education program.
- (d) Students are afforded the opportunity to participate in moderate to vigorous activity for approximately 50% or more of the physical education class.

(Continued)

SUBJECT: WELLNESS (Cont'd.)

- (e) It provides adequate space and equipment for physical education and conforms to all applicable safety standards.
 - (f) A sequential physical education course of study consistent with national and state standards for physical education is implemented, with a focus on students' development of motor skills, movement forms, and health related fitness.
 - (g) A physical and social environment is provided that encourages safe and enjoyable activity for all students
 - (h) Activities or equipment are adapted to meet the needs of students who are temporarily or permanently unable to participate in the regular program of physical education. In doing so, the District will abide by specific provisions in 504 Plans and/or individualized education programs (IEP). To that end, the Committee on Special Education (CSD) will ensure that a certified physical education teacher participates in the development of a student's IEP, if the student may be eligible for adapted physical education.
 - (i) All students, including students in need of adaptive physical education, will be encouraged to participate in physical fitness programs and competitions.
2. All students will be required to fulfill the physical education requirements set forth in the regulations of the Commissioner of Education as a condition of graduating from the District's schools.
- c) All classroom teachers, and particularly those engaged in the instruction of K through 5 students, are strongly encouraged to incorporate into the school day short breaks for students that include physical activity, especially after long periods of inactivity. Teachers are encouraged to incorporate kinesthetic learning approaches into core learning subjects when possible so as to limit sedentary behavior during the school day. Additionally, all elementary students will be offered a daily recess period. This requirement will not apply on days where students arrive late, leave early, or are otherwise on campus for less than a full day. Where weather and/or facilities allow, recess will be offered in a place that accommodates moderate to vigorous physical activity.
 - d) Physical activity will not be withheld for disciplinary action unless the student is a danger to him/herself or others. When necessary, teachers may use no more than half of the scheduled recess period to address individual student needs.

SUBJECT: WELLNESS (Cont'd.)

Other School-Based Activities

The District is committed to establishing a school environment that is conducive to healthy eating and physical activity for all. The District will, therefore, pursue the following:

(Continued)

SUBJECT: WELLNESS (Cont'd.)

d) Community Access to District Facilities for Physical Activities

School grounds and facilities will be available to students, staff, community members and organizations, and agencies offering physical activity and nutrition programs consistent with District policy, including provisions regarding conduct on school grounds and administrative approval of use by outside organizations (see policy 3280 and regulation 3280R).

e) Community Partnerships

The District will develop, enhance, and continue relationships with community partners in support of this wellness policy's implementation. Existing and new community partnerships will be evaluated to ensure they are consistent with this policy and its goals.

Nutrition Guidelines

In an effort to encourage healthy life-long eating habits by providing foods that are high in nutrients, low in fat and added sugars, and of moderate portion size, the District Wellness Committee will recommend nutrition standards to be set for all foods and beverages available on school campus. For purposes of this section, the school day is defined as the period from the midnight before, to thirty (30) minutes after the end of the official school day.

School Meals

School meals will, at a minimum, meet the program requirements and nutrition standards of the School Breakfast and National School Lunch Programs.

Fundraising

- a) All food and beverages sold as a fundraiser during the school day will meet the nutritional requirements listed in the USDA Healthy, Hunger-Free Kids Act "Smart Snacks in Schools" Rule; these foods and beverages sold as fundraisers will not be sold until the end of the last lunch period, so as not to compete with the NSLP
- b) School-sponsored fundraisers conducted outside of the school day will be encouraged to support the goals of this policy by promoting the sale of healthy food items (fresh fruit and produce) and/or non-food items, such as water bottles, plants, etc., and by promoting events involving physical activity.
- c) All school-sponsored fundraisers must be approved by the appropriate building principal or designee prior to being conducted.

(Continued)

SUBJECT: WELLNESS (Cont'd.)

Competitive Foods and Beverages Sold and Served to Students During the School Day

a) Competitive foods-which include all foods and beverages sold outside the school meal programs, on the school campus in student accessible areas, and at any time during the school day-will follow, at a minimum, the nutrition standards specified by the Healthy, Hunger-Free Kids Act. These standards will apply to all foods and beverages sold individually and outside of the reimbursable school meal, including vending machines, school stores, snack or food carts, and cafeteria a la carte lines.

Foods and Beverages Sold or Served at Events Outside of the School Day

- a) All foods and beverages sold or served at school-sponsored events will be sized for consumption by one individual.
- b) Homemade items may not be sold or distributed.
- c) At events where food and beverages are sold, it is recommended that 50% of the items offered for sale will meet the USDA Healthy, Hunger-free Kids Act "Smart Snacks in Schools" Standards.

Wellness Policy Implementation, Monitoring, Accountability, and Community Engagement

a) The District will establish an implementation and evaluation plan for this policy in order to monitor its effectiveness and the possible need for modification over time. To this end, the District designates the following administrators to have operational responsibility for ensuring that the District meets the goals and mandates of this policy:

- Director of Health, Physical Education and Athletics
- Director of Food Services

These designated administrators will work with the Superintendent, or their designee, and the Chair of the Wellness Committee, if designated, to evaluate the wellness plan and its implementation with the Wellness Committee.

The District Wellness Coordinator(s) will convene the District Wellness Committee, facilitate the development of and updates to this wellness policy, and serve as liaison(s) with community agencies. The District Wellness Coordinator(s) will also work to ensure each school's compliance with this wellness policy.

b) These designated staff members will also serve as liaisons with community agencies in providing outside resources to help in the development of nutritional education programs and promotion of physical activities.

(Continued)

SUBJECT: WELLNESS (Cont'd.)

Annual Notification of Policy

The District will annually report on the progress the district has made toward meeting the goals of this policy. Such report will include:

1. The website address for the wellness policy and/or information on how the public can access a copy;
2. A description of the district's progress in meeting the wellness policy goals;
3. A summary of the district's local school wellness events or activities;
4. Contact information for the leader(s) of the Wellness Committee; and
5. Information on how individuals can get involved in the Wellness Committee's work.

Such report will be provided to the Board of Education and also distributed to the Wellness Committee, school administrators and school health services personnel within the District and will be available to community residents upon request.

Evaluation and feedback from interested parties, including an assessment of student, parent, teacher, and administration satisfaction with the wellness policy, are welcomed as an essential part of the District's evaluation program.

Triennial Assessments

At least once every three years, the District will assess its compliance with the wellness policy. The triennial assessment will measure the implementation of this wellness policy, and include as assessment of:

1. Compliance with the wellness policy;
2. How the wellness policy compares to model wellness policies; and
3. Progress made in attaining the goals of the wellness policy.

The District will, as necessary, revise this wellness policy and develop work plans to facilitate its implementation.

SUBJECT: RECORDS MANAGEMENT

The Superintendent will designate a Records Management Officer, subject to Board approval, to develop and coordinate the District's orderly and efficient records management program. Among other aspects, this program includes the legal disposition or destruction of obsolete records and the storage and management of inactive records. The Records Management Officer will work with other District officials to develop and maintain this program.

SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS

In accordance with the Federal Trade Commission's (FTC) "Disposal Rule," and in an effort to protect the privacy of consumer information, reduce the risk of fraud and identity theft, and guard against unauthorized access to or use of the information, the District will take appropriate measures to properly dispose of sensitive information (i.e., personal identifiers) contained in or derived from consumer reports and records. The District may determine what measures are reasonable based on the sensitivity of the information, the costs and benefits of different disposal methods, and changes in technology.

The term "consumer report" includes information obtained from a consumer reporting company that is used—or expected to be used—in establishing a consumer's eligibility for employment or insurance, among other purposes. The term "employment purposes" when used in connection with a consumer report means a report used for the purpose of evaluating a consumer for employment, promotion, reassignment, or retention as an employee.

The FTC Disposal Rule defines "consumer information" as "any record about an individual, whether in paper, electronic, or other form, that is a consumer report or is derived from a consumer report. Consumer information also means a compilation of these records. Consumer information does not include information that does not identify individuals, such as aggregate information or blind data."

Information Covered by the Disposal Rule

There are a variety of personal identifiers beyond simply a person's name that would bring information within the scope of the Disposal Rule, including, but not limited to, a social security number, driver's license number, phone number, physical address, and email address. Depending upon the circumstances, data elements that are not inherently identifying can, in combination, identify particular individuals.

Proper Disposal

The District will utilize disposal practices that are reasonable and appropriate to prevent the unauthorized access to—or use of—information contained in or derived from consumer reports and records. Reasonable measures to protect against unauthorized access to or use of consumer information in connection with District disposal include the following examples.

- a) Burning, pulverizing, or shredding of papers containing consumer information so that the information cannot practicably be read or reconstructed;
- b) Destroying or erasing electronic media containing consumer information so that the information cannot practicably be read or reconstructed;

(Continued)

**SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS
(Cont'd.)**

- c) After due diligence, entering into and monitoring compliance with a contract with another party engaged in the business of record destruction to dispose of material, specifically identified as consumer information, in a manner consistent with the Disposal Rule. In this context, due diligence could include:
1. Reviewing an independent audit of the disposal company's operations and/or its compliance with the Disposal Rule;
 2. Obtaining information about the disposal company from several references or other reliable sources;
 3. Requiring that the disposal company be certified by a recognized trade association or similar third party;
 4. Reviewing and evaluating the disposal company's information security policies or procedures;
 5. Taking other appropriate measures to determine the competency and integrity of the potential disposal company; or
 6. Requiring that the disposal company have a certificate of registration from the New York Department of State issued on or after October 1, 2008.
- d) For persons (as defined in accordance with the Fair Credit Reporting Act) or entities who maintain or otherwise possess consumer information through their provision of services directly to a person subject to the Disposal Rule, monitoring compliance with policies and procedures that protect against unauthorized or unintentional disposal of consumer information, and disposing of this information in accordance with examples a) and b) above.

Implementation of Practices and Procedures

The Board delegates to the Superintendent or designee the authority and responsibility to review current practices regarding the disposal of consumer information; and to implement such further reasonable and appropriate procedures, including staff training as necessary, to ensure compliance with the FTC's Disposal Rule.

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION

The District values the protection of private information of individuals in accordance with applicable law and regulations. The District is required to notify affected individuals when there has been or is reasonably believed to have been a compromise of the individual's private information in compliance with the Information Security Breach and Notification Act and Board policy.

- a) "Private information" means **personal information in combination with any one or more of the following data elements, when either the personal information or the data element is not encrypted or encrypted with an encryption key that has also been acquired:
1. Social security number;
 2. Driver's license number or non-driver identification card number; or
 3. Account number, credit or debit card number, in combination with any required security code, access code, or password which would permit access to an individual's financial account.

"Private information" does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

**"Personal information" means any information concerning a person which, because of name, number, symbol, mark or other identifier, can be used to identify that person.

- b) "Breach of the security of the system" means unauthorized acquisition or acquisition without valid authorization of computerized data which compromises the security, confidentiality, or integrity of personal information maintained by the District. Good faith acquisition of personal information by an employee or agent of the District for the purposes of the District is not a breach of the security of the system, provided that private information is not used or subject to unauthorized disclosure.

Determining if a Breach Has Occurred

In determining whether information has been acquired, or is reasonably believed to have been acquired, by an unauthorized person or person without valid authorization, the District may consider the following factors, among others:

- a) Indications that the information is in the physical possession or control of an unauthorized person, such as a lost or stolen computer or other device containing information;
- b) Indications that the information has been downloaded or copied;

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

- c) Indications that the information was used by an unauthorized person, such as fraudulent accounts opened or instances of identity theft reported; or
- d) System failures.

Notification Requirements

- a) For any computerized data owned or licensed by the District that includes private information, the District will disclose any breach of the security of the system following discovery or notification of the breach to any New York State resident whose private information was, or is reasonably believed to have been, acquired by a person without valid authorization. The disclosure to affected individuals will be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system. The District will consult with the State Office of Information Technology Services to determine the scope of the breach and restoration measures.
- b) For any computerized data maintained by the District that includes private information which the District does not own, the District will notify the owner or licensee of the information of any breach of the security of the system immediately following discovery, if the private information was, or is reasonably believed to have been, acquired by a person without valid authorization.

The notification requirement may be delayed if a law enforcement agency determines that the notification impedes a criminal investigation. The required notification will be made after the law enforcement agency determines that the notification does not compromise the investigation.

Methods of Notification

The required notice will be directly provided to the affected persons by one of the following methods:

- a) Written notice;
- b) Electronic notice, provided that the person to whom notice is required has expressly consented to receiving the notice in electronic form; and a log of each such notification is kept by the District when notifying affected persons in electronic form. However, in no case will the District require a person to consent to accepting such notice in electronic form as a condition of establishing any business relationship or engaging in any transaction;
- c) Telephone notification, provided that a log of each notification is kept by the District when notifying affected persons by phone; or

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

- d) Substitute notice, if the District demonstrates to the State Attorney General that the cost of providing notice would exceed \$250,000, or that the affected class of subject persons to be notified exceeds 500,000, or that the District does not have sufficient contact information. Substitute notice will consist of all of the following:
1. Email notice when the District has an email address for the subject persons;
 2. Conspicuous posting of the notice on the District's website page, if the District maintains one; and
 3. Notification to major statewide media.

Regardless of the method by which notice is provided, the notice will include contact information for the notifying District and a description of the categories of information that were, or are reasonably believed to have been, acquired by a person without valid authorization, including specification of which of the elements of personal information and private information were, or are reasonably believed to have been, so acquired.

In the event that any New York State residents are to be notified, the District will notify the New York State Attorney General (AG), the New York State Department of State, and the New York State Office of Information Technology Services as to the timing, content, and distribution of the notices and approximate number of affected persons.

In the event that more than 5,000 New York State residents are to be notified at one time, the District will also notify consumer reporting agencies, as defined in State Technology Law Section 208, as to the timing, content, and distribution of the notices and approximate number of affected persons. This notice will be made without delaying notice to affected New York State residents. A list of consumer reporting agencies will be compiled by the AG and furnished upon request to school districts required to make a notification in accordance with State Technology Law Section 208(2), regarding notification of breach of security of the system for any computerized data owned or licensed by the District that includes private information.

SUBJECT: EMPLOYEE PERSONAL IDENTIFYING INFORMATION

The District will restrict the use and access to employee personal identifying information. As defined in law, "personal identifying information" includes social security number, home address or telephone number, personal electronic mail address, Internet identification name or password, parent's surname prior to marriage, or driver's license number.

The District will not unless otherwise required by law:

A social security number will not be used as an identification number for purposes of any occupational licensing.

District staff will have access to this policy, informing them of their rights and responsibilities in accordance with Labor Law Section 203-d. District procedures for safeguarding employee "personal identifying information" will be evaluated; and employees who have access to this information as part of their job responsibilities will be advised as to the restrictions on release of this information in accordance with law.

SUBJECT: DATA NETWORKS AND SECURITY ACCESS

The District values the protection of private information of individuals in accordance with applicable law, regulations, and best practice. Accordingly, District officials and Information Technology (IT) staff will plan, implement, and monitor IT security mechanisms, procedures, and technologies necessary to prevent improper or illegal disclosure, modification, or denial of sensitive information in the District Computer System (DCS). Similarly, IT mechanisms and procedures will also be implemented in order to safeguard District technology resources, including computer hardware and software. District network administrators may review District computers to maintain system integrity and to ensure that individuals are using the system responsibly. Users should not expect that anything stored on school computers or networks will be private.

In order to achieve the objectives of this policy, the Board entrusts the Superintendent or designee to:

- a) Inventory and classify personal, private, and sensitive information on the DCS to protect the confidentiality, integrity, and availability of information;
- b) Develop password standards for all users including, but not limited to, how to create passwords and how often passwords should be changed by users to ensure security of the DCS;
- c) Ensure that the "audit trail" function is enabled within the District's network operating system, which will allow the District to determine on a constant basis who is accessing the DCS, and establish procedures for periodically reviewing audit trails;
- d) Develop procedures to control physical access to computer facilities, data rooms, systems, networks, and data to only authorized individuals; these procedures may include ensuring that server rooms remain locked at all times and the recording of arrival and departure dates and times of employees and visitors to and from the server room;
- e) Establish procedures for tagging new purchases as they occur, relocating assets, updating the inventory list, performing periodic physical inventories, and investigating any differences in an effort to prevent unauthorized and/or malicious access to these assets;
- f) Periodically grant, change, and terminate user access rights to the overall networked computer system and to specific software applications and ensure that users are given access based on, and necessary for, their job duties;
- g) Limit user access to the vendor master file, which contains a list of vendors from which District employees are permitted to purchase goods and services, to only the individual who is responsible for making changes to this list, and ensure that all former employees' access rights to the vendor master list are promptly removed;

(Continued)

SUBJECT: DATA NETWORKS AND SECURITY ACCESS (Cont'd.)

- h) Determine how, and to whom, remote access should be granted, obtain written agreements with remote access users to establish the District's needs and expectations, as appropriate, and monitor and control remote access;
- i) Verify that laptop computer systems assigned to teachers and administrators use full-disk encryption software to protect against loss of sensitive data;
- j) Deploy software to servers and workstations to identify and eradicate malicious software attacks such as viruses and malware;
- k) Develop a disaster recovery plan appropriate for the size and complexity of District IT operations to ensure continuous critical IT services in the event of any sudden, catastrophic event, including, but not limited to fire, computer virus, or deliberate or inadvertent employee action;
- l) Develop hardware sanitization procedures which to ensure that equipment which is taken out of service is scrubbed of confidential data including personally identifiable information and student information prior to disposal;
- m) Ongoing professional development for the Information Technology staff to ensure they have knowledge of cybersecurity best practices and developments in the field.

Adoption Date

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS

Student performance is assessed in many ways, but primarily through assigned grades. The District will help ensure the integrity of student grades by controlling access to its grading information system and by approving modifications to grades where warranted.

The System

The District utilizes an electronic software system that contains a record of student performance, credit accumulation, report cards, and a transcript. More specifically, the system includes class rosters where teachers enter student grades and track their students' academic progress. The system is used to generate student report cards and transcripts, and to maintain all student grading records.

To protect student data in the system, the District will first establish who has the authority to grant, change, or terminate user access. The personnel with this authority will be very limited. Further, if the grading system has a feature that allows one user or account to assume the identity of another user or account, the District will restrict or disable that feature. These types of features could allow a user greater access than intended, including inheriting permissions of another user that are greater than the user's.

System Access

The District will create categories of system users and assign appropriate system permissions to each. Users' permissions will be compatible with and restricted by their roles and job duties; their access will be as restrictive as possible. Typically, teachers will have the ability to enter, update, and modify grades each marking period before a pre-determined lockout date. The lockout function will be consistently used throughout the school year to help prevent grade modifications without authorization after a marking period closes. Through increased system permissions, other individuals—such as non-classroom teachers, guidance counselors, information technology (IT) staff, clerical staff, and support staff—will be able to view grades.

The District will work with its IT, human resources, and other appropriate departments to determine how best to timely establish access rights, add users, deactivate or modify user accounts, and monitor user accounts. As appropriate, the District will develop further IT controls that protect against improper access and promote data security. Further, the District recognizes that system access is most secure when District-owned devices are used. Accordingly, staff should only use District-owned devices to view, enter, or modify student grades and comments.

Grade Changes

Once the lockout period begins, only authorized users identified by the District may change grades, and only under certain circumstances. The system will recognize when grades change, and a log of modified grades may then be viewed and printed. Any grade mismatches will be reconciled before the end of the school year.

(Continued)

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS (Cont'd.)

The staff member seeking to change a grade will submit a grade-change form signed by the requesting party, the teacher who assigned the original grade, and the appropriate administrator. This form and all other documents supporting a grade modification will be electronically filed or filed in a non-electronic system—if electronic filing is impossible or impractical—and maintained for six years. The personnel seeking the modification should specify one or more reasonable grounds for the grade change on the form. There must be reasonable grounds to alter a grade. The reasons may include:

- a) Data entry error;
- b) Computational error;
- c) A modification based on work submitted or considered after the lockout date;
- d) Changing an incomplete grade to a regular grade because a student completed course requirements;
- e) Credit recovery coursework;
- f) Administrative change; or
- g) Other acceptable justifications.

Audit Log and Monitoring

The District's grading system will have an audit log or grade-change report function that records certain system activities, including modifications to grades. The District will periodically monitor audit logs or grade-change reports to confirm the integrity of the system, to ensure proper access by personnel, and to confirm that modifications within the system are appropriate and completed in a timely manner. The District will also periodically monitor user accounts and rights so that the permissions granted are proper and the minimum necessary for each user or user group. To the extent feasible, the District will make sure that user accounts are current and updated regularly. The District will be able to print user information, logs, reports, and other documents from the student grading information system, as needed.

Student Transcripts

Student transcripts may show all credit-bearing classes; final grades; test scores; grade-point average; class rank; diploma type; SAT, ACT, and other standardized test scores; and graduation date. The same controls, protections, and monitoring applicable to student grading information apply equally to student transcripts.

Adoption Date

pursuant to Education Law Section 211-e and is not an educational agency, and a not-for-profit corporation or other nonprofit organization, other than an educational agency.

- t) "Unauthorized disclosure" or "unauthorized release" means any disclosure or release not permitted by federal or state statute or regulation, any lawful contract or written agreement, or that does not respond to a lawful order of a court or tribunal or other lawful order.

Data Collection Transparency and Restrictions

As part of its commitment to maintaining the privacy and security of student data and teacher and principal data, the District will take steps to minimize its collection, processing, and transmission of PII. Additionally, the District will:

- a) Not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.
- b) Ensure that it has provisions in its contracts with third-party contractors or in separate data sharing and confidentiality agreements that require the confidentiality of shared student data or teacher or principal data be maintained in accordance with law, regulation, and District policy.

Except as required by law or in the case of educational enrollment data, the District will not report to NYSED the following student data elements:

- a) Juvenile delinquency records;
- b) Criminal records;
- c) Medical and health records; and
- d) Student biometric information.

Nothing in Education Law Section 2-d or this policy should be construed as limiting the administrative use of student data or teacher or principal data by a person acting exclusively in the person's capacity as an employee of the District.

Chief Privacy Officer

The Commissioner of Education has appointed a Chief Privacy Officer who will report to the Commissioner on matters affecting privacy and the security of student data and teacher and principal data. Among other functions, the Chief Privacy Officer is authorized to provide assistance to educational agencies within the state on minimum standards and best practices associated with privacy and the security of student data and teacher and principal data.

The District will comply with its obligation to report breaches or unauthorized releases of student data or teacher or principal data to the Chief Privacy Officer in accordance with Education Law Section 2-d, its implementing regulations, and this policy.

The Chief Privacy Officer has the power, among others, to:

- a) Access all records, reports, audits, reviews, documents, papers, recommendations, and other materials maintained by the District that relate to student data or teacher or principal data, which includes, but is not limited to, records related to any technology product or service that will be utilized to store and/or process PII; and
- b) Based upon a review of these records, require the District to act to ensure that PII is protected in accordance with laws and regulations, including but not limited to requiring the District to perform a privacy impact and security risk assessment.

Data Protection Officer

The District has designated a District employee to serve as the District's Data Protection Officer. The Data Protection Officer for the District is designated by the Superintendent.

The Data Protection Officer is responsible for the implementation and oversight of this policy and any related procedures including those required by Education Law Section 2-d and its implementing regulations, as well as serving as the main point of contact for data privacy and security for the District.

The District will ensure that the Data Protection Officer has the appropriate knowledge, training, and experience to administer these functions. The Data Protection Officer may perform these functions in addition to other job responsibilities. Additionally, some aspects of this role may be outsourced to a provider such as a BOCES, to the extent available.

District Data Privacy and Security Standards

The District will use the National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity (Version 1.1) (Framework) as the standard for its data privacy and security program. The Framework is a risk-based approach to managing cybersecurity risk and is composed of three parts: the Framework Core, the Framework Implementation Tiers, and the Framework Profiles. The Framework provides a common taxonomy and mechanism for organizations to:

- a) Describe their current cybersecurity posture;
- b) Describe their target state for cybersecurity;
- c) Identify and prioritize opportunities for improvement within the context of a continuous and repeatable process;
- d) Assess progress toward the target state; and
- e) Communicate among internal and external stakeholders about cybersecurity risk.

The District will protect the privacy of PII by:

- a) Ensuring that every use and disclosure of PII by the District benefits students and the District by considering, among other criteria, whether the use and/or disclosure will:
 - 1. Improve academic achievement;
 - 2. Empower parents and students with information; and/or
 - 3. Advance efficient and effective school operations.
- b) Not including PII in public reports or other public documents.

The District affords all protections under FERPA and the Individuals with Disabilities Education Act and their implementing regulations to parents or eligible students, where applicable.

Third-Party Contractors

District Responsibilities

The District will ensure that whenever it enters into a contract or other written agreement with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District, the contract or written agreement will include provisions requiring that confidentiality of shared student data or teacher or principal data be maintained in accordance with law, regulation, and District policy.

In addition, the District will ensure that the contract or written agreement includes the third-party contractor's data privacy and security plan that has been accepted by the District.

The third-party contractor's data privacy and security plan must, at a minimum:

- a) Outline how the third-party contractor will implement all state, federal, and local data privacy and security contract requirements over the life of the contract, consistent with District policy;
- b) Specify the administrative, operational, and technical safeguards and practices the third-party contractor has in place to protect PII that it will receive under the contract;
- c) Demonstrate that the third-party contractor complies with the requirements of 8 NYCRR Section 121.3(c);
- d) Specify how officers or employees of the third-party contractor and its assignees who have access to student data or teacher or principal data receive or will receive training on the laws governing confidentiality of this data prior to receiving access;
- e) Specify if the third-party contractor will utilize subcontractors and how it will manage those relationships and contracts to ensure PII is protected;

- f) Specify how the third-party contractor will manage data privacy and security incidents that implicate PII including specifying any plans to identify breaches and unauthorized disclosures, and to promptly notify the District;
- g) Describe whether, how, and when data will be returned to the District, transitioned to a successor contractor, at the District's option and direction, deleted or destroyed by the third-party contractor when the contract is terminated or expires; and
- h) Include a signed copy of the Parents' Bill of Rights for Data Privacy and Security.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

Third-Party Contractor Responsibilities

Each third-party contractor, that enters into a contract or other written agreement with the District under which the third-party contractor will receive student data or teacher or principal data from the District, is required to:

- a) Adopt technologies, safeguards, and practices that align with the NIST Cybersecurity Framework;
- b) Comply with District policy and Education Law Section 2-d and its implementing regulations;
- c) Limit internal access to PII to only those employees or subcontractors that have legitimate educational interests (i.e., they need access to provide the contracted services);
- d) Not use the PII for any purpose not explicitly authorized in its contract;
- e) Not disclose any PII to any other party without the prior written consent of the parent or eligible student:
 1. Except for authorized representatives of the third-party contractor such as a subcontractor or assignee to the extent they are carrying out the contract and in compliance with law, regulation, and its contract with the District; or
 2. Unless required by law or court order and the third-party contractor provides a notice of the disclosure to NYSED, the Board, or the institution that provided the information no later than the time the information is disclosed, unless providing notice of the disclosure is expressly prohibited by law or court order;
- f) Maintain reasonable administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of PII in its custody;
- g) Use encryption to protect PII in its custody while in motion or at rest; and
- h) Not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.

Where a third-party contractor engages a subcontractor to perform its contractual obligations, the data protection obligations imposed on the third-party contractor by law and contract apply to the subcontractor.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

Cooperative Educational Services through a BOCES

The District may not be required to enter into a separate contract or data sharing and confidentiality agreement with a third-party contractor that will receive student data or teacher or principal data from the District under all circumstances.

For example, the District may not need its own contract or agreement where:

- a) It has entered into a cooperative educational service agreement (CoSer) with a BOCES that includes use of a third-party contractor's product or service; and
- b) That BOCES has entered into a contract or data sharing and confidentiality agreement with the third-party contractor, pursuant to Education Law Section 2-d and its implementing regulations, that is applicable to the District's use of the product or service under that CoSer.

To meet its obligations whenever student data or teacher or principal data from the District is received by a third-party contractor pursuant to a CoSer, the District will consult with the BOCES to, among other things:

- a) Ensure there is a contract or data sharing and confidentiality agreement pursuant to Education Law Section 2-d and its implementing regulations in place that would specifically govern the District's use of a third-party contractor's product or service under a particular CoSer;
- b) Determine procedures for including supplemental information about any applicable contracts or data sharing and confidentiality agreements that a BOCES has entered into with a third-party contractor in its Parents' Bill of Rights for Data Privacy and Security;
- c) Ensure appropriate notification is provided to affected parents, eligible students, teachers, and/or principals about any breach or unauthorized release of PII that a third-party contractor has received from the District pursuant to a BOCES contract; and
- d) Coordinate reporting to the Chief Privacy Officer to avoid duplication in the event the District receives information directly from a third-party contractor about a breach or unauthorized release of PII that the third-party contractor received from the District pursuant to a BOCES contract.

Click-Wrap Agreements

Periodically, District staff may wish to use software, applications, or other technologies in which the user must "click" a button or box to agree to certain online terms of service prior to using the software, application, or other technology. These are known as "click-wrap agreements" and are considered legally binding "contracts or other written agreements" under Education Law Section 2-d and its implementing regulations.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

District staff are prohibited from using software, applications, or other technologies pursuant to a click-wrap agreement in which the third-party contractor receives student data or teacher or principal data from the District unless they have received prior approval from the District's Data Privacy Officer or designee.

The District will develop and implement procedures requiring prior review and approval for staff use of any software, applications, or other technologies pursuant to click-wrap agreements.

Parents' Bill of Rights for Data Privacy and Security

The District will publish its Parents' Bill of Rights for Data Privacy and Security (Bill of Rights) on its website. Additionally, the District will include the Bill of Rights with every contract or other written agreement it enters into with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District.

The District's Bill of Rights will state in clear and plain English terms that:

- a) A student's PII cannot be sold or released for any commercial purposes;
- b) Parents have the right to inspect and review the complete contents of their child's education record;
- c) State and federal laws protect the confidentiality of PII, and safeguards associated with industry standards and best practices, including but not limited to encryption, firewalls, and password protection, must be in place when data is stored or transferred;
- d) A complete list of all student data elements collected by the state is available for public review at the following website <http://www.nysed.gov/student-data-privacy/student-data-inventory> or by writing to the Office of Information and Reporting Services, New York State Education Department, Room 865 EBA, 89 Washington Avenue, Albany, New York 12234; and
- e) Parents have the right to have complaints about possible breaches of student data addressed. Complaints should be directed in writing to Privacy Complaint, Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, New York 12234. Complaints may also be submitted using the form available at the following website <http://www.nysed.gov/student-data-privacy/form/report-improper-disclosure>.

The Bill of Rights will also include supplemental information for each contract the District enters into with a third-party contractor where the third-party contractor receives student data or teacher or principal data from the District. The supplemental information must be developed by the District and include the following information:

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

- a) The exclusive purposes for which the student data or teacher or principal data will be used by the third-party contractor, as defined in the contract;
- b) How the third-party contractor will ensure that the subcontractors, or other authorized persons or entities to whom the third-party contractor will disclose the student data or teacher or principal data, if any, will abide by all applicable data protection and security requirements, including but not limited to those outlined in applicable laws and regulations (e.g., FERPA; Education Law Section 2-d);

- c) The duration of the contract, including the contract's expiration date, and a description of what will happen to the student data or teacher or principal data upon expiration of the contract or other written agreement (e.g., whether, when, and in what format it will be returned to the District, and/or whether, when, and how the data will be destroyed);
- d) If and how a parent, student, eligible student, teacher, or principal may challenge the accuracy of the student data or teacher or principal data that is collected;
- e) Where the student data or teacher or principal data will be stored, described in a manner as to protect data security, and the security protections taken to ensure the data will be protected and data privacy and security risks mitigated; and
- f) Address how the data will be protected using encryption while in motion and at rest.

The District will publish on its website the supplement to the Bill of Rights (i.e., the supplemental information described above) for any contract or other written agreement it has entered into with a third-party contractor that will receive PII from the District. The Bill of Rights and supplemental information may be redacted to the extent necessary to safeguard the privacy and/or security of the District's data and/or technology infrastructure.

Right of Parents and Eligible Students to Inspect and Review Students' Education Records

Consistent with the obligations of the District under FERPA, parents and eligible students have the right to inspect and review a student's education record by making a request directly to the District in a manner prescribed by the District.

The District will ensure that only authorized individuals are able to inspect and review student data. To that end, the District will take steps to verify the identity of parents or eligible students who submit requests to inspect and review an education record and verify the individual's authority to do so.

Requests by a parent or eligible student for access to a student's education records must be directed to the District and not to a third-party contractor. The District may require that requests to inspect and review education records be made in writing.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

The District will notify parents annually of their right to request to inspect and review their child's education record including any student data stored or maintained by the District through its annual FERPA notice. A notice separate from the District's annual FERPA notice is not required.

The District will comply with a request for access to records within a reasonable period, but not more than 45 calendar days after receipt of a request.

The District may provide the records to a parent or eligible student electronically, if the parent consents. The District must transmit the PII in a way that complies with laws and regulations. Safeguards associated with industry standards and best practices, including but not limited to encryption and password protection, must be in place when education records requested by a parent or eligible student are electronically transmitted.

Complaints of Breach or Unauthorized Release of Student Data and/or Teacher or Principal Data

The District will inform parents, through its Parents' Bill of Rights for Data Privacy and Security, that they have the right to submit complaints about possible breaches of student data to the Chief Privacy Officer at NYSED. In addition, the District has established the following procedures for parents, eligible

students, teachers, principals, and other District staff to file complaints with the District about breaches or unauthorized releases of student data and/or teacher or principal data:

- a) All complaints must be submitted to the District's Data Protection Officer in writing.
- b) Upon receipt of a complaint, the District will promptly acknowledge receipt of the complaint, commence an investigation, and take the necessary precautions to protect PII.
- c) Following the investigation of a submitted complaint, the District will provide the individual who filed the complaint with its findings. This will be completed within a reasonable period of time, but no more than 60 calendar days from the receipt of the complaint by the District.
- d) If the District requires additional time, or where the response may compromise security or impede a law enforcement investigation, the District will provide the individual who filed the complaint with a written explanation that includes the approximate date when the District anticipates that it will respond to the complaint.

These procedures will be disseminated to parents, eligible students, teachers, principals, and other District staff.

The District will maintain a record of all complaints of breaches or unauthorized releases of student data and their disposition in accordance with applicable data retention policies, including the Records Retention and Disposition Schedule ED-1 (1988; rev. 2004).

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

Reporting a Breach or Unauthorized Release

The District will report every discovery or report of a breach or unauthorized release of student data or teacher or principal data within the District to the Chief Privacy Officer without unreasonable delay, but no more than ten calendar days after the discovery.

Each third-party contractor that receives student data or teacher or principal data pursuant to a contract or other written agreement entered into with the District will be required to promptly notify the District of any breach of security resulting in an unauthorized release of the data by the third-party contractor or its assignees in violation of applicable laws and regulations, the Parents' Bill of Rights for Student Data Privacy and Security, District policy, and/or binding contractual obligations relating to data privacy and security, in the most expedient way possible and without unreasonable delay, but no more than seven calendar days after the discovery of the breach.

In the event of notification from a third-party contractor, the District will in turn notify the Chief Privacy Officer of the breach or unauthorized release of student data or teacher or principal data no more than ten calendar days after it receives the third-party contractor's notification using a form or format prescribed by NYSED.

Investigation of Reports of Breach or Unauthorized Release by the Chief Privacy Officer

The Chief Privacy Officer is required to investigate reports of breaches or unauthorized releases of student data or teacher or principal data by third-party contractors. As part of an investigation, the Chief Privacy Officer may require that the parties submit documentation, provide testimony, and may visit, examine, and/or inspect the third-party contractor's facilities and records.

Upon the belief that a breach or unauthorized release constitutes criminal conduct, the Chief Privacy Officer is required to report the breach and unauthorized release to law enforcement in the most expedient way possible and without unreasonable delay.

Third-party contractors are required to cooperate with the District and law enforcement to protect the integrity of investigations into the breach or unauthorized release of PII.

Upon conclusion of an investigation, if the Chief Privacy Officer determines that a third-party contractor has through its actions or omissions caused student data or teacher or principal data to be breached or released to any person or entity not authorized by law to receive this data in violation of applicable laws and regulations, District policy, and/or any binding contractual obligations, the Chief Privacy Officer is required to notify the third-party contractor of the finding and give the third-party contractor no more than 30 days to submit a written response.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

If after reviewing the third-party contractor's written response, the Chief Privacy Officer determines the incident to be a violation of Education Law Section 2-d, the Chief Privacy Officer will be authorized to:

- a) Order the third-party contractor be precluded from accessing PII from the affected educational agency for a fixed period of up to five years;
- b) Order that a third-party contractor or assignee who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data be precluded from accessing student data or teacher or principal data from any educational agency in the state for a fixed period of up to five years;
- c) Order that a third-party contractor who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data will not be deemed a responsible bidder or offer or on any contract with an educational agency that involves the sharing of student data or teacher or principal data, as applicable for purposes of General Municipal Law Section 103 or State Finance Law Section 163(10)(c), as applicable, for a fixed period of up to five years; and/or
- d) Require the third-party contractor to provide additional training governing confidentiality of student data and/or teacher or principal data to all its officers and employees with reasonable access to this data and certify that the training has been performed at the contractor's expense. This additional training is required to be performed immediately and include a review of laws, rules, and regulations, including Education Law Section 2-d and its implementing regulations.

If the Chief Privacy Officer determines that the breach or unauthorized release of student data or teacher or principal data on the part of the third-party contractor or assignee was inadvertent and done without intent, knowledge, recklessness, or gross negligence, the Chief Privacy Officer may make a recommendation to the Commissioner that no penalty be issued to the third-party contractor.

The Commissioner would then make a final determination as to whether the breach or unauthorized release was inadvertent and done without intent, knowledge, recklessness or gross negligence and whether or not a penalty should be issued.

Notification of a Breach or Unauthorized Release

The District will notify affected parents, eligible students, teachers, and/or principals in the most expedient way possible and without unreasonable delay, but no more than 60 calendar days after the discovery of a breach or unauthorized release of PII by the District or the receipt of a notification of a breach or unauthorized release of PII from a third-party contractor unless that notification would

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

interfere with an ongoing investigation by law enforcement or cause further disclosure of PII by disclosing an unfixed security vulnerability. Where notification is delayed under these circumstances, the District will notify parents, eligible students, teachers, and/or principals within seven calendar days after the security vulnerability has been remedied or the risk of interference with the law enforcement investigation ends.

Notifications will be clear, concise, use language that is plain and easy to understand, and to the extent available, include:

- a) A brief description of the breach or unauthorized release, the dates of the incident and the date of discovery, if known;
- b) A description of the types of PII affected;
- c) An estimate of the number of records affected;
- d) A brief description of the District's investigation or plan to investigate; and
- e) Contact information for representatives who can assist parents or eligible students that have additional questions.

Notification will be directly provided to the affected parent, eligible student, teacher, or principal by first-class mail to their last known address, by email, or by telephone.

Where a breach or unauthorized release is attributed to a third-party contractor, the third-party contractor is required to pay for or promptly reimburse the District for the full cost of this notification.

Annual Data Privacy and Security Training

The District will annually provide data privacy and security awareness training to its officers and staff with access to PII. This training will include, but not be limited to, training on the applicable laws and regulations that protect PII and how staff can comply with these laws and regulations. The District may deliver this training using online training tools. Additionally, this training may be included as part of the training that the District already offers to its workforce.

Notification of Policy

The District will publish this policy on its website and provide notice of the policy to all its officers and staff.

Education Law § 2-d
8 NYCRR Part 121

Adoption Date: 6/16/20

SUBJECT: SCHOOL SAFETY PLANS

The District considers the safety of its students and staff to be of the utmost importance and is keenly aware of the evolving nature of threats to schools. As such, it will address those threats accordingly through appropriate emergency response planning. The District-wide school safety plan and the building-level emergency response plan will be designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of schools and the District with local and county resources in the event of these incidents or emergencies.

These plans will be reviewed by the appropriate team on at least an annual basis and updated as needed by September 1. Specifically, the Board will make the District-wide school safety plan available for public comment at least 30 days prior to its adoption. The District-wide school safety plans may only be adopted by the Board after at least one public hearing that provides for the participation of school personnel, parents, students, and any other interested parties. Additionally, the District-wide school safety plan will designate the Superintendent or designee as the chief emergency officer responsible for coordinating communication between school staff and law enforcement and first responders, and for ensuring staff understanding of this plan. Similarly, the Superintendent will be responsible for ensuring the completion and yearly updating of building-level emergency response plans.

District-Wide School Safety Plan

District-wide school safety plan means a comprehensive, multi-hazard school safety plan that covers all school buildings of the District, addresses crisis intervention, emergency response and management at the District level, and has the contents as prescribed in Education Law and Commissioner's regulations.

The District-wide school safety plan will be developed by the District-wide school safety team appointed by the Board. The District-wide team will include, but not be limited to, representatives of the Board, student, teacher, administrator, and parent organizations, school safety personnel, and other school personnel.

The plan will further address, among other items as set forth in Education Law and Commissioner's regulations, how the District will respond to implied or direct threats of violence by students, teachers, other school personnel as well as visitors to the school, including threats by students against themselves (e.g., suicide).

Building-Level Emergency Response Plan

Building-level emergency response plan means a plan that addresses crisis intervention, emergency response and management at the building level and has the contents as prescribed in Education Law and Commissioner's regulations. As part of this plan, the District will define the chain of command in a manner consistent with the National Incident Management System (NIMS)/Incident Command System (ICS).

(Continued)

SUBJECT: SCHOOL SAFETY PLANS (Cont'd.)

The building-level emergency response plan will be developed by the building-level emergency response team. The building-level emergency response team is a building-specific team appointed by the building principal, in accordance with regulations or guidelines prescribed by the Board. The building-level team will include, but not be limited to, representatives of teacher, administrator, and parent organizations, school safety personnel and other school personnel, community members, law enforcement officials, fire officials, or other emergency response agencies, and any other representatives the Board deems appropriate.

Classroom door vision panels will not be covered except as outlined in the building-level emergency response plan.

Training Requirement

The District will submit certification to the New York State Education Department that all District and school staff have received annual training on the emergency response plan, and that this training included components on violence prevention and mental health. New employees hired after the start of the school year will receive training within 30 days of hire, or as part of the District's existing new hire training program, whichever is sooner.

Filing/Disclosure Requirements

The District will file a copy of its District-wide school safety plan and any amendments with the Commissioner of Education no later than 30 days after its adoption. A copy of each building-level emergency response plan and any amendments will be filed with the appropriate local law enforcement agency and with the state police within 30 days of its adoption. Building-level emergency response plans will be kept confidential and are not subject to disclosure under the Freedom of Information Law (FOIL) or any other provision of law.

**SUBJECT: CARDIAC AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs) IN
PUBLIC SCHOOL FACILITIES**

The District will provide and maintain on-site in each instructional school facility functional cardiac automated external defibrillator (AED) equipment as defined in Public Health Law Section 3000-b for use during emergencies. Each facility will have sufficient AED equipment available to ensure ready and appropriate access for use during emergencies in quantities and types as deemed by the Commissioner of Education, in consultation with the Commissioner of Health. Determination of the quantity and placement of AEDs must be made with consideration of at least the factors described in Commissioner's regulations. An instructional school facility means a building or other facility maintained by the District where instruction is provided to students in accordance with its curriculum.

Whenever an instructional school facility is used for a school-sponsored or school-approved curricular or extracurricular event or activity, and whenever a school-sponsored athletic contest is held at any location, the public school officials and administrators responsible for the school facility or athletic contest will ensure that AED equipment is provided on-site and that there is present during that event, activity, or contest at least one staff person who is trained in accordance with Public Health Law in the operation and use of an AED. School-sponsored or school-approved curricular or extracurricular events or activities mean events or activities of the District that are, respectively, associated with its instructional curriculum or otherwise offered to its students. A school-sponsored athletic contest means an extraclass intramural athletic activity of instruction, practice, and competition for students in grades 4 through 12 consistent with Commissioner's regulations.

Where a school-sponsored competitive athletic event is held at a site other than a District facility, District officials will ensure that AED equipment is provided on-site by the sponsoring or host district and that at least one staff person who is trained in the operation and use of the AED, in accordance with Public Health Law, is present during the athletic event. A school-sponsored competitive athletic event means an extraclass interscholastic athletic activity of instruction, practice, and competition for students in grades 7 through 12 consistent with Commissioner's regulations.

The District will provide proper training requirements for District AED users to ensure the immediate calling of 911 or the community equivalent ambulance dispatch entity whenever the AED is used, to ensure ready identification of the location of the AED units as set forth in the District's Public Access Defibrillation Collaborative Agreement.

The District will provide for regular maintenance and checkout procedures of the AED unit(s) which meet or exceed manufacturer's recommendations. Appropriate documentation will be maintained in accordance with law and/or regulation. Further, the District will participate in the required Quality Improvement Program as determined by the Regional Emergency Medical Services Council.

The District will post a sign or notice at the main entrance to the facility or building in which the AED unit(s) is stored, indicating the exact location where the unit(s) is stored or maintained on a regular basis.

**SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS
EMERGENCY DRILLS****Fire and Emergency Drills**

The administration of each school building will instruct and train students on appropriate emergency responses, through fire and emergency drills, in the event of a sudden emergency.

Fire and emergency drills will be held at least 12 times in each school year; eight of these will be completed by December 31. Eight of all drills will be evacuation drills, four will be through use of the fire escapes on buildings where fire escapes are provided or identified secondary exits. The other four drills will be lock-down drills. Drills will be conducted at different times of the school day. Students will also be instructed in the procedures to be followed in the event that a fire occurs during the regular school lunch period or assembly, however, this additional instruction may be waived if a drill is held during the regular lunch period or assembly.

Summer School

At least two additional drills will be held during summer school in buildings where summer school is held, and one of these drills will be held during the first week of summer school.

After-School Programs, Events, or Performances

The building principal or designee will require those in charge of after-school programs, events, or performances attended by any individuals unfamiliar with that school building, to announce at the beginning of these programs the procedures to be followed in the event of an emergency.

Bomb Threats**School Bomb Threats**

A bomb threat, even if later determined to be a hoax, is a criminal act. No bomb threat should be treated as a hoax when it is first received. Upon receiving any bomb threat, the school has an obligation and responsibility to ensure the safety and protection of the students and other occupants of the school. This obligation takes precedence over a search for a suspect object. Prudent action is dependent upon known information about the bomb threat-location, if any; time of detonation; etc. Specific procedures as to appropriate responses as a result of a bomb threat can be located in the building-level emergency response plan, as required by relevant law and regulation.

**SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS
EMERGENCY DRILLS (Cont'd.)**Police Notification and Investigation

Appropriate law enforcement agencies must be notified by the building administrator or designee of any bomb threat as soon as possible after receiving the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan.

Implementation

The Superintendent or designee will develop written procedures to implement the terms of this policy. Additionally, these procedures will be incorporated in the District-wide school safety plan and the building-level emergency response plan, with provisions to provide written information to all staff and students regarding emergency procedures by October 1 of each school year, an annual drill to test the emergency response procedures under each of its building-level emergency response plans; and the annual review of the District-wide and building-level emergency response plans, along with updates as necessary, by September 1, as mandated by law or regulation.

Bus Emergency Drills

The administration will conduct a minimum of three emergency drills to be held on each school bus during the school year. The first drill will be conducted during the first seven days of school, the second drill between November 1 and December 31, and the third drill between March 1 and April 30. No drills will be conducted when buses are on routes.

Students who ordinarily walk to school will also be included in the drills. Students attending public and nonpublic schools who do not participate in regularly scheduled drills will also be provided drills on school buses, or as an alternative, will be provided classroom instruction covering the content of these drills.

Each drill will include practice and instruction in the location, use, and operation of the emergency door, fire extinguishers, first-aid equipment, and windows as a means of escape in the event of fire or accident. Similarly, students will be instructed on all topics mandated by relevant sections of the Education Law and Commissioner's regulations, including, but not limited to, the following:

- a) Safe boarding and exiting procedures with specific emphasis on when and how to approach, board, disembark, and move away from the bus after disembarking;
- b) Advancing at least ten feet in front of the bus before crossing the highway after disembarking; and
- c) Orderly conduct as bus passengers.

**SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS
EMERGENCY DRILLS (Cont'd.)**Instruction on Use of Seat Belts

When students are transported on school buses equipped with seat safety belts, the District will ensure that all students who are transported on any school bus owned, leased, or contracted for by the District will receive instruction on the use of seat safety belts. This instruction will be provided at least three times each year to both public and nonpublic school students who are so transported and will include, but not be limited to:

- a) Proper fastening and release of seat safety belts;
- b) Acceptable placement of seat safety belts on students;
- c) Times at which the seat safety belts should be fastened and released; and
- d) Acceptable placement of the seat safety belts when not in use.

SUBJECT: USE OF SURVEILLANCE CAMERAS IN THE DISTRICT AND ON SCHOOL BUSES

It is the Board's responsibility to ensure the safety of the District's students, staff, facilities, and property. While the Board recognizes the importance of privacy, it has authorized the use of surveillance cameras on District property including in school buildings, school facilities, as well as on school buses, when necessary. These surveillance cameras will help to assist the Board in maintaining the overall safety and welfare of the District's students, staff, property, and visitors, as well as to deter theft, violence, and other criminal activities.

Further, surveillance cameras will only be placed in public or common areas, such as stairwells, hallways, cafeterias, parking lots, or playgrounds, and not in private areas such as locker rooms, bathrooms, or other areas in which individuals have a reasonable expectation of privacy. Audio recordings will not be utilized by the District officials, however, this prohibition may not preclude the use of audio recordings by law enforcement officials in accordance with their official duties or as otherwise authorized by law.

Disciplinary Proceedings

Video recordings or footage from District surveillance cameras may be used in student or employee (as permitted by any applicable collective bargaining agreement) disciplinary proceedings, as appropriate.

Signage/Notification

The District will place signage at entrances to the school campus or at major entrances into school buildings notifying students, staff, as well as any visitors of the District's use of surveillance cameras. Students and staff will also receive additional notification, as deemed appropriate by the Superintendent, regarding the use of its surveillance cameras through means such as publication in the District calendar, employee handbook, and/or the student handbook.

Maintenance of Video Recordings

Any video surveillance recording in the schools, on school buses, or on school property, on tape, CD, or digitally, will be the sole property of the District and stored in its original form and in a secure location to avoid tampering and also to ensure its confidentiality in accordance with relevant law and regulations.

In addition, to the extent that any video images create student or personnel records, the District will comply with all applicable state and federal laws related to record retention, record maintenance, and record disclosure, including the Family Educational Rights and Privacy Act ("FERPA").

SUBJECT: EXPOSURE CONTROL PROGRAM

The District will establish an exposure control program designed to prevent and control exposure to bloodborne pathogens. According to the New York State Department of Labor's Division of Safety and Health and Occupational Safety and Health Administration (OSHA) standards, the program will consist of:

- a) Guidelines for maintaining a safe, healthy school environment to be followed by staff and students alike;
- b) Written standard operating procedures for blood or body fluid clean-up;
- c) Appropriate staff education and training;
- d) Evaluation of training objectives;
- e) Documentation of training and any incident of exposure to blood or body fluids;
- f) A program of medical management to prevent or reduce the risk of pathogens, specifically hepatitis B and Human Immunodeficiency Virus (HIV);
- g) Written procedures for the disposal of medical waste; and
- h) Provision of protective materials and equipment for all employees who perform job-related tasks involving exposure or potential exposure to blood, body fluids, or tissues.

SUBJECT: COMMUNICABLE DISEASES

Whenever, upon investigation and evaluation by the District Medical Director or other health professionals acting upon his or her direction or referral, a student in the public schools shows symptoms of any communicable or infectious disease reportable under the public health law that imposes a significant risk of infection of others in the school, that student will be excluded from the school and sent home immediately. The District Medical Director will immediately notify a local public health agency of the disease.

Following absence on account of illness or from unknown cause, the District Medical Director may examine each student returning to a school without a certificate from a local public Health Officer, a duly licensed physician, physician assistant, or nurse practitioner.

The District Medical Director, or other health professionals acting upon his or her direction or referral, may make evaluations of teachers and any other school employees, school buildings and premises as, in their discretion, they may deem necessary to protect the health of the students and staff.

SUBJECT: HUMAN IMMUNODEFICIENCY VIRUS (HIV) RELATED ILLNESSES

A student will not be denied the right to attend school or continue his or her education because he or she has been diagnosed with AIDS or any other human immunodeficiency virus (HIV)-related illness. In addition, an employee who has been similarly diagnosed will not be denied the right to continue his or her employment with the District based solely upon their AIDS/HIV status. The disclosure of confidential HIV-related information will be strictly limited.

Administrative procedures will be developed and implemented by the administration based on recommendations from the New York State Education Department and from consultation with appropriate professional and medical staff in the District.

The Superintendent will also establish protocols for routine sanitary procedures for dealing with the cleaning and handling of body fluids in school, with special emphasis placed on staff awareness.

SUBJECT: TRANSPORTATION PROGRAM

The Board recognizes and assumes the responsibility for all aspects of the transportation of children where the health and safety of students are involved, in light of its legal obligation to safeguard the welfare of bus-riding children. The purposes of the transportation program are to transport students to and from school, to transport them for extracurricular activities, to transport them on field trips, and to transport those requiring special services.

Scheduling and Routing

Bus routes are authorized by the Board and any requests for a change must be submitted to the Superintendent or designee.

Transportation services will be provided to meet the needs of the students of the District within specified limits and areas established by the Board.

Transportation will be provided for all students legally residing in the District subject to the following:

- a) K-6 students will be transported to the public school within the elementary attendance boundaries in which they legally reside unless a variance is granted by the Superintendent of Schools.
- b) 7-12 students will be transported to the public schools in the District as recommended by the administration and approved by the Board of Education.
- c) Students are required to walk to collection points which are to be designated by the Director of Transportation. The collection points may be spaced up to 1,000 feet apart and students may be required to walk up to 1,000 feet to board the bus. Buses will not enter cul-de-sacs where students may board the bus by walking up to 500 feet. Buses will not travel on private or undedicated roads. It is the policy of the Board not to provide door-to-door service. Exceptions may be made for students with permanent or temporary disabilities with the approval of the Superintendent or designee.
- d) Drivers are responsible for reasonable behavior of the students on the bus. Students who do not behave in an acceptable manner are to be reported to the Director of Transportation and may have their riding privilege suspended.
- e) Since Activity buses travel in a larger geographic area, the Activity bus stops will be spaced further apart than on the normal bus routes.

Co-Operative Transportation

Provision for co-operative transportation between school districts is encouraged when it contributes to the operation of a safe, efficient and economical school transportation system.

SUBJECT: TRANSPORTATION OF STUDENTS**Requests for Transportation to and from Nonpublic Schools**

The parent or person in parental relation of a parochial or private school child residing in the District who desires his or her child to be transported to a parochial, private, or charter school within or outside the District during the next school year, must submit a written request to the Board no later than April 1 of the preceding year, or within 30 days of establishing residence in the District. The District will publish the April 1 date in its school calendar and/or local newspaper as a reminder to parents of this deadline. For those occasions where a transportation request is received after the statutory deadline (April 1) and there is determined to be ample room on a bus that travels near the vicinity of the child's residence and the child can be carried without materially altering previously established transportation arrangements, transportation may be provided for the current school year. Late requests will not be denied where a reasonable explanation is provided for the delay.

Transportation will be provided to the nonpublic school of their choice provided it allows substantially equivalent instruction and is within a maximum distance of 15 miles from home. All distances shall be measured by the nearest available route along public roads from the home to the school. The measurement of such route shall be from the point where the resident's driveway meets the public road surface to the school's designated drop-off point.

In accordance with New York State law effective September 1, 1982, private and non-public students who live in excess of 15 miles from the school of their choice will be eligible for transportation from a designated pickup point to the school only if service is being provided to that school for other private and non-public students within the 15 mile limit. The designated pick-up point will be William Munn School. Transportation to the designated point is the responsibility of the parents.

Transportation to Nonpublic Schools on Holidays

The District will share its calendar and start and dismissal times with nonpublic schools before the start of the school year. The District is not required to provide transportation to nonpublic schools on days on which the District's schools are not in session.

Transportation for Nonpublic School Students with Disabilities who are Parentally Placed

For students with disabilities, ages 5 through 21, who are parentally placed in nonpublic schools outside their district of residency, if special education services are to be provided to a student at a site other than the nonpublic school, the school district of location is responsible for providing the special education services, including, as applicable, arranging and providing transportation necessary for the student to receive special education services.

The district of residence remains responsible to provide transportation to parentally placed nonpublic school students from the student's home to the nonpublic school.

(Continued)

SUBJECT: TRANSPORTATION OF STUDENTS (Cont'd.)**Transportation of Students with Disabilities**

Transportation of students with disabilities in the District may not exceed 50 miles one way from the student's home to the appropriate special service or program, unless the Commissioner certifies that no appropriate nonresidential special service or program is available within 50 miles. In that event the Commissioner may then establish transportation arrangements. Students with disabilities who are 4 years 9 months old as of December 1, shall be eligible to be transported until the end of the school year during which they attain their 21st birthday.

Deaf children shall be eligible for transportation beginning at age 3 and ending in the school year which they attain their 21st birthday.

Student Information

Upon written consent of the parent or person in parental relation, every school bus which is used to regularly transport students with disabilities will maintain the following information about each student with a disability being transported:

- a) Student's name;
- b) Nature of the student's disability;
- c) Name of the student's parent, guardian, or person in parental relation and one or more telephone numbers where that person can be reached in an emergency; and/or
- d) Name and telephone number of any other person designated by such parent, guardian, or person in parental relation who can be contacted in an emergency.

This information will be used solely for the purpose of contacting the student's parent, guardian, person in parental relation, or designee in the event of an emergency involving the student, will be kept in a manner which retains the privacy of the student, and will not be accessible to any person other than the driver or a teacher acting in a supervisory capacity. In the event that the driver or teacher is incapacitated, this information may be accessed by any emergency service provider.

This information will be updated as needed, but at least once each school year and will be destroyed if parental consent is revoked, the student no longer attends the school, or the disability no longer exists.

Transportation of Non-Resident Students

The District shall not extend its bus routes outside of the District to pick up non-resident students. However, in the context of cooperative transportation for special students with other school districts, the District may transport non-resident students.

(Continued)

SUBJECT: TRANSPORTATION OF STUDENTS (Cont'd.)

Non-resident families must provide their own transportation.

Transportation to School-Sponsored Events

Where the District has provided transportation to students enrolled in the District to a school-sponsored field trip, extracurricular activity, or any other similar event, it will also provide transportation back to either the point of departure or to the appropriate school in the District unless the principal or his/her designee authorizes such alternate transportation. The principal shall require written application prior to approval. As an exception to this policy a coach may release a student to the parent/guardian for transportation from an inter-scholastic event upon the receipt of a written request from the parent/guardian.

In cases where intervening circumstances make transportation of a student back to the point of departure or to the appropriate school in the District impractical, and the parent has not authorized alternative return transportation, a representative of the District will remain with the student until the student's parent or legal guardian has been contacted and informed of the intervening circumstances and the student has been delivered to his or her parent.

Transportation in Personal Vehicles

Personal cars of teachers and staff will not be used to transport students except in the event of extenuating circumstances and authorized by the administration.

Student Transportation to Day Care Centers

The District will transport eligible District students to and/or from day care centers within the Spencerport District in accord with New York State Education guidelines.

In accordance with Education Law Section 3635, a child care location is a place, other than the child's home, where care for less than 24 hours a day is provided on a regular basis for a child who attends school within the District with the provision that such place must be located within the School District. In defining the child care locations, the statute states that it includes, but is not limited to, a variety of child care services such as day care centers, family care homes, and in-home care by nonrelatives.

SUBJECT: SCHOOL BUS SAFETY

The safe transportation of students to and from school is of primary concern in the administration of the school bus program. All state laws and regulations pertaining to the safe use of school buses will be observed by drivers, students, and school personnel.

Use of Portable Electronic Devices Prohibited

For purposes of this policy, and in accordance with applicable law, the terms below will be defined as follows:

- a) "Portable electronic device" means any mobile telephone (hand held or "hands free"), personal digital assistant (PDA), portable device with mobile data access, laptop computer, pager, two-way messaging device, electronic game, or portable computing device.
- b) "Using" means holding a portable electronic device while viewing, taking or transmitting images, playing games, or composing, sending, reading, viewing, accessing, browsing, transmitting, saving, or retrieving email, text messages, or other electronic data.
- c) "In operation" means that the bus engine is running, whether in motion or not.

The use of portable electronic devices by a school bus driver at times the vehicle is in operation on the roadway poses a potential safety risk. All school bus drivers are prohibited from using portable electronic devices while the bus is in operation.

All school bus drivers' personal portable electronic devices must be placed in the "off" position when in the possession of the school bus driver while the bus is in operation. Portable electronic devices, including cell phones, may be used in case of emergency.

The Transportation Supervisor, in cooperation with the principals, has the responsibility of developing and publishing safety rules to be followed by drivers and passengers, including rules of student conduct. In order to ensure maximum safety to those riding school buses, it is necessary that students and drivers cooperate in this effort. There is no substitute for training to develop safe habits in pedestrian and vehicular traffic.

All buses and other vehicles owned and operated by the District will have frequent safety inspections, and will be serviced regularly. The Transportation Supervisor will maintain a comprehensive record of all maintenance performed on each vehicle.

Every bus driver is required to report promptly to the Transportation Supervisor any school bus accident, regardless of the severity, involving death, injury, or property damage.

SUBJECT: IDLING SCHOOL BUSES ON SCHOOL GROUNDS

The Board recognizes the need to promote the health and safety of District students and staff and to protect the environment from harmful emissions found in bus and vehicle exhaust. The District will ensure that each driver of a school bus or other vehicle owned, leased, or contracted for by the District turns off the engine of the bus or vehicle while waiting for passengers to load or off load on school grounds, or while the vehicle is parked or standing on school grounds or in front of or adjacent to any school. Appropriate signage shall be posted to remind drivers of the policy.

Exceptions

Unless otherwise required by state or local law, the idling of a school bus or vehicle engine may be permitted to the extent necessary to achieve the following purposes:

- a) The bus is forced to remain motionless because of the traffic conditions over which the driver has no control.
- b) Idling to maintain an interior temperature of fifty (50) degrees Fahrenheit when the outside temperature is less than fifty (50) degrees or an interior temperature of seventy (70) degrees Fahrenheit when the temperature outside is more than eighty (80) degrees.
- c) Auxiliary function such as wheelchair lifts if the operation requires the engine to continue running.
- d) When operation of the vehicle is required for maintenance, including necessary pre-trip safety inspections.

Private Vendor Transportation Contracts

All contracts for pupil transportation services between the District and a private vendor will include a provision requiring the vendor's compliance with the provisions of reducing idling in accordance with Commissioner's regulations.

Sanctions for Violation of District Policy

District employed bus drivers as well as other District employees who are known to have engaged in prohibited behavior with regard to excessive idling of school buses are subject to disciplinary action pursuant to the applicable collective bargaining agreement, as well as the sanctions provided for in law and/or regulations.

Any significant violations by vendors/contract bus companies of District policy and/or regulations regarding excessive idling of school buses shall result in revocation of their contract for the transportation of District students; and they may be subject to sanctions provided for in law and/or regulations.

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

In order to help prevent accidents and injuries resulting from the misuse of drugs and/or alcohol by school bus drivers, the Board adopts this policy in compliance with federal and state law and regulation.

The District has designated the following individual to answer driver questions about this policy and related materials:

Primary: Director of Transportation

Alternate: Assistant Superintendent for Human Resources

Drug and Alcohol Testing Program

School bus drivers are subject to drug and/or alcohol testing in a variety of circumstances. The District will comply with all federal and state law and regulation regarding the implementation of a drug and alcohol testing program for school bus drivers.

The District will either establish and manage its own drug and alcohol testing program or by contract have a consortium/third-party administrator manage all, or part of, its drug and alcohol testing program for school bus drivers.

Under federal law and regulation, individuals who operate a Commercial Motor Vehicle (CMV) designed to transport 16 or more occupants (including the driver) and are subject to commercial driver's license (CDL) requirements established by the United States Department of Transportation are safety-sensitive employees and are subject to the following drug and/or alcohol testing:

- a) **Pre-employment drug testing** which will be conducted after a conditional offer to hire has been extended, but before the actual performance of safety-sensitive functions for the first time. This pre-employment testing will also be required when employees transfer to a safety-sensitive position.
- b) **Random drug and/or alcohol testing** which will be conducted on an unannounced basis.
- c) **Reasonable suspicion drug and/or alcohol testing** which will be conducted when reasonable suspicion exists that a driver has engaged in prohibited use of drugs and/or alcohol. The required observation for reasonable suspicion drug and/or alcohol testing must be made by a supervisor or official who has been trained in accordance with federal law and regulation.
- d) **Post-accident drug and/or alcohol testing** which will be conducted as soon as practicable following certain occurrences involving a CMV operating on a public road.

**Customize to District*

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

- e) **Return-to-duty drug and/or alcohol testing** which will be conducted on a driver who has engaged in prohibited drug and/or alcohol conduct before the driver returns to perform a safety-sensitive function.
- f) **Follow-up drug and/or alcohol testing** which will be conducted on a driver who has engaged in prohibited drug and/or alcohol conduct and has returned to performing a safety-sensitive function. This testing will be conducted on an unannounced basis in accordance with a written follow-up testing plan developed by a substance abuse professional (SAP).

All procedures used to test for the presence of drugs and/or alcohol will conform to the requirements outlined in federal law and regulation for protecting the driver, ensuring the integrity of the testing process, safeguarding the validity of the test results, and ensuring that all test results are attributed to the correct driver.

Under New York State law and regulation, all school bus drivers are subject to pre-employment and random drug and alcohol testing in accordance with the provisions and requirements of federal regulations, regardless of commercial driver's license endorsement. Every school bus driver will be included in the random testing pool and must submit to testing when selected.

Prohibitions and Consequences for School Bus Drivers

Under federal law and regulation, individuals who operate a CMV designed to transport 16 or more occupants (including the driver) and are subject to CDL requirements established by the United States Department of Transportation are prohibited from:

- a) Reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration of 0.04 or greater. If testing shows an alcohol concentration of 0.02 or greater but less than 0.04, the employee must be removed from performing safety-sensitive activities for not less than 24 hours, but no punitive action will be taken by the employer;
- b) Using alcohol while performing safety-sensitive functions;
- c) Performing safety-sensitive functions within four hours after using alcohol;
- d) When required to take a post-accident alcohol test, using alcohol within eight hours following the accident or prior to undergoing a post-accident alcohol test, whichever comes first;
- e) Refusing to submit to a drug or alcohol test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements;
- f) Refusing to submit to a pre-employment drug test;

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

- g) Reporting for duty or remaining on duty, requiring the performance of safety-sensitive functions, when the driver uses any drugs, as defined by federal law and regulation. This prohibition does not apply when the use is pursuant to the instructions of a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance will not adversely affect the driver's ability to safely operate a CMV; or
- h) Reporting for duty, remaining on duty, or performing a safety-sensitive function, if the driver tests positive for drugs.

Additionally, under New York State law, all school bus drivers are prohibited from:

- a) Consuming a drug or intoxicating liquor, regardless of its alcoholic content, or be under the influence of a drug or intoxicating liquor, within six hours before going on duty or operating, or having physical control of a bus;
- b) Consuming a drug or intoxicating liquor, regardless of its alcoholic content while on duty, or operating, or in physical control of a bus; or
- c) Possessing a drug or intoxicating liquor, regardless of its alcoholic content while on duty, operating or in physical control of a bus. However, this paragraph does not apply to the possession of a drug or intoxicating liquor which is transported as part of a shipment or personal effects of a passenger or to alcoholic beverages which are in sealed containers.

It is the employer's responsibility to ensure that no school bus driver:

- a) Violates any of the above listed provisions of New York State law; or
- b) Be on duty or operate a school bus if, by a person's general appearance or by a person's conduct or by other substantiating evidence, a person appears to have consumed a drug or intoxicating liquor within the preceding eight hours.

Any violation of this policy and/or District procedures, and applicable federal and state law and regulation by a school bus driver will be grounds for disciplinary action and penalties including, but not limited to, fines, suspension, and/or discharge in accordance with the District's and/or the vendors' or contract bus companies' policies, collective bargaining agreements, and applicable law.

Drivers who are found to have engaged in prohibited conduct under federal law and regulation will be removed immediately from safety-sensitive functions and will not be allowed to return to perform safety-sensitive functions until they:

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

- a) Are evaluated by a SAP;
- b) Complete any requirements for rehabilitation as set by the employer and the SAP; and
- c) Pass a return-to-duty test with the result below 0.02 if the conduct involved alcohol, or a drug test with a verified negative result if the conduct involved drug use.

Employee Notification

The Superintendent or designee will ensure that each school bus driver receives a copy of District policy, educational materials that explain the requirements of drug and alcohol testing law and regulation, and any regulations and/or procedures developed by the District with respect to meeting those requirements. The Superintendent or designee will ensure that a copy of these materials is distributed to each school bus driver, who will sign for receipt of all of the above documents, as well as other appropriate personnel, prior to the start of any drug and/or alcohol testing as well as at the beginning of each school year or at the time of hire for any school bus driver. Representatives of applicable collective bargaining units will be notified of the availability of this information.

The Superintendent or designee will further ensure that each school bus driver receives educational materials concerning: the effects of drug and alcohol use on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a co-worker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to any employee assistance program and/or referral to management.

The Superintendent or designee will arrange for training of all supervisors who may be utilized to determine whether reasonable suspicion exists to test a driver for prohibited conduct involving drugs and/or alcohol.

Records Management and Retention

Employee records relating to drug and/or alcohol testing, as well as to substance abuse and/or alcohol prevention programs, will be maintained in accordance with law and regulation. All employee drug and/or alcohol testing will be kept confidential and will only be revealed as required or authorized by law or regulation.

SUBJECT: SCHOOL DISTRICT OFFICER AND EMPLOYEE CODE OF ETHICS

The Board of Education is committed to avoiding any situation in which the existence of conflicting interests of any Board member, officer or employee may call into question the integrity of the management or operation of the School District. The Board recognizes that sound, ethical standards of conduct serve to increase the effectiveness of District officers and staff as educators and public employees in the community. Adherence to a Code of Ethics promotes public confidence in the schools and furthers the attainment of District goals.

The provisions of this policy are intended to supplement Article 18 of the General Municipal Law and any other law relating to ethical conduct of District officers and employees, and should not be construed to conflict with those authorities. Therefore, every Board member, officer and employee of the District, whether paid or unpaid, shall adhere to the following Code of Ethics.

Conflicts of Interest

Except as permitted by law, no person may have an interest in any contract with the District when he or she, individually, or as a member of the Board, has the power or duty to: negotiate, prepare, authorize, or approve the contract or authorize or approve payment under the contract; audit bills or claims under the contract; or appoint an officer or employee who has any of these powers or duties.

Likewise, unless permitted by law, no chief fiscal officer, treasurer, or his or her deputy or employee, may have an interest in a bank or trust company designated as a depository, paying agent, registration agent, or for investment of funds of the District.

No employee, officer, or agent will participate in selecting, awarding, or administering a contract supported by a federal award if he or she has a real or apparent conflict of interest. These conflicts could arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization that employs or is about to employ any of these parties has a financial or other interest in or a tangible personal interest benefit from a firm considered for a contract. Employees, officers, and agents will not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. The District may, however, set standards for situations where the financial interest is not substantial or the gift is an unsolicited item of nominal value.

"Interest," as used in this policy, means a direct or indirect pecuniary or material benefit accruing to a District officer or employee as the result of a contract with the District. A District officer or employee will be considered to have an interest in the contract of: his or her spouse, minor children and dependents, except a contract of employment with the District; a firm, partnership or association of which he or she is a member or employee; a corporation of which he or she is an officer, director or employee; and a corporation any stock of which is owned or controlled directly or indirectly by him or her.

(Continued)

SUBJECT: SCHOOL DISTRICT OFFICER AND EMPLOYEE CODE OF ETHICS (Cont'd.)

The provisions of the preceding four paragraphs should not be construed to preclude the payment of lawful compensation and necessary expenses of any District officer or employee in one or more positions of public employment, the holding of which is not prohibited by law.

Gifts

A Board member, officer or employee shall not directly or indirectly solicit any gift or accept or receive any gift having a value of \$75 or more, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence him or her in the performance of his or her official duties or was intended as a reward for any official action on his or her part.

However, the Board welcomes and encourages the writing of letters or notes expressing gratitude or appreciation to staff members. Gifts from children that are principally sentimental in nature and of insignificant financial value may be accepted in the spirit in which they are given.

Confidential Information

A Board member, officer or employee shall not disclose confidential information acquired by him or her in the course of his or her official duties or use such information to further his or her personal interests.

Representation before the Board or District

A Board member, officer or employee shall not receive or enter into any agreement, expressed or implied, for compensation for services to be rendered in relation to any matter before the School District. Likewise, no one may receive, or enter into any agreement, express or implied, for compensation for services rendered in relation to any matter before the District, where the individual's compensation is contingent upon any action by the District with respect to the matter.

Disclosure of Interest in Contracts and Resolutions

Any District officer or employee who has, will have, or later acquires an interest in or whose spouse has, will have or later acquires an interest in any actual or proposed contract, purchase agreement, lease agreement, or other agreement, including oral agreements, with the District must publicly disclose the nature and extent of that interest in writing. The disclosure must be made when the officer or employee first acquires knowledge of the actual or prospective interest, and must be filed with the person's immediate supervisor and the Board. Any written disclosure will be made part of and included in the official minutes of the relevant Board meeting.

(Continued)

SUBJECT: SCHOOL DISTRICT OFFICER AND EMPLOYEE CODE OF ETHICS (Cont'd.)**Investments in Conflict with Official Duties**

A Board member, officer or employee shall not invest or hold any investment directly in any financial, business, commercial or other private transaction that creates a conflict with his or her official duties, or that would otherwise impair his or her independence of judgment in the exercise or performance of his or her official powers or duties. Exceptions to the conflict of interest law can be found in Section 802 of the General Municipal Law (see 2160-E.1).

Private Employment

A Board member, officer or employee shall not engage in, solicit, negotiate for or promise to accept private employment when that employment or service creates a conflict with or impairs the proper discharge of his or her official duties.

Future Employment

A Board member, officer or employee shall not, after the termination of service or employment with the District, appear before the Board in relation to any action, proceeding, or application in which he or she personally participated during the period of his or her service or employment or that was under his or her active consideration. A Board member shall not, while serving on the Board, seek appointment to paid employment with the District or otherwise create the appearance of impropriety in District employment decisions.

Involvement with Charitable Organizations

A Board member, officer or employee may be involved as a volunteer, officer or employee in a charitable organization which has a relationship with the District. If a Board member is a board member, officer or employee of the charitable organization the Board member must disclose such relationship in writing to the District, and the Board member must recuse himself or herself from any discussions or votes relating to the charitable organization which may come before the Board. When participating in the activities of the charitable organization, the Board member, officer or employee shall not disclose any confidential information learned in the course of his or her official duties or use such information to further personal interests. Additionally, the Board member, officer or employee shall not make representations on behalf of the District unless specifically authorized to do so by the Board.

Distribution of Code of Ethics

The Superintendent of Schools shall cause a copy of this Code of Ethics to be distributed to every member of the Board, every officer and employee of the School District. Each officer and employee elected or appointed thereafter shall be furnished a copy before entering upon the duties of his or her office or employment. In addition, the Superintendent shall ensure that a copy of Article 18 of the General Municipal Law shall be kept posted in each public building under the District's jurisdiction in a place conspicuous to the District's officers and employees.

SUBJECT: SCHOOL DISTRICT OFFICER AND EMPLOYEE CODE OF ETHICS (Cont'd.)**Penalties**

In addition to any penalty contained in any other provision of law, any person who shall knowingly and intentionally violate any of the provisions of the Board's Code of Ethics and its accompanying regulation may be fined, suspended or removed from office or employment, as the case may be, in the manner provided by law.

Education Law § 410

Adopted: 6/10/14
Revised: 6/12/18;

SUBJECT: TESTING MISCONDUCT AND MANDATORY REPORTING REQUIREMENTS

District employees are expressly prohibited from: engaging in testing misconduct, as that term is described in the Commissioner's regulations; assisting in the engagement of, or soliciting another to engage in testing misconduct; and/or the knowing failure to report testing misconduct. When committed by an employee of the District in a position for which a teaching or school leader certificate is required, these actions or inactions will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's regulations. A District employee in a position for which a teaching or school leader certificate is not required, who commits an unlawful act in respect to examination and records, will be subject to disciplinary action by the Board in a manner consistent with New York State law and regulation and any applicable collective bargaining agreement.

District employees will report to the State Education Department (SED) any known incident of testing misconduct by a certified educator or any known conduct by a non-certified individual involved in the handling, administration, or scoring of state assessments in violation of New York State law. This report will be made in accordance with directions and procedures established by the Commissioner for the purpose of maintaining the security and confidential integrity of state assessments.

The District will not dismiss or take other disciplinary or adverse action against an employee because he or she submitted a report regarding testing misconduct to the SED. Any adverse action by an individual holding a teaching, teaching assistant certificate, or school leader certificate will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's regulations and may be referred to the Office of School Personnel Review and Accountability at the SED.

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY

The District is an equal opportunity employer that does not discriminate against any employee or applicant for employment in its programs and activities on the basis of race, color, creed, national origin, religion, sex (including gender identity or the status of being transgender), sexual orientation, disability, age, military status, predisposing genetic characteristics, marital status, domestic-violence-victim status, criminal arrest or conviction record, or any other basis prohibited by state or federal non-discrimination laws.

Investigation of Complaints and Grievances

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether verbal or written, of discrimination, and will promptly take appropriate action to protect individuals from further discrimination. All complaints will be handled in a manner consistent with the District's policies, procedures, and/or regulations regarding the investigation of discrimination and harassment complaints.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of discrimination. Complaints of retaliation may be directed to the Civil Rights Compliance Officer (CRCO). In the event the CRCO is the alleged offender, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity, or to the Superintendent.

When appropriate, follow-up inquiries will be made to ensure that discrimination has not resumed and that all those involved in the investigation of the discrimination have not suffered retaliation.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE

The District is committed to maintaining a discrimination-free work environment. Sexual harassment is one form of workplace discrimination. This policy addresses sexual harassment in the workplace and is one component of the District's commitment to a discrimination-free work environment. The District will provide this policy to all employees in writing. The District will post this policy prominently throughout the District to the extent practicable.

Sexual harassment is a form of employee misconduct, a violation of District policy, and unlawful. Employees of every level who engage in sexual harassment, including supervisory personnel who engage in sexual harassment, who knowingly allow such behavior to continue, or fail to report suspected sexual harassment will be subject to remedial and/or disciplinary action by the District. Sexual harassment may also subject the District to liability for harm to targets of sexual harassment. Harassers may also be individually subject to liability.

This policy applies to all instances of sexual harassment perpetrated against a "covered person," regardless of immigration status, by anyone in the workplace, including a co-worker, supervisor, board member, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student. For purposes of this policy, a "covered person" includes:

- a) Employees;
- b) Applicants for employment;
- c) Paid or unpaid interns; and
- d) Non-employees, which include anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace.

Sexual harassment in the workplace can occur between any individuals, regardless of their sex or gender. Unlawful sexual harassment is not limited to the physical workplace itself. Sexual harassment can occur on school grounds, school buses or District vehicles, and at school-sponsored events, programs, or activities, including those that take place at locations off school premises. It can also occur while employees are traveling for District business. Calls, texts, emails, and social media usage can constitute unlawful workplace harassment, even if they occur away from school grounds, on personal devices, or during non-work hours.

What Constitutes Sexual Harassment

Sexual harassment is a form of sex discrimination and is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

Sexual harassment includes unwelcome conduct which is either of a sexual nature, or which is directed at an individual because of that individual's sex when:

- a) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment, even if the reporting individual is not the intended target of the sexual harassment;
- b) Such conduct is made either explicitly or implicitly a term or condition of employment; or
- c) Submission to or rejection of such conduct is used as the basis for employment decisions affecting an individual's employment.

A sexually harassing hostile work environment includes, but is not limited to, words, signs, jokes, pranks, intimidation or physical violence which are of a sexual nature, or which are directed at an individual because of that individual's sex. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory statements or sexually discriminatory remarks made by someone which are offensive or objectionable to the recipient, which cause the recipient discomfort or humiliation, which interfere with the recipient's job performance.

Sexual harassment also occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions or privileges of employment. This is also called "quid pro quo" harassment.

Any covered person who feels harassed should report the conduct so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be addressed under this policy.

Examples of Sexual Harassment

The following describes some actions that may constitute unlawful sexual harassment and that are strictly prohibited:

- a) Physical acts of a sexual nature, such as:
 1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another person's body or poking another person's body; and
 2. Rape, sexual battery, molestation or attempts to commit these assaults.
- b) Unwanted sexual advances or propositions, such as:

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

1. Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion or other job benefits or detriments; and
2. Subtle or obvious pressure for unwelcome sexual activities.
- c) Sexually oriented gestures, noises, remarks or jokes, or comments about a person's sexuality or sexual experience, which create a hostile work environment.
- d) Sex stereotyping, which occurs when conduct or personality traits are considered inappropriate simply because they may not conform to other people's ideas or perceptions about how individuals of a particular sex should act or look.
- e) Sexual or discriminatory displays or publications anywhere in the workplace, such as pictures, posters, calendars, graffiti, objects, promotional material, reading materials, or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace.
- f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, and the status of being transgender, such as:
 1. Interfering with, destroying or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;
 2. Sabotaging an individual's work; and
 3. Bullying, yelling, or name-calling.

Prohibition of Retaliatory Behavior (Whistle-Blower Protection)

Unlawful retaliation can be any action that could discourage a covered person from coming forward to make or support a sexual harassment claim. Adverse action need not be job-related or occur in the workplace to constitute unlawful retaliation (e.g., threats of physical violence outside of work hours).

The District prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of a complaint of sexual harassment. Such retaliation is unlawful under federal, state, and (where applicable) local law. The New York State Human Rights Law protects any individual who has engaged in "protected activity." Protected activity occurs when a person has:

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- a) Made a complaint of sexual harassment, either internally or with any anti-discrimination agency;
- b) Testified or assisted in a proceeding involving sexual harassment under the Human Rights Law or other anti-discrimination law;
- c) Opposed sexual harassment by making a verbal or informal complaint of harassment to a supervisor, building principal, other administrator, or the Civil Rights Compliance Officer (CRCO);
- d) Reported that another employee has been sexually harassed; or
- e) Encouraged a fellow employee to report harassment.

Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of harassment.

Reporting Sexual Harassment

Preventing sexual harassment is everyone's responsibility. The District cannot prevent or remedy sexual harassment unless it knows about it. Any covered person who has been subjected to behavior that may constitute sexual harassment is encouraged to report such behavior to a supervisor, building principal, other administrator, or the CRCO. Anyone who witnesses or becomes aware of potential instances of sexual harassment should report such behavior.

Reports of sexual harassment may be made verbally or in writing. A form for submission of a written complaint is posted on the District website, and all covered persons are encouraged to use this complaint form. Persons who are reporting sexual harassment on behalf of another person should use the complaint form and note that it is being submitted on another person's behalf.

Any person who believes they have been a target of sexual harassment may also seek assistance in other available forums, as explained below in the section on Legal Protections.

Supervisory Responsibilities

All supervisors, building principals, and other administrators who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing behavior or for any reason suspect that sexual harassment is occurring, are required to report such suspected sexual harassment to the CRCO. In the event the CRCO is the alleged harasser, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity, or to the Superintendent.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

In addition to being subject to discipline if they engaged in sexually harassing conduct themselves, supervisors, building principals, and other administrators will be subject to discipline for failing to report suspected sexual harassment or otherwise knowingly allowing sexual harassment to continue.

Supervisors, building principals, and other administrators will also be subject to discipline for engaging in any retaliation.

Investigating Complaints

All complaints or information about sexual harassment will be investigated, whether that information was reported in verbal or written form. Investigations will be conducted in a timely manner, and will be confidential to the extent possible.

An investigation of any complaint, information or knowledge of suspected sexual harassment will be prompt and thorough, commenced immediately and completed as soon as possible. The investigation will be kept confidential to the extent possible. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials. All persons involved, including complainants, witnesses, and alleged harassers will be accorded due process, as outlined below, and in accordance with any applicable collective bargaining agreements to protect their rights to a fair and impartial investigation.

The District will not tolerate retaliation against anyone who files complaints, supports another's complaint, or participates in an investigation regarding a violation of this policy.

While the process may vary from case to case, investigations should be done in accordance with the following steps:

- a) Upon receipt of a complaint, the CRCO will conduct an immediate review of the allegations, and take any interim actions (e.g., instructing the respondent to refrain from communications with the complainant), as appropriate. In the event that the CRCO is the alleged harasser, the complaint will be directed to another CRCO or District designee for investigation.
- b) If a complaint is verbal, encourage the individual to complete the complaint form, which is available on the District website, in writing. If he or she refuses, prepare a complaint form based on the verbal reporting.
- c) If documents, emails, or phone records are relevant to the investigation, take steps to obtain and preserve them.
- d) Request and review all relevant documents, including all electronic communications.

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- e) Interview all parties involved, including any relevant witnesses. If a student is involved, the District will follow all applicable District policies and procedures regarding questioning students.
- f) Create written documentation of the investigation (such as a letter, memo or email), which contains the following:
 - 1. A list of all documents reviewed, along with a detailed summary of relevant documents;
 - 2. A list of names of those interviewed, along with a detailed summary of their statements;
 - 3. A timeline of events;
 - 4. A summary of prior relevant incidents, reported or unreported; and
 - 5. The basis for the decision and final resolution of the complaint, together with any corrective action(s).
- g) Keep the written documentation and associated documents in a secure and confidential location.
- h) Promptly notify the individual who reported and the individual(s) about whom the complaint was made of the final determination and implement any corrective actions identified in the written document.
- i) Inform the individual who reported of the right to file a complaint or charge externally as outlined in the next section.

If an investigation reveals that discrimination or harassment has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable laws and regulations, as well as any and all relevant codes of conduct, District policies and administrative regulations, collective bargaining agreements, and/or third-party contracts.

Annual Training

The District will provide a sexual harassment prevention training program to all employees on an annual basis. The training will be interactive and will include:

- a) An explanation of sexual harassment consistent with guidance issued by the Department of Labor in consultation with the Division of Human Rights;
- b) Examples of conduct that would constitute unlawful sexual harassment;

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- c) Information concerning the federal and state statutory provisions concerning sexual harassment and remedies available to victims of sexual harassment;
- d) Information concerning employees' rights of redress and all available forums for adjudicating complaints; and
- e) Information addressing conduct by supervisors and any additional responsibilities for such supervisors.

Legal Protections and External Remedies

Sexual harassment is not only prohibited by the District but is also prohibited by state, federal, and, where applicable, local law.

Aside from the District's internal process, individuals may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, an individual may seek the legal advice of an attorney.

In addition to those outlined below, individuals may have additional legal protections.

State Human Rights Law (HRL)

The Human Rights Law (HRL), codified as N.Y. Executive Law, art. 15, § 290 et seq., applies to all employers in New York State with regard to sexual harassment, and protects covered persons, regardless of immigration status. A complaint alleging violation of the Human Rights Law may be filed either with the Division of Human Rights (DHR) or in New York State Supreme Court.

Complaints with DHR may be filed any time within one year of the harassment. If an individual did not file with DHR, they can sue directly in state court under the HRL, within three years of the alleged sexual harassment. An individual may not file with DHR if they have already filed a HRL complaint in state court.

Complaining internally to the District does not extend your time to file with DHR or in court. The one year or three years is counted from the date of the most recent incident of harassment.

Individuals do not need an attorney to file a complaint with DHR, and there is no cost to file with DHR.

DHR will investigate your complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases are forwarded to a public hearing before an administrative law judge. If sexual harassment is found after a hearing, DHR has the power to award relief, which varies but may include requiring your employer to take action to stop the harassment, or redress the damage caused, including paying of monetary damages, attorney's fees and civil fines.

DHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. Individuals may call (718) 741-8400 or visit: www.dhr.ny.gov.

Contact DHR at (888) 392-3644 or visit dhr.ny.gov/complaint for more information about filing a complaint. The website has a complaint form that can be downloaded, filled out, notarized and mailed to DHR. The website also contains contact information for DHR's regional offices across New York State.

Civil Rights Act of 1964

The United States Equal Employment Opportunity Commission (EEOC) enforces federal anti-discrimination laws, including Title VII of the 1964 federal Civil Rights Act (codified as 42 USC § 2000e et seq.). An individual can file a complaint with the EEOC anytime within 300 days from the harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint, and determine whether there is reasonable cause to believe that discrimination has occurred, at which point the EEOC will issue a Right to Sue letter permitting the individual to file a complaint in federal court.

The EEOC does not hold hearings or award relief, but may take other action including pursuing cases in federal court on behalf of complaining parties. Federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An individual alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at www.eeoc.gov or via email at info@eeoc.gov.

If an individual filed an administrative complaint with DHR, DHR will file the complaint with the EEOC to preserve the right to proceed in federal court.

Title IX

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in any federally funded education program or activity. The U.S. Department of Education's Office for Civil Rights (OCR) enforces Title IX of the Education Amendments of 1972.

The administration will undertake a continuous program of supervision and evaluation of all personnel, including support staff, in the District. The primary purposes of the evaluations will be to encourage and promote improved performance and to make decisions about the occupancy of positions.

Teachers and Administrators

The District is committed to supporting the development of effective teachers and administrators. To this end, the District will provide procedures for the evaluation of all professional staff. - c) To provide a basis for evaluative judgments by applicable school officials.

Disclosure of APPR

The Commissioner is required to disclose professional performance review data for teachers and building principals on the New York State Education website and in any other manner to make this data widely available to the public. SUBJECT: EMPLOYEE MEDICAL EXAMINATIONS**Pre-employment Medical Examinations**

In accordance with the Americans with Disabilities Act, as amended, the District will not require applicants for positions to undergo a medical examination prior to an offer of employment. Further, the District will not make inquiries of a job applicant as to whether the applicant is an individual with a disability or as to the nature or severity of a disability. However, the District may make pre-employment inquiries into the ability of an applicant to perform job-related functions.

In accordance with NY Vehicle and Traffic Law Article 19A, each bus driver initially employed by the District will have a physical examination within the four weeks prior to the beginning of service.

Examinations During Employment

The Board reserves the right to request a medical examination at any time during employment, at District expense, in order to determine whether an employee can perform the essential functions of the position with or without reasonable accommodation or for other valid employment reasons.

Annual or more frequent examinations of any employee may be required, when, in the judgment of the school physician or nurse practitioner and the Superintendent, the procedure is deemed necessary.

The final acceptance or rejection of a medical report with reference to the health of an employee lies within the discretion of the Board. The decision of the physician designated by the Board as the determining physician will take precedence over all other medical advice.

In accordance with NY Vehicle and Traffic Law Article 19A, all bus drivers and substitute bus drivers must have yearly physical examinations. In no case will the interval between physical examinations exceed a 24-month period.

All medical and health related information will be kept in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Examinations and Inquiries

The District may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees at that work site. The District may make inquiries into the ability of an employee to perform job-related functions.

The District, however, will not require a medical examination and will not make inquiries as to whether the employee is an individual with a disability or as to the nature or severity of the disability, unless the examination or inquiry is shown to be job related and consistent with business necessity.

SUBJECT: PROFESSIONAL GROWTH/STAFF DEVELOPMENT

The Superintendent, in consultation with the appropriate administrative staff and/or teacher committees, will arrange in-service programs and other staff development opportunities which provide for the selection of subjects pertinent to the curriculum in the schools, to build from these subjects those topics or courses for in-service or staff development which will help employees acquire new methods of performing their job responsibilities or help staff improve on those techniques which are already being used in the schools, with the objective of improving professional competencies.

The administration will develop meaningful in-service and/or professional development programs which will:

- a) Contribute to the instructional program of the schools;
- b) Contribute to improved education for students;
- c) Achieve state mandates; and
- d) Enhance the professional competencies and/or instructional abilities of staff members.

The Board encourages all employees to improve their competencies beyond that which they may obtain through the regular performance of their assigned duties. Opportunities should be provided for:

- a) Planned in-service programs, courses, seminars, and workshops offered both within and outside the District.
- b) Visits to other classrooms and schools, as well as attendance at professional meetings, for the purpose of improving instruction and/or educational services.
- c) Orientation or re-orientation of staff members to program and/or organizational changes as well as District expectations.

Attendance at professional development programs must be directly related to the duties and responsibilities of the employee. Consequently, employees are encouraged to participate in the planning of staff development programs designed to meet their specific needs.

Staff members are also encouraged to continue their formal education as well as to attend their respective work-related workshops, conferences, and meetings.

Funds for participating at conferences, conventions, and other similar professional development programs will be budgeted for by the Board on an annual basis. Reimbursement to District staff for all actual and necessary registration fees, expenses of travel, meals and lodging, and all necessary tuition fees incurred in connection with attendance at conferences will be in accordance with established regulations for conference attendance, expense reimbursement and collective bargaining agreements.

If any staff member engages in such consulting activities, use of the District's resources including, but not limited to, use of school buildings and school-owned equipment and supplies, is prohibited unless approved by the Superintendent or designee. As much as possible, in accordance with the terms of the CBA, the Superintendent must ascertain that the consulting activity does not constitute a conflict of interest in violation of law and/or the District's Code of Ethics.

While the District does not require that all outside employment of its professional staff have prior approval of the Board of Education, staff members are expected to fulfill their job duties and responsibilities with the District in accordance with law and applicable CBA and the Code of Ethics.

SUBJECT: FINGERPRINTING CLEARANCE OF NEW HIRES

Unless otherwise authorized through a conditional or emergency conditional appointment, the District will not employ or utilize a prospective school employee unless the prospective school employee has been granted "full" clearance for employment by the State Education Department (SED). The District will require a prospective school employee who is not in the SED criminal history file database to undergo a fingerprint supported criminal history record background check. "Criminal history record" means a record of all criminal convictions and any pending criminal charges maintained on an individual by the Division of Criminal Justice Services (DCJS) and the Federal Bureau of Investigation. The District will obtain the applicant's consent to the criminal history records search. The District will request clearance for employment, view information regarding an applicant's status, and enter hire or termination dates through SED's Web-based application known as TEACH.

Unless otherwise exempted, the applicant shall be responsible for the payment of fees to SED for a criminal history record check. However, the District may authorize the payment of such fees on behalf of prospective employees.

Safety of Students

The District will make all reasonable attempts to ensure the safety of students who have contact with an employee holding conditional appointment or emergency conditional appointment. SUBJECT: STAFF-STUDENT RELATIONS

The Board requires that all District employees maintain a professional, ethical relationship with District students that is conducive to an effective, safe learning environment, and that staff members act as role models for students at all times, whether on or off school property and both during and outside of school hours. Staff must establish appropriate personal boundaries with students and not engage in any behavior that could reasonably lead to even the appearance of impropriety.

This Policy applies to all employees, Board of Education members, applicants for employment, interns, whether paid or unpaid, contractors, vendors, subcontractors, consultants, volunteers, parents, and persons conducting business with the District, whether on or off District-owned or leased premises. For purposes of this Policy, the terms “employee(s)” and “staff” refer to this collective group.

Staff members are prohibited, under any circumstances, to date or engage in any improper fraternization or undue familiarity with students, regardless of the student's age or express or implied consent to this conduct. Further, employees will not entertain or socialize with students in a manner so as to create the perception that a dating relationship exists. Similarly, any action or comment by a staff member which invites romantic or sexual involvement with a student is considered highly unethical, in violation of District policy, and may result in the notification of law enforcement officials and the filing of criminal charges and/or disciplinary action by the District.

Inappropriate employee behavior includes, but is not limited to, flirting; making suggestive comments; dating; requests for sexual activity; physical displays of affection; giving inappropriate personal gifts; frequent personal communication with a student unrelated to course work or official school matters; providing alcohol or drugs to students; inappropriate touching; and engaging in sexual contact and/or sexual relations. Frequent personal communication with a student unrelated to course work or official school matters means any form in which personal communication may occur including, but not limited to, voice or text-based communication via phone, email, instant messaging, text messaging, or through social networking platforms.

Inappropriate fraternization of staff with students, even if the student participated willingly in the activity (regardless of the student's age), is against District policy and may be in violation of professional standards of conduct and New York State Law. However, inappropriate employee conduct does not need to rise to the level of criminal activity for the conduct to be in violation of District rules and subject to appropriate disciplinary sanctions.

Any student who believes that he or she has been subjected to inappropriate staff behavior as described in this policy, as well as students, school employees, or third parties who have knowledge of or witness any possible occurrence of inappropriate staff-student relations, must report the incident to any staff member or the employee's supervisor, the student's principal, or the District's designated Compliance Officer. In all circumstances, these reports will be forwarded to the designated Compliance Officer for further investigation. Anonymous complaints of inappropriate fraternization of staff members with students will also be investigated by the District. Investigations of allegations of

SUBJECT: STAFF-STUDENT RELATIONS (Cont'd.)

inappropriate staff-student relations will follow the procedures utilized for complaints of harassment within the District. Allegations of inappropriate staff-student behavior will be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints. If there is a finding upon completion of the investigation that inappropriate conduct occurred, District administration will take prompt corrective action.

Any employee having knowledge of or reasonable suspicion that another employee may have engaged in inappropriate conduct with a student that may constitute child abuse in an educational setting must also follow the District's reporting procedures for these allegations. This information will also be reported by the designated administrator as required by state law to law enforcement officials, the State Education Department (SED), and/or Child Protective Services as may be applicable.

If a student initiates inappropriate behavior toward a staff member, that employee will document the incident and report it to his or her building principal or supervisor immediately, or as soon as is practicable.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of inappropriate staff-student relations. Follow-up inquiries and/or appropriate monitoring will be made to ensure that the alleged conduct has not resumed and that all those involved in the investigation have not suffered retaliation. Any act of retaliation is subject to appropriate disciplinary action by the District.

District Responsibility/Training

The principal of each school and/or program supervisor will be responsible for informing students, staff, and volunteers of the requirements of this policy, including the duty to report and the procedures established for investigation and resolution of complaints. Further, staff training will be provided to facilitate staff identification of possible behavior that may constitute inappropriate staff-student relationships. Students will be provided this training in an age-appropriate manner.

This policy (or a summary) will be disseminated as appropriate to staff, students, and parents.

Disciplinary Sanctions

Any staff member who engages in inappropriate conduct with a student will be subject to appropriate disciplinary measures up to and including termination of employment in accordance with legal guidelines, District policy, and any applicable collective bargaining agreement. A violation of this policy may also subject the employee to criminal and/or civil sanctions as well as disciplinary action by the SED.

SUBJECT: CERTIFICATION AND QUALIFICATIONS

The following provisions will govern certification and qualifications of District personnel:

- a) Each employee whose employment requires certification or other licensure must inform the Superintendent immediately of any change in his or her certification or licensure status. The changes may include the granting, revocation, upgrading, expiration, conversion, and/or extension of documents as to their periods of validity or their titles.
- b) Online verification of an employment applicant's certification status will be used in lieu of printed certificates for current and potential employees. The District will also check the TEACH database to ensure that any permanent or professional certificates for new hires remain valid.
- c) It is the responsibility of the employee to ensure that he or she maintains the appropriate certification and/or licensure required for his or her assignment.

Parent Notification

At the beginning of each school year, the District will notify parents that they may request information about the professional qualifications of their student's classroom teachers. The District will provide in a timely manner upon request the following information to parents:

- a) Whether the student's teacher has met New York State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- b) Whether the student's teacher is teaching under emergency or other provisional status through which the New York State qualification or licensing criteria have been waived;
- c) Whether the student's teacher is teaching in the field of discipline of certification of the teacher; and
- d) Whether the student is provided services by any instructional aides or similar paraprofessionals and, if so, their qualifications.

In addition, the District will provide to parents timely notice that their student has been assigned or has been taught for four or more consecutive weeks by a teacher who does not meet applicable New York State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

SUBJECT: REGISTRATION AND PROFESSIONAL DEVELOPMENT**Registration**

All employees who are certificate holders must register with the State Education Department (SED) every five years through the TEACH system. An employee is a certificate holder if he or she holds a permanent or professional certificate in the classroom teaching service, a permanent or professional certificate in the educational leadership service (i.e., school building leader, school district leader, or school district business leader), or a Level III Teaching Assistant certificate. Only registered employees may teach or supervise in the District.

Employees who were certificate holders prior to July 1, 2016 had to apply for initial registration during the 2016-2017 school year and each subsequent five-year period thereafter.

Any individual who is issued a new certificate is automatically registered with SED. These certificate holders must renew their registration every five years during their birth month.

Any certificate holder who fails to register by the beginning of the appropriate registration period may be subject to late filing penalties.

Certificate holders must notify SED of any change of name or mailing address within 30 days of such change through the TEACH system. Any certificate holder who willfully fails to inform SED of changes to his or her name and/or address within 180 days of such change may be subject to moral character review.

Continuing Teacher and Leader Education (CTLE) Credit Hours

All continuing teacher and leader education certificate holders (CTLE certificate holders) must successfully complete a minimum of 100 hours of acceptable CTLE hours during each five-year registration period to maintain a valid certificate. An employee is a CLTE certificate holder if he or she holds a professional certificate in the classroom teaching service, a professional certificate in educational leadership service, or a Level III Teaching Assistant certificate. This requirement may be completed at any time over the course of a five-year period. Credit hours cannot carry over to subsequent registration periods.

SED sets high standards for courses, programs, and activities that qualify for CTLE credit, and it must approve all CTLE sponsors. Generally, acceptable CTLE will be in the content area of any certificate title held by an individual or in pedagogy. Further, the CTLE will be aligned with professional development standards created by the New York Professional Standards and Practices Board for Teaching.

(Continued)

Personnel

SUBJECT: REGISTRATION AND PROFESSIONAL DEVELOPMENT (Cont'd.)

The District will describe opportunities for teachers and administrators to engage in CTLE in its Professional Development Plan. The District will annually certify, in a form and on a time table prescribed by the Commissioner of Education, that the requirements to have a professional development plan for the succeeding school year have been met and that it has complied with the professional development plan for the current school year. The District will provide CTLE opportunities that are designed to improve the teacher or leader's pedagogical and/or leadership skills and are targeted at improving student performance, among other things. A peer-review teacher or principal acting as an independent trained evaluator who conducts a classroom observation as part of a teacher evaluation under relevant sections of the Education Law may apply the observation time to fulfilling CTLE requirements. Time spent mentoring may also be counted toward required CTLE credit hours.

Language Acquisition CTLE and Exemption

Employees holding an English to speakers of other languages (all grades) certificate or a bilingual extension are required to complete a minimum of 50 percent of the required CTLE hours in language acquisition aligned with the core content area of instruction taught, including a focus on best practices for co-teaching strategies, and integrating language and content instruction for English Language Learner (ELL) students. All other certificate holders must complete a minimum of 15 percent of the required hours dedicated to language acquisition addressing the needs of ELLs, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs. A minimum of 15 percent of the required CTLE hours for employees holding a Level III Teaching Assistant certificate will be dedicated to language acquisition addressing the needs of ELLs and integrating language and content instruction for ELLs.

Employees holding school district business leader certificates are exempt from the language acquisition CTLE requirements for each year that they are employed in the District. Instead, they must complete a minimum of 15 percent of the required CTLE hours dedicated to the needs of ELLs and federal, state, and local mandates for ELLs.

Employees may be eligible for a waiver of language acquisition CTLE requirements. Each school year when there are fewer than 30 ELL students enrolled in the District or ELLs make up less than 5% of the total student population, the District may obtain an exemption. If the District obtains this exemption, employees would be exempt from the language acquisition CTLE requirement for each year that they are employed in the District.

CTLE Adjustments

The Commissioner may adjust an employee's number of CTLE hours and/or time to complete them due to poor health, as certified by a health-care provider; extended active duty in the Armed Forces; or other acceptable good cause.

(Continued)

SUBJECT: REGISTRATION AND PROFESSIONAL DEVELOPMENT (Cont'd.)

Any employee holding a certificate in the classroom teaching service who obtains certification from the National Board for Professional Teaching Standards will be considered CTLE-compliant for the registration period in which he or she obtains this certification. The employee must still meet any language acquisition requirements, however.

Recordkeeping and Reporting Requirements

Employees must maintain a record of completed CTLE hours for at least three years from the end of the applicable registration period. The record must include the title of the program, the total number of hours completed, the number of hours completed in language acquisition addressing the need of ELLs, the sponsor's name, any identifying number, attendance verification, and the date and location of the program.

The District will maintain a record of any professional development it conducts or provides for at least seven years from the date of completion. The District will submit to SED, in a form and timetable prescribed by SED, information concerning the completion of professional development for regularly employed certificate holders.

SUBJECT: INCIDENTAL TEACHING

The Superintendent may assign a teacher to teach a subject not covered by that teacher's certificate or license for a period not to exceed five classroom hours a week, when no certified or qualified teacher is available after extensive and documented recruitment efforts, and provided that approval of the Commissioner of Education is obtained.

Not later than 20 business days after this assignment, the Superintendent must submit for approval an application, in a form satisfactory to the Commissioner, containing the following information:

- a) Evidence of extensive recruitment of a teacher certified in the appropriate area;
- b) The name and certification status of the teacher given the assignment;
- c) The subject which the teacher is being assigned to teach on an incidental basis and the total number of classes in the subject being taught on an incidental basis;
- d) The qualifications of the teacher to teach that subject on an incidental basis;
- e) The specific reasons why an incidental assignment is necessary;
- f) The anticipated duration of the incidental teaching assignment; and
- g) The number of applications, approved or pending, for authorization to make incidental teaching assignments in the same certification area for which the current authorization is being sought.

To be approved, the application must demonstrate to the satisfaction of the Commissioner that an incidental teaching assignment is necessary, that the teacher assigned is the best qualified to teach the subject on an incidental basis, and that the requirements of Commissioner's regulations have been met.

The Commissioner will issue a determination within 20 business days of receipt of the District's application.

In the event that the application is disapproved, the Superintendent, within seven business days of receipt of the notice of disapproval, will terminate the incidental assignment. In the event that the application is approved, this approval will be deemed to have commenced on the date of the incidental teaching assignment and will terminate on the last day of the school year for which it is granted.

(Continued)

SUBJECT: INCIDENTAL TEACHING (Cont'd.)

The Superintendent may renew an incidental teaching assignment, in accordance with the requirements of Commissioner's regulations, for any subsequent school year. In addition to submitting to the Commissioner the information noted above for initial approval of an incidental teaching assignment, a renewal application must provide a number of assurances, including that the teacher assigned a course on an incidental basis has completed, or has agreed to complete, within the prescribed time period, at least three semester hours of credit or the equivalent leading to certification in the subject area of the incidental assignment.

SUBJECT: PROBATION AND TENURE**Probation**

Certified staff members will be appointed to a probationary period by a majority vote of the Board upon recommendation of the Superintendent.

Teachers, all other members of the teaching staff, administrators, directors, supervisors, principals, and all other members of the supervisory staff, except associate, assistant, and other superintendents, will be appointed to a probationary period of four years. The probationary period will not exceed three years for teachers previously appointed to tenure in this or another school district or BOCES within the state, provided that the teacher was not dismissed from the prior district or BOCES and met the required annual professional performance review (APPR) rating in his or her final year of service there. Additionally, up to two years of service as a regular substitute teacher may be applied toward probationary service. (This is sometimes referred to as Jarema Credit.)

During the probationary period, a staff member will be given assistance in adjusting to the new position, but the essential qualifications for acceptable performance will be assumed because the staff member attained the required certification or license.

A staff member's appointment may be discontinued at any time during his or her probationary period upon the recommendation of the Superintendent and by majority vote of the Board. Any person not recommended for tenure appointment will be notified in writing by the Superintendent no later than 60 days before his or her probationary period expires.

Tenure

The Board will follow all applicable laws and regulations regarding tenure.

At the expiration of the probationary period or within six months prior, the Superintendent will make a written report to the Board recommending for appointment to tenure 1) those non-teaching certified staff members who successfully completed their probationary period in the District, and 2) teachers and principals who have been found competent, efficient, and satisfactory, and who have received the APPR rating of effective or highly effective in at least three of the preceding four years. If a teacher or principal receive an APPR rating of ineffective in their final probationary year, the Board may not award tenure, but may extend that teacher's or principal's probationary time by an additional year. The teacher or principal may be eligible for immediate tenure if he or she successfully appeals the ineffective rating. The Board may then—by a majority vote—appoint to tenure any or all of the persons recommended by the Superintendent.

When the initial probationary period expires, a teacher or principal will remain on probationary status until the end of the school year in which he or she received APPR ratings of effective or highly effective. The Board may also grant tenure contingent upon a teacher's or principal's receipt of a minimum APPR rating in the final year of the probationary period.

SUBJECT: PROBATION AND TENURE (Cont'd.)**Resolutions Making Appointments**

Each Board resolution making a probationary appointment or an appointment on tenure will specify:

- b) The tenure area or areas in which the professional will devote a substantial portion of his or her time;
- c) The date probationary service or service on tenure commences in each area;
- d) The expiration date of the appointment, if made on a probationary basis. For appointments of classroom teachers and principals, the resolution must state that:
 1. To receive tenure, the individual must receive composite or overall APPR ratings of effective or highly effective in at least three of the four preceding years; and
 2. If the teacher or principal receives an ineffective composite or overall APPR rating in his or her final year of probation, he or she will not be eligible for tenure at that time; and
- e) The certification status of the appointee in reference to the position to which the individual is appointed.

SUBJECT: DISCIPLINING A TENURED TEACHER OR CERTIFIED PERSONNEL

The District may discipline tenured teachers and certain certified personnel in accordance with applicable law, regulations, or applicable contract provisions.

Ineffective Personnel

The District or Board may bring incompetence charges against a teacher or building principal who receives two or more consecutive ineffective ratings under the APPR; the District or Board must bring incompetence charges against anyone who receives three consecutive ineffective APPR ratings. A single hearing officer from the American Arbitration Association's labor arbitration panel will govern the competency hearing. The hearing may be public or private, at the employee's discretion. The employee will have a reasonable opportunity to defend himself or herself, but will not be required to testify. Each party has the right to be represented by counsel, to subpoena witnesses, to cross-examine witnesses, and to make motions or applications. There will be a full and fair disclosure of witnesses and evidence to be offered by both the District and the employee. A record of the proceeding will be kept.

Allegations of Abuse

The Board may suspend, without pay, an employee charged with physically or sexually abusing a student pending an expedited probable-cause hearing. A single hearing officer will conduct the probable-cause hearing.

Child Witnesses

A child under 14 may be allowed to testify through live, two-way, closed-circuit television if the hearing officer determines by clear and convincing evidence that the child would suffer serious mental or emotional harm that would substantially impair his or her ability to communicate if required to testify live, and that using closed-circuit television would diminish the likelihood or extent of the child suffering serious mental or emotional harm. In making this decision, the hearing officer will consider applicable factors, including: whether the offense was particularly heinous, the child's age and vulnerability, the child's susceptibility to psychological harm due to an underlying physical or mental condition, whether the accused occupied a position of authority over the child, if the offense charged was part of an ongoing course of conduct committed by the accused against the child over an extended period of time, use of a dangerous or deadly weapon, whether the child suffered serious physical injury, threats made against the child, the accused's access to the child, and expert testimony that the child would be particularly susceptible to psychological harm if required to testify in open court or to be in the physical presence of the accused.

SUBJECT: PROFESSIONAL STAFF: SEPARATION**Certificated Staff**

A probationary certificated staff member may be discontinued at any time during his or her probationary period on the recommendation of the Superintendent and by a majority vote of the Board.

If the Superintendent will be submitting to the Board a negative recommendation for tenure or a recommendation to discontinue the services of a probationary certificated staff member, the Superintendent must give the probationary employee written notice 30 days prior to the Board meeting at which the recommendation will be considered. If a majority of the Board accepts the recommendation and votes to dismiss, the certificated staff member must then be given a written notice at least 30 days prior to the effective date of termination of services. The District will adhere to all other statutory timeframes.

The Board expects any certificated staff member desiring to terminate his or her services to provide the Superintendent or designee with a minimum of 30 days' notice before the effective termination date. When possible, a certificated staff member will make every effort to terminate employment at the end of the school year. Resignations must be in writing and include the effective date.

Employees whose services are to be terminated may be given an opportunity to resign employment with the District.

Termination of employment will be carried out in conformance with applicable laws, regulations and negotiated agreements.

Substitute Teachers

The Superintendent will employ appropriately qualified substitute teachers. A substitute teacher is employed in the place of a regularly appointed teacher who is absent, but is expected to return.

SUBJECT: STAFF ACCEPTABLE USE POLICY

The Board will provide staff with access to various computerized information resources through the District's computer system (DCS) consisting of software, hardware, computer networks, wireless networks/access, and electronic communication systems. This may include access to electronic mail, on-line services, and the Internet. It may also include the opportunity for staff to have independent access to the DCS from their home or other remote locations, and/or to access the DCS from their personal devices. All use of the DCS and the wireless network, including independent use off school premises and use on personal devices, will be subject to this policy and any accompanying regulations.

The Board encourages staff to make use of the DCS to explore educational topics, conduct research, and contact others in the educational world. The Board anticipates that staff access to various computerized information resources will both expedite and enhance the performance of tasks associated with their positions and assignments. To that end, the Board directs the Superintendent or designee(s) to provide staff with training in the proper and effective use of the DCS.

Staff use of the DCS is conditioned upon written agreement by the staff member that use of the DCS will conform to the requirements of all policies and any regulations adopted to ensure acceptable use of the DCS.

Generally, the same standards of acceptable staff conduct which apply to any aspect of job performance will apply to use of the DCS. Employees are expected to communicate in a professional manner consistent with applicable District policies and regulations governing the behavior of school staff. Electronic mail and telecommunications will not be utilized to share confidential information about students or other employees.

Access to confidential data is a privilege afforded to District employees in the performance of their duties. Safeguarding this data is a District responsibility that the Board takes very seriously. Consequently, District employment does not automatically guarantee the initial or ongoing ability to use mobile or personal devices to access the DCS and the information it may contain.

This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate staff conduct and use as well as proscribed behavior.

District staff will also adhere to the laws, policies, and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and rights of privacy protected by federal and state law.

Staff members who engage in unacceptable use may lose access to the DCS and may be subject to further discipline under the law and in accordance with applicable collective bargaining agreements. Legal action may be initiated against a staff member who willfully, maliciously, or unlawfully damages or destroys property of the District.

(Continued)

SUBJECT: STAFF ACCEPTABLE USE POLICY (Cont'd.)**Confidentiality, Private Information and Privacy Rights**

Confidential or private data, including, but not limited to, protected student records, employee personal identifying information, and District assessment data, will only be loaded, stored, or transferred to District-owned devices which have encryption and/or password protection. This restriction, designed to ensure data security, encompasses all computers and devices within the DCS, any mobile devices, including flash or key drives, and any devices that access the DCS from remote locations. Staff will not use email to transmit confidential files in order to work at home or another location. Similarly, staff are prohibited from using private cloud-based storage services (such as Dropbox, GoogleDrive, SkyDrive, etc.) for confidential files.

(Continued)

SUBJECT: STAFF ACCEPTABLE USE POLICY (Cont'd.)

In addition, staff will not leave any devices unattended with confidential information visible. All devices must be locked down while the staff member steps away from the device, and settings enabled to freeze and lock after a set period of inactivity.

Staff data files and electronic storage areas will remain District property, subject to District control and inspection. Upon approval by the Superintendent, the Chief Information Officer or designee may access all staff data files and communications without prior notice to ensure system integrity and that users are complying with requirements of this policy and any accompanying regulations.

Staff should NOT expect that their use of and/or information stored on the DCS will be private. At the end of employment and/or upon the District's request, staff members will return any computer, equipment, mobile device, and/or accessories they have been assigned.

SUBJECT: USE OF SOCIAL MEDIA

The Policy of the Board of Education is to provide access to evolving electronic communication and technology including social media to promote its acceptable uses as additional communications tools to improve the District operations and student learning, and to teach students to use its potential for communications, in a context that discourages uses that are unacceptable or incompatible with the Board's educational mission.

For purposes of this Policy, the definition of public social media networks or Social Networking Sites (SNS) are defined to include but not limited to: websites, Web logs (blogs), wikis, social networks, online forums, virtual worlds, video sites and any other social media generally available to the School District community which do not fall within the District's electronic technology network (e.g., Facebook, Twitter, LinkedIn, Flickr, Instagram, SnapChat, YouTube, blog sites, etc.). The definition of District approved password-protected social media tools are those that fall within the District's electronic technology network or which the District has approved for educational use. Within these internal forums, the District has greater authority and ability to protect minors from inappropriate content and can limit public access.

Standards of Professional Conduct

Communication resources and devices, whether social media or traditional media, while of unquestionable value, are not without risk both personally and professionally. This policy is intended to support and provide protection for staff and students by identifying acceptable and non-acceptable uses of these evolving communications tools. This policy is not intended to limit or curtail students' or District employees' right to free speech, or employees' collective association or ability to engage in union activities. The District recommends keeping professional and personal accounts separate.

Employees' communications via social media and other media when a part of their job duties are not considered protected free speech. In addition, if a staff member identifies him/herself as an employee of the Spencerport Central School District when using personal social media sites, he/she has associated him/herself with the District, his/her colleagues and his/her school community. Like staff, students when in some positions also represent the District. In all of these circumstances in which they are associated with the District, the content of all their communications must comply with the District's policies and regulations and the same standards of professionalism, respect and integrity as traditional media and face-to-face communications.

The School District takes no position on an employee's decision to participate in the use of social media for personal use on personal time. However, personal use of social media should be avoided during the workday and should not interfere with work responsibilities. The use of personal social media accounts must comply with all applicable law and District policies and regulations (such as, for example, the Family Educational Rights and Privacy Act (which prohibits disclosures of student records without prior consent), the Dignity for All students Act, and laws and policies regarding harassment, fraternization, etc.). Inappropriate use of social media may result in loss of access to the District Computer Systems and/or other disciplinary action.

SUBJECT: EMPLOYEE POLITICAL ACTIVITIES

The Board recognizes the right of its employees, as citizens, to engage in political activities and to exercise their constitutionally protected rights to address matters of public concern.

However, a District employee's constitutional rights to raise matters of public concern are limited when the speech or action occurs on school grounds or during school times. Under these circumstances, the Board can impose reasonable restrictions on the time, place, and manner of the speech or action, and can further regulate the content of the speech when it materially imperils the efficient operation of the school.

Teachers may not use their classrooms or school surroundings as a means to promote their personal political views and beliefs. However, teachers are encouraged to address issues of current events for their instructional and informational value to students, to invite public and/or political figures to visit the classroom as a community resource, upon prior approval of the building principal, and to motivate students to participate in the political process.

Toward that end the Spencerport Central School District will provide the services of an Employee Assistance Program. (E.A.P.). SUBJECT: DEFENSE AND INDEMNIFICATION OF BOARD MEMBERS AND EMPLOYEES**Liability Protection in Accordance with Education Law**

The Board recognizes its statutory obligation to indemnify District employees (and in certain circumstances, Board members and volunteers) in accordance with the provisions of Education Law. For the purposes of this policy, the term "employee" will be as defined in the applicable statute(s).

The District will not be subject to the duty to defend unless the employee, within the time prescribed by statute, delivers appropriate notice of the claim to the Board.

For purposes of Education Law Section 3811, the employee must give written notice to the Board within five days after service of process upon him or her and must deliver the original or a copy of the relevant legal documents to the Board within ten days after service of process upon him or her.

The District will provide legal defense and/or indemnification for all damages, costs, and reasonable expenses incurred in the defense of an action or proceeding if authorized by statute and provided that the alleged action or omission which occurred or allegedly occurred is covered by the appropriate statute(s). Furthermore, the District will not be required to provide indemnification protection and/or legal defense unless the employee was, at the time of the alleged incident, acting in the discharge of his or her duties within the scope of his or her employment or authorized volunteer duties and/or under the direction of the Board.

Public Officers Law Section 18

The Board hereby also confers the benefits of New York State Public Officers Law Section 18 upon the "employees" of the District, as defined in Public Officers Law Section 18; the District assumes the liability for the costs incurred in accordance with the provisions of Public Officers Law Section 18. (Continued)

SUBJECT: DEFENSE AND INDEMNIFICATION OF BOARD MEMBERS AND EMPLOYEES (Cont'd.)

The District will provide for the defense of the employee in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the employee was acting within the scope of his or her public employment or duties. Furthermore, the District will indemnify and save harmless its employees in the amount of any judgment obtained against such employees in a state or federal court, or in the amount of any settlement of a claim, provided that the act or omission from which the judgment or claim arose occurred while the employee was acting within the scope of his or her public employment or duties. However, in the case of a settlement, the duty to indemnify and save harmless will be conditioned upon the approval of the amount of the settlement by the Board.

The duty to defend and/or indemnify and save harmless will be conditioned upon the delivery by the employee to the School Attorney or to the Superintendent a written request to provide for his or her defense, together with the original or a copy of any summons, complaint, process, notice, demand, or pleading within ten days after he or she is served with that document. The full cooperation of the employee in the defense of the action or proceeding and in the defense of any action or proceeding against the District based upon the same act or omission, and in the prosecution of any appeal, will also be required as a condition for the District's duty to defend and/or indemnify and save harmless to exist.

Exceptions to Liability Coverage

Indemnification coverage and/or provision of legal defense by the District will not apply unless the actionable claim is of the type covered by the statute(s) and/or is not otherwise exempt from coverage in accordance with law. Additionally, indemnification coverage and/or the duty to provide a defense will not arise where the action or proceeding is brought by or on behalf of the District.

SUBJECT: LEAVES OF ABSENCE

In general, leaves of absence will be administered by the Superintendent. The Board reserves the right to grant leaves of absence for purposes or under conditions not contemplated or considered in the policy statement. The purpose or conditions of a leave of absence may not be altered except by permission of the Superintendent, as expressed in writing.

Leaves of absence, contractual, et al.

- a) Employees who are members of a negotiating unit:

Authorization is granted to approve requests for leaves of absence submitted in accordance with provisions of contracts in effect between the District and each bargaining unit.

- b) Employees who are not members of a negotiating unit:

Authorization is granted to approve requests for leaves of absence submitted by these employees where the requests are consistent with provisions of contracts in effect between the District and the bargaining unit most compatible with the employment status of the employee.

- c) Employees who are under contract to the District:

Authorization is granted to implement provisions for leaves of absence contained in each contract.

Leaves of absence, unpaid, not covered above

- a) Subject to limitations enumerated in this policy statement, authorization is granted for the following unpaid leaves of absence:

2. At the expiration of a paid sick leave of absence, this leave may be extended for a period of time not longer than the end of the school year after the school year in which the paid leave of absence began. Civil service employees on an unpaid leave of absence following the use of any paid leave, can have their unpaid leave extended up to one year from the date of first absence related to the disability in accordance with civil service law.

- b) Unpaid leaves of absence cannot be used to extend vacation periods, to take vacations, to engage in other occupations, or to provide additional personal leaves, except that the Superintendent will have discretion, where circumstances warrant, to approve leaves of absence for those purposes.

- c) Unpaid leaves of absence will not be granted unless the services of a substitute employee, satisfactory in the discretion of the Superintendent, can be secured.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

- d) Except where it interferes with an employee's legal or contractual rights, the timing of unpaid leaves of absence will be granted at the convenience of the District.

Other leaves of absence

- a) Emergency Service Volunteer Leave

Upon presentation of a written request from the American Red Cross and with the approval of the Superintendent, employees certified by the American Red Cross as disaster volunteers will be granted leave from work with pay for up to 20 days in any calendar year to participate in specialized disaster relief operations. This leave will be provided without loss of seniority, compensation, sick leave, vacation leave, or other overtime compensation to which the volunteer is otherwise entitled.

- b) Screenings for Cancer

Employees will be granted up to four hours of paid leave on an annual basis to undertake a screening for cancer. This leave will be excused leave and will not be charged against any other leave to which the employee is entitled.

- c) Blood Donation

The District must either, at its option:

1. Grant three hours of unpaid leave of absence in any 12-month period to an employee who seeks to donate blood off-premises. The leave may not exceed three hours unless agreed to by the Superintendent or designee; or
2. Allow its employees without use of accumulated leave time to donate blood during work hours at least two times per year at a convenient time and place set by the Superintendent or designee, including allowing an employee to participate in a blood drive at the District.

Leave taken by employees at a District-designated donation alternative (such as a District-sponsored blood drive at the workplace) must be paid leave that is provided without requiring the employee to use accumulated vacation, personal, sick, or other leave time.

The District will not retaliate against an employee for requesting or obtaining a leave of absence under this section. Additional leaves for the purpose of blood donation under any other provision of law will not be prevented.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

d) Bone Marrow Donation

Employees seeking to undergo a medical procedure to donate bone marrow will be granted leaves to do so, the combined length of the leaves to be determined by the physician, but may not exceed 24 work hours unless agreed to by the Superintendent or designee. The District will require verification for the purpose and length of each leave requested by the employee for this purpose.

e) Nursing Mothers

The District will provide reasonable unpaid break time or permit the use of paid break time or meal time each day to allow an employee to express breast milk for her nursing child for up to three years following child birth. The District will make reasonable efforts to provide a room or other location in close proximity to the work area where the nursing mother can express milk in privacy. The District will not discriminate against an employee who chooses to express breast milk in the workplace.

Reasonable unpaid break time is generally no less than 20 minutes and no more than 30 minutes dependent upon the proximity of the designated location for expressing breast milk. In most situations, the District is required to provide unpaid break time at least once every three hours if requested by the employee. At the employee's option, the District will allow the employee to work before or after her normal shift to make up the amount of time used during the unpaid break time(s) so long as the additional time requested falls within the District's normal work hours.

The District will provide written notice to employees who are returning to work following the birth of a child of their right to take unpaid leave for the purpose of expressing breast milk. This notice may either be provided individually to affected employees or to all employees generally through publication of the notice in the employee handbook or posting of the notice in a central location.

Any employee wishing to avail herself of this benefit is required to give the District advance notice, preferably prior to her return to work, to allow the District an opportunity to establish a location and schedule leave time to accommodate employees as needed.

f) Victims of Domestic Abuse

Employers are required to provide employees with an unpaid leave to appear as a witness, consult with the district attorney, or exercise the employee's statutory rights as the victim of, or witness to a crime of domestic violence. A victim of domestic violence may need one or more of these types of leave.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

To use this leave, the employee must provide notice of the need for leave at any time prior to the actual day of leave. g) Military Leave

The District will comply with state and federal laws regarding military leave and re-employment.

h) Jury Duty

As provided by law, any employee who is summoned to serve as a juror and who notifies the District to that effect prior to his or her term of service will not, on account of absence by reason of jury service, be subject to discharge or penalty. The District will ensure that all absences for this purpose are granted in accordance with law and the terms of any applicable collective bargaining agreement.

Adoption Date

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA)

The District allows eligible employees to take unpaid FMLA leave for up to 12 work weeks in a 12-month period as determined by the District. Employees are eligible if they have been employed by the District for at least 12 months and for at least 1,250 hours of service during the previous 12-month period.

The District uses a "rolling" 12-month period measured backward from the date of any FMLA leave usage to calculate the FMLA leave. In certain cases, FMLA leave may be taken on an intermittent or reduced schedule basis rather than all at once. The entitlement to leave for the birth or placement of a child expires at the end of the 12-month period beginning on the date of the birth or placement.

Eligible employees may be granted leave for one or more of the following reasons:

- a) The birth of a child and care for the child;
- b) Adoption of a child and care for the child;
- c) The placement of a child with the employee from foster care;
- d) To care for a spouse, minor child or parent who has a "serious health condition" as defined by the FMLA;
- e) To care for an adult child who is incapable of self-care due to a disability (regardless of date of the onset of disability) and has a serious health condition; or
- f) The employee's serious health condition prevents the employee from performing his or her job.

A serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves inpatient care or continuing treatment by a healthcare provider that renders the person incapacitated for more than three consecutive calendar days. An employee claiming a serious health condition must first visit a healthcare provider within seven days of the incapacity; the second visit must occur within 30 days of the incapacitating event. An employee claiming the need for continuous treatment under FMLA for a chronic serious health condition must visit a healthcare provider at least twice per year, and the condition must continue over an extended period of time. The condition may cause episodic rather than a continuing period of incapacity.

Military Family Leave EntitlementsMilitary Caregiver Leave

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember with a serious injury or illness may take up to 26 weeks of leave during a single 12-month period to care for the servicemember.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)Qualifying Exigency Leave

An "eligible" employee may take qualifying exigency leave when his or her spouse, son, daughter, or parent who is a member of the Armed Forces, National Guard, or Reserves is on covered active duty or has been notified of an impending call or order to covered active duty.

Concurrent Leave

Employees may be required to use paid leave concurrently with periods of FMLA leave in accordance with their bargaining unit contract.

Special Provisions for Instructional Employees

An instructional employee's principal function is to teach and instruct students in a class, a small group, or an individual setting. Teaching assistants and aides who do not have instruction as the principal function of their job are not considered an instructional employee.

Intermittent Leave Taken by Instructional Employees

FMLA leave that is taken at the end of the school year and resumes at the beginning of the next school year is continuous leave. The period during summer vacation is not counted against an employee's FMLA leave entitlement; the employee will continue to receive any benefits that are customarily given over the summer break.

If an instructional employee requests intermittent leave or leave on a reduced schedule, and will be on that leave for more than 20% of the number of working days during that period, the District may:

- a) Require the employee to take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- b) Transfer the employee temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits, and which better accommodates recurring leave periods than the employee's regular position.

Leave Taken by Instructional Employees Near the End of the Instructional Year

If the instructional employee begins leave more than five weeks before the end of the term, the District may require him or her to continue taking leave until the end of the term if the leave lasts more than three weeks and the employee would return during the three weeks before the end of the term.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

If the instructional employee begins leave less than five weeks before the end of the term for any FMLA-related reasons except qualifying exigency, the District may require that the employee remain out for the rest of the term if the leave lasts more than two weeks and the employee would return to work during that two-week period at the end of the instructional term.

If the instructional employee begins taking leave during the three weeks before the end of the term for any FMLA-related reason except qualifying exigency, the District may require that the employee continue leave until the end of the term if the leave will last more than five working days.

Any additional time that is required by the District will not be charged against the employee as FMLA leave.

Benefits and Restoration

An employee is entitled to have group health insurance and benefits maintained while on leave. If an employee was paying all or part of the premium payments before leave, the employee will continue to pay his or her share during the leave period.

In most instances, an employee has a right to return to the same or an equivalent position following a leave. The Superintendent or designee may reassign an employee in accordance with any applicable collective bargaining agreement to a different grade level, building, or assignment consistent with the employee's certification and tenure area.

Employee Notice and Medical Certification

When leave is foreseeable, the employee must give at least 30 days' advance notice of when and how much leave he or she needs. When leave is not foreseeable, the employee must provide notice as soon as practicable.

The District may require an employee to submit certification from a healthcare provider to substantiate a leave request. If the certification is incomplete or insufficient, the District will identify in writing what information the employee must provide to correct the deficiency within seven days. If the employee fails to timely provide the requested information, the District may deny his or her FMLA leave request.

The District may also request a second opinion regarding the employee's medical status from a healthcare provider of its choice at its expense, and a third opinion from a provider agreed upon by the District and the employee, to be paid for by the District.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)**FMLA Notice**

The District will display a general notice to employees about FMLA leave rights, that will include how to file a complaint, in each school building. The District will also provide a written general notice about the FMLA in the employee handbook to each new employee upon hire. The District has five days to supply this notice from the date of hire.

Adoption Date

SUBJECT: MILITARY LEAVES OF ABSENCE

In accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) and State Law, the District, upon advance notice by the employee, will grant leaves of absence for service in the uniformed services and/or military duty ("military service" or "military duty") to its employees who are ordered to duty or volunteer for qualifying military service. The employee's notice may be either verbal or written. No advance notice is required if military necessity prevents the giving of notice, or the giving of notice is otherwise impossible or unreasonable under the circumstances.

Employment Rights

Time during which an employee is absent due to military leave will not constitute an interruption of continuous employment in the District and this employee will not be subjected, directly or indirectly, to any loss or diminution of time, service, increment, vacation or holiday privileges, or any other right or privilege, by reason of the absence; nor will any employee be prejudiced by reason of the absence with reference to continuance in employment, reemployment, reinstatement, transfer, or promotion.

Salary/Compensation

Every employee will be paid his or her salary or other compensation for any and all periods of absence while engaged in the performance of ordered military duty, and while going to and returning from military duty. This payment of salary or compensation will not exceed a total of 30 days or 22 working days, whichever is greater, in any one calendar year; and will not exceed 30 days or 22 working days, whichever is greater, in any one continuous period of absence.

The employee must be permitted, upon request, to use any accrued vacation, annual, or similar leave with pay during the period of military service in order to continue his or her civilian pay. The District may not require the employee to use accrued leave.

The employee is not entitled to use accrued sick leave during the period of military service, unless the District allows employees to use sick leave for any reason or allows other similarly situated employees on comparable furlough or leave of absence to use accrued paid sick leave.

Employee BenefitsHealth Plan Coverage

If the employee has coverage under a health plan in connection with his or her employment with the District, the employee must be permitted to elect to continue the coverage for a certain period of time as designated in law.

(Continued)

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)

When the employee is performing military service, he or she is entitled to continuing coverage for himself or herself (and dependents if the plan offers dependent coverage) under a health plan in connection with the employment. The plan must allow the employee an opportunity to continue coverage for a period of time that is the lesser of:

- a) The 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or
- b) The period beginning on the date on which the employee's absence for the purpose of performing military service begins, and ending on the date on which the employee fails to return from service or apply for a position of reemployment.

Health plan administrators may develop reasonable requirements addressing how continuing coverage may be elected, consistent with the terms of the plan and USERRA's exceptions to the requirement that the employee give advance notice of military service. Further, health plan administrators may develop reasonable procedures for employee payment to continue coverage, consistent with USERRA and the terms of the plan.

Pension/Retirement Plans

While on military duty, any District employee who is a member of any pension or retirement system may elect to contribute to that pension or retirement system the amount which he or she would have contributed had that employment been continuous. Upon making the contribution, the employee will have the same rights in respect to membership in the retirement system as he or she would have had if the employee had been present and continuously engaged in the performance of his or her position. To the extent that these contributions are paid, absence while engaged in the performance of military duty will be counted in determining the length of total service under the pension or retirement system.

Alternatively, employees will have an opportunity to make up contributions to the pension or retirement system upon return to employment in the District in accordance with law and the individual employee's pension/retirement system.

The payment of member contributions required under law to obtain military service credit is waived for members called to active military duty on or after September 11, 2001 and prior to January 1, 2006.

Time during which an employee is absent on military duty will not constitute an interruption of continuous employment, but this time will not be counted or included in determining the length of total service in the pension or retirement system unless the employee contributes to the pension or retirement system the amount he or she would have been required to contribute if the employee had been continuously employed during the period of military duty.

(Continued)

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)Leaves of Absence for Military Spouses

The spouse of a member of the armed forces of the United States, National Guard, or reserves who has been deployed during a period of military conflict (defined as a period of war declared by the United States Congress, or in which a member of a reserve component of the armed forces is ordered to active duty in accordance with the United States Code), to a combat theater or combat zone of operations will be allowed up to ten days unpaid leave by their employer. This leave will only be used when the person's spouse is on leave from the armed forces of the United States, National Guard, or reserves while deployed during a period of military conflict to a combat theater or combat zone of operations.

In accordance with law, an "employee" means a person who performs services for hire for the District for an average of 20 or more hours per week, and includes all individuals employed at any District site having 20 or more District employees, but does not include independent contractors.

The District will not retaliate against an employee for requesting or obtaining a leave of absence as provided above. The provisions of this section will not affect or prevent the District from providing leave for military spouses in addition to leave allowed under any other provision of law. The provisions of this section will not affect an employee's rights with respect to any other employee benefit provided by law.

Reemployment/Restoration Rights ("Escalator Principle")

As a general rule, an employee is entitled to reemployment in the job position that he or she would have attained with reasonable certainty if not for the absence due to military service. The position to which the returning service member should be restored has become known as the "escalator principle."

Depending on the circumstances or intervening events, the escalator principle may cause an employee to be reemployed in a higher or lower position, transferred, laid off, or even terminated.

The employee must be qualified for the reemployment position. The District will make reasonable efforts to help the employee become qualified to perform the duties of this position. The District is not required to reemploy the employee on his or her return from military service if the employee cannot, after reasonable efforts by the District, qualify for the appropriate reemployment position.

Per state law, an employee restored to his or her position after the termination of military duty will be entitled to the rate of compensation he or she would have received had the employee remained in his or her position continuously during the period of military duty; and the employee will be deemed to have rendered satisfactory and efficient service in the job position during the period of military leave of absence. Further, the employee will not be subjected directly or indirectly to any loss of time service, increment, or any other right or privilege; nor will an employee be prejudiced in any way with reference to promotion, transfer, reinstatement, or continuance in employment.

(Continued)

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)

All other rights, benefits, and responsibilities of a District employee serving in the military will be in accordance with law, regulations, and/or the applicable contract or collective bargaining agreement.

Probationary ServicePublic Employees in General

If a public employee (with the exception of the probationary service of "teachers" as described below) enters military duty before the expiration of the probationary period in any position to which he or she may have been appointed, or to which he or she may thereafter be appointed or promoted, the time the employee is absent on military duty will be credited as satisfactory service during this probationary period.

Teachers/Supervisory Staff

In any case where a teacher (defined as encompassing a broad category of full-time members of the teaching and supervisory staff of the District, and is not limited to instructional employees) enters military duty before the expiration of the probationary period to which he or she may have been appointed, the time the teacher is absent on military duty will be credited as satisfactory service during this probationary period. If the end of this probationary service occurs while the teacher is on military duty or within one year following the termination of military duty, the period of the probationary service may be extended by the Board for a period not to exceed one year from the date of termination of military duty. However, in no event will the period of probationary service in the actual performance of teaching services extend beyond that required by the District at the time of the teacher's entry into military service.

Collective Bargaining Agreements/Contracts/Plans/Practices

In accordance with USERRA, any State or local law, contract, agreement, policy, plan, or practice that establishes an employment right or benefit that is more beneficial than, or is in addition to, a right or benefit under USERRA, the greater employment right or benefit will supersede USERRA.

Notice of Rights and Duties

The District will provide a notice of the rights, benefits, and obligations of employees and the District under USERRA. The District may provide the notice by posting it where employee notices are customarily placed. The District may also provide the notice to its employees in other ways that will minimize costs while ensuring that the full text of the notice is provided (e.g., by handing or mailing out the notice, or distributing the notice via email).

SUBJECT: DETERMINATION OF EMPLOYMENT STATUS: EMPLOYEE OR INDEPENDENT CONTRACTOR

A certification of the determination that an individual is an employee is required when the District initially reports to the New York State and Local Retirement System (NYSLRS) certain covered professionals -- those persons providing services as an attorney, physician, engineer, architect, accountant, or auditor.

Employee means an individual performing services for the District for which the District has the right to control the means and methods of what work will be done and how the work will be done. Independent contractor means a consultant or other individual engaged to achieve a certain result for the District but who is not subject to the direction of the employer as to the means and methods of accomplishing the result. The District will not enter into agreements with independent contractors for instructional services except under the limited circumstance permitted by the New York State Education Department.

Employees to be Reported to NYSLRS

Only persons who are active members of NYSLRS and who have been assigned a registration number will be included in the reporting requirements. In the case of employees who are in the process of being registered to membership, all service, salary and deductions data, and mandatory contributions will be accumulated by the District and the accumulation will be included with the first monthly report which is due after the employee's registration number has been assigned.

An individual serving the District as an independent contractor or consultant is not an employee and should not be reported to the retirement system.

The District has the primary responsibility for determining whether an individual is rendering services as an employee or as an independent contractor. When making this determination, the District must consider the factors set forth in State Regulations.

The District will also complete, as necessary, a Certification Form for Individuals Engaged in Certain Professions (Form RS2414) as promulgated by the Office of the New York State Comptroller. When making a determination as to an individual's status as an employee or independent contractor, no single factor will be considered to be conclusive of the issue. All factors will be considered in making an assessment of an individual's status when engaged to perform services.

Written Explanation by District: Certain Professions

In the case of an individual whose service has been engaged by the District in the capacity of attorney, physician, engineer, architect, accountant, or auditor and the District has determined that the individual is rendering service as an employee and, therefore, may be eligible for credit with a retirement system, the District will submit to the retirement system, in a form prescribed by the Comptroller and certified by the Chief Fiscal Officer of the District, an explanation of the factors that led to the conclusion that the individual is an employee and not an independent contractor or consultant.

Legal Services

Charging for Legal Services

An attorney will not simultaneously be an independent contractor and an employee of the District for the purpose of providing legal services to the District.

An attorney who is not an employee of the District will not seek to be or be considered, treated or otherwise reported by the District as an employee thereof for purposes of compensation, remuneration, health insurance, pension, and all associated employment-related benefits and emoluments.

Reports Regarding Attorneys

The District will, on or before the 45th day after the commencement of its fiscal year, file with the State Education Department, the State Comptroller, and the Attorney General a report specifying:

- a) All attorneys who provide legal services to the District or Board;
- b) Whether the District or Board hired those attorneys as employees; and
- c) All remuneration and compensation paid for legal services.

Protection Against Fraud

Any person who knowingly makes any false statement, or falsifies or permits to be falsified any record or records of the retirement system in any attempt to defraud the system, or who receives certain benefits or payments in excess of statutory limits, as a result of those acts, will be guilty of criminal conduct, and will be punished under the laws of New York State.

Personnel

SUBJECT: EMPLOYMENT OF RETIRED PERSONS

A retired person may be employed and earn compensation in a position in the District, without any effect on his or her status as retired and without suspension or diminution of his or her retirement allowance subject to the conditions enumerated in Retirement and Social Security Law Section 211(1).

There is generally no restriction on a retiree's earnings beginning in the calendar year he or she turns 65, unless returning to public office.

No retired person may be employed in the District except upon approval of the Civil Service Commission or the Commissioner of Education unless otherwise authorized in accordance with law.

Two sections of the Retirement and Social Security Law (Sections 211 and 212) affect a retiree's return to public employment in New York State. If a retiree returns to public employment, he or she may still be able to collect his or her pension depending upon:

- a) How much is earned after returning to work; and
- b) The retiree's age.

If a retiree is under age 65, he or she can return to public employment without approval or reduction in retirement benefits as long as his or her calendar year earnings do not exceed the Section 212 limit. If a retiree's earnings will be more than the Section 212 limits, the employer must request and receive prior approval from the appropriate agency to hire the retiree under Section 211.

Section 211 waivers are provided for "unclassified service" positions. Retired police officers employed by a school district as a School Resource Officer (SRO) fall under the "classified service" but may have the earnings limitation waived at the discretion of the Commissioner of Education, as long as all of the requirements for waivers in the unclassified service are fulfilled.

Section 211 Approval Process

Approval for post-retirement employment of a person under the age of 65 or a retired police officer employed as a SRO whose calendar year earnings exceed the Section 212 limit may be granted only on the written request of the District giving detailed reasons related to the standards set forth in Section 211; and on a finding of satisfactory evidence by the Civil Service Commission or the Commissioner of Education that the retired person is duly qualified, competent, and physically fit for the performance of the duties of the position in which he or she is to be employed and is properly certified where certification is required.

The District will prepare a detailed recruitment plan to fill the vacancy on a permanent basis when the need arises and will undertake extensive recruitment efforts to fill the vacancy prior to making a determination that there are no available non-retired persons qualified to perform the duties of that position.

(Continued)

SUBJECT: EMPLOYMENT OF RETIRED PERSONS (Cont'd.)

Approvals to hire retired individuals may be granted for periods not exceeding two years each, provided that a person may not return to work in the same or similar position for a period of one year following retirement. However, in accordance with Section 212, a retiree may return to work in the same or similar position within the same year following retirement if his or her earnings are under the Section 212 limit or if he or she receives a Section 212 waiver, or other conditions exist set forth in law.

Reporting Requirements and Disclosure

- a) The District will report all money earned by a retired person in its employ in excess of the earnings limitation outlined in Section 212 to the retirement system administered by the State or any of its political subdivisions from which the retired person is collecting his or her retirement allowance.
- b) The District, when employing a retired person who is eligible to collect or is already collecting a retirement allowance from a retirement system administered by the state or any of its political subdivisions, will report on an annual basis to the retirement system paying the retirement allowance and to the State Comptroller. This report will consist of the re-employed retiree's name, date of birth, place of employment, current position, and all earnings.

Public Record

Any request for approval of the employment of a retired person, including the reasons stated, and the findings and determination of the request will be a public record open for inspection in the Office of the Civil Service Commission, the Commissioner of Education, or the Board making the findings and determination as specified in Section 211.

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS

The District has developed a plan for the diagnostic screening of all new entrants and students with low test scores to determine whether such students have or are suspected of having a disability, are possibly gifted, or are possibly English Language Learners (ELLs). The results of the diagnostic screening will be contained in a written report that will be shared with the parent.

A new entrant means a student entering the New York State public school system, pre-kindergarten through grade 12, for the first time, or re-entering a New York State public school with no available record of a prior screening.

Students with low test scores are students who score below level two on either the third grade English language arts or mathematics assessment for New York State elementary schools.

The diagnostic screening will be conducted:

- a) By persons appropriately trained or qualified;
- b) By persons appropriately trained or qualified in the student's home language if the language of the home is other than English;
- c) In the case of new entrants, prior to the school year, if possible, but no later than December 1 of the school year of entry or within 15 days of transfer of a student into a New York State public school should the entry take place after December 1 of the school year;
- d) In the case of students with low test scores, within 30 days of the availability of the test scores.

No screening examination for vision, hearing, or scoliosis condition is required where a student, parent, or person in parental relation objects on the grounds that the examination conflicts with their genuine and sincere religious beliefs.

Results and Reports

The results of the diagnostic screening will be reviewed and a written report of each student screened will be prepared by appropriately qualified District staff. If the screening indicates a possible disability, a possibly gifted child, or a child identified as possibly being an ELL, the District will refer the child for the appropriate programs or services.

Parents or guardians of children to be screened will receive information in advance regarding the purpose of screening, the areas to be screened and the referral process. The information will be communicated either orally or in writing in a language that the parent or guardian can understand.

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS (Cont'd.)

Upon request, the District will provide parents or guardians with the written results of their child's performance on screenings. The results of all mandated screening examinations will be provided to the child's parent or guardian and to any teacher of the child within the school while the child is enrolled. A letter will be sent to the parent or guardian of any child who fails a screening.

Confidentiality of Information

All information collected about a child through the screening program will be kept confidential.

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY

All persons residing within the District who are between the ages of five years and 21 years and who have not received a high school diploma are entitled to enroll in the District.

A student who becomes six years of age on or before the first of December in any school year will be required to attend full-time instruction from the first day that the District schools are in session in September of that school year. A student who becomes six years of age after the first of December in any school year will be required to attend full-time instruction from the first day of session in the following September. Each student will be required to remain in attendance until the last day of session in the school year in which the student becomes 16 years of age.

Evidence of a prospective student's age and residency must be presented in the form as is permitted by state and federal law and regulation.

Determination of Student Residency

Residence is established by a child's physical presence as an inhabitant within the District and his or her intent to reside in the District.

A child's residence is presumed to be that of his or her parents or legal guardians. Where a child's parents live apart, the child can have only one legal residence. In cases where parents have joint custody, the child's time is essentially divided between two households, and both parents assume responsibility for the child, the decision regarding the child's residency lies ultimately with the family. Where parents claim joint custody, but do not produce proof of the child's time being divided between both households, residency will be determined on the basis of the child's physical presence and intent to remain within the District.

The presumption that a child resides with his or her parents or legal guardians may be rebutted upon demonstration that custody of the child has been totally and permanently transferred to another individual. The District will not acknowledge living arrangements with persons other than a child's parents or legal guardians which are made for the sole purpose of taking advantage of the District's schools.

The presumption that a child resides with his or her parents or legal guardians may also be rebutted upon demonstration that the child is an emancipated minor. To establish emancipation, a minor may submit documentation of his or her means of support, proof of residency, and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his or her parents or persons in parental relationship.

The Board of Education or its designee shall determine whether a child is entitled to attend a District school. Any adverse residency decision by a school official, other than the Board or its designee, will be in writing and shall include notice to the parent/guardian of the procedures for obtaining review of the decision within the District.

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY (Cont'd.)**Undocumented Children**

Undocumented children are entitled to attend the District's schools, provided they meet the age and residency requirements established by state law. Consequently, the District will not request on any enrollment or registration form, in any meeting, or in any other form of communication, any documentation or information regarding or tending to reveal the immigration status of a child, a child's parent(s), or the person(s) in parental relation. In the event the District is required to collect certain data, it will do so after the child has been enrolled or registered; in no instance will the information be required as a condition of enrollment or continued attendance.

Children of Activated Reserve Military Personnel

Students temporarily residing outside the boundaries of the District, due to relocation necessitated by the call to active military duty of the student's parent or person in parental relation, will be allowed to attend the public school that they attended prior to the relocation. The District is not required to provide transportation between a temporary residence located outside the District and the school the child attends.

Children Living With Noncustodial Parents

A child's residence is usually determined by the residence of the custodial parent. However, a noncustodial parent who resides in the District may enroll his/her child in a District school if he/she shares the day-to-day responsibilities for the child and the custodial parent designates the child's residence with the noncustodial parent.

Homeless Children

The parent/guardian of a homeless child, or a homeless child if no parent/guardian is available, or the director of a residential program for runaway and homeless youth established pursuant to Article 19-H of the Executive Law, in consultation with the homeless child, where such homeless child is living in such program, may designate either the school district of current location, the school district of last attendance, or a school district participating in a regional plan as the district the homeless child shall attend.

Emancipated Minors

A determination of whether a student is to be designated as an emancipated minor in the Spencerport Central School District will be based on evidence that the student is no longer under custody, control and support of his or her parents. To establish emancipation, a minor may submit documentation of his or her means of support, proof of residency and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his or her parents.

These statements are renewable each school year. If at any time the above information is changed without prompt notification or proven to be false, the parent/guardian and/or student may be subject to legal action.

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING

The Board recognizes the unique challenges that face students in temporary housing (i.e., homeless children and youth) and will provide these students with access to the same free and appropriate public education, including public preschool education, as other students, as well as access to educational and other services necessary to be successful in school. The District will ensure that these students are not separated from the mainstream school environment. The Board is also committed to eliminating barriers to the identification, enrollment, attendance, and success of students in temporary housing.

Identification of Students in Temporary Housing

All districts are obligated to affirmatively identify all students in temporary housing. Therefore, the District will determine whether there are students in temporary housing within the District by using a housing questionnaire to determine the nighttime residence of all newly enrolled students and all students whose address changes during the school year. Not all students in temporary housing can be identified through social service agencies or shelters, as children may be sharing the housing of other persons, such as family or friends, due to loss of housing, economic hardship, or other similar reason. For this reason, the District uses a housing questionnaire that asks for a description of the current living arrangements of the child or youth to determine whether the child or youth meets the definition of a homeless child.

In addition to using the housing questionnaire, the District will also contact the local department of social services (LDSS) (i.e., the social services district) to identify students in temporary housing, as well as the local runaway and homeless youth shelter, and any other shelters located within District boundaries to ensure all students in temporary housing are properly identified and served.

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**The McKinney-Vento Liaison for Students in Temporary Housing**

The District will designate an appropriate staff person, who may also be a coordinator for other federal programs, as the District liaison for students in temporary housing (otherwise referred to as the McKinney-Vento liaison). The District's McKinney-Vento liaison serves as one of the primary contacts between families experiencing homelessness and school staff, district personnel, shelter workers, and other service providers. The McKinney-Vento liaison coordinates services to ensure that homeless children and youth enroll in school and have the opportunity to succeed.

The District's McKinney-Vento liaison must ensure that:

- a) Students in temporary housing are identified by school personnel and through coordination activities with other entities and agencies;
- b) Students in temporary housing enroll in, and have full and equal opportunity to succeed in, the District's schools;
- c) Students in temporary housing and their families receive educational services for which they are eligible, including Head Start programs administered by a local educational agency, Early Head Start, early intervention services under part C of the Individuals with Disabilities Education Act, and other preschool programs administered by the District;
- d) Students and parents in temporary housing receive referrals to health care services, dental services, mental health and substance abuse services, housing services and other appropriate services;
- e) Parents or guardians of students in temporary housing are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
- f) Parents and guardians of students in temporary housing, and unaccompanied youth, are fully informed of all transportation services, including transportation to and from the school district of origin and are assisted in accessing transportation services;
- g) Disputes regarding eligibility, school selection, enrollment and/or transportation are mediated in accordance with applicable laws and regulations;
- h) Assistance in commencing an appeal, in accordance with applicable law, of a final determination regarding eligibility, enrollment, school selection, and/or transportation is provided to the student in temporary housing's parent or guardian or the unaccompanied youth;

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- i) A record is maintained of all appeals of enrollment, school selection, and transportation;
- j) Public notice of the educational rights of students in temporary housing is posted in locations where these students receive services, such as schools, shelters, public libraries, and soup kitchens, in a manner and form understandable to the parents and guardians of students in temporary housing, and unaccompanied youth;
- k) School personnel providing services to students in temporary housing receive professional development and other support;
- l) Unaccompanied youths:
 - 1. Are enrolled in school;
 - 2. Have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth, including receiving credit for full or partial coursework earned in a prior school pursuant to Commissioner's regulations; and
 - 3. Are informed of their status as independent students under section 480 of the Higher Education Act of 1965 and that the youths may obtain assistance from the McKinney-Vento liaison to receive verification of this status for purposes of the Free Application for Federal Student Aid (FAFSA);
- m) School personnel, service providers, advocates working with students in temporary housing, parents and guardians of students in temporary housing, and students in temporary housing are informed of the duties of the McKinney-Vento liaison; and
- n) Assistance with obtaining any necessary immunizations or screenings, or immunization or other required health records is provided to the parents or guardians of the students in temporary housing.

School District and School Designations

A designator will make the initial decision about which school district and school a student in temporary housing will attend. A designator is:

- a) The parent or person in parental relation (guardian) to a student in temporary housing;
- b) The student in temporary housing, together with the McKinney-Vento liaison, in the case of an unaccompanied youth; or

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- c) The director of a residential program for runaway and homeless youth, in consultation with the student in temporary housing, where the student is living in that program.

The District will ask the designator to designate one of the following as the school district of attendance for the student in temporary housing:

- a) The school district of current location;
- b) The school district of origin; or
- c) A school district participating in a regional placement plan.

The District will also ask the designator to designate one of the following as the school where a student in temporary housing seeks to attend:

- a) The school of origin; or
- b) Any school that permanent housed children and youth who live in the attendance area in which the child or youth is actually living are eligible to attend, including a preschool.

A student in temporary housing is entitled to attend the schools of the school district of origin without the payment of tuition for the duration of his or her homelessness and through the remainder of the school year in which the student becomes permanently housed and for one additional year if that year constitutes the student's terminal year in that school building, subject to a best interest determination.

Designation/STAC 202 Form

The District will identify all students in temporary housing, and a designation form will be completed by the designator for all these students and any other student who claims homelessness. Designations must be made on the STAC 202 form provided by the Commissioner.

The appropriate designator must complete the designation form. The District makes designation forms available to a student in temporary housing who seeks admission to school or to the parent or person in parental relation who seeks to enroll the child in school.

The District will provide completed designation forms to the McKinney-Vento liaison immediately, but no later than two business days from the earlier date on which the child or youth either:

- a) Sought enrollment in school; or
- b) Was placed in a temporary housing facility or residential facility for runaway and homeless youth.

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

Where a parent or person in parental relation or a child who is neither placed in a temporary housing facility by the LDSS nor housed in a residential program for runaway homeless youth, designates the District as the school district of current location, the District will forward to the State Education Department a completed designation form and a statement of the basis for its determination that the child is a homeless child entitled to attend the District's schools.

Immediate Enrollment and Best Interest Determinations

Upon identification of a child who is in temporary housing and/or receipt of a completed designation/STAC 202 form, the District will:

- a) Immediately review the designation form to ensure that it has been completed and admit the student in temporary housing even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, medical records, immunization records, proof of residency or other documentation and even if the child or youth has missed application deadlines;
- b) Determine whether the designation made by the designator is consistent with the best interests of the student in temporary housing. In making best interests decisions the District will:
 1. Presume that keeping the child in the school of origin is in the child's best interest, except when doing so is contrary to the wishes of the parent or guardian (or youth in the case of an unaccompanied youth); and
 2. Consider student-centered factors such as the effect of mobility on student achievement, education, health, and safety of the child, giving priority to the wishes of the child's parent or guardian (or the youth, if a homeless unaccompanied youth). If the District determines that it is in the best interest of the student in temporary housing to attend a school other than the school of origin or the designated school, the District will provide the parent or guardian (or youth, if an unaccompanied youth) with a written explanation of its determination, including information about the right to appeal.
- c) Provide the child with access to all of the District's programs, activities and services to the same extent as they are provided to resident students;
- d) Immediately contact the school district where the child's records are located in order to obtain a copy of these records and coordinate the transmittal of records for students with disabilities pursuant to applicable laws and regulations;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- e) Immediately refer the parent or guardian of the student in temporary housing to the McKinney-Vento liaison who must assist in obtaining necessary immunizations or immunization or medical records if the child or youth needs to obtain immunizations or immunization or medical records;
- f) Forward the STAC 202 form to the Commissioner and the school district of origin, where applicable. In all cases, the District will give a copy of the completed STAC 202 form to the designator and keep a copy of the STAC 202 form for the District's records;
- g) Arrange for transportation in accordance with applicable laws and regulations; and
- h) Arrange for the child to receive free school meals.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with state and federal law, a complete copy of the student in temporary housing's records, including, but not limited to, proof of age, academic records, evaluations, immunization records, and guardianship papers, if applicable.

Tuition Reimbursement

The District is eligible to request reimbursement from the State Education Department for the direct costs of educational services to students in temporary housing that are not otherwise reimbursed under special federal programs, when:

- a) The District is either the school district of current location or a school district participating in a regional placement plan;
- b) The District is designated as the school district of attendance; and
- c) The school district of origin for the student in temporary housing is within New York State.

All claims for reimbursement will be made on the STAC 202 form prescribed by the Commissioner of the State Education Department.

In addition, the District is eligible for reimbursement for the direct costs of educational services, including transportation costs for students who continue enrollment in the District schools after finding permanent housing midyear in a different school district within New York State. In these cases, the District will directly bill the new district where the student permanently resides for all direct costs of educational services, including transportation, that are not otherwise reimbursed under special federal programs.

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**Transportation Responsibilities**

The LDSS is responsible for providing transportation to students in temporary housing, including preschool students and students with disabilities who are eligible for benefits under Social Services Law §350-j and placed in temporary housing arrangements outside their designated districts. Where the LDSS requests that the District provide or arrange for transportation for a student in temporary housing in the circumstances above, the District will provide or arrange for the transportation and directly bill the LDSS so that the district will be fully and promptly reimbursed for the cost of the transportation.

If the District is the designated school district of attendance, the District will provide for the transportation of each student in temporary housing who is living in a residential program for runaway and homeless youth, including if the temporary housing is located outside the school district. The costs for transportation for each student in temporary housing who lives in a residential program for runaway youth and homeless youth located outside of the designated school district will be reimbursed by the State Education Department, to the extent funds are provided for the purpose, with the submission of a Runaway and Homeless Youth Act Transportation Program Form. Where the District provides transportation for a student living in a Runaway and Homeless Youth facility, the District will promptly request reimbursement using the Runaway and Homeless Youth Act Transportation Form.

The District will transport any student in temporary housing to their school of origin, including preschools and charter schools, where it is the designated district of attendance and the student in temporary housing is not entitled to receive transportation from the Department of Social Services.

When the District is designated as the school district of current location for a student in temporary housing and the student does not attend the school of origin, the District will provide transportation on the same basis as it is provided to resident students, unless the local transportation policy represents a barrier to the student's attendance in school.

If the student in temporary housing designates the District as the school district of attendance, transportation will not exceed 50 miles each way, unless the Commissioner determines that it is in the best interest of the child.

Where the District is designated as the school district of attendance and it has recommended the student in temporary housing attend a summer educational program, the district of attendance will provide transportation services to students in temporary housing for summer educational programs if the lack of transportation poses a barrier to the student's participation in the program.

Where the District is designated as the school district of attendance, it will provide transportation services to students in temporary housing for extracurricular or academic activities when:

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- a) The student participates in or would like to participate in an extracurricular or academic activity, including an after-school activity, at the school;
- b) The student meets the eligibility criteria for the activity; and
- c) The lack of transportation poses a barrier to the student's participation in the activity.

Where the District is designated as the school district of attendance, it will provide transportation as described above for the duration of homelessness, unless the LDSS is responsible for providing transportation. After the student becomes permanently housed, the District will provide transportation to the school of origin until the end of the school year and for one additional year if that year constitutes the child's terminal year in the school building.

Dispute Resolution Process

The District has established the following procedures for the prompt resolution of disputes regarding school selection or enrollment of a homeless child or youth:

- a) The District will provide a written explanation, including a statement regarding the right to appeal, to the parent or guardian of a student in temporary housing, or to an unaccompanied youth, if the District determines that the District is not required to either enroll and/or transport the child or youth to the school of origin or a school requested by the parent or guardian or unaccompanied youth, or if there is a disagreement about a child's or youth's status as a homeless child or unaccompanied youth. The written explanation will be in a manner and form understandable to the parent, guardian, or unaccompanied youth and will include a statement regarding the McKinney-Vento liaison's availability to help the parent, guardian, or unaccompanied youth with any appeal and the contact information for the liaison.
- b) The District will immediately enroll the student in the school in which enrollment is sought by the parent or guardian or unaccompanied youth, provide transportation to the school, and will delay for 30 days the implementation of a final determination to decline to either enroll in and/or transport the student in temporary housing to the school of origin or a school requested by the parent or guardian or unaccompanied youth.
- c) If the parent or guardian of a student in temporary housing or unaccompanied youth commences an appeal to the Commissioner within 30 days of such final determination, the student will be permitted to continue to attend the school he or she is enrolled in at the time of the appeal and/or receive transportation to that school pending the resolution of all available appeals.

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**The McKinney-Vento Liaison's Dispute Resolution Responsibilities**

The District's McKinney-Vento liaison must assist the student in temporary housing's parent or guardian or unaccompanied youth in bringing an appeal to the Commissioner of a final school district decision regarding enrollment, school selection and/or transportation. In the event of a dispute regarding eligibility, enrollment, school selection, and/or transportation, the District's McKinney-Vento liaison will:

- a) Provide the parent or guardian or unaccompanied youth with a copy of the form petition;
- b) Assist the parent or guardian or unaccompanied youth in completing the form petition;
- c) Arrange for the copying of the form petition and supporting documents for the parent or guardian or unaccompanied youth, without cost to the parent or guardian or unaccompanied youth;
- d) Accept service of the form petition and supporting papers on behalf of any District employee or officer named as a party, or the District if it is named as a party, or arrange for service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;
- e) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgment verifying that he or she has received the form petition and supporting documents, and will either accept service of these documents on behalf of the District employee or officer or District, or effect service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;
- f) Transmit on behalf of the parent or guardian or unaccompanied youth, within five days after the service of, the form petition or any pleading or paper to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;
- g) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgement verifying that he or she has received the form petition and supporting documents and will transmit these documents on behalf of the parent, guardian or unaccompanied youth to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- h) Accept service of any subsequent pleadings or papers, including any correspondence related to the appeal, if the parent or guardian or unaccompanied youth so elects. He or she will also make this correspondence available to the parent or guardian or unaccompanied youth; and
- i) Maintain a record of all appeals of enrollment, school selection, and transportation determinations.

Coordination

The District will coordinate the provision of services described in this policy with local social services agencies, housing providers and other agencies or programs providing services to students in temporary housing and their families, including services and programs funded under the Runaway and Homeless Youth Act.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of the Individuals with Disabilities Education Act (IDEA) for students with disabilities.

Coordination with Title I

The District acknowledges that students in temporary housing are eligible for services under Title I, Part A, whether or not they live in a Title I school attendance area or meet the academic requirements required of other children. The District will ensure that:

- a) Title I, Part A funds are set aside as are necessary to provide students in temporary housing, who may have unique needs that differ from their permanently housed peers, with educationally related support services;
- b) Its local plan includes a description of how the plan is coordinated with McKinney-Vento;
- c) Its local plan describes the services provided to students in temporary housing;
- d) Its local plan describes the efforts it made to identify students in temporary housing, including unaccompanied youth, if the District reports that there are no students in temporary housing enrolled in the District. These efforts will include contacting the LDSS or Office of Children and Family Services (OCFS) to verify that there are no students in temporary housing in the District; and

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- e) Its housing questionnaire asks about the living arrangements of the child or unaccompanied youth, including asking if he or she is living in a shelter; with relatives or others due to loss of housing or economic hardship; in an abandoned apartment/building; in a motel/hotel, camping ground, car, train/bus station or other similar situation due to the lack of alternative, adequate housing. Documentation of the District's efforts to identify students in temporary housing will be maintained on file and a copy of the housing questionnaire will also be kept on file.

Reporting Requirements

The District will collect and transmit to the Commissioner of Education, at the time and in the manner as the Commissioner may require, a report containing information as the Commissioner determines is necessary, including the numbers of homeless students, their grade, and their nighttime residence.

Access to Free Meals

The District will provide free meals to all children identified as homeless. They do not have to complete a free or reduced-price meal application. When the McKinney-Vento liaison or a shelter director provides a child's name to the District's school food service office, free school meals will commence immediately.

Removal of Barriers

The District will review and revise its policies that may act as barriers to the identification of students in temporary housing and their enrollment and retention in school, including barriers to enrollment and retention due to outstanding fees or fines, or absences.

Comparable Services

The District will provide services to students in temporary housing comparable to those offered to other students in the District, including: transportation services; educational services for which the child or youth meets the relevant criteria, such as services provided under Title I or similar state or local programs; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

Student Privacy

Information about a student in temporary housing's living situation will be treated as a student education record and will not be deemed to be directory information under the Family Educational Rights and Privacy Act (FERPA). A parent or guardian or unaccompanied youth may consent to the release of a student's address information in the same way they would for other student education records under FERPA.

SUBJECT: NON-RESIDENT STUDENTS

Non-resident families who wish to enroll students in the District must submit a request in writing to the Superintendent who shall determine whether or not the student(s) will be admitted. The Superintendent will also determine which building the student will attend.

Non-resident student enrollment requests will only be considered where:

- a) There is sufficient space to accommodate the non-resident student;
- b) No increase in the size of faculty or staff will be necessary; and
- c) Admittance will not result in the establishment of a new class or section.

In making determinations regarding the admittance of non-resident students, the District will not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, age, disability, or other legally protected category.

In the event a non-resident student is permitted to attend the District's schools, his or her attendance will be subject to the following conditions:

- a) Non-resident families must provide their own transportation.
- b) All rules and regulations in effect for District students will be applicable to non-District students; and
- c) Tuition will be charged to families of non-resident students in accordance with formulas approved by the State Education Department.

Future Students

Students whose families have signed a contract to buy or build a residence in the District may be enrolled for the semester in which they expect to become residents. Non-resident tuition will be charged, payable in advance, with an adjustment to be made when the family becomes a resident in the District.

Former Residents

Students who are not District residents will be permitted to attend the District's schools without payment of tuition in the following limited circumstances:

- a) Any student, other than a high school senior, moving out of Spencerport Central School District, following the beginning of the second semester, may request from his/her current principal to complete the current school year in his or her present school, tuition free. Transportation will be the responsibility of the parent.

(Continued)

SUBJECT: NON-RESIDENT STUDENTS (Cont'd.)

- b) Any high school senior moving out of the Spencerport Central School District, following official designation of the student as a senior, may choose, with his current principal's recommendation, to complete the senior year in his or her present high school, tuition free. The transportation will be the responsibility of the parent.

Foreign Exchange Students

Foreign students participating in a recognized Student Exchange Program may attend District schools without payment of tuition.

Reservation of Claims

Should a material misstatement of fact be made and relied upon by any administrator or the Board in admitting a non-resident student without tuition, the Board will be entitled to recover the cost of instruction for the time the student was not authorized to attend a school in the District from the person who made the misstatement or from the student's parent or person in parental relation.

Tuition Fees

Where applicable, tuition fees are computed according to a formula established by the Commissioner of Education.

Tuition of individual non-resident students will be computed in advance at the time of enrollment. Methods of payment (e.g., monthly) may be arranged in the District Office and approved by the Superintendent. Non-resident student status is contingent upon timely payment of tuition fees as established by the Board.

Legal Residence

Parents who maintain more than one residence, but whose legal residence for the purposes of voting or filing income tax is within the District, are eligible to send their children to District schools. However, school tax payments of non-residents who own assessable property in the District will be deducted from any tuition charges levied against the non-resident.

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE

The District recognizes the importance of educational stability for students in foster care and will collaborate, as appropriate, with the State Education Department (SED) and the local Department of Social Services (LDSS) to ensure that students in foster care have the opportunity to achieve at the same high-levels as their peers. For purposes of this policy, LDSS also refers to the local Social Services District or the local child welfare agency.

Definitions

- a) "Child or youth in foster care" ("student in foster care") means a child who is in the care and custody or custody and guardianship of a local Commissioner of Social Services or the Commissioner of the Office of Children and Family Services.
- b) "Feeder school" means:
 - 1. A preschool whose students are entitled to attend a specified elementary school or group of elementary schools upon completion of that preschool;
 - 2. A school whose students are entitled to attend a specified elementary, middle, intermediate, or high school or group of specified elementary, middle, intermediate, or high schools upon completion of the terminal grade of such school; or
 - 3. A school that sends its students to a receiving school in a neighboring school district pursuant to applicable laws and regulations.
- c) "Foster care" means 24-hour substitute care for children placed away from their parents or guardians and for whom the state or tribal child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes. A child is in foster care regardless of whether the foster care facility is licensed and payments are made by the state, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is federal matching of any payments that are made.
- d) "Preschool" means a publicly funded prekindergarten program administered by SED or a local educational agency or a Head Start program administered by a local educational agency and/or services under the Individuals with Disabilities Education Act (IDEA) administered by a local educational agency.
- e) "Receiving school" means:
 - 1. A school that enrolls students from a specified or group of preschools, elementary schools, middle schools, intermediate schools, or high schools; or

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

2. A school that enrolls students from a feeder school in a neighboring local educational agency pursuant to applicable laws and regulations.
- f) "School district of origin" means the school district within New York State in which the child or youth in foster care was attending a public school or preschool on a tuition-free basis or was entitled to attend at the time of placement into foster care when the Social Services District or the Office of Children and Family Services assumed care and custody or custody and guardianship of such child or youth, which is different from the school district of residence.
- g) "School district of residence" means the public school district within New York State in which the foster care placement is located, which is different from the school district of origin.
- h) "School of origin" means a public school that a child or youth attended at the time of placement into foster care, or the school in which the child or youth was last enrolled, including a preschool or a charter school. For a child or youth in foster care who completes the final grade level served by the school of origin, the term school of origin will include the designated receiving school at the next grade level for all feeder schools. Where the child is eligible to attend school in the school district of origin because the child was placed in foster care after such child is eligible to apply, register, or enroll in the public preschool or kindergarten or the child is living with a school-age sibling who attends school in the school district of origin, the school of origin will include any public school or preschool in which such child would have been entitled or eligible to attend based on such child's last residence before the circumstances arose which caused such child to be placed in foster care.

District Foster Care Liaison

The District will designate an appropriate staff person to act as the District's point of contact for students in foster care (i.e., the "Foster Care Liaison"). The Foster Care Liaison will not be the same staff person as the McKinney-Vento Liaison unless the McKinney-Vento Liaison has sufficient ability to carry out the responsibilities of both roles.

The Foster Care Liaison will work collaboratively with representatives from the LDSS.

The District will ensure that the name and contact information for the Foster Care Liaison are:

- a) Submitted to SED;
- b) Provided, in writing, to the point of contact for any LDSS known by the District to have students in its custody; and
- c) Posted on the District website.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)**Designation of School District and School**

The LDSS, in consultation with the appropriate local educational agency or agencies, will determine whether placement in the school district of origin or the school district of residence is in the best interest of a student in foster care. Provided that the District is an appropriate local educational agency, the District will work with the LDSS to make the best interest determination as quickly as possible in order to prevent educational discontinuity for the student. If the student has an Individualized Education Program (IEP), a Section 504 plan, or is an English language learner, relevant school staff may be consulted during the best interest determination process.

To the extent feasible and appropriate, the student should remain in his or her school of origin while the best interest determination is being made.

Subject to a best interest determination, a student in foster care is entitled to attend the school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in that building.

Where the school district of origin or school of origin that a student was attending on a tuition-free basis, or was entitled to attend when the student entered foster care is located, in New York State and the student's foster care placement is located in a contiguous state, the student is entitled to attend his or her school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, subject to a best interest determination, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in such building.

Responsibilities When Designated as the School District of Attendance

If the District is designated as the school district of attendance for a student in foster care, the District will immediately:

- a) Enroll the student in foster care, even if the student is unable to produce records which are normally required for enrollment, such as previous academic records, records of immunization and/or other required health records, proof of residency or other documentation and/or even if the student has missed application or enrollment deadlines during any period of placement in foster care, if applicable;
- b) Treat the student in foster care as a resident for all purposes; and

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

- c) Make a written request to the school district where the student's records are located in order to obtain a copy of the student's records and coordinate the transmittal of these records in accordance with applicable laws and regulations.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with federal and state law, a complete copy of the records of the student in foster care, including, but not limited to: proof of age; academic records; evaluations; immunization records; and guardianship papers (if applicable).

Tuition Reimbursement

Except as otherwise provided in law or regulation, the cost of instruction of a student in foster care will be borne by the school district of origin. Where a district other than the school district of origin is designated as the school district of attendance, the cost of instruction will be borne by the school district of origin and the tuition paid to the designated school district of attendance will be computed in accordance with applicable laws and regulations.

Transportation Responsibilities

Any student in foster care who requires transportation in order to attend his or her school of origin, is entitled to receive that transportation.

As appropriate, the District will coordinate and collaborate with the LDSS to make an appropriate transportation plan that supports the student's school stability plan and is fair to the District's taxpayers, consistent with the District's obligations under federal and state law.

When the District is the designated school district of attendance, and the student requires transportation to attend his or her school of origin, the District will provide transportation to and from the student's foster care placement location and the school of origin. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When the District is the school district of residence and the designated school district of attendance, and the student does not attend his or her school of origin, the District will provide transportation on the same basis as provided to resident students. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When transporting students in foster care, the District may incur excess transportation costs, as defined by law. The District and the LDSS may enter into a written agreement relating to how excess transportation costs should be funded, consistent with applicable laws and regulations. Absent such an

Students

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

agreement, excess transportation costs incurred by the District will be shared equally between the LDSS responsible for the foster care costs of the student and the designated school district of attendance. The District and the LDSS will consider and utilize all allowable funding sources, including any available federal funds, to cover excess transportation costs.

Where a student in foster care has been placed in foster care in a contiguous state, and the District is the designated district of attendance, the District will collaborate with the LDSS to arrange for transportation.

Where the School of Origin is a Charter School

Where the school of origin is a charter school, the school district designated as the school district of attendance for a student in foster care will be deemed to be the school district of residence for the student for purposes of fiscal and programmatic responsibility and will be responsible for transportation of the student in foster care. If the designated school district of attendance is not the school district of origin, the designated school district of attendance may seek reimbursement from the school district of origin in accordance with applicable laws and regulations.

Dispute Resolution Process

To the extent feasible and appropriate, the District will ensure that a student in foster care remains in his or her school of origin while any dispute is being resolved in order to minimize disruptions and reduce the number of moves between schools.

Coordination with Other Agencies

The District will coordinate the provision of services described in this policy, as appropriate, with agencies or programs providing services to students in foster care.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of IDEA for students with disabilities.

Comparable Services

Each student in foster care will be provided services comparable to other students in the school of attendance, including: transportation services; educational services for which the student meets eligibility criteria; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)**Student Privacy**

As appropriate, the District will collaborate with SED and/or the LDSS to determine what documentation related to a student in foster care should be shared among involved parties. In all cases, the District will comply with all statutory requirements to protect student privacy, including the Family Educational Rights and Privacy Act (FERPA) and any other applicable privacy requirements under federal, state, or local laws.

SUBJECT: SCHOOL CENSUS

Although not required by law, the District may take a census of all children from birth to 18 years of age. Census data will be reported as required by law.

Count of Immigrant Children and Youth

The District is required to count the number of "immigrant children and youth" enrolled in the public and nonpublic schools in the geographic area under the jurisdiction of, or served by, the District. The results of this count have important implications for the receipt of supplemental federal funds to the District for services to recently arrived immigrant children and youth.

For purposes of this count, the term "immigrant children and youth" will include those individuals who:

- a) Are ages three through 21;
- b) Were not born in any state or from the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the U.S. Virgin Islands, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands; and
- c) Have not been attending schools in any one or more States for more than three full academic years.

Each nonpublic school within District boundaries will report its data to the District. It is the responsibility of the District to report its immigrant count as well as the counts for all nonpublic schools within its jurisdiction.

In accordance with law, the District will conduct its survey and submit the information electronically to the SED by the specified deadline date. The District must also maintain on file a list of the immigrant students counted, their countries of origin, dates of arrival, and the public or nonpublic school in which they are registered as well as copies of the letter to each of the nonpublic schools in its jurisdiction regarding the count.

SUBJECT: STUDENT EVALUATION, PROMOTION, AND PLACEMENT**Grade Promotion and Placement**

Grade promotion and the placement of students within the District's instructional system will be at the discretion of the school administration and will be subject to review at any time. In making these decisions, the administrator or building principal will be guided by: performance in class; past records, including various measures of student growth; recommendations from parents, persons in parental relation to District students, and teachers; and any other appropriate sources of information.

Testing Program

The District utilizes various ability, achievement, diagnostic, readiness, interest, and guidance tests for the purpose of complying with state and federal law and/or aiding the implementation of quality educational services. The District will not make any student promotion or placement decisions based solely or primarily on student performance on the state administered English language arts and mathematics assessments for grades 3 through 8. The District may, however, consider student performance on state assessments in making student promotion and placement decisions provided that multiple measures be used in addition to these assessments and that these assessments do not constitute the major factor in these determinations.

Alternative Testing Procedures

The use of alternative testing procedures will be limited to:

- a) Students identified by the Committee on Special Education and/or Section 504 Team as having a disability. Alternative testing procedures will be specified in a student's Individualized Education Program or Section 504 Accommodation Plan; and
- b) Students whose home language is other than English (i.e., English language learners) in accordance with State Education Department (SED) Guidelines.

The alternative testing procedures employed will be based upon a student's individual needs and the type of test administered.

The District will report the use of alternative testing procedures to the SED on a form and at a time prescribed by the Commissioner.

(Continued)

SUBJECT: STUDENT EVALUATION, PROMOTION, AND PLACEMENT (Cont'd.)**Reporting to Parents or Persons in Parental Relation to Students**

Parents or persons in parental relation to District students will receive an appropriate report of student progress at regular intervals.

The District will not place or include on a student's official transcript or maintain in a student's permanent record any individual student score on a state administered standardized English language arts or mathematics assessment for grades 3 through 8. However, the District will comply with state and federal requirements regarding the maintenance and transfer of student test scores. Any test results on a state administered standardized English language arts or mathematics assessment for grades 3 through 8 sent to parents or persons in parental relation to a student will include a clear and conspicuous notice that these results will not be included on the student's official transcript or in the student's permanent record and are being provided to the student and parents for diagnostic purposes.

When necessary, attempts will be made to provide interpreters for non-English speaking parents or persons in parental relation to District students.

SUBJECT: PROVISION OF INTERPRETER SERVICES TO PARENTS WHO ARE HEARING IMPAIRED

The Board will provide parents or persons in parental relation who are hearing impaired with meaningful access to school initiated meetings or activities pertaining to the academic and/or disciplinary aspects of their children's education. School initiated meetings or activities include, but are not limited to, parent-teacher conferences, child study or building-level team meetings, planning meetings with school counselors regarding educational progress and career planning, suspension hearings or any conferences with school officials relating to disciplinary actions. The term "hearing impaired" will include any hearing impairment, whether permanent or fluctuating, which prevents meaningful participation in District meetings or activities.

Parents or persons in parental relation will be notified of the availability of interpreter services, to be provided at no charge, provided that a written request is made to the District within 14 days of the scheduled meeting or activity. Exceptions may be made for unanticipated circumstances as determined by the principal or designee. The District will also notify appropriate school personnel as to the terms and implementation of this policy.

If interpreter services are requested, the District will appoint an interpreter for the hearing impaired to interpret during the meeting or activity. The District will arrange for interpreters through a District-created list or through an interpreter referral service. The District will also develop interagency agreements, as appropriate, to ensure that sign language interpreters are provided for eligible parents or persons in parental relation when District students attend out-of-District schools or programs.

In the event that an interpreter is unavailable, the District will make other reasonable accommodations which are satisfactory to the parents or persons in parental relation. Examples of what constitutes reasonable accommodations in the event an interpreter cannot be located may include the use of:

- a) Written communications, transcripts, or note takers; and
- b) Technology, such as: a decoder or telecommunication device for the deaf, assistive listening devices, and closed or open captioning.

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS

In accordance with Commissioner's Regulations, the School District has established administrative practices and procedures for implementing District-wide initiatives that address a Response to Intervention (RTI) process applicable for all students in Kindergarten through 8th grade. For students suspected of having a potential learning disability, the District will provide appropriate RTI services pursuant to Commissioner's Regulations prior to a referral to the Committee on Special Education (CSE) for evaluation.

Minimum Requirements of District's RTI Program

The District's RTI process shall include the following minimum requirements:

- a) Scientific, research-based instruction in reading and mathematics provided to all students in the general education class by qualified personnel. Instruction in reading, per Commissioner's Regulations, shall mean scientific, research-based reading programs that include explicit and systematic instruction in phonemic awareness, phonics, vocabulary development, reading fluency (including oral reading skills) and reading comprehension strategies;
- b) Screenings shall be provided to all students in the class to identify those students who are not making academic progress at expected rates;
- c) Scientific, research-based instruction matched to student need with increasingly intensive levels of targeted interventions for those students who do not make satisfactory progress in their levels of performance and/or in their rate of learning to meet age or grade level standards;
- d) Repeated assessments of student achievement which should include curriculum-based measures to determine if interventions are resulting in student progress toward age or grade level standards;
- e) The application of information about the student's response to intervention to make educational decisions about changes in goals [i.e., goals for all students, not just Individualized Education Program (IEP) goals], instruction and/or services and the decision to make a referral for special education programs and/or services; and
- f) Written notification to the parents when the student requires an intervention beyond that provided to all students in the general education classroom that provides information about:
 1. The amount and nature of student performance data that will be collected and the general education services that will be provided as enumerated in Commissioner's Regulations;
 2. Strategies for increasing the student's rate of learning; and
 3. The parents' right to request an evaluation for special education programs and/or services.

(Continued)

Students

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)**Structure of Response to Intervention Program**

The District's RTI program will consist of multiple tiers of instruction/assessments to address increasingly intensive levels of targeted intervention to promote early identification of student performance needs and/or rate of learning, and to help raise achievement levels for all students.

Response to Intervention Teams, whose members may include, but are not limited to, regular education teachers, special education personnel, the school psychologist, reading and math specialists, designated administrators, and other individuals deemed appropriate by the District, will be available for each building/grade level classification to address the implementation of the District's RTI process.

The Response to Intervention Team's responsibilities shall include, but are not limited to, the following:

- a) Determining the level of interventions/student performance criteria appropriate for each tier of the RTI model;
- b) Analyzing information/assessments concerning a student's response to intervention and making educational decisions about changes in goals, instruction and/or services;
- c) Determining whether to make a referral for special education programs and/or services.

Criteria for Determining the Levels of Intervention to be Provided to Students

The District will provide multiple tiers of increasingly intensive levels of targeted intervention and instruction for those students who do not make satisfactory progress in their levels of performance and/or in their rate of learning to meet age or grade level standards.

It is expected that use of the Tier Level of instruction will be specific to each student's needs and will be an ongoing process, with students entering and exiting tiers of intervention according to the analysis of student performance data and progress monitoring.

Tier One Instruction

Tier One instruction is provided to all students in the general education setting. The use of scientific, research-based instruction in the areas of reading and math will be provided by the general education teacher and/or other qualified personnel as appropriate, and will emphasize proactive, preventative core instructional strategies in the classroom setting. Group and/or individualized instruction, assessment and reinforcement activities will be provided as deemed appropriate by the classroom teacher.

The analysis of Tier One student performance data will be used to identify those students who need additional intervention at the Tier Two Level of instruction.

(Continued)

Students

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)Tier Two Instruction

In general, Tier Two instruction will consist of small group, targeted interventions for those students identified as being "at risk" who fail to make adequate progress in the general education classroom. Tier Two instruction will include programs and intervention strategies designed to supplement Tier One interventions provided to all students in the general education setting.

Tier Two instruction will primarily be provided by classroom teachers. However, specialized staff such as reading and math teachers, speech therapists, school psychologists and/or school counselors as determined by the Response to Intervention Team may provide additional support.

At the conclusion of Tier Two instruction, Response to Intervention Team will review the student's progress and make a determination as to whether Tier Two interventions should be maintained; discontinuation of Tier Two intervention support; or referred for Tier Three instruction.

Tier Three Instruction

Tier Three instruction is the provision of more intensive instructional interventions, tailored to the needs of the individual student; and is provided to those students who do not achieve adequate progress after receiving interventions at the Tier Two level. Tier Three instruction may include longer periods of intervention program and services than those provided in the first two Tiers based upon the significant needs of the student.

Tier Three instruction will be provided by those specialists, as determined by the Response to Intervention Team, best qualified to address the individual student's targeted area(s) of need. If deemed appropriate by the Team, and in accordance with applicable law and regulation, a referral of the student may be made to the Committee on Special Education.

Progress monitoring on a continuous basis is an integral part of Tier Three; and the student's response to the intervention process will determine the need/level of further intervention services and/or educational placement.

Amount and Nature of Student Performance Data to be Collected

The Response to Intervention Team will determine the amount and nature of student performance data that will be collected to assess, on an ongoing basis, student performance results and address ongoing academic needs as warranted. Such data collection will reflect the Tier Level of intervention provided to the student. Student performance data will also be used to review the District's RTI program and make modifications to the program as deemed necessary.

(Continued)

Students

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)**Manner and Frequency for Progress Monitoring**

The Response to Intervention Team shall monitor the progress of those students receiving intervention services beyond that provided to all students in the general education classroom. The Team shall meet with the student's teacher(s) and will determine if further adjustments need to be made to the student's current instructional program and/or a change made to the Tier Level of intervention provided. Monitoring of student progress shall be an ongoing part of the RTI program from the initial screening to completion of the RTI process as applicable. Parents may also request that the progress of their child be reviewed by the Response to Intervention Team.

Fidelity measures (e.g., an observational checklist of designated teaching behaviors in accordance with the RTI process being implemented) will also be completed by Team members to assess whether the intervention was implemented as intended and uniformly applied. Clear benchmarks will be established for student performance and analyzed at the completion of the instructional period/intervention process.

Professional Learning

All staff members involved in the development, provision and/or assessment of the District's RTI program, including both general education and special education instructional personnel, shall receive appropriate training necessary to implement the District's RTI program. Professional Learning will include the criteria for determining the levels of intervention provided to students, the types of interventions, collection of student performance data, and the manner and frequency for monitoring progress.

Parent Notification

Written notification shall be provided to parents when their child requires an intervention beyond that provided to all students in the general education classroom. Such written notice shall include the following information:

- a) The amount and nature of student performance data that will be collected and the general education services that will be provided as part of the RTI process;
- b) Strategies for increasing the child's rate of learning; and
- c) The parents' right to request an evaluation for special education programs and/or services.

SUBJECT: GRADUATION OPTIONS/EARLY GRADUATION/ACCELERATED PROGRAMS

To graduate from the District, a student must meet or exceed the requirements set forth in Part 100 of the Commissioner's regulations. The Board may establish graduation requirements that exceed the minimum standards set by the Board of Regents. The District will award the appropriate diploma, credential, or both to students.

Pathways to Graduation

Students must pass the required number of Regents examinations or approved alternative exams and meet any further graduation requirements; these requirements may include passing an approved pathways assessment, other assessment, or an additional exam that measure an equivalent level of knowledge and skill. Students who fail certain Regents examinations may appeal the result in accordance with Commissioner's regulations.

In addition to completing New York State requirements for graduation students must also complete all local Spencerport requirements for graduation including, but not limited to, instruction in personal financial literacy and the completion of the Senior Project.

Early Graduation

A student may be eligible for early graduation (fewer than eight semesters) if the student completes all requirements for graduation, excluding physical education. The District will consult with appropriate personnel, the student, and persons in parental relation, and consider factors such as the student's grades, performance in school, future plans, and benefits to graduation early in making its decision.

Eighth grade students may take appropriate high school courses. The Superintendent or designee will determine whether an eighth grade student is eligible to take high school courses using criteria that examines each student's readiness. By the end of seventh grade, accelerated students must receive instruction designed to facilitate their attainment of the state intermediate learning standards in each subject area in which they are accelerated.

Advanced Placement (AP)

Advanced Placement examinations afford students the opportunity to earn credit or advanced standing in many colleges and universities. The College Board administers a variety of AP examinations in May of each year. The District will determine a student's readiness for enrollment in any AP class.

(Continued)

SUBJECT: GRADUATION OPTIONS/EARLY GRADUATION/ACCELERATED PROGRAMS (Cont'd.)**Dual Credit for College Courses**

Students who have demonstrated intellectual and social maturity may choose to matriculate at any one of the colleges that have a cooperative agreement with the District. Students who wish to enroll in college-level coursework must meet all academic, grade level, and coursework requirements. These opportunities may include early admission to college, collegiate-level work offered in the high school, or other means of providing advanced work. The administration will review and approve any college courses before they are taken during the school day. The Board will not pay tuition and other related costs for those high school students enrolled in college courses.

Online Coursework

The District may offer students the ability to complete general education and diploma requirements for a specific subject through online instruction, credit recovery, or blended coursework that combines online and classroom-based instruction. Credit recovery may be made available for individual students as determined by the building principal.

To receive credit for online coursework, students must successfully complete an online or blended course and demonstrate mastery of the learning outcomes for the subject by passing the Regents exam or other assessment in the subject area.

SUBJECT: PARTICIPATION IN GRADUATION CEREMONIES AND ACTIVITIES

Any student who has satisfactorily completed all graduation requirements will be permitted to participate in the graduation ceremony and all related graduation activities, if these privileges have not been removed as a disciplinary consequence under the Code of Conduct.

The District permits any student to participate in the graduation ceremony and all related graduation activities of his or her high school graduating class, if the student has been awarded a Skills and Achievement Commencement Credential or a Career Development and Occupational Studies (CDOS) Commencement Credential, but has not otherwise qualified to receive a Regents or local diploma. While permitted to participate, these students are not required to participate in the graduation ceremony or related graduation activities of his or her high school graduating class. For purposes of this policy, a student's high school graduating class is the twelfth grade class with which he or she entered into ninth grade.

The District will provide annual written notice of this policy and any related procedures to all students and their parents or guardians.

SUBJECT: GRADUATION HONORS AND CLASS RANK

The Board of Education encourages the recognition of outstanding academic achievement through the award of graduation honors. The Board of Education also acknowledges the usefulness of a system of computing grade point averages and class ranking for high school students, both to inform students of their relative academic placement among their peers and to provide students, prospective employers, and institutions of higher learning with a predictive device so that each student is more likely to be placed in an environment conducive to success.

Latin Honor System

Graduation honors will be determined through the use of the Latin honors system, which grants students summa cum laude, magna cum laude and cum laude titles based on their weighted grade point average. The Latin system will allow students to take a rigorous course load but also allow for the inclusion of non-weighted courses that align with student interests and post-secondary goals.

Honor ranking is based upon the following three tiers:

- Summa cum laude (with highest honor): 4.7+ GPA
- Magna cum laude (with great honor): 4.5 to 4.699 GPA
- Cum laude (with honor): 4.2 to 4.499 GPA

To qualify for honors recognition a student must have attended the last two full years at E.J. Wilson High School. Foreign exchange students will not be considered in computing decile class rank, and therefore, will not be eligible for any academic honors.

Class Rank by Decile

Beginning with the graduating class of 2022 and thereafter, the traditional system of class rank will be replaced by the decile system. Seniors will be placed into deciles each quarter of their senior year. Students are sorted in order of their weighted cumulative grade point average from highest to lowest, and then divided into ten equal parts. Students are assigned a number between one and ten to represent their decile placement. The ten percent of students with the highest cumulative weighted grade point averages are placed in decile one.

Grade Point Average

Graduation honors and the decile ranking system will be based on grade point averages calculated by:

- a) Source: Decile Rank and Average Listing – Decile rank sequence will be computed after seven semesters. The first semester of the senior year is the last to be included.

(Continued)

SUBJECT: GRADUATION HONORS AND CLASS RANK

- b) Computation: The Decile Rank and Average Listing reports students' weighted averages carried out to four decimal places and rounded to three decimal places.
- c) Check for Reasonableness: The principal shall submit the computation for graduation honors and decile ranking to the Superintendent prior to announcing the honors.

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE

The District will comply with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Under its provisions, parents or guardians and noncustodial parent(s) whose rights are not limited by court order or formal agreement, of a student under 18, or a student who is 18 years of age or older, or who is attending an institution of post-secondary education, have a right to inspect and review any and all education records maintained by the District.

Education Records

The term "education records" is defined as all records, files, documents, and other materials containing information directly related to a student; and maintained by the education agency or institution, or by a person acting for that agency or institution. This includes all records regardless of medium, including, but not limited to, handwriting, videotape or audiotape, electronic or computer files, film, print, microfilm, and microfiche.

In addition, for students who attend a public school district, all records pertaining to services provided under the Individuals with Disabilities Education Act (IDEA) are considered "education records" under FERPA and they are subject to the confidentiality provisions of both Acts.

However, personal notes made by teachers or other staff are not considered education records if they are:

- a) Kept in the sole possession of the maker;
- b) Not accessible or revealed to any other person except a temporary substitute; and
- c) Used only as a memory aid.

Additionally, FERPA does not prohibit a school official from disclosing information about a student if the information is obtained through the school official's personal knowledge or observation and not from the student's education records.

Records created and maintained by a law enforcement unit for law enforcement purposes are also excluded.

Access to Student Records

Administrative regulations and procedures will be developed to comply with the provisions of federal law relating to the availability of student records. The purpose of these regulations and procedures is to make available to the parents or guardians of students and noncustodial parent(s) whose rights are not limited by court order or formal agreement, or students who are 18 years of age or older, or who are attending an institution of post-secondary education, student records, and files on students, and to ensure the confidentiality of these records with respect to third parties.

(Continued)

Students

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

Under FERPA, unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information (PII) contained in student education records only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may include a record and signature in electronic form provided that the signature:

- a) Identifies and authenticates a particular person as the source of the electronic consent; and
- b) Indicates the person's approval of the information contained in the electronic consent.

Exceptions

Without the consent of a parent or eligible student, the District may release a student's information or records when it is:

- a) Directory Information and Limited Directory Information

"Directory information" is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. "Limited Directory Information Disclosure" means that the District may limit disclosure of its designated directory information to specific parties, for specific purposes, or both. The intent is to allow schools the option to implement policies that allow for the disclosure of student information for uses such as yearbooks, honor roll lists, graduation programs, and playbills, but restrict disclosure for more potentially dangerous purposes. The District will limit disclosure of its designated directory information as otherwise specified in its public notice to parents of students in attendance and eligible students in attendance.

- b) To School Officials who have a Legitimate Educational Interest

To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. An educational interest includes the behavior of a student and disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of the student, other students, or other members of the school community. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

- c) To Another Educational Institution

The District may disclose any and all educational records, including disciplinary records and records that were created as a result of a student receiving special education services under Part B of IDEA, to another school or postsecondary institution at which the student seeks or intends to enroll, or after the student has enrolled or transferred, so long as the disclosure is

(Continued)

Students

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

for purposes related to the student's enrollment or transfer. Parental consent is not required for transferring education records if the school's annual FERPA notification indicates that these disclosures may be made. In the absence of information about disclosures in the annual FERPA notification, school officials must make a reasonable attempt to notify the parent about the disclosure, unless the parent initiated the disclosure. Additionally, upon request, the District will provide a copy of the information disclosed and an opportunity for a hearing.

d) For Health and Safety Emergency Reasons

The District must balance the need to protect students' PII with the need to address issues of school safety and emergency preparedness. Under FERPA, if an educational agency or institution determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records, without consent, to any person whose knowledge of the information is necessary to protect the health and safety of the student or other individuals during the period of the health or safety emergency. The District may release information from records to appropriate parties including, but not limited to, parents, law enforcement officials, and medical personnel. The District's determination that there is an articulable and significant threat to the health or safety of a student or other individuals will be based upon a totality of the circumstances, including the information available, at the time the determination is made. The District must record the articulable and significant threat that formed the basis for the disclosure and maintain this record for as long as the student's education records are maintained.

e) To Juvenile Justice Systems

Information may be disclosed to state and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a state statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released. In these cases, the official or authority must certify in writing that the information will not be disclosed to any other party except as provided under law without prior written consent.

f) To Foster Care Agencies

The District may release records to an agency caseworker or other representative of a state or local child welfare agency, who has the right to access a student's case plan, when the agency or organization is legally responsible, for the care and protection of the student. This does not give a child welfare agency the right to look into any non-foster care student's records, without parental consent, when there has been a mere allegation of abuse or maltreatment, absent an order or subpoena.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)g) Pursuant to a Subpoena or Court Order

When the District receives a subpoena or court order for the release of records, it will make a reasonable effort to notify the parent or guardian or eligible student of the order or subpoena in advance of compliance. This allows the parent or guardian or eligible student to seek protective action against the subpoena or order before the release of the records.

The District may disclose a student's records without first notifying parents or guardians or eligible students if the disclosure is:

1. Based on a subpoena in which the court orders, for good cause shown, not to reveal to any person the existence or contents of the subpoena or any information furnished pursuant to the subpoena;
2. In accordance with a judicial order in cases where the parents are a party to a court proceeding involving child abuse or maltreatment or dependency matters, and the order is issued in the context of that proceeding; or
3. Made to a court (with or without an order or subpoena) when the District is involved in a legal action against a parent or student and the records are relevant to the matter.

h) For Financial Aid Purposes

Pertinent information may be released in connection with the determination of eligibility, amount, conditions, and enforcement of terms of a student's financial aid.

i) To Accrediting Organizations

Disclosure of a student's records may be made to an organization in which that student seeks accreditation, in order to carry out their accrediting function.

j) To Parents of a Dependent Student

Even when a student turns 18 years of age or older the District may disclose education records to that student's parents, without the student's consent, if the student is claimed as a dependent for federal income tax purposes by either parent.

k) For Audit/Evaluation Purposes

The audit or evaluation exception allows for the disclosure of PII from education records without consent to authorized representatives of the Comptroller General of the U.S., the Attorney General, the Secretary of Education, federal, state, or local educational authorities.

(Continued)

Students

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

Under this exception, PII from education records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with federal legal requirements that relate to those education programs.

The District may occasionally disclose PII from education records without consent to authorized representatives of the entities listed above. The District may also designate its own authorized representative who may access PII without consent in connection with an audit or evaluation of an education program within the District. As an example, the District might designate a university as its authorized representative in order to disclose, without consent, PII from education records on its former students to the university. The university could then disclose, without consent, transcript data on those former students attending the university to allow the District to evaluate how effectively the District prepared its students for success in postsecondary education.

l) For Conducting Studies

This exception allows for the disclosure of PII from education records without consent to organizations conducting studies for, or on behalf of, schools, school districts, or postsecondary institutions. Studies can be for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction.

The District may disclose PII from education records without consent to these organizations conducting studies for the District, in accordance with its obligations under FERPA.

In addition, other entities outside of the District may occasionally disclose PII from education records that the District has previously shared with that entity, to organizations conducting studies on behalf of the District. For example, a State Education Agency (SEA) may disclose PII from education records provided by the District without consent to an organization for the purpose of conducting a study that compares program outcomes across school districts to further assess the effectiveness of these programs with the goal of providing the best instruction.

Required Agreements for the Studies or Audit/Evaluation Exceptions (see items k and l)

To the extent required by law, the District will enter into a written agreement with organizations conducting studies for the District, or, with its designated authorized representatives in connection with audits or evaluations of education programs within the District. In the event that the District discloses PII from education records to its own designated authorized representative in connection with an audit or evaluation of an educational program within the District, it will use reasonable methods to ensure to the greatest extent practicable that its designated authorized representative complies with FERPA and its regulations.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)**Challenge to Student Records**

Parents or guardians of a student under the age of 18, or a student who is 18 years of age or older or who is attending an institution of post-secondary education, will have an opportunity for a hearing to challenge the content of the school records and to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy of students, and to provide an opportunity for the correction or deletion of any inaccurate, misleading, or otherwise inappropriate data.

Release of Information to the Noncustodial Parent

The District may presume that the noncustodial parent has the authority to request information concerning his or her child and release this information upon request. If the custodial parent wishes to limit the noncustodial parent's access to the records, it is his or her responsibility to obtain and present to the school a legally binding instrument that prevents the release of information related to the child.

Parents' Bill of Rights

The District posts a parents' bill of rights for data privacy and security on its website, and it includes this bill of rights with every contract it enters into with a third-party contractor that receives student, teacher, or principal data. The bill of rights informs parents of the legal requirements regarding privacy, security, and use of student data.

SUBJECT: STUDENT DIRECTORY INFORMATION

The District will publish an annual public notice informing parents or eligible students (i.e., a student 18 years of age or older or who is attending an institution of post-secondary education) of (1) the District's definition of directory information; (2) the parent or eligible student's right to opt out of, in writing, the release of student directory information; and (3) indication of the time period to do so.

Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Following this public notice and a reasonable period to opt out, the District may release this information to an outside group without individual consent.

The Family Educational Rights and Privacy Act defines student directory information as any of the items as indicated in the following list. The District defines student directory information to include only the items of information checked below:

- Student's name
- Address
- Telephone listing
- Date and place of birth
- Major field of study
- Grade level
- Participation in officially recognized activities and sports
- Weight and height (for members of athletic teams)
- Dates of attendance
- Honors, degrees and awards received
- Email address
- Photograph
- Name of educational institution previously attended
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.
- Student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

Parents and eligible students may not, by opting out of disclosure of directory information, prevent a school from requiring a student to wear or present a student identification card or a badge that displays information that may be directory information. A student's social security number, in whole or part, will not be designated as directory information.

SUBJECT: MILITARY RECRUITERS AND INSTITUTIONS OF HIGHER EDUCATION**Requests for Information**

The District will comply with requests from military recruiters and institutions of higher education (IHEs) for access to the name, address and telephone listing of each secondary school student, except for any student whose parent (or the student, if he or she is at least 18 years of age) has submitted a written request to opt out of this disclosure, in which case the information will not be released without the parent's (or student's, if he or she is at least 18 years of age) prior written consent.

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION

A parent of a minor or incapacitated person may designate another person as a person in parental relation to that minor or incapacitated person for certain health care and educational decisions for a period not exceeding 12 months. However, this parental designation is conditioned upon there being no prior order of any court in any jurisdiction currently in effect that would prohibit the parent from exercising the same or similar authority; and provided further that, in the case where a court has ordered that both parents must agree on education or health decisions regarding the child, a designation in accordance with this law will not be valid unless both parents have given their consent.

The designation of a person in parental relation must be in writing in the form prescribed by law, and must include specified information as set forth in law for designations of 30 days or less, as well as additional information required for designations of more than 30 days. The designation of a person in parental relation may be presented to any school that requires the designation by either the parent or designee. The designation may specify a period of time less than 12 months for which the designation will be valid unless earlier revoked by the parent in accordance with law. However, a designation specifying a period of more than 30 days must be notarized.

If no time period is specified in the designation, it will be valid until the earlier of:

- a) Revocation; or
- b) The expiration of 30 days from the date of signature if the designation does not meet the requirements for designations of more than 30 days; or
- c) Twelve months from the date of commencement specified in the designation if the designation meets the requirements for designations of more than 30 days.

Scope of Designation

A designation made in accordance with this law may specify:

- a) The treatment, diagnosis, or activities for which consent is authorized;
- b) Any treatment, diagnosis, or activity for which consent is not authorized; or
- c) Any other limitation on the duties and responsibilities conveyed by the designation.

Form of DesignationDesignations in General

A designation of a person in parental relation in accordance with this law must be in writing and include:

(Continued)

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)

- a) The name of the parent;
- b) The name of the designee;
- c) The name of each minor or incapacitated person with respect to whom the designation is made;
- d) The parent's signature; and
- e) The date of the signature.

The designation may specify a period of time less than 12 months for which the designation will be valid unless earlier revoked by the parent in accordance with Section 5-1554 of General Obligations Law. However, any designation specifying a period of more than 30 days must also conform to the following provisions as set forth in law.

Designations for More Than 30 Days

A designation specifying a period of more than 30 days must also include:

- a) An address and telephone number where the parent can be reached;
- b) An address and telephone number where the designee can be reached;
- c) The date of birth of each minor or incapacitated person with respect to whom the designation is made;
- d) The date or contingent event on which the designation commences;
- e) The written consent of the designee to the designation; and
- f) A statement that there is no prior order of any court in any jurisdiction currently in effect prohibiting the parent from making the designation.

A designation specifying a period of more than 30 days must be notarized.

Revocation of Designation

A parent may revoke a designation by notifying, either orally or in writing, the designee or the school to which the designation has been presented, or by any other act evidencing a specific intent to revoke the designation. A designation will also be revoked upon the execution by the parent of a subsequent designation. Revocation by one parent authorized to execute a designation will be deemed effective and complete revocation of a designation in accordance with law.

(Continued)

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)

A designee who receives notification from a parent of any revocation must immediately notify any school to which a designation has been presented. A parent may directly notify the school of the revocation. The failure of the designee to notify the school of the revocation will not make the revocation ineffective.

Effect of Designation

- a) A designee will possess all the powers and duties of a person in parental relation unless otherwise specified in the designation.
- b) A designation will not impose upon a designee a duty to support the child.
- c) A designation will not cause a change in the school district of residence of the child for purposes of the Education Law, and during the period of validity of the designation, the child will be presumed to be a resident of the school district in which the parent resided at the time the designation was made.
- d) A designation will terminate and be revoked upon the death or incapacity of the parent who signed the designation.
- e) The decision of a designee will be superseded by a contravening decision of a parent.

A person who acts based upon the consent of a designee reasonably, and in the good faith belief that the parent has authorized the designee to provide the consent, will not be deemed to have acted negligently, unreasonably, or improperly in accepting the designation and acting upon the consent. However, this person may be deemed to have acted negligently, unreasonably, or improperly if he or she has knowledge of facts indicating that the designation was never given, or did not extend to an act or acts in question, or was revoked.

No provision of General Obligations Law Title 15-A will be construed to require designation of a person in parental relation where the designation is not otherwise required by law, rule, or regulation.

Special Education Considerations

In the event that no parent or legal guardian for a child with a disability can be identified or after reasonable efforts, the whereabouts of the parent or legal guardian cannot be determined, or the child with a disability is a ward of the state, the Board shall assign an individual to act as a surrogate for the parents or legal guardians. The person selected as a surrogate shall have no interest that conflicts with the interest of the child he/she represents, shall not be an employee of the district and shall have knowledge and skills that insure adequate representation of the child.

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)

It is the duty of the CSE of the School District to determine whether a child needs a surrogate parent and to assign a surrogate parent in the manner permitted under New York State law within 10 business days of the determination by the CSE of the need for a surrogate parent.

The person assigned as a surrogate parent shall serve the student at least through the first CSE review.

SUBJECT: RIGHTS OF NON-CUSTODIAL PARENTS

The Board is mindful that various arrangements exist for the care and custody of children residing in the District. The District attempts to maintain current family information to help ensure student safety, proper communication with parents, and appropriate educational programming. Parents who are divorced, legally separated, or otherwise live apart should supply the District with relevant information and documentation, including custody orders, regarding who is responsible for the custody and care of their child, and who is permitted to make educational decisions for that child.

A non-custodial parent's participation in his or her child's education will be governed by the terms of any custody order. As a general matter, however, the District encourages non-custodial parents to participate in their child's education. Unless prohibited from doing so by a court order, non-custodial parents may request information about their child, inspect and review their child's records in accordance with the Family Educational Rights and Privacy Act (FERPA) and District policy, and otherwise remain interested in their child's education.

The District will not release students to a non-custodial parent without the custodial parent's consent. It is the parent's responsibility to inform the District if and when the child may be released to individuals other than the custodial parent in a form acceptable to the District.

SUBJECT: SCHOOL CONDUCT AND DISCIPLINE

The Board of Education of the Spencerport Central School District has adopted and implemented a written policy on school conduct and discipline designed to promote responsible student behavior. This policy was developed locally in consultation with teachers, administrators, other school service professionals, students and parents/guardians, and community members, and includes:

- a) A bill of rights and responsibilities of students that focuses upon positive student behavior, and is publicized and explained to all students on an annual basis;
- b) A discipline code for student behavior setting forth prohibited student conduct and the range of penalties that may be imposed for violation of such code that is publicized and explained to all students and provided in writing to all parents/guardians on an annual basis. Such code shall describe the roles of teachers, administrators, Board of Education members and parents/guardians;
- c) Strategies and procedures for the maintenance and enforcement of public order on school property that shall govern the conduct of all persons on school premises, in accordance with section 2801 of the Education Law and accepted principles of due process of law;
- d) Procedures within each building to involve student service personnel, administrators, teachers, parents/guardians and students in the early identification and resolution of discipline problems. These procedures shall align with the District's commitment to providing a culturally responsive and sustaining education for all. For students identified as having disabilities, the policy includes procedures for determining when a student's conduct shall constitute a reason for referral to the Committee on Special Education for review and modification, if appropriate, of the student's individualized education program;
- e) Alternative educational programs appropriate to individual student needs;
- f) Disciplinary measures for violation of the school policies developed in accordance with subparagraphs b) and c) of this paragraph. Such measures shall be appropriate to the seriousness of the offense, restorative in nature, and where applicable, to the previous disciplinary record of the student. Any suspension from attendance upon instruction may be imposed only in accordance with Section 3214 of the Education Law; and
- g) Guidelines and programs for staff education to ensure effective implementation of school policy on school conduct and discipline. Spencerport Central Schools is an equal opportunity educational system and will work to ensure that our curriculum and instructional materials reflect the needs of our students. The responsibility of education throughout the Spencerport learning community involves making connections and providing students opportunities to enhance their personal and academic wellbeing. SUBJECT: LOSS OR DESTRUCTION OF DISTRICT PROPERTY OR RESOURCES

The District is authorized to seek restitution, through civil action when necessary, from the parent or guardian of an unemancipated student over the age of ten and under the age of 18 where the student:

- a) Has willfully, maliciously, or unlawfully damaged, defaced, or destroyed real or personal property in the care, custody, and/or ownership of the District; or
- b) Has knowingly entered or remained in a District building, and wrongfully taken, obtained, or withheld personal property owned or maintained by the District.

False Reporting of an Incident and/or Placing a False Bomb

The District is also authorized to seek restitution, as described in law, from a parent or guardian of an unemancipated student over the age of ten and under the age of 18 where the student:

- a) Has falsely reported an incident; or
- b) Has placed a false bomb as defined in the New York State Penal Law.

Damages for falsely reporting an incident or placing a false bomb means the funds reasonably expended by the District in responding to the false report of an incident or false bomb, less the amount of any funds which have been or will be recovered from any other source as described in law.

In seeking restitution, the District will file with the court, the County District Attorney, and defense counsel, an affidavit stating that the funds reasonably expended for which restitution is being sought have not been, and will not be, recovered from any other source or in any other civil or criminal proceeding, except as provided for in accordance with General Obligations Law.

SUBJECT: STUDENT DRESS CODE

The responsibility for student dress and general appearance shall rest with individual students and parents. However, the Board of Education requires students to attend school in appropriate dress that meets health and safety standards and does not interfere with the learning process. The Board also requests students to wear appropriate protective gear in certain classes (for example, family and consumer science, technology, physical education). In addition, the Board prohibits attire bearing an expression or insignia which is obscene or libelous or which advocates racial, religious or gender prejudice, or which is likely to cause a material disruption or interference with teaching or the orderly operation and discipline of the school or school activities. The dress code should be viewed as an opportunity to foster equity through the district's efforts with culturally responsive and sustaining education.

The Superintendent of Schools and other designated administrative personnel shall have the authority to require a student to change his/her attire should it be deemed inappropriate according to the above guidelines.

SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE PURPOSES

The parent of a student who has violated any rule or the District *Code of Conduct* and who was not identified as a student with a disability at the time of the behavior, may assert several protections provided for under the Individuals with Disabilities Education Act (IDEA) and State regulations if the District is deemed to have had knowledge that the student was a student with a disability before the behavior occurred.

Basis of Knowledge

The District will be deemed to have had knowledge that the student had a disability if, prior to the time the behavior occurred:

- a) The parent of the student expressed concern in writing to supervisory or administrative personnel, or to a teacher of the student, that the student needs special education and related services. Expressions of concern may be oral if the parent does not know how to write or has a disability that prevents a written statement;
- b) The parent of the student requested an evaluation of the student in writing; or
- c) A teacher of the student, or other District personnel, expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the Director of Special Education or to other supervisory personnel.

Exception

A student is not a student presumed to have a disability for discipline purposes if, as a result of receiving the information specified above:

- a) The parent of the student did not allow an evaluation of the student in accordance with law and/or regulations;
- b) The parent of the student refused services under law and/or regulations; or
- c) The student was evaluated and it was determined that the student is not a student with a disability.

Responsibility for Determining Whether a Student is a Student Presumed to Have a Disability

If it is claimed by the parent of the student or by District personnel that the District had a basis for knowledge, in accordance with law and/or regulation, that the student was a student with a disability prior to the time the behavior subject to disciplinary action occurred, it will be the responsibility of the Superintendent, building principal, or other school official imposing the suspension or removal to determine whether the student is a student presumed to have a disability.

(Continued)

Students

SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE PURPOSES (Cont'd.)**Conditions That Apply if There is No Basis of Knowledge**

If it is determined that there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other nondisabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made during the time period in which the student is subjected to a disciplinary removal, an expedited evaluation will be conducted in accordance with law and/or regulations. Pending the results of the evaluation, the student will remain in the educational placement determined by school authorities.

If the student is determined to be a student with a disability, taking into consideration information from the evaluation and information provided by the parents, the District will provide special education and related services in accordance with law and/or regulations.

SUBJECT: STUDENT ACCEPTABLE USE POLICY (AUP)

The Board will provide access to various computerized information resources through the District's computer system ("DCS") consisting of software, hardware, computer networks, and electronic communications systems. This may include access to email, on-line services, and the Internet. It may include the opportunity for some students to have independent access to the DCS from their home or other remote locations. All use of the DCS and the wireless network, including independent use off school premises, will be subject to this policy, any accompanying regulations and the District Code of Conduct.. Further, all DCS use must be in support of education or research and consistent with the goals and purposes of the District.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

This policy is intended to establish general guidelines for the acceptable student use of the DCS and also to give students and parents or guardians notice that student use of the DCS will provide student access to external computer networks not controlled by the District. The District cannot screen or review all of the available content or materials on these external computer networks, thus, some of the available content or materials on these external networks may be deemed unsuitable for student use or access by parents or guardians.

It is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access this content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events. Parents and guardians should establish boundaries and standards for the appropriate and acceptable use of technology and communicate these boundaries and standards to their children. The acceptable use standards outlined in this policy apply to student use of technology via the DCS or any other electronic media or communications, including by means of a student's own personal technology or electronic device on school grounds or at school events.

Student use of the DCS is conditioned upon agreement by all students and their parents/guardians that student use of the DCS will conform to the requirements of all policies and regulations adopted to insure acceptable use of the DCS.

Standards of Acceptable Use

Generally, the same standards of acceptable student conduct which apply to any school activity apply to use of the DCS. This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage.

District students must also adhere to the laws, policies, and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

Students

SUBJECT: STUDENT ACCEPTABLE USE POLICY (AUP) (Cont'd.)

Students who engage in unacceptable use may lose access to the DCS in accordance with applicable due process procedures, and may be subject to further discipline under the District's discipline policy and the Student Code of Conduct. The District reserves the right to pursue legal action against a student who willfully, maliciously or unlawfully damages, destroys, or interferes with the normal operation of District equipment and/or network resources. Further, the District may bring suit in civil court against the parents/guardians of any student who willfully, maliciously or unlawfully damages, destroys, or interferes with the normal operation of District equipment and/or network resources pursuant to General Obligations Law Section 3-112.

Student data files and other electronic storage areas are considered District property subject to control and inspection. The Chief Information Officer or designee may access all files and communications without prior notice to ensure system integrity and that users are complying with the requirements of all policies and any accompanying regulations. Students should not expect that information stored on the DCS will be private.

Notification

The District's AUP will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and students' obligations when accessing the DCS.

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY

The Board seeks to maintain a safe and secure environment for students and staff. Advances in technology have made it possible to expand the learning environment beyond traditional classroom boundaries. Using personal electronic devices during instructional time can enable students to explore new concepts, personalize their learning experience, and expand their global learning opportunities. Additionally, the use of personal technology devices is ubiquitous in today's society and standards for student use during non-instructional time should adapt to this change. This policy defines the use of personal technology during instructional and non-instructional times and reinforces the standard that all use, regardless of its purpose, must follow the guidelines outlined in the Student Use of Computerized Information Resources Policy the District's *Code of Conduct*, and the Dignity for All Students Act.

Personal technology includes all existing and emerging technology devices that can take photographs; record or play audio or video; input text; upload and download media; connect to or receive information from the internet; and transmit or receive messages, telephone calls, or images. Examples of personal technology include, but are not limited to, iPods and MP3 players; iPad, and other tablets; laptop and netbook computers; personal digital assistants (PDAs), cell phones and smart phones such as, iPhone, or Droid; smart watches; as well as any device with similar capabilities. Unacceptable devices include, but are not limited to, gaming devices or consoles, laser pointers, modems or routers, projectors, and televisions.

Instructional Purposes

The District shall not be liable for the loss, damage, misuse, or theft of any personal technology brought to School. The District reserves the right to monitor, inspect, and/or confiscate personal technology when administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

Elementary Level

The use of personal technology by elementary students is prohibited during regular school hours and on District transportation.

Secondary Level

Personal technology use by students is permitted during the school day for instructional purposes and/or in approved locations only. Teachers will indicate when and if classroom use is acceptable. Students are expected to act responsibly and thoughtfully when using technology resources.

Instructional purposes include, but are not limited to, approved classroom activities, research, college admissions activities, career development, communication with experts, homework, and other activities as deemed appropriate by school staff.

(Continued)

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY (Cont'd.)**Non-Instructional Uses**

Appropriate use of personal technology during non-instructional time is also allowed if students follow the Acceptable Use Guidelines in the *Code of Conduct* and the Dignity for All Students Act. Non-instructional use includes texting, calling, and otherwise communicating with others during free periods and in common areas of the school building such as the hallways, cafeteria, study halls, buses, and student lounges. Other non-instructional uses include Internet searches, reading, listening to music, and watching videos. Use during non-instructional time must be conducted in a safe and unobtrusive manner. Devices must also be in silent mode to avoid disrupting others.

Liability

The District will not be liable for the loss, damage, misuse, or theft of any personal technology brought to any of its schools. The District reserves the right to monitor, inspect, and/or confiscate personal technology when the administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

Privacy

The Board expressly prohibits the improper use of personal technology in locker rooms, restrooms, Health Offices and any other areas where a person would reasonably expect some degree of personal privacy. Personal technology may not be used for audio or video recordings of students, staff, or events, during regular school hours, without express permission from staff.

The District reserves the right to restrict student use of District-owned technologies and personal technology on school property or at school-sponsored events.

Students must follow the Acceptable Use Guidelines set out in the District *Code of Conduct* and the Student Use of Computerized Information Resources Policy at all times. Consequences for misuse are set forth in the District's *Code of Conduct*.

Prohibition During State Assessments

All students are prohibited from bringing electronic devices into a classroom or other location where a New York State assessment is being administered. Test proctors, test monitors, and school officials have the right to collect prohibited electronic devices prior to the start of the test and hold them while the test is being administered, including break periods. Admission to any assessment will be denied to any student who refuses to relinquish a prohibited device.

Students with disabilities may use certain devices if the device is specified in that student's IEP or 504 plan or a student has provided medical documentation that they require the device during testing.

SUBJECT: ALCOHOL, TOBACCO, DRUGS, AND OTHER SUBSTANCES (STUDENTS)

The Board of Education recognizes that the misuse of drugs and/or alcohol is a serious problem with legal, physical, emotional and social implications for the entire community. Therefore, the consumption, sharing and/or selling, use and/or possession of alcoholic beverages, tobacco products, cannabis products including marijuana and any product containing Tetrahydrocannabinol (THC), illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of such drugs is prohibited at any school-sponsored event or on school property at all times. The inappropriate use of prescription and over-the-counter drugs shall also be disallowed. Persons shall be banned from entering school grounds or school-sponsored events when exhibiting behavioral, personal or physical characteristics indicative of having used or consumed alcohol or other substances. A school-sponsored function includes a school-sponsored or school-authorized extracurricular event regardless of where the event or activity takes place.

Through the collaborative efforts of staff, students, parents/guardians and the community as a whole, a comprehensive program shall be developed addressing alcohol, tobacco, drugs, non-medical use of prescription drugs, and other substances to include the following elements:

Primary Prevention

Preventing or delaying alcohol, tobacco, drugs, and other substance use/abuse by students shall be the major focus of a comprehensive K through 12 program in which proactive measures of prevention and early intervention are emphasized. This program shall include:

- a) A sequential K through 12 curriculum based on recognized principles of effectiveness that is developed and incorporated into the total educational process. This curriculum shall be concerned with education and prevention in all areas of alcohol, tobacco, drugs, and other substances uses/abuse;
- b) Training school personnel and parents/guardians to reinforce the components of the policy through in-service and community education programs with up-to-date factual information and materials.
- c) An effort to provide positive alternatives to alcohol, tobacco, drugs, and other substances use/abuse through the promotion of drug/alcohol/tobacco-free special events, service projects and extracurricular activities that will develop a positive peer influence.

Intervention

School-based intervention services shall be made available to all students, grades K through 12, and provided by prevention professionals who are appropriately trained in this area. The purpose of intervention is to eliminate any existing use/abuse of alcohol, tobacco, drugs, non-medical use of prescription drugs, and other substances and to identify students considered to be at risk for use/abuse. Intervention programming shall include:

(Continued)

**SUBJECT: ALCOHOL, TOBACCO, DRUGS, AND OTHER SUBSTANCES (STUDENTS)
(Cont'd.)**

- a) Counseling of students in groups and as individuals on alcohol, tobacco, drugs, non-medical use of prescription drugs, and other substance use/abuse. Counselors shall be appropriately trained and skilled school staff assigned for this purpose.
- b) Referring students to community or other outside agencies when their use/abuse of alcohol, tobacco, drugs, non-medical use of prescription drugs, and other substances requires additional counseling or treatment. Referral is a key link in school and community efforts and the process is basic to the dissemination of information regarding available counseling and health services;
- c) Providing a supportive school environment designed to continue the recovery process for students returning from treatment. (A re-entry program may include continuing student and/or family counseling and emphasizing positive alternatives to alcohol, tobacco, drugs, non-medical use of prescription drugs, and other substance use/abuse.)
- d) Ensuring confidentiality as required by state and federal law.

Disciplinary Measures

Disciplinary measures for students consuming, sharing and/or selling, using and/or possessing alcoholic beverages, tobacco products, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of such drugs shall be outlined in the District's Code of Conduct.

Staff Development

There shall be ongoing training of District staff members about the components of an effective alcohol, tobacco, and other substances program. Training shall include, but not be limited to, District policies and regulations and the staff's role in implementing such policies, and regulations. Teachers shall be trained to implement the District's K through 12th grade alcohol, tobacco, and other substance prevention curricula; intervention staff shall be suitably trained to carry out appropriate services.

Implementation, Dissemination and Monitoring

It shall be the responsibility of the Superintendent to implement this Board policy by collaboration with school personnel, students, parents/guardians and the community at large.

Additionally, copies of this Board policy shall be disseminated to District staff, parents/guardians and community members. The Superintendent/designee shall periodically review the drug and alcohol abuse prevention program to determine its effectiveness and support appropriate modifications, as needed.

SUBJECT: BUS RULES

The District furnishes transportation to students whose disability or distance from the school make the service essential. Except as otherwise mandated in a student's Individualized Education Program (IEP), riding school buses is a privilege which may be revoked if the student does not comply with the rules set forth in the *Code of Conduct*.

Bus drivers will be held responsible for reasonable and acceptable behavior of students while riding the school bus. Students riding school buses are expected to conform to the rules of conduct in order to permit the bus driver to transport his or her passengers safely.

The Board and the Superintendent or designee has the authority to suspend the transportation privileges of children who are disorderly and insubordinate on buses. In these cases, the parents/guardians of the children involved become responsible for seeing that their children get to and from school safely. However, if a suspension from transportation effectively results in absence from school because of the distance between the home and the school and the absence of alternative public or private means of transportation, the District will make appropriate arrangements to provide for the student's education.

If a student with a disability who receives transportation as a related service as part of his or her IEP is being considered for suspension from transportation, and that suspension would effectively result in a change in placement, the student will be referred to the Committee on Special Education.

SUBJECT: CORPORAL PUNISHMENT/EMERGENCY INTERVENTIONS**Corporal Punishment**

Corporal punishment as a means of discipline will not be used against a student by any teacher, administrator, officer, employee, or agent of this District.

Whenever a school employee uses physical force against a student, the school employee will immediately report the situation to the building principal or designee who will within the same school day, make a report to the Superintendent describing in detail the circumstances and the nature of the action taken.

The Superintendent will submit a written report semi-annually to the Commissioner of Education, with copies to the Board, by January 15 and July 15 of each year, setting forth the substance of each written complaint about the use of corporal punishment received by the District authorities during the reporting period, the results of each investigation, and the action, if any, taken by the school authorities in each case.

Emergency Interventions

If alternative procedures and methods which do not involve physical force do not work, then the use of reasonable physical force is permitted for the following reasons:

- a) Self-protection;
- b) Protection of others;
- c) Protection of property; or
- d) Restraining or removing a disruptive student.

Emergency interventions will only be used in situations where alternative procedures and methods that do not involve the use of reasonable physical force cannot reasonably be employed. Emergency interventions will not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify, or eliminate a targeted behavior.

Staff who may be called upon to implement emergency interventions will be provided appropriate training in safe and effective restraint procedures. The parent(s) of the student will be notified whenever an emergency intervention is utilized.

The District will maintain documentation on the use of emergency interventions for each student including:

- a) Name and date of birth of student;

(Continued)

SUBJECT: CORPORAL PUNISHMENT/EMERGENCY INTERVENTIONS (Cont'd.)

- b) Setting and location of the incident;
- c) Name of staff or other persons involved;
- d) Description of the incident and emergency intervention used, including duration;
- e) A statement as to whether the student has a current behavioral intervention plan; and
- f) Details of any injuries sustained by the student or others, including staff, as a result of the incident.

This documentation will be reviewed by District supervisory personnel and, if necessary, by the school nurse or other medical personnel.

SUBJECT: WEAPONS IN SCHOOL AND THE GUN-FREE SCHOOLS ACT

With the exception of those students who receive prior written permission from the Board or its designee, no student may bring in or possess any "firearm" or "weapon" on school property, on a school bus or District vehicle, in school buildings, or at school-sponsored activities or settings under the control or supervision of the District regardless of location. Any student who has been found guilty of bringing in or possessing a firearm or weapon in violation of this policy will be disciplined in a manner consistent with law and the District's *Code of Conduct*. Discipline may include a mandatory suspension for a period of not less than one calendar year for a student who is determined to have violated the Federal Gun-Free Schools Act and its implementing provisions in the New York State Education Law, provided that the Superintendent may modify the suspension requirement on a case-by-case basis.

Students who have brought a "weapon" or "firearm" to school will be referred by the Superintendent to either a presentment agency (the agency or authority responsible for presenting a juvenile delinquency proceeding) or to appropriate law enforcement officials. These referrals will be made as follows: a student who is under the age of 16 and who is not a 14 or 15 year-old who qualifies for juvenile offender status under the Criminal Procedure Law will be referred to a presentment agency for juvenile delinquency proceedings; a student who is 16 years old or older, or who is 14 or 15 and qualifies for juvenile offender status, will be referred to the appropriate law enforcement authorities.

For the purposes of this policy, the term "weapon" will be as defined in 18 USC 930(g)(2).

For the purposes of this policy, the term "firearm" will be as defined in 18 USC 921(a).

Students with disabilities continue to be entitled to all rights set forth in the Individuals with Disabilities Act and Education Law Article 89. This policy does not authorize suspension of students with disabilities in violation of those authorities.

This policy also does not diminish the authority of the Board to offer courses in instruction in the safe use of firearms in accordance with Education Law Section 809-a.

SUBJECT: EXTRACURRICULAR ACTIVITIES

Any organization within the District whose activities are conducted by students, and whose financial support is raised other than by taxation or through charges of the Board, is an extraclassroom activity (ECA). All ECAs must be approved by the Board. The Superintendent or designee will maintain an up-to-date register of all ECAs that are approved or discontinued. The District will develop detailed procedures for the establishment of ECAs.

The Board may adopt rules and regulations to abolish and/or prohibit any fraternity, sorority, or other secret society in any secondary school in the District provided that the Board has found that the fraternity, sorority, or secret society has, by virtue of its activities, caused or created a disruption of or interference with the academic process of any secondary school within the District or caused or created a disruption of the academic process of any individual student or students in any secondary school within the District.

Eligibility for Attendance

Student participation in extracurricular activities is a privilege. Students must abide by the academic standards and standards of conduct for participation in extracurricular activities as established by the Board and outlined in the District's *Code of Conduct* and/or any other applicable document.

Censorship of School-Sponsored Student Publications and Activities

The District may exercise editorial control over the style and content of student speech in school-sponsored publications and activities that are part of the educational curriculum.

Limited Open Forum

The District maintains a limited open forum where one or more noncurricular related secondary student groups meet on District premises during noninstructional time. The District will not deny equal access or a fair opportunity to, or discriminate against these groups on the basis of the religious, political, philosophical, or other content of the speech at those meetings.

To provide a fair opportunity to students who wish to conduct a meeting, the District will ensure that:

- a) The meeting is voluntary and student-initiated;
- b) There is no sponsorship of the meeting by the District, the government, or its agents or employees;
- c) Employees or agents of the District or government are present at religious meetings only in a nonparticipatory capacity;

(Continued)

SUBJECT: EXTRACURRICULAR ACTIVITIES (Cont'd.)

- d) The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the District; and
- e) Non-District persons may not direct, conduct, control, or regularly attend activities of student groups.

However, the District, its agents, and its employees, retain the authority to:

- a) Ban unlawful groups;
- b) Maintain order and discipline on District premises;
- c) Protect the well-being of students and employees;
- d) Assure that attendance of students at meetings is voluntary; and
- e) Restrict groups that materially and substantially interfere with the orderly conduct of educational activities.

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM**General Principles and Eligibility**

Athletics are an integral part of a well-balanced educational program. The District's interscholastic athletic program will conform with the Commissioner's regulations, as well as the established rules of the New York State Public High School Athletic Association (NYSPHSAA) and the State Education Department.

Athletic eligibility requires that the student:

- a) Provide written parental or guardian consent. The consent form must contain information regarding mild traumatic brain injuries (concussions) as specified in the Commissioner's regulations.
- b) Obtain medical clearance from the school physician or nurse practitioner or the student's personal physician. The school physician or nurse practitioner retains final approval on any physicals performed by a student's personal physician.
- c) Meet the requirements for interscholastic competition as set forth by the Commissioner's regulations and the NYSPHSAA.
- d) Comply with all District rules, codes, and standards applicable to athletic participation.

Title IX Compliance

The Board supports equal athletic opportunities for members of both sexes through interscholastic and intramural activities. To ensure equal athletic opportunities for its students, the District will consider:

- a) Its accommodation of athletic interests and abilities (the nature and extent of sports offered, including levels of competition, team competition, and team performance);
- b) Equipment and supplies;
- c) Scheduling of games and practice time;
- d) Travel costs and opportunities for travel;
- e) Assignment and compensation of coaches;
- f) Locker rooms, practice, and competitive facilities;
- g) Available medical and training facilities and services; and

(Continued)

Students

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)

- h) The nature and extent of support, publicity, and promotion.

The District may consider other pertinent factors as well. Each of the factors will be assessed by comparing availability, quality, type of benefits, kind of opportunities, and form of treatment. Identical benefits, opportunities, or treatment are not required.

The District's Civil Rights Compliance Officer will coordinate the District's efforts to comply with and carry out its responsibilities under Title IX. This person will be appropriately trained and possess comprehensive knowledge about applicable federal and state laws, regulations, and policies. To the extent possible, the District will not designate an employee whose other job duties may create a conflict of interest, such as the athletic director.

Booster Clubs

The District has a responsibility under Title IX to ensure that boys' and girls' programs are provided with equivalent benefits, treatment, services, and opportunities regardless of their source. When determining equivalency, therefore, benefits, services, and opportunities attained through private funds—including donations, fundraising, and booster clubs—must be considered in combination with all benefits, services, and opportunities.

Athletic Placement Process for Interscholastic Athletic Programs (APP)

The APP is a method for evaluating students who want to participate in sports at higher or lower levels, consistent with their physical and emotional maturity, size, fitness level, and skills. The Board approves the use of the APP for students in grades no lower than seventh grade to compete on interscholastic athletic teams organized for senior high school students. The Superintendent will implement procedures for the APP, and will direct the athletic director to maintain records of students who have successfully completed the APP.

Student Athletic Injuries

No injured student will be allowed to practice or play in an athletic contest. An appropriate medical professional should diagnose and treat an athlete's injuries. The coach should ensure that any player injured while under his or her care receives prompt and appropriate medical attention, and that all of the medical professional's treatment instructions are followed. The injured student has an obligation to promptly inform his or her coach of all injuries. No student will be allowed to practice or compete if there is a question whether he or she is in adequate physical condition. A physician's certification may be required before an athlete is permitted to return to practice or competition.

(Continued)

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)**Athletic Program-Safety**

The District will take reasonable steps to minimize physical risks posed to students participating in the interscholastic athletic program by:

- a) Requiring timely medical examinations of participants;
- b) Employing certified or licensed staff to coach all varsity, junior varsity, and modified practices and games;

SUBJECT: CONTESTS FOR STUDENTS, STUDENT AWARDS AND SCHOLARSHIPS**Contests for Students**

Distribution of educational material, essay contests, and poster contests, and other educational contests must be approved in advance by the building principals if the sponsoring organization wishes to involve students in the project on school time. Samples of informational material should accompany the request. As determined by the building principal, the request may be forwarded to the Superintendent and the Board for approval.

Student Awards and Scholarships

The District may obtain and give certain awards and scholarships to its students. The Board will hold in trust gifts, grants, bequests, and legacies given or bequeathed to the District, and it will apply the same or their interest and proceeds according to the instruction of the donors and according to the procedures established by the administration.

Student Awards

The aim of the awards system is to celebrate and encourage high achievement in scholarship, school citizenship and athletics.

Awards which have received Board of Education approval shall be presented to those students selected in accordance with the criteria established by the terms of the awards.

The Superintendent or designee will review and approve, or reject, proposed trophies, prizes or other awards from nondistrict donors. Acceptance will require affirmative answers to the following questions:

- a) Is the aim (either implied or explicit) of the proposed award consistent with our schools' goals and philosophy?
- b) Are the criteria for making the award under the control of the professional staff or acceptable to the staff?
- c) Can the proposed award be considered free from motives of personal or corporate gain and publicity?

If a nondistrict award requires financial support from the District, the District may, if approved by the Board of Education, provide a maximum of 50 percent, but not in excess of \$1,000 of the cost per student.

SUBJECT: STUDENT MEMBERSHIP IN THE NATIONAL HONOR SOCIETY

Selection of students to the National Honor Society (NHS) is a privilege, not a right. Students do not apply for membership in the National Honor Society; instead, they provide information to be used by the local selection committee (i.e., the Faculty Council) to support their candidacy for membership. The school principal shall annually appoint a member of the faculty as chapter adviser, who may serve consecutive terms. The chapter adviser shall be an ex-officio, non-voting, sixth member of the Faculty Council. The Faculty Council shall consist of five voting faculty members appointed annually by the principal. No principal or assistant principal may be included on the Faculty Council. The term of the Faculty Council shall be one year. The Faculty Council may be appointed to consecutive terms. The Faculty Council shall meet at least once a year to review the procedures of the chapter, to select members and to consider non-selection, dismissal, other disciplinary actions, and warning cases. The Faculty Council will develop and revise, when necessary, all chapter procedures for selection, disciplining, and dismissal of members, all of which must remain in compliance with the national guidelines.

Membership to the NHS is granted only to those students selected by the Faculty Council in each school and is based on outstanding scholarship (which must meet or may exceed national guidelines as determined by the Faculty Council), leadership, service, and character. The National Honor Society is more than just an honor roll, and the extent to which the local chapter emphasizes the components of the selection process enumerated above should be carefully included in the selection process guidelines. The selection of each member to the chapter shall be by a majority vote of the Faculty Council. Once selected, members have the responsibility to continue to demonstrate these qualities.

The selection process must be public information, available to parents, students, and faculty upon request. It may be published in student handbooks, the school newspaper, in parent newsletters, or some other publication that is widely available to students and parents and, in addition, should be shared at orientation programs for new students. Proper dissemination of information about the local chapter, particularly details concerning the selection process used at the school, will help prevent problems with students or parents who may wish to question the process. However, whatever procedure is followed by the selection committee, it must be fair, non-discriminatory, consistently applied, and written for public dissemination.

The principal shall reserve the right to approve all activities and decisions of the chapter; and he/she shall receive appeals in cases of non-selection of candidates, and the disciplining or dismissal of members. The National Council and the National Association of Secondary School Principals shall not consider appeals of the Faculty Council's decision regarding selection of individual members to local chapters.

SUBJECT: MUSICAL INSTRUMENTS

The Board of Education supports the grades 4-12 Instrumental Music Program offered in the District.

All instrumental music students shall be expected to own or rent their instrument - particularly the common and less expensive instruments (flute, clarinet, trumpet, saxophone etc.).

Students will not be required to own the less common and more expensive instruments if they are owned by the district. Instruments in this category are as follows: oboe, bassoon, tuba, French horn, trombone, baritone horn, tenor and baritone saxophones, bass trombone, and percussion instruments. School-owned instruments in this classification will be disbursed upon decisions by the instrumental music staff. Decisions of disbursement will be made on a case-by-case basis dependent upon instrumentation needs at each grade level. Students who utilize district-owned instruments will pay an annual rental fee set forth each year by the Board of Education. Rental fees for district owned instruments may be waived in the case of severe hardship or if a student is on free/reduced lunch.

Students and parents/guardians will assume responsibility for proper care of school-owned instruments and will pay for damages to same.

The District will only transport, in its vehicles, those instruments meeting certain safety standards as indicated in the New York State Department of Transportation Regulations.

SUBJECT: FUNDRAISING BY STUDENTS

Fundraising projects in which students sell merchandise, provide services, or in other ways solicit money for school activities may be sponsored by school organizations with the express approval of the building principal. Any plan must have a clearly defined purpose and, in general, must contribute to the educational experience of students. Fundraising must not conflict with instructional programs or state mandates. Fundraising activities away from school property will be held to a minimum. All participation will be voluntary.

Door-to-door sales projects undertaken by any organization using the District's name require prior Board approval. Profits will be used to enhance school programs by providing money for expenditures not normally funded by the District.

Employees are cautioned against giving the impression to students that the purpose of selling items or paying a fee is to defray a portion of the District's educational program. At no time should a student's participation in an educational activity include these sales or fees. In addition, employees are not permitted to deposit the proceeds of any legitimate sales activity in their own personal accounts. These activities may jeopardize a student's right to participate in the educational program on a tuition or fee-free basis. Further, employees engaged in these activities may be held personally liable.

SUBJECT: IMMUNIZATION OF STUDENTS

Every student entering or attending a District school must present proof of immunization or proof of immunity by serology (blood test) if applicable unless a New York State licensed physician certifies that the immunization is detrimental to the student's health. The requirement for that immunization is waived until the immunization is no longer detrimental to the student's health.

Except for this exemption, the District may not permit a student lacking evidence of immunization to remain in school for more than 14 days, or more than 30 days for an out-of-state or out-of-country transferee who can show a good faith effort to get the necessary certification or other evidence of immunization.

The administration shall notify the local health authority of the name and address of the excluded students and provide the parent or person in parental relation a statement of his/her duty regarding immunization and a consent form prescribed by the Commissioner of Health. The school shall cooperate with the local health authorities to provide a time and place for the immunization of these students.

For homeless children, the enrolling school must immediately refer the parent or guardian of the student to the District's homeless liaison, who must assist them in obtaining the necessary immunizations, or immunization or medical records.

The District will provide an annual summary of compliance with immunization requirements to the Commissioner of Health.

All schools will also post educational information on influenza and the benefits of influenza immunization which will be in plain view and available to parents.

SUBJECT: STUDENT PHYSICALS**Health Examination and Certificate**Health Examination

Each student enrolled in a District school must have a satisfactory health examination conducted by a duly licensed physician, physician assistant, or nurse practitioner within 12 months prior to the commencement of the school year of the student's entrance into:

- a) A District school at any grade level;
- b) Pre-kindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The District may also require an examination and health history of a student when it is determined by the District that it would promote the educational interests of the student.

The District will also provide health examinations before participation in strenuous physical activity and periodically throughout the season as necessary, as well as for the issuance of employment certificates, vacation work permits, newspaper carrier certificates, and street trades badges.

Health Certificate

Each student must submit a health certificate attesting to the health examination within 30 calendar days after his or her entrance into:

- a) A District school at any grade level;
- b) Pre-Kindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The building principal or designee will send a notice to the parent of, or person in parental relation to, any student who does not present a health certificate, that if the required health certificate is not furnished within 30 calendar days from the date of the notice, an examination by health appraisal will be made of the student by the Director of School Health Services.

The health certificate will be filed in the student's cumulative record. The health certificate must:

- a) Be on a form prescribed by the Commissioner;

- c) State the results of any test conducted on the student for sickle cell anemia;
- d) State whether the student is in a fit condition of health to permit his or her attendance at a District school and, where applicable, whether the student has impaired sight or hearing, has received a scoliosis screening, or has any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of such work to prevent injury to the student;
- e) State the student's body mass index (BMI) and weight status category; and
- f) Be signed by a duly licensed physician, physician assistant, or nurse practitioner, who is:
 - 1. Authorized by law to practice in New York State consistent with any applicable written practice agreement; or
 - 2. Authorized to practice in the jurisdiction in which the examination was given, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to those of New York State.

A licensed health professional with appropriate training may conduct a scoliosis screening.

Dental Health Certificate

The District will request a dental health certificate from each student at the same time that health certificates are required.

The District may also request an assessment and dental health history of a student when it is determined by the District that it would promote the educational interests of the student.

A notice of request for a dental health certificate will be distributed at the same time that the parent or person in parental relation is notified of health examination requirements. The notice of request for a dental health certificate will list dental practices, dentists, and registered dental hygienists to which students may be referred for dental services on a free or reduced cost basis upon request of the student's school.

Students

SUBJECT: STUDENT PHYSICALS (Cont'd.)

The dental health certificate will be filed in the student's cumulative record. The dental health certificate must:

- a) Describe the dental health condition of the student when the assessment was given, provided that the assessment was not given more than 12 months prior to the commencement of the school year in which the assessment is requested; and

- c) Be signed by a duly licensed dentist, or a registered dental hygienist, who is:
 1. Authorized by law to practice in New York State, and consistent with any applicable written practice agreement; or
 2. Authorized to practice in the jurisdiction in which the assessment was performed, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to New York State.

Examination by Health Appraisal

The District Medical Director will cause students who are required to, but have not submitted, the required health certificate and students with disabilities to be separately and carefully examined and tested to ascertain whether any student has impaired sight or hearing, or any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of work to prevent injury to the student.

Each examination will include a calculation of the student's BMI and weight status category. Further, the physician, physician assistant, or nurse practitioner administering the examination will determine whether a one-time test for sickle cell anemia is necessary or desirable and, if so determined, will conduct the test and include the results in the health certificate.

Unless otherwise prohibited by law, if it is ascertained that a student has impaired sight or hearing, or a physical disability or other condition, including sickle cell anemia, the building principal or designee will notify, in writing, the student's parent or person in parental relation as to the existence of the disability. If the parent or person in parental relation is unable or unwilling to provide the necessary relief and treatment for the student, it will be reported by the building principal or designee to the District Medical Director, who then has the duty to provide relief for the student.

SUBJECT: STUDENT PHYSICALS (Cont'd.)**District Reporting of BMI and Weight Status Category**

Each school year, the New York State Department of Health randomly selects a certain number of districts across New York State to report, in the aggregate, students' BMI and weight status categories. Selected districts must report BMI results on-line using the Department of Health's Health Provider Network secure website. A student's parent or person in parental relation may refuse to have the student's BMI and weight status category included in such survey.

Health Screenings

The District will provide a:

- a) Scoliosis screening, if not documented on the student's health certificate, at least once each school year for male students in grade 9, and for female students in grades 5 and 7. The positive results of any scoliosis screening examination will be provided in writing to the student's parent or person in parental relation within 90 calendar days after the finding;
- b) Vision screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. The vision screening will test the student's color perception, distance acuity, and near vision. In addition, all students will be screened for distance acuity and near vision in grades pre-kindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. The results of all vision screening examinations will be provided in writing to the student's parent or person in parental relation and to any teacher of the student while the student is enrolled in the District school; and
- c) Hearing screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. In addition, all students will receive a hearing screening in grades pre-kindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. Each hearing screening will include, but not be limited to, pure tone screening. The results of any hearing tests requiring a follow-up examination will be provided in writing to the student's parent or person in parental relation and to any teacher of the student while the student is enrolled in the District school.

The results of all health screenings will be recorded in the student's cumulative health record which will be maintained by the school for at least as long as the minimum retention period for such records.

Student Health Records

The health records of individual students will be kept confidential in accordance with the federal Family Educational Rights and Privacy Act (FERPA) and any other applicable federal and state laws.

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)**Accommodation for Religious Beliefs**

No health examinations, health history, examinations for health appraisal, screening examinations for sickle cell anemia and/or other health screenings will be required where a student or the parent or person in parental relation to that student objects on the grounds that the examinations, health history, and/or screenings conflict with their genuine and sincere religious beliefs. A written and signed statement from the student or the student's parent or person in parental relation that the person holds these beliefs must be submitted to the building principal or designee, in which case he or she may require supporting documents.

Students in Temporary Housing

For students in temporary housing (i.e., homeless children and youth), the enrolling school must immediately refer the parent or guardian of the student to the District's McKinney-Vento liaison, who will assist them in obtaining the necessary medical records.

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS**Administration of Medication**

The school's registered professional nurse may administer medication to a student during the school day under certain conditions. For the purpose of this policy, the term "medication" includes both prescription and non-prescription or over-the-counter medications. The school must receive the following before medication will be administered to a student:

- a) The original written order from the student's provider stating the name of the medication, precise dosage, frequency, and time of administration;
- b) A written, signed consent from the student's parent or person in parental relation requesting the administration of the medication, as prescribed by the physician, to the student in school; and
- c) The medication, properly labeled in its original container, must be delivered to the school health office by the student's parent or person in parental relation. The term "properly labeled," in the context of this policy, means that the container must include the following information: the student's name, name of medication, dosage, frequency, and prescribing physician. A student is not permitted to carry any medication on his or her person in school, or on the school bus, or keep any medication in his or her school locker(s). Exceptions may apply, however, for students diagnosed with asthma or other respiratory illnesses, diabetes, or allergies who will be permitted to carry and self-administer medication under certain conditions.

All medication orders must be reviewed annually by school health office personnel or whenever there is a change in dosage.

Students with Asthma or Other Respiratory Illnesses

Personal equipment used to deliver albuterol to a student will be cleaned and appropriately labeled with the student's name and used solely by that individual student. (Examples of equipment to be cleaned and labeled are nebulizer tubing, facemask, mouthpiece, spacer, etc.)

Self-Administration of Medication**Generally**

Each student who is permitted to self-administer medication should have an emergency care plan and a self-medication attestation on file with the District. Further, the school will maintain a record of all written parental consents in the student's cumulative health record.

(Continued)

Students

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)

School health office personnel will also maintain regular parental contact in order to monitor the effectiveness of such self-medication procedures and to clarify parental responsibility as to the daily monitoring of their child to ensure that the medication is being utilized in accordance with the physician's or provider's instructions. Additionally, the student will be required to report to the health office on a periodic basis as determined by health office personnel so as to maintain an ongoing evaluation of the student's management of such self-medication techniques, and to work cooperatively with the parents and the student regarding such self-care management.

Students who self-administer medication without proper authorization will be referred for counseling by school nursing personnel, as appropriate. Additionally, school administration and parents will be notified of such unauthorized use of medication by the student, and school administration may determine the proper resolution of this behavior.

Students with Asthma or Another Respiratory Disease

A student will be permitted to carry and self-administer their prescribed inhaled rescue medication during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of asthma or other respiratory disease for which inhaled rescue medications are prescribed to alleviate respiratory symptoms or to prevent the onset of exercise induced asthma; the student has demonstrated that he or she can self-administer the prescribed medication effectively; and the expiration date of the order, the name of the prescribed medication, the dose the student is to self-administer, times when the medication is to be self-administered, and the circumstances which may warrant the use of the medication; and
- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain an extra inhaled rescue medication in the care and custody of the school's registered professional nurse, nurse practitioner, physician assistant, or school physician.

Students with Allergies

A student will be permitted to carry and self-administer his or her prescribed epinephrine injector during the school day, on school property, and at any school function if the school health office has the following on file:

(Continued)

Students

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of an allergy for which an epinephrine injector is needed for the emergency treatment of allergic reactions; the student has demonstrated that he or she can self-administer the prescribed epinephrine injector effectively; and the expiration date of the order, the name of the medicine, the dose the student is to self-administer, and the circumstances which may warrant the use of the medication; and
- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain an extra epinephrine injector in the care and custody of a licensed nurse, nurse practitioner, physician assistant, or school physician.

Students with Diabetes

A student will be permitted to carry and self-administer his or her prescribed insulin through an appropriate medication delivery device, carry glucagon, and carry and use equipment and supplies necessary to check blood glucose and/or ketone levels during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of diabetes for which insulin and glucagon through appropriate medication delivery devices, and the use of equipment and supplies to check blood glucose and/or ketone levels are necessary; the student has demonstrated that he or she can self-administer effectively, can self-check glucose or ketone levels independently, and can independently follow prescribed treatment orders; and the expiration date of the order, the name of the prescribed insulin or glucagon, the type of insulin delivery system, the dose of insulin and/or glucagon the student is to self-administer, times when the insulin and/or glucagon is to be self-administered, and the circumstances which may warrant administration by the student. The written permission must also identify the prescribed blood glucose and/or ketone test, the times testing is to be done, and any circumstances which warrant checking a blood glucose and/or ketone level.
- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain extra insulin, insulin delivery system, glucagon, blood glucose meter, and related supplies to treat the student's diabetes in the care and custody of a licensed nurse, nurse practitioner, physician assistant, or school physician.

Students with diabetes will also be permitted to carry food, oral glucose, or other similar substances necessary to treat hypoglycemia in accordance with District policy.

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)**Storage and Disposal of Medication**

The District will comply with relevant state laws, regulations, and guidelines governing the District's receipt, storage, and disposal of medication.

Personal Care ItemsFeminine Hygiene Products

Each school building within the District serving students in any grade from six through twelve will provide feminine hygiene products in building restrooms. Each school building serving students in grades K-5 will keep a supply of feminine hygiene products in the nurse's office. These products will be provided at no charge to students.

Alcohol-Based Hand Sanitizers

The New York State Education Department (SED) permits the use of alcohol-based hand sanitizers in schools. The school medical director may approve and permit the use of alcohol-based hand sanitizers in the District's schools without a physician's order. Parents may provide written notification to the school in the event that they do not wish to have their child use this product.

Sunscreen

Students may carry and use FDA-approved sunscreen products for over-the-counter use. The student's parent or person in parental relation must provide written permission for the student to carry and use sunscreen. This written parental consent will be maintained by the school. A student who is unable to physically apply sunscreen may be assisted by unlicensed personnel when directed to do so by the student, if permitted by a parent or person in parental relation, and authorized by the school.

SUBJECT: STUDENT HEALTH RECORDS

The District will keep a convenient, accurate, and up-to-date health record of every student. Insofar as the health records include confidential disclosures or findings, they will be kept confidential.

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of students' "education records." For Pre-K through grade 12 students, health records maintained by the District, including immunization records and school nurse records, generally are considered "education records" subject to FERPA. In addition, records that the District or school maintains on special education students, including records on services provided to students under the Individuals with Disabilities Education Act (IDEA) are considered "education records."

Since student health and medical information in education records is protected by FERPA, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule excludes this information from its coverage.

Generally, these records may not be shared with third parties without written parental consent unless the disclosure meets one of the exceptions to FERPA's general consent requirement. One exception permits the disclosure of education records, without parental consent, to appropriate parties in connection with an emergency, if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

Parents have a right under FERPA to inspect and review those health and medical records that are considered "education records" under FERPA. Individual records may be interpreted by the school's registered professional nurse to administrators, teachers, and other school officials, consistent with law.

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS

Students come to school with diverse medical conditions which may impact their learning as well as their health. Some of these conditions are serious and may be life-threatening. As a result, students, parents, school personnel, and health care providers must all work together to provide the necessary information and training to allow children with chronic health problems to participate as fully and safely as possible in the school experience. This policy encompasses an array of serious or life-threatening medical conditions such as anaphylaxis, diabetes, seizure disorders, or severe asthma and acute medical conditions such as substance overdose. All students within the District with known life-threatening conditions will have a comprehensive plan of care in place: an Emergency Care Plan (ECP) or Individualized Healthcare Plan (IHP) and if appropriate, an Individualized Education Plan (IEP) or Section 504 Plan.

Life-Threatening Conditions

For those students with chronic life-threatening conditions such as diabetes, seizure disorders, asthma, and allergies, the District must work cooperatively with the parent(s) and the healthcare provider(s) to:

- a) Immediately develop an ECP for each at risk student to ensure that all appropriate personnel are aware of the student's potential for a life-threatening reaction;
- b) If appropriate, develop an IHP that includes all necessary treatments, medications, training, and educational requirements for the student. If the student is eligible for accommodations based upon the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act, the appropriate procedures will be followed regarding evaluation and identification;
- c) Provide training by licensed medical personnel (e.g., registered professional nurse) for all adults in a supervisory role in the recognition and emergency management of a specific medical condition for specific students;
- d) Obtain specific medical-legal documents duly executed in accordance with New York State law; appropriate health care provider authorization in writing for specific students that includes the frequency and conditions for any testing and/or treatment, symptoms, and treatment of any conditions associated with the health problem; and directions for emergencies;
- e) Secure written parent permission and discuss parental responsibility that includes providing the health care provider's orders, providing any necessary equipment, and participation in the education and co-management of the child as he or she works toward self-management;

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS (Cont'd.)

- f) Allow supervised students to carry life-saving medication in accordance with relevant laws, regulations, and procedures. The District will also encourage parents and students to provide duplicate life-saving medication to be maintained in the health office in the event the self-carrying student misplaces, loses, or forgets their medication;
- g) Assure appropriate and reasonable building accommodations are in place within a reasonable degree of medical certainty.

In addition, the District will:

- a) Provide training for transportation, instructional, food service, or physical education staff, as appropriate, in the recognition of an anaphylactic reaction;
- b) Have standing emergency medical protocols for nursing or other staff;
- c) Request the school medical director to write a non-patient specific order for anaphylaxis treatment agents for the school's registered professional nurse or other staff, as designated by the administration and allowed under federal and New York State laws and regulations, to administer in the event of an unanticipated anaphylactic episode;
- d) Maintain or ensure the maintenance of a copy of the standing order(s) and protocol(s) that authorizes them to administer emergency medications such as anaphylactic treatment agents;
- e) As permitted by New York State law, maintain stock supplies of life-saving emergency medications such as epinephrine auto-injectors or Naloxone (Narcan) for use, especially in first time emergencies;
- f) Allow the school registered nurse, nurse practitioner, or physician to train unlicensed school personnel to administer emergency epinephrine via auto-injector, or emergency glucagon, to students with both a written provider order and parent or person in parental relation consent during the school day, on school property, and at any school function. Such training will be done in accordance with specifications outlined in the Commissioner's regulations;
- g) Ensure that building-level safety plans and the District-wide emergency response plan include appropriate accommodations for students with life-threatening health conditions;
- h) Encourage families to obtain medic-alert bracelets for at risk students;
- i) Educate students regarding the importance of immediately reporting symptoms of an allergic reaction.

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS (Cont'd.)**Creating an Allergen-Safe School Environment**

The risk of accidental exposure or cross-contamination is always present in school, particularly for students with food allergies. The school setting is a high-risk environment for accidental ingestion of a food allergen due to the presence of a large number of students, increased exposure to food allergens, and cross-contamination of tables, desks, and other surfaces.

In an effort to prevent accidental exposure to allergens, the District will monitor the following high-risk areas and activities:

- a) Cafeteria;
- b) Food sharing;
- c) Hidden ingredients in art, science, and other projects;
- d) Transportation;
- e) Fund raisers and bake sales;
- f) Parties and holiday celebrations;
- g) Field trips;
- h) Before and after school programs.

Medication Self-Management

The District will work toward assisting students in the self-management of their chronic health condition based upon the student's knowledge level and skill by:

- a) Adequately training all staff involved in the care of the child, as appropriate;
- b) Assuring the availability of the necessary equipment or medications;
- c) Providing appropriately trained licensed persons as required by law;
- d) Developing an emergency plan for the student; and
- e) Providing ongoing staff and student education.

SUBJECT: CONCUSSION MANAGEMENT

The Board recognizes that concussions and head injuries are the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The physical and mental well-being of District students is a primary concern. As such, the District supports the proper evaluation and management of concussion injuries.

A concussion is a mild traumatic brain injury (MTBI) that occurs when normal brain functioning is disrupted by a blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Recovery from concussion and its symptoms will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management. Concussions can impact a student's academic performance as well as their athletic pursuits.

Concussion Management Team (CMT)

The District is authorized, at its discretion, to establish a Concussion Management Team (CMT) which may be composed of the certified athletic director, a school nurse, the school physician, a coach of an interscholastic team, a certified athletic trainer or such other appropriate personnel as designated by the District. Members of the team will oversee and implement the District's concussion policy, including the requirement that all school coaches, physical education teachers, nurses, and certified athletic trainers who work with and/or provide instruction to pupils engaged in school-sponsored athletic activities complete training relating to MTBIs. Furthermore, the CMT may establish and implement a program which provides information on MTBIs to parents and persons in parental relation throughout each school year.

Staff Training/Course of Instruction

Each school coach, physical education teacher, school nurse, and certified athletic trainer who works with and/or provides instruction to students in school-sponsored athletic activities will complete a course of instruction every two years relating to recognizing the symptoms of concussions or MTBIs and monitoring and seeking proper medical treatment for students who suffer from a concussion or MTBI.

Components of the training will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

(Continued)

Students

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

The course can be completed by means of instruction approved by State Education Department (SED) which include, but are not limited to, courses provided online and by teleconference. The CMT will utilize the District's existing system to document all required training and professional development for District staff. Upon completion of the training each year, staff will forward their course completion certificate to the appropriate staff for entry into the system. The system will also use an email to remind staff of the need to complete the training each year. Because concussion symptoms may manifest themselves in any setting, all school staff will be encouraged to take the online training and be alert for students who may display or report concussion symptoms.

Information to Parents and Students

The District will include the following information on MTBIs or concussions in any permission or consent form or similar document that may be required from a parent or person in parental relation for a student's participation in interscholastic sports. Similar information will be provided to all students when they sign up for participation in sports and/or through information provided in physical education, health or mental health classes. Information will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

The District will provide a link on its website to this list of information from the SED's and Department of Health's websites.

Identification of Concussion and Removal from Athletic Activities

The District requires the immediate removal from all athletic activities of any student who has sustained, or is believed to have sustained, a MTBI or concussion. Any student demonstrating signs, symptoms, or behaviors consistent with a concussion while participating in a class, extracurricular activity, or interscholastic athletic activity will be removed from the class, game, or activity and must be evaluated as soon as possible by an appropriate health care professional. This removal must occur based on display of symptoms regardless of whether the injury occurred inside or outside of school. If there is any doubt as to whether the student has sustained a concussion, it will be presumed that the student has been injured until proven otherwise. The District will notify the student's parents or guardians and recommend appropriate evaluation and monitoring.

(Continued)

Students

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

The District may allow credentialed District staff to use validated neurocognitive computerized testing as a concussion assessment tool to obtain baseline and post-concussion performance data. These tools are not a replacement for a medical evaluation to diagnose and treat a concussion. The District must seek authorization from the parent/guardian prior to the testing. Additionally, parents/guardians should be given a copy of the results upon request.

Return to School Activities and Athletics

The student will not return to physical activity (including athletics, physical education class, and recess) until he or she has been symptom-free for at least 24 hours, and has been evaluated and received written authorization from a licensed physician. In accordance with Commissioner's regulations, the District's Medical Director will give final clearance on a return to activity for extra-class athletics after a licensed physician has provided the district with a written clearance recommendation. All authorizations will be kept on file in the student's permanent health record. The standards for return to athletic activity will also apply to injuries that occur outside of school. School staff should be aware that students may exhibit concussion symptoms caused by injuries from outside activities and that these visible symptoms also indicate a removal from play.

The District will follow any directives issued by the student's treating physician with regard to limitations and restrictions on school and athletic activities for the student. The District will also develop a coordinated communication plan among appropriate staff to ensure that the treating physician's orders for post-concussion management are implemented and followed. The school nurse will work to ensure that all the necessary staff get the information they need to care for and work with the injured student.

The District's Medical Director and other licensed healthcare professionals employed by the District will also formulate a procedure and treatment plan to be utilized by District staff who may respond to students or staff with possible concussions during the school day.

In accordance with SED guidelines, this policy will be both reviewed and updated periodically. The Superintendent, in consultation with the District's Medical Director and other appropriate staff, may develop regulations and protocols for strategies to prevent concussions, the identification of concussions, and procedures for removal from and return to activities or academics.

SUBJECT: CHILD ABUSE AND MALTREATMENT

The District takes seriously the obligations of its officers and employees to report cases of child abuse or maltreatment. To this end, regulations will be developed, maintained, and disseminated by administration regarding the:

- a) Mandatory reporting of suspected child abuse or maltreatment;
- b) Reporting procedures and obligations of persons required to report;
- c) Provisions for taking a child into protective custody;
- d) Mandatory reporting of deaths;
- e) Immunity from liability and penalties for failure to report;
- f) Obligations for provision of services and procedures necessary to safeguard the life or health of a child; and
- g) Provision of information in recognizing signs of unlawful methamphetamine laboratories for all current and new school officials (i.e., "mandated reporters") who, as part of their usual responsibilities, visit children's homes.

Additionally, an ongoing training program for all current and new school officials will be established and implemented to enable the staff to carry out their reporting responsibilities.

Reporting Information

The District will post the child abuse hotline telephone number and directions for accessing the Office of Children and Family Services (OCFS) website in English and Spanish on its website and in clearly and highly visible areas of school buildings. The District will also make this information available from its administrative offices; provide it to parents and persons in parental relation at least once per school year by electronic communication, sending the information home with students, or otherwise; and provide it to each teacher and administrator. The District may post and provide this information in other, common languages used by the school community.

Persons Required to Report

Persons required to report cases of child abuse or maltreatment to the State Central Register (SCR) in accordance with Social Services Law Section 413(1) include, but are not limited to, school teachers, school guidance counselors, school psychologists, school social workers, school nurses, school administrators or other school personnel required to hold a teaching or administrative license or certificate, and full- or part-time compensated school employees required to hold a temporary coaching license or professional coaching certificate.

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

All mandated reporters must make the report themselves and then immediately notify the building principal or designee. The building principal or designee will be responsible for all subsequent administration necessitated by the report. Any report must include the name, title, and contact information for every staff member who is believed to have direct knowledge of the allegations in the report.

Prohibition of Retaliatory Personnel Action

The District will not take any retaliatory personnel action against an employee because the employee believes that he or she has reasonable cause to suspect that a child is an abused or maltreated child and that employee makes a report to SCR. Further, no school official will impose any conditions, including prior approval or prior notification, upon any staff member specifically designated a mandated reporter.

"Retaliatory personnel action" means the discharge, suspension, or demotion of an employee, or other adverse employment action taken against an employee in the terms and conditions of employment.

Report Form

The "Report of Suspected Child Abuse or Maltreatment" Form LDSS-2221A may be accessed at the OCFS website.

Child Abuse in an Educational Setting

The District is committed to the protection of students in educational settings from abuse and maltreatment by employees or volunteers.

Child abuse means any of the following acts committed in an educational setting by an employee or volunteer against a child (defined as a person under the age of 21 years enrolled in a school):

- a) Intentionally or recklessly inflicting physical injury, serious physical injury, or death; or
- b) Intentionally or recklessly engaging in conduct which creates a substantial risk of physical injury, serious physical injury, or death; or
- c) Any child sexual abuse, defined as conduct prohibited by Penal Law Articles 130 or 263; or

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

Educational setting means the building(s) and grounds of the District; the vehicles provided directly or by contract by the District for the transportation of students to and from school buildings, field trips, co-curricular and extracurricular activities both on and off District grounds; all co-curricular and extracurricular activity sites; and any other location where direct contact between an employee or volunteer and a child has allegedly occurred.

In any case where an oral or written allegation is made to a teacher, school nurse, school counselor, school psychologist, school social worker, school administrator, Board member, or other school personnel required to hold a teaching or administrative license or certificate, as well as a licensed and registered physical therapist, licensed and registered occupational therapist, licensed and registered speech-language pathologist, teacher aide or school resource officer that a child has been subjected to child abuse by an employee or volunteer in an educational setting, that person will upon receipt of the allegation:

- a) Promptly complete a written report of the allegation including the full name of the child alleged to be abused; the name of the child's parent; the identity of the person making the allegation and their relationship to the alleged child victim; the name of the employee or volunteer against whom the allegation was made; and a listing of the specific allegations of child abuse in an educational setting. This written report will be completed on a form prescribed by the Commissioner of Education.
- b) Except where the school administrator is the person receiving the oral or written allegation, the employee completing the written report must promptly personally deliver a copy of that written report to the school administrator of the school in which the child abuse allegedly occurred.

In any case where an oral or written allegation is made to a school bus driver employed by a person or entity that contracts with the District to provide transportation services to children that a child has been subjected to child abuse by an employee or volunteer in an educational setting, that school bus driver will upon receipt of the allegation, promptly report or cause a report to be made to his or her supervisor employed by the contracting person or entity.

In any case where an oral or written report or allegation is made to a supervisor who is employed by a person or entity that contracts with the District to provide transportation services to children from a person employed by the contracted person or entity that a child has been subjected to child abuse by an employee or volunteer in an educational setting, the supervisor must, upon receipt of an allegation:

This report must be completed on a form prescribed by the Commissioner.

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

- b) Ensure that the written report is personally delivered to the Superintendent employed by the school district where the child abuse occurred or, for a school other than a school district or public school, the school administrator employed by the school where the child abuse occurred.

In any case where it is alleged a child was abused by an employee or volunteer of a school other than a school within the District, the report of these allegations will be promptly forwarded to the Superintendent of the District and the Superintendent of the school district where the abuse of the child allegedly occurred. If a case involves a school that is not a school district or public school, the appropriate school administrator or administrators, in addition to any appropriate Superintendent, must be notified of the allegations of abuse.

If it is alleged the child was abused by the Superintendent or administrator, the report of the allegations will be made to another designated administrator.

Any employee, volunteer, or supervisor who is employed by a person or entity that contracts with the District to provide transportation services to children who reasonably and in good faith makes a report of allegations of child abuse in an educational setting in accordance with the reporting requirements of the law will have immunity from civil liability which might otherwise result by reason of those actions.

Upon receipt of a written report alleging child abuse in an educational setting, a school administrator or the Superintendent must then determine whether there is reasonable suspicion to believe that an act of child abuse has occurred. Where there has been a determination as to the existence of reasonable suspicion, the school administrator or Superintendent must follow the procedures mandated in law and further described in administrative regulations including parental notification. When the school administrator receives a written report, he or she must promptly provide a copy of the report to the Superintendent and promptly forward the report to appropriate law enforcement. In no event will reporting to law enforcement be delayed by an inability to contact the Superintendent.

Where the Superintendent or, in a school other than a school district or public school, the school administrator has forwarded a written report of child abuse in an educational setting to law enforcement authorities, the Superintendent will also refer the report to the Commissioner if the employee or volunteer alleged to have committed an act of child abuse holds a certification or license issued by the State Education Department.

Any school administrator or Superintendent who reasonably and in good faith makes a report of allegations of child abuse in an educational setting, or reasonably and in good faith transmits a report to a person or agency as required by law, will have immunity from civil liability which might otherwise result by reason of those actions.

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

Reports and other written material submitted in accordance with law with regard to allegations of child abuse in an educational setting, and photographs taken concerning those reports that are in the possession of any person legally authorized to receive that information, will be confidential and will not be redisclosed except to law enforcement authorities involved in an investigation of child abuse in an educational setting or as expressly authorized by law or in accordance with a court-ordered subpoena. School administrators and the Superintendent will exercise reasonable care in preventing unauthorized disclosure.

Additionally, teachers and all other school officials will be provided an annual written explanation concerning the reporting of child abuse in an educational setting, including the immunity provisions as set forth in law. The Commissioner will furnish the District with required information, including rules and regulations for training necessary to implement District and staff responsibilities under the law.

All persons employed by the District, in titles equivalent to teacher or administrator, and any school bus drivers employed by a person or entity that contracts with the District to provide transportation services to children, are required to complete coursework or training regarding the identification and reporting of child abuse and maltreatment in accordance with law and Commissioner's regulations.

Prohibition of "Silent" (Unreported) Resignations

The Superintendent and other school administrators are prohibited from withholding from law enforcement authorities, the Superintendent, or the Commissioner, as appropriate, information concerning allegations of child abuse in an educational setting against an employee or volunteer in exchange for that individual's resignation or voluntary suspension from his or her position.

The Superintendent or other school administrator who reasonably and in good faith reports to law enforcement officials information regarding allegations of child abuse or a resignation as required by law will have immunity from any liability, civil or criminal, which might otherwise result by reason of those actions.

Prohibition on Aiding and Abetting Sexual Abuse

Unless exempted by law, no District employee, contractor, or agent of the District will assist another District employee, contractor, or agent in obtaining a new job, apart from the routine transmission of administrative and personnel files, if the individual or agency knows or has probable cause to believe, that the individual engaged in sexual misconduct regarding a minor or student in violation of the law.

SUBJECT: SUICIDE

The Board will enact clear guidelines for prevention, intervention, and post-intervention of suicide, reflecting the District's concern for this serious mental health issue. The Board recognizes the need for suicide prevention and instructs the Superintendent to establish staff training and a suicide response plan which will be integrated into the existing school safety plan. The plan will include education and awareness of risk factors for youth suicide, procedures for intervening if a student exhibits risk factors, including referral services, and a post intervention plan to help the school and community cope with the aftermath of such a tragic event should it occur.

Suicide prevention will also be incorporated into the curriculum to educate students and done in a manner so as not to sensationalize the matter, but to provide students with information and resources on this important mental-health issue. In addition, the District will foster interagency cooperation that will enable staff to identify and access appropriate community resources to aid students in times of crisis.

The administration is responsible for informing staff of procedures for suicide prevention, intervention, and post-intervention that have been developed by the District. The District will actively respond to any situation where a student verbally or behaviorally indicates intent to attempt suicide or to do physical harm to himself or herself. Staff training and professional development on suicide and crisis intervention will be made available.

SUBJECT: DIGNITY FOR ALL STUDENTS

The District seeks to create an environment free of harassment, bullying, and discrimination; to foster civility in its schools; and to prevent conduct that is inconsistent with its educational mission. The District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions. The District further prohibits discrimination against students, including, but not limited to, discriminatory acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or other students on school property and at school functions that take place at locations off school property. In addition, other acts of harassment, bullying, or discrimination that can reasonably be expected to materially and substantially disrupt the education process may be subject to discipline or other corrective action.

Dignity Act Coordinator

In each of its schools, the District will designate at least one employee holding licenses or certifications as required by the Commissioner to serve as the Dignity Act Coordinator (DAC). Each DAC will be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity or expression), and sex. Training will also be provided for DACs which addresses: the social patterns of harassment, bullying, and discrimination, including, but not limited that to, those acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, and sex; the identification and mitigation of harassment, bullying, and discrimination; and strategies for effectively addressing problems of exclusion, bias, and aggression in educational settings. All DAC appointments will be approved by the Board.

The District will widely disseminate the name, designated school, and contact information of each DAC to all school personnel, students, and parents or persons in parental relation by:

- a) Listing it in the *Code of Conduct*, with updates posted on the District's website; and
- b) Including it in the *Code of Conduct's* plain language summary provided to all parents or persons in parental relation to students before the beginning of each school year; and
- c) Providing it to parents or persons in parental relation in at least one District or school mailing or other method of distribution, including, but not limited to, electronic communication and/or sending information home with each student. If the information changes, parents and persons in parental relation will be notified in at least one subsequent District or school mailing, or other method of distribution as soon as practicable thereafter; and
- d) Posting it in highly visible areas of school buildings; and
- e) Making it available at the District and school-level administrative offices.

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

If a DAC vacates his or her position, the District will immediately designate an interim DAC, pending approval from the Board within 30 days. In the event a DAC is unable to perform his or her duties for an extended period of time, the District will immediately designate an interim DAC, pending the return of the previous individual to the position.

Training and Awareness

Each year, all employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and/or discrimination, and to discourage and respond to incidents of harassment, bullying, and/or discrimination. This training may be provided in conjunction with existing professional development, will be conducted consistent with guidelines approved by the Board, and will:

- a) Raise awareness and sensitivity to potential acts of harassment, bullying, and/or discrimination;
- b) Address social patterns of harassment, bullying, and discrimination and the effects on students;
- c) Inform employees on the identification and mitigation of harassment, bullying, and discrimination;
- d) Enable employees to prevent and respond to incidents of harassment, bullying, and/or discrimination;
- e) Make school employees aware of the effects of harassment, bullying, cyberbullying, and/or discrimination on students;
- f) Provide strategies for effectively addressing problems of exclusion, bias, and aggression;
- g) Include safe and supportive school climate concepts in curriculum and classroom management; and
- h) Ensure the effective implementation of school policy on conduct and discipline.

Rules against harassment, bullying, and discrimination will be included in the *Code of Conduct*, publicized District-wide, and disseminated to all staff and parents or persons in parental relation. Any amendments to the *Code of Conduct* will be disseminated as soon as practicable following their adoption. The District will provide new employees with a complete copy of the current *Code of Conduct* upon beginning their employment, and distribute an age-appropriate summary to all students at a school assembly at the beginning of each school year.

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)**Reports and Investigations of Harassment, Bullying, and/or Discrimination**

The District encourages and expects students who have been subjected to harassment, bullying, or discrimination; parents or persons in parental relation whose children have been subjected to this behavior; other students who observe or are told of this behavior; and all District staff who become aware of this behavior to timely report it to the principal, Superintendent, DAC, or designee.

The principal, Superintendent, DAC, or designee will lead or supervise a timely and thorough investigation of all reports of harassment, bullying, and discrimination. The DAC or other individual conducting the investigation, may seek the assistance of the District's Civil Rights Compliance Officer in investigating, responding to, and remedying complaints.

In the event any investigation verifies that harassment, bullying, and/or discrimination occurred, the District will take prompt action reasonably calculated to end it, to eliminate any hostile environment, to create a more positive school culture and climate, to prevent recurrence of the behavior, and to ensure the safety of the student or students against whom the harassment, bullying, or discrimination was directed.

The Superintendent, principal, DAC, or designee will notify the appropriate local law enforcement agency when there is a reasonable belief that an incident of harassment, bullying, or discrimination constitutes criminal conduct.

The District will timely collect information related to incidents involving harassment, bullying, and discrimination; provide required internal reports; and complete and submit any required report to the State Education Department in the manner and within the timeframe specified by the Commissioner.

Prohibition of Retaliatory Behavior (Whistle-Blower Protection)

Any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying, or discrimination by an employee or student on school grounds or at a school function, and who acts reasonably and in good faith in reporting it to school officials, the Commissioner of Education, or law enforcement authorities, or who otherwise initiates, testifies, participates, or assists in any formal or informal proceedings, will have immunity from any civil liability that may arise from making that report, or from initiating, testifying, participating, or assisting in those proceedings. The District also prohibits any retaliatory behavior directed against any complainant, victim, witness, or any other individual who participated in the reporting or investigation of an incident of alleged harassment, bullying, or discrimination.

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)**Publication of District Policy**

At least once during each school year, all school employees, students, and parents or persons in parental relation will be provided with a written or electronic copy of this policy, or a plain-language summary of it. The policy or summary will include information relating to how students, parents or persons in parental relation, and school employees may report harassment, bullying, or discrimination. Additionally, the District will strive to maintain a current version of this policy on its website at all times.

Violence Prevention Education

Adoption Date

SUBJECT: SEXUAL HARASSMENT OF STUDENTS

The Board affirms its commitment to provide an environment free from sex-based discrimination and sexual harassment, including sexual violence and intimidation. The Board, therefore, prohibits all forms of sexual harassment against students by other students, employees, school volunteers, and non-employees such as contractors and vendors, which occur on school grounds or at school-sponsored events, programs, or activities, including those that take place at locations off school premises.

Sexual Harassment

Sexual harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, non-verbal, or physical conduct of a sexual nature including sexual violence. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. Sexual violence includes, but is not limited to: rape, sexual assault, sexual battery, and sexual coercion.

Sexual harassment can originate from a person of either sex against a person of the opposite or same sex, and from students, District employees, or third parties such as visitors or school volunteers.

Prohibited Conduct

Sexual harassment can be verbal, non-verbal, or physical. Examples of this conduct may include, but are not limited to, the following:

- a) Verbal abuse or ridicule, including innuendoes, stories and jokes that are sexual in nature and/or gender-related. This might include inappropriate sex-oriented comments on appearance, including dress or physical features.
- b) Direct or indirect threats or bribes for unwanted sexual activity.
- c) Asking or commenting about a person's sexual activities.
- d) Unwelcome and unwanted physical contact of a sexual nature including, but not limited to, physical acts such as assault, impeding or blocking movement, offensive touching, or any physical interference with normal work or movement.
- e) Displaying or distributing pornographic or other sexually explicit materials such as magazines, pictures, internet material, cartoons, etc.
- f) The use of profanity and/or other obscenities that are sexually suggestive or degrading in nature.

(Continued)

SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)

- g) Unwelcome staring, leering, or gesturing which is sexually suggestive in nature.
- h) Unwelcome and/or offensive public displays of sexual or physical affection.
- i) Clothing that reflects sexually obscene and/or sexually explicit messages, slogans, or pictures.
- j) Demanding sexual favors of a student, insinuating that refusal to acquiesce in such favors will adversely affect a student's grades, references, academic or scholastic placement, and/or participation in extracurricular activities.
- k) Engaging in sexual conduct with an individual who is unable to consent due to his or her age, use of drugs or alcohol, intellectual disability, or other disability.
- l) Any other unwelcome and unwanted sexually oriented and/or gender-based behavior which is sexually demeaning, belittling, intimidating, or perpetrates sexual stereotypes and attitudes.

Investigation of Complaints and Grievances

In order for the Board to enforce this policy, and to take corrective measures as may be necessary, it is essential that any student who believes he or she has been a victim of sexual harassment in the school environment, as well as any other person who is aware of and/or who has knowledge of or witnesses any possible occurrence of sexual harassment, should immediately report such alleged harassment. The District recognizes that sexual harassment is a sensitive issue and that students may choose to inform any trusted staff member of suspected discrimination or harassment. Staff members who receive such complaints will immediately inform the Civil Rights Compliance Officer (CRCO). Where appropriate, the CRCO may seek the assistance of the relevant Dignity Act Coordinator in investigating, responding to, and remedying student complaints of discrimination and/or harassment. In the event that the CRCO is the alleged offender, the report will be directed to another CRCO, if the District has designated one, or to the Superintendent.

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether verbal or written, of sexual harassment and will promptly take appropriate action to protect individuals from further sexual harassment. All complaints will be handled in a manner consistent with the District's policies and procedures regarding the investigation of discrimination and harassment complaints, including Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

Additional information regarding the District's discrimination and harassment complaint and grievance procedures, including but not limited to the designation of the CRCO, knowingly making false accusations, and possible corrective actions, can be found in Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)**Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)**

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of sexual harassment. Complaints of retaliation may be directed to the CRCO. In the event the CRCO is the alleged offender, the report will be directed to another CRCO, if one has been designated or to the Superintendent.

Where appropriate, follow-up inquiries will be made to ensure that sexual harassment has not resumed and that all those involved in the investigation of sexual harassment have not suffered retaliation.

SUBJECT: STUDENT GENDER IDENTITY

All students need a safe and supportive educational environment to progress academically and developmentally. The District is committed to fostering a safe learning environment for all students, free from discrimination and harassment on the basis of sex, gender, gender identity, gender nonconformity, and gender expression. In accordance with applicable law, regulations, and guidelines, the District will ensure that students have equal access to all school programs, facilities, and activities. The District will assess and address the specific needs of each student on a case-by-case basis.

Key Terms

Generally, District personnel should use the language that individual students are using to describe their own gender identity, appearance, or behavior. The most commonly used terms are:

Cisgender: a person whose gender identity corresponds to their assigned sex at birth.

Gender: actual or perceived sex, typically with reference to social and cultural differences rather than physiological ones.

Gender expression: the ways a person conveys their gender identity to others, such as through behavior, appearance, clothing, hairstyle, activities, voice, and mannerisms.

Gender identity: a person's inner sense or psychological knowledge of being male, female, neither, or both.

Gender nonconforming (GNC): describes someone whose gender identity or gender expression does not conform to social or stereotypical expectations of a person with that gender assigned at birth. This is also referred to as gender variant or gender atypical.

Transgender: someone whose gender identity is different than their gender assigned at birth.

Transition: the process by which a person socially or physically aligns their gender expression more closely to their gender identity than their assigned sex at birth.

Records

As required by law, the District will maintain the confidentiality of student information and records. If a transgender or GNC student has officially changed his or her name, as demonstrated by court order or birth certificate, the District will change its official and unofficial records, as needed, to reflect the change. The District will maintain records with the student's assigned birth name in a separate, confidential file.

(Continued)

Students

SUBJECT: STUDENT GENDER IDENTITY (Cont'd.)

If a transgender or GNC student has not officially changed his or her name, but wishes to be referred to by a different name that corresponds to their gender identity, the District may create or change unofficial records to reflect the name and gender identity that the student consistently asserts at school. On state standardized tests, certain reports to the New York State Education Department, and when necessary to ensure appropriate and coordinated medical care, however, the District will use the student's legal name and gender. Any unofficial records such as yearbooks and student identification cards will be issued with the name reflecting the gender identity the student consistently asserts at school. The District will maintain records with the student's assigned birth name and gender in a separate, confidential file.

Names and Pronouns

When apprised of a student's transgender or GNC status, the District will endeavor to engage the student and his or her parents or guardians, as appropriate, in an effort to agree upon a plan that will accommodate the student's individual needs at school. Transgender and GNC students have the right to discuss and convey their gender identity and expression openly and to decide when, with whom, and how much to share this confidential information. The plan may therefore include when and how to initiate the student's preferred name and associated pronoun use and if, when, and how this is communicated to others. District staff will use the name and pronoun that corresponds to the gender identity the student consistently asserts at school.

Restrooms and Locker Rooms

The District will allow a transgender or GNC student to use the restroom and locker room that corresponds to the student's consistently expressed gender identity at school. Any student requesting increased privacy or other accommodations when using bathrooms or locker rooms will be provided with a safe and adequate alternative, but they will not be required to use that alternative.

Physical Education and Sports

Physical education is a required part of the District's curriculum. Where these classes are sex-segregated, students will be allowed to participate in a manner consistent with their gender identity. Students will likewise be allowed to participate in intramural activities consistent with their gender identity.

Upon written notification that a transgender or GNC student would like an opportunity to participate in the District's interscholastic athletics program consistent with his or her gender identity, the District will determine his or her eligibility in accordance with applicable law, regulations, and guidelines. The District will confirm the student's asserted gender identity with documentation it considers appropriate from a parent or guardian, counselor, doctor, psychologist, psychiatrist, or other medical professionals. The student's gender identity should be the same as the identity used for District registration and other school purposes.

(Continued)

Students

SUBJECT: STUDENT GENDER IDENTITY (Cont'd.)

The District's athletic director will notify opposing team athletic directors or the New York State Public High School Athletic Association if a student needs any accommodations during competitions. Any appeal regarding the District's eligibility decision will be directly to the Commissioner of Education.

Other Activities

Generally, in other circumstances where students may be sex-segregated, such as overnight field trips, students may be permitted to participate in accordance with the gender identity that the student consistently asserts at school. Student privacy concerns will be addressed individually and on a case-by-case basis in accordance with District policy and applicable law, regulations, and guidelines.

Dress Code and Team Uniforms

Transgender or GNC students may dress in accordance with their gender identity or expression, within the parameters of the District's dress code. The District will not restrict students' clothing or appearance on the basis of gender.

The District's dress code applies while its athletes are traveling to and from athletic contests. Athletes will have access to uniforms that are appropriate for their sport.

SUBJECT: HAZING OF STUDENTS

The Board is committed to providing a safe, productive, and positive learning environment within its schools. Hazing activities are demeaning and abusive behaviors that harm victims, are inconsistent with the educational goals of the District, and may constitute criminal conduct. Consequently, hazing of students by other students or groups of students is strictly prohibited on school property, in school buildings, on school buses, by school-sponsored groups, clubs, or teams, and at school-sponsored events and/or activities whether occurring on or off-campus. Hazing is prohibited regardless of the victim's apparent willingness to participate in the activity.

For purposes of this policy, the term "hazing" is defined as any humiliating or dangerous activity expected of a student to join a group, regardless of their willingness to participate. Acts constituting hazing may range in severity from teasing or embarrassing a student to various forms of physical, emotional, and/or sexual abuse. Hazing behaviors include, but are not limited to:

- a) Humiliation: socially offensive, isolating, or uncooperative behaviors.
- b) Substance abuse: abuse of tobacco, alcohol, or illegal drugs.
- c) Other dangerous actions: hurtful, aggressive, destructive, and disruptive behaviors.

Hazing is a form of harassment and bullying and may constitute discrimination. As such, the District's response to reports of hazing will be governed by applicable law, the District's *Code of Conduct*, and Policy #7550 -- Dignity for All Students, and its implementing regulations. In the event allegations involve hazing based on a student's race, color, religion, national origin, sex, sexual orientation, or disability, the District may utilize the procedures set forth in Policy #3420 -- Non-Discrimination and Anti-Harassment in the District, and its implementing regulations.

SUBJECT: NOTIFICATION OF SEX OFFENDERS

In accordance with the Sex Offender Registration Act ("Megan's Law"), the Board supports the New York State Department of Criminal Justice Services (DCJS) in its effort to inform the community in certain circumstances of the presence of individuals with a history of sex offenses, particularly against children, in the school locality. The District intends to minimize the possibility that any sex offender will come in contact with school-age children, and to assist law enforcement agencies in preventing further criminal activity from occurring. Furthermore, the District will cooperate with local police authorities and the local community in promoting and protecting the safety and well-being of its students.

The District will disseminate all information it receives from local police authorities in conjunction with Megan's Law to designated staff members who might have possible contact with the offender during the course of their school duties. The Superintendent reserves the right to automatically disseminate this information to additional members of the staff, designated supervisors of non-school groups that regularly use District facilities and have children in attendance, parents or guardians of District students, and other community residents who, in the opinion of the Superintendent, have an immediate need to be notified of this data in order to maintain student safety.

All staff members will be informed of the availability of the information received by the District in accordance with Megan's Law upon written request to the applicable building principal or designee or supervisor. Community residents will be notified of the availability of this information, with written requests directed to the District Office. Districts may also choose to provide information to community residents through a link on the District's website to New York State's online Sex Offender Registry.

Staff members must inform their immediate supervisor if they observe within the school building, on school grounds, at school activities, or at or near bus routes any individual whose description matches the information which was provided to the District by local law enforcement authorities. Law enforcement officials will be notified of this information by the District as appropriate.

Information that is disseminated to the District in accordance with Megan's Law may or may not be disclosed by the District in its discretion. Any information the District receives regarding a sex offender from a source other than the Sex Offender Registry, and which is maintained independent of the requirements of Megan's Law, will be available from the District, upon written request, in accordance with the requirements of the Freedom of Information Law (FOIL).

Special Circumstances Whereby Sex Offenders May Enter Upon School Grounds

As a mandatory condition of the sentence for sex offenders placed on probation or conditional discharge whose victim was under the age of 18 or who has been designated a Level 3 sex offender, the court requires that the sentenced offender refrain from knowingly entering into or upon school grounds or any other facility or institution primarily used for the care or treatment of persons under the age of 18 while one or more of these individuals are present.

SUBJECT: NOTIFICATION OF SEX OFFENDERS (Cont'd.)

However, by exception, a sex offender may enter school grounds or facility with the written authorization of his or her parole officer and the Superintendent for limited authorized purposes. Entrance upon the premises is subject to the following conditions:

- a) The offender is a registered student, participant, or employee of the facility;
- b) The offender is an employee of an entity contracted by the facility;
- c) The offender has a family member enrolled in the facility; or
- d) If the school is the offender's designated polling place and he or she enters solely to vote.

SUBJECT: SUPERVISION OF STUDENTS

Students working on any activity must be supervised by the teacher or staff member in charge of the activity. This applies to all in-school and extracurricular activities as well as sports activities and events. Permission to hold practices or meetings will not be granted unless a teacher or staff member is clearly in charge.

- a) District personnel will be responsible for the supervision of all students in either their class or their after-school activities.
- b) Coaches will maintain supervision over the dressing or locker rooms by being present during dressing periods. Coaches are responsible for the supervision of their athletes at the end of practice, including bus duty or making sure students have transportation home otherwise.
- c) Teachers or assigned school personnel in the elementary grades will be responsible for playground supervision of all children under their jurisdiction during recess periods and before the regular afternoon sessions. The building principal will distribute the responsibility so that the playground situation is appropriately supervised.
- d) Students will not be sent on any type of errand away from the building.
- e) All teachers and staff working directly with students who have a history of wandering or elopement (i.e., leaving or running away from the premises without permission or notification) will be made aware of these concerns and of any existing behavioral intervention plan formulated to prevent or respond to instances of wandering or elopement.

SUBJECT: SAFE PUBLIC SCHOOL CHOICE

Any District student who is a victim of a violent criminal offense, as defined in Education Law and Commissioner's regulations, that occurred on the grounds of the District elementary or secondary school that the student attends, will be allowed to attend a safe public school within the District to the extent required by federal and state law and regulations. This alternative placement is not applicable at middle and high school because there is only one of each in the District.

In accordance with Commissioner's regulations, a "safe public school shall mean a public school that has not been designated by the Commissioner of Education as a persistently dangerous public elementary or secondary school."

Violent Criminal Offense

The Superintendent will determine if the student has been the victim of a "violent criminal offense." "Violent criminal offense" means a crime that:

- a) Involves infliction of a serious physical injury upon another as defined in New York State Penal Law Section 10.00(10); or
- b) A sex offense that involves forcible compulsion; or
- c) Any other offense defined in New York State Penal Law Section 10.00(12) that involves the use or threatened use of a deadly weapon.

Serious Physical Injury

"Serious physical injury," as defined in Penal Law Section 10.00(10), means a "physical injury which creates a substantial risk of death, or which causes death or serious and protracted disfigurement, protracted impairment of health or protracted loss or impairment of the function of any bodily organ."

Deadly Weapon

"Deadly weapon," as defined in Penal Law Section 10.00(12), means "any loaded weapon from which a shot, readily capable of producing death or other serious physical injury, may be discharged, or a switchblade knife, gravity knife, pilum ballistic knife, metal knuckle knife, dagger, billy, blackjack, or metal knuckles."

Determination Whether Student is a Victim

Procedures will be established for determination by the Superintendent of whether a student is a victim of a violent criminal offense that occurred on school grounds of the school the student attends. The Superintendent will, prior to making any determination, consult with any law enforcement agency

(Continued)

Students

SUBJECT: SAFE PUBLIC SCHOOL CHOICE (Cont'd.)

investigating the alleged violent criminal incident and consider any reports or records provided by the agency. However, a criminal conviction is not required prior to the Superintendent's determination that a student has been a victim of a violent criminal offense. The Superintendent may also consult with the School District's attorney prior to making such determination.

The Superintendent's determination may be appealed to the Board. However, this determination will not preclude any student disciplinary proceeding brought against the alleged victim or perpetrator of the violent criminal offense.

Notice to Parents or Persons in Parental Relation

The District will establish procedures for notification of parents of, or persons in parental relation to, students who are victims of violent criminal offenses of their right to transfer to a safe public school within the District and procedures for the transfer. This notice will be, to the extent practicable, provided in the dominant language or mode of communication used by the parents or persons in parental relation to the student. The District will notify the parents of, or persons in parental relation to, the student within 24 hours of the determination that the student has been the victim of a violent criminal offense on school grounds at the school he or she attends.

Written notice will be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within 24 hours of the determination at the last known address or addresses of the parents or persons in parental relation to the student. Where possible, notification will also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents or persons in parental relation.

However, such notification shall not be required where there are no other public schools within the District at the same grade level or a transfer to a safe public school within the School District is otherwise impossible. Similarly, procedures for such notification of parents/persons in parental relation to students who are victims of violent criminal offenses shall not be required where the School District has only one public school within the District or only one public school at each grade level.

Designation of Safe Public School

It is the responsibility of the District, based on objective criteria, to designate a safe public school or schools within the District to which students may transfer. However, the District is not required to designate a safe public school where there are no other public schools within the District at the same grade level or transfer to a safe public school within the District is otherwise impossible. Similarly, if the District has only one public school within the School System or only one public school at each grade level, the School District shall not be required to designate a safe public school.

(Continued)

Students

SUBJECT: SAFE PUBLIC SCHOOL CHOICE (Cont'd.)

Any student who transfers to a safe public school, in accordance with the provisions of this policy and applicable law and regulation, will be enrolled in the classes and other activities of the public school to which the student transfers in the same manner as all other students at the public school. The receiving school will be identified by the District and must be at the same grade level as the school from which the student is transferring. To the extent possible the District will allow transferring students to transfer to a school that is making adequate yearly progress and has not been identified as requiring school improvement, corrective action, or restructuring. The District will provide transportation for any student permitted to transfer to the safe public school within the District designated by the District within the transportation limits established in Education Law Sections 3635 and 4401(4). Any student who transfers to a safe public school will be permitted to remain in the safe public school until the student has completed the highest grade level in the school transferred to, or for such other period prescribed by the U.S. Department of Education, whichever is less.

While the parents or persons in parental relation to the student must be offered the opportunity to transfer their child, they may elect to have the child remain at the school he or she currently attends.

The alternative format must meet the National Instructional Materials Accessibility Standard defined in federal law;
- g) The estimated budget to support this plan;
- h) The date on which the plan was adopted by the Board; and
- i) A description of how the District plan is consistent with the special education space requirements plan for the region as developed by the BOCES.

The District plan, with personally identifiable student information deleted, will be filed and available for public inspection and review by the Commissioner.

SUBJECT: CHILDREN WITH DISABILITIES

A child with a disability means a student under the age of 21 who is entitled to attend public schools and who, because of mental, physical, or emotional reasons can only receive appropriate educational opportunities from a program of special education. A child is not considered as having a disability if his or her educational needs are due primarily to unfamiliarity with the English language; environmental, cultural, or economic factors; or lack of appropriate instruction in reading or mathematics.

If the State Education Department (SED) finds that the District has inappropriate policies, procedures, or practices resulting in a significant disproportionality by race or ethnicity in the suspension, identification, classification, or placement of students with disabilities, the District will ensure that it publicly reports on the subsequent revisions to those policies, procedures, or practices.

The Board recognizes the existence of individual differences in the intellectual, social, emotional, and physical development of children attending school in the District. In recognizing these differences, the Board supports a system of services offered in the least restrictive environment (LRE) for children with disabilities which includes:

- a) Not requiring any student to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving services;
- b) Education in regular classes with or without support services, education in a resource room, education for part of the day in a special class, full-time education in a special class, home instruction and education in a residential setting;
- c) Providing for the education of students with disabilities with non-disabled peers to the extent appropriate;
- d) Establishing the following guidelines for the provision of appropriate accommodations necessary to measure the academic achievement and functional performance of the student in the administration of District-wide assessments:
 1. Ensure that necessary accommodations are specified on individualized education program (IEP) and implemented in accordance with the IEP;
 2. Review the need for accommodations at Committee on Special Education (CSE) evaluations/re-evaluations;

(Continued)

Students

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

- e) To the extent feasible, using universal design principles (defined as a concept or philosophy for designing and delivering products and services that are usable by people with the widest range of functional capabilities, which include products and services that are directly usable without requiring assistive technologies and products and services that are made usable with assistive technologies) in developing and administering District-wide assessment programs by:
 - 1. Having the library media specialist or Curriculum Coordinator keep CSE/Committee on Preschool Special Education (CPSE) apprised of available products and services utilizing universal design principles;
 - 2. Ensuring that instructional materials and activities allow learning goals to be achievable by individuals with wide differences in abilities;
 - 3. Ensuring that flexible curricular materials and activities are built into the instructional design and operating systems;
 - 4. Ensuring that instruction is diversified to deliver the general education curriculum to every student and diversify ways students may respond to that curriculum.
- f) Consideration of the location of a school program(s) to a student's residence, before placement into an educational program.
- g) Adoption of written policies and procedures ensuring that students with disabilities are provided appropriate opportunities to earn a high school diploma in accordance with Commissioner's regulations.
- h) Allocation of appropriate space within the District for special education programs that meet the needs of students with disabilities.
- i) Assurance that appropriate space will be available to meet the needs of resident students with disabilities who attend special education programs provided by BOCES.

Provision of Special Education Services to Nonpublic School Students with Disabilities who are Parentally Placed

The district of location is responsible for Child Find, including individual evaluations, CSE meetings, provision of special education services, and due process to parentally placed nonpublic school students attending nonpublic schools located in the geographic region of the public school district.

(Continued)

Students

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs, or to CSE placements of students with disabilities in approved private schools, Special Act School Districts, State-supported or State-operated schools, or to Charter schools.

The actual cost for CSE administration, evaluations, and special education services provided to a student with a disability who is a resident of New York State, but a nonresident to the district of location, may be recovered from the student's school district of residence. Because federal regulations require parental consent before any personally identifiable information about the student relating to special education is shared between officials in the public school district of location and officials in the public school district of residence, parental consent to share special education information between the two public school districts is required before billing a district of residence for the cost of special education services provided to the student by the district of location.

The school district of location must consult with nonpublic school representatives and representatives of parents of parentally placed nonpublic school students with disabilities enrolled in nonpublic elementary and secondary schools located within the boundaries of the school district. The school district must engage in consultation regarding the Child Find process and services generally; consultation is not specific to individual students. Individual services are determined by the CSE.

The consultation process must be timely and meaningful and include discussion of:

- a) Child Find;
- b) Provision of Special Education Services; and
- c) Use of Federal Funds.

The school district of location must provide, as appropriate, special education services to an eligible student who legally resides in another state and who is parentally placed in a nonpublic school located in New York State. The services to be provided to out-of-state students must be documented on a services plan that is developed by the CSE of the district of location. The services plan is the written plan that describes the specific special education and related service that the district of location will provide to the student consistent with the services that the school district of location has determined through the consultation process and in relation to the proportionate shares of federal IDEA Part B dollars, to be provided to the student.

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)**Tuition Reimbursement Claims for Disabled Nonpublic School Students**

The parent must comply with the IDEA's pre-hearing notice requirement for tuition reimbursement claims. Specifically, the IDEA directs that at least ten business days before submitting a request for an impartial due process hearing for tuition reimbursement, the parent must give the district written notice of intent to enroll the child in private school at public expense. The purpose of this requirement is to give the public school district's CSE the opportunity to meet and potentially develop a new IEP for the student that addresses the parent's concerns. A parent who does not provide written notice within ten days may have his or her request for reimbursement reduced or denied.

SUBJECT: GROUPING BY SIMILARITY OF NEEDS

The Board will provide appropriate special education and related services to students with disabilities. For those students for whom an appropriate education requires that they be placed together for purposes of special education, the following guidelines will apply:

- a) Each student with a disability will be identified, evaluated, and placed as determined by the Committee on Special Education (CSE).
- b) The CSE will determine written goals, including academic and functional goals, for each student with a disability by considering the special and individual needs of each student with a disability. Short-term instructional objectives and/or benchmarks will be created for each preschool student with a disability and for students who take New York State alternate assessments.
- c) The CSE will recommend to the Board appropriate educational programs and services for each student with a disability based upon the CSE evaluation.
- d) The CSE will provide information to those teachers and professionals who arrange instructional groups for students with disabilities. Information will include physical, psychological, and social information as well as achievement test results.
- e) The curriculum and instruction provided to students with disabilities who are grouped by similarity of needs will be consistent with the individual needs of each student in the group.
- f) Students with disabilities may be grouped according to:
 1. Academic achievement, functional performance, and learning characteristics;
 2. Social development;
 3. Physical development; and
 4. Management needs.
- g) When grouping students by similarity of needs, the social needs or physical development of a student will not be the sole determinant for placement of a student in a special education program.
- h) The management needs of these students may vary, provided that environmental modifications, adaptations, or human or material resources required to meet the needs of any one student in the group are provided and do not consistently detract from the opportunities of other students in the group to benefit from instruction.

**SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S
INDIVIDUALIZED EDUCATION PROGRAM**

The Board will establish at least one Committee on Special Education (CSE) and one Committee on Preschool Special Education (CPSE). The Board will also establish, as necessary, Subcommittees on Special Education to ensure timely evaluation and placement of students with disabilities.

Committee on Special Education

The Board will, upon completion of its review of the recommendations of the CSE, arrange for the appropriate special education programs and services to be provided to a student with a disability. The Board will also notify the parent or guardian of its action in accordance with federal and state law and regulations.

For a student not previously identified as having a disability, the CSE will provide a recommendation to the Board which will arrange for the appropriate special education programs and services to be provided within 60 school days of the date of receipt of consent to evaluate. For a student with a disability referred for review, a recommendation will be provided to the Board which will arrange for the appropriate special education programs and services to be provided within 60 school days of the referral for review. However, if the recommendation of the CSE is for placement in an approved in-state or out-of-state private school, the Board will arrange for special education programs and services for students with disabilities within 30 school days of the Board's receipt of the recommendation of the CSE.

If on review of the recommendation of the CSE, the Board disagrees with the recommendation, the Board will follow one of the following procedures:

- a) The Board may remand the recommendation to the CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider the objections or concerns. The CSE will consider the Board's objections or concerns, revise the individualized education program (IEP) where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the CSE, the Board may continue to remand the recommendation to the original committee for additional reviews of its objections or concerns, or establish a second CSE to develop a new recommendation in accordance with the following paragraph, provided that the Board arranges for the programs and services in accordance with the student's IEP within the timelines as outlined above; or, in the alternative,
- b) The Board may establish a second CSE to develop a new recommendation for the student. If the Board disagrees with the new recommendation, the Board may remand the recommendation to the second CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider the objections or

concerns. The second CSE will consider the Board's objections or concerns, revise the IEP where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the second CSE, the Board may continue to remand the recommendation for additional reviews of its objections or concerns by the second CSE, provided that the Board arranges for the programs and services in accordance with the student's IEP, as developed by the second CSE, within the timelines as outlined above.

In accordance with Commissioner's regulations, the Board may not select the recommendation of the original CSE once it has established a second CSE.

The Board will provide the student's parents or guardians with written notice and a copy of the statement of its objections or concerns and notice of due process rights in accordance with Commissioner's regulations.

Committee on Preschool Special Education

Upon receipt of the recommendation of the CPSE, the Board will arrange for the preschool student with a disability to receive appropriate programs and services in accordance with the student's IEP, commencing with the July, September, or January starting date for the approved program, unless the services are recommended by the CPSE less than 30 school days prior to, or after, the appropriate starting date selected for the preschool student with a disability; in that case, services will be provided no later than 30 days from the recommendation of the CPSE.

If the Board disagrees with the recommendation of the CPSE, the Board will send the recommendation back to the CPSE with notice of the need to schedule a timely meeting to review the Board's concerns and to revise the IEP as deemed appropriate. The Board will provide notice as required by federal and state law and regulations.

Subcommittee on Special Education

The number of Subcommittees on Special Education will be determined by the CSE which will be responsible for the oversight and monitoring of the activities of each subcommittee to ensure compliance with the requirements of applicable state and federal laws and regulations.

Each subcommittee may perform the functions for which the CSE is responsible, except:

- a) When a student is considered for initial placement in a special class; or
- b) When a student is considered for initial placement in a special class outside of the student's school of attendance; or

(Continued)

**SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S
INDIVIDUALIZED EDUCATION PROGRAM (Cont'd.)**

- c) When a student is considered for placements in a school primarily serving students with disabilities or a school outside the District.

Subcommittees will report annually to the CSE regarding the status of each student with a disability within its jurisdiction. Upon receipt of a written request from the parent or person in parental relation to a student, the Subcommittee will refer to the CSE any matter in which the parent disagrees with the Subcommittee's recommendation concerning a modification or change in the identification, evaluation, educational placement, or provision of a free appropriate education to the student.

SUBJECT: PRESCHOOL SPECIAL EDUCATION PROGRAM

The Board recognizes the need for educational programs for three and four year old children with disabilities and directs that administrative practices and procedures be developed to:

- a) Ensure the timely evaluation and placement of each preschool child with a disability residing in the District so the child has the opportunity to participate in preschool programs;
- b) Establish a Committee on Preschool Special Education (CPSE) in accordance with applicable federal and state law and regulation;
- c) Ensure that parents have received and understand the request for consent for evaluation and re-evaluation of a preschool aged child.

Evaluations for Preschool Children with Disabilities

The District will collect entry assessment data in the three outcome areas on all preschool children who receive an initial evaluation. As required by Commissioner's regulations, a parent must be fully informed about the proposed initial evaluation and must provide consent for an initial evaluation. This includes a description of the proposed evaluation.

The CPSE will receive entry-level assessment results in the three outcome areas from approved preschool evaluators conducting initial evaluations on all preschool children suspected of having disabilities. The CPSE will then meet to determine the child's eligibility for preschool education programs and/or services and complete the Child Outcomes Summary Form to determine the child's entry level of functioning in the three outcome areas for all preschool children evaluated and found to be eligible. The form will be kept in the student's record until the exit assessment information is due as a way to summarize complex assessment information in a format so that the data can be aggregated and reported to the State Education Department.

If the committee recommends placing a child in an approved program that also conducted an evaluation of the child, it will indicate in writing that this placement is an appropriate one for the child. In addition, the committee will provide notice to the Commissioner of this recommendation.

SUBJECT: LEAST RESTRICTIVE ENVIRONMENT

The District has an obligation, in accordance with law and regulation, to educate students with disabilities in the least restrictive environment (LRE). LRE means that placement of students with disabilities in special classes, separate schools or other removal from the regular educational environment occurs only when the nature or severity of the disability is such that even with use of supplementary aids and services, education in regular classes cannot be satisfactorily achieved. Supplementary aids and services refers to aids, services, and other supports that are provided in regular education classes and extracurricular and nonacademic settings to enable children with disabilities to be educated to the maximum extent appropriate.

The District will ensure that:

- a) Placement is based on the student's individualized education program (IEP) and determined at least annually;
- b) Placement is as close as possible to the student's home, and unless the student's IEP requires some other arrangement, the student will be educated in the school he or she would have attended if not disabled;
- c) In selecting the LRE, consideration will be given to any potential harmful effect on the student or on the quality of services that he or she needs; and
- d) A student with a disability will not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.

The placement of an individual student with a disability in the LRE will:

- a) Provide the special education and related services, as well as supplementary aids and services, needed by the student. The term "related services" does not include a medical device that is surgically implanted, the optimization of the device's functioning (e.g., mapping), maintenance of, or the replacement of the device; and
- b) Provide for education of the student to the maximum extent appropriate to the needs of the student with other students who do not have disabilities.

The District will ensure that a continuum of alternative placements, in accordance with law and/or regulation, will be available to meet the needs of students with disabilities. To enable students with disabilities to be educated with nondisabled students to the maximum extent appropriate, specially designed instruction and supplementary services may also be provided in the regular class, including, as appropriate, related services, consultant teacher services, paraprofessional support, resource room services, integrated co-teaching, and special class programs within the general education classroom.

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES

The District will implement school-wide approaches and prereferral interventions in order to remediate a student's performance within the general education setting prior to referral to the Committee on Special Education (CSE) for special education. The determination of prevention and prereferral intervention strategies or services will take into consideration the student's strengths, environment, social history, language, and cultural diversity, in addition to the teacher's concerns. The District may also provide a Response to Intervention (RtI) program to eligible students that is developed in accordance with Commissioner's regulations as part of its school-wide approach to improve a student's academic performance prior to a referral for special education.

The provision of programs and/or services for students starts with consideration and implementation of instruction in the general education curriculum, with appropriate supports, or modifications as may be necessary. In implementing prereferral intervention strategies, the District may utilize resources or strategies already in place for qualified students including, but not limited to, services available through Section 504 of the Rehabilitation Act of 1973 and Academic Intervention Services (AIS) as defined in Education Law and/or Commissioner's regulations. The District will ensure that there is a system in place, with qualified, appropriately certified personnel, for developing, implementing, and evaluating prereferral intervention strategies.

If a student is identified as needing additional instructional support, the District will establish formal Instructional Support Teams (ISTs) in accordance with law, regulations, and District guidelines, as may be applicable, to review information from the student's work, screenings, and assessments. The IST will include representatives from general and special education as well as other disciplines and include individuals with classroom experience, who may then recommend which type of instructional support the student requires and the frequency with which he or she should receive these services or supports. The building administrator will further ensure that all staff are familiar with intervention procedures and procedures for operating an IST. Parents or persons in parental relation to students will be involved in developing prereferral strategies to address the educational needs of the child. Additionally, the District will seek collaboration between outside agencies and the school prior to a referral of the student to the CSE in order to address necessary student support services.

District administration will also ensure that opportunities exist for collaboration between general educators and special educators, and that consultation and support are available to teachers and other school personnel to assist parents or persons in parental relation to students and teachers in exploring alternative approaches for meeting the individual needs of any student prior to formal referral for special education.

Prereferral/Intervention Instructional Support Plans will be designed so as to set forth proactive strategies to meet the broad range of individual student needs and to improve student performance. Prereferral/Intervention strategies and/or Instructional Support Plans will be reviewed and evaluated to determine their effectiveness and modified as appropriate. Appropriate documentation of the prevention and/or intervention strategies implemented will be maintained.

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES (Cont'd.)

If a referral is made to the CSE during the course of implementing prereferral/intervention instructional support services, the CSE is obligated to fulfill its duties and functions, and must meet mandatory time lines in evaluating the student for special education services and implementation of an individualized education program (IEP), if applicable.

Academic Intervention Services

The Board will provide to students at risk of not achieving state standards with AIS. AIS means additional instruction which supplements the instruction provided in the general education curriculum and assists students in meeting those state learning standards as defined in Commissioner's regulations and/or student support services which may include guidance, counseling, attendance, and study skills which are needed to support improved academic performance. The District will identify students to receive AIS through a two-step identification process set forth in Commissioner's regulations.

The District will provide AIS to students who are limited English proficient (LEP) and are determined, through uniformly applied District-developed procedures, to be at risk of not achieving state learning standards in English language arts, mathematics, social studies and/or science, through English or the student's native language.

The District has developed a description of the AIS offered to grades K through 12 students in need of these services. The description includes any variations in services in schools within the District and specifically sets forth:

- a) The District-wide procedure(s) used to determine the need for AIS;
- b) Academic intervention instructional and/or student support services to be provided;
- c) Whether instructional services and/or student support services are offered during the regular school day or during an extended school day or year; and
- d) The criteria for ending services, including, if appropriate, performance levels that students must obtain on District-selected assessments.

The District will review and revise this description every two years based on student performance results.

Parental Notification

- a) Commencement of Services: Parents or persons in parental relation to a student who has been determined to need AIS will be notified in writing by the building principal. This notice will be provided in English and translated into the parent's native language or mode of communication, as

(Continued)

Students

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES (Cont'd.)

necessary. The notice will also include a summary of the AIS to be provided to the student, why the student requires these services, and the consequences of not achieving expected performance levels.

- b) Ending of AIS: Parents or persons in parental relation will be notified in writing when AIS is no longer needed. This notice will be provided in English and translated to the parent's native language or mode of communication, as necessary.

Parents will be provided with ongoing opportunities to consult with the student's teachers and other professional staff providing AIS, receive reports on the student's progress, and information on ways to work with their child to improve achievement.

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES

The District will establish and implement a plan for the appropriate declassification of students with disabilities which includes:

- a) The regular consideration for declassifying students when appropriate;
- b) A reevaluation of the student prior to declassification; and
- c) The provision of educational and support services to the student upon declassification.

Eligibility Determinations

The District must evaluate a student with a disability prior to determining that a student is no longer a student with a disability as defined in accordance with Commissioner's regulations, and the District will provide a copy of the evaluation report and the documentation of eligibility to the student's parent at no cost to the parent. The results of any reevaluations must be addressed by the Committee on Special Education (CSE) in a meeting to review and, as appropriate, revise the student's individualized education program.

Prior to the reevaluation, the District will obtain informed written parental consent unless otherwise authorized by law and/or regulation. Parental consent is not necessary if the District can demonstrate that it has taken reasonable measures to obtain that consent, and the student's parents fail to respond. The District must have a record of its attempts to obtain parental consent. Should the student's parents refuse consent for the reevaluation, the District may continue to pursue the reevaluation by using mediation or due process procedures.

The District will take whatever action is necessary to ensure that the parent understands the proceedings at the meeting of the CSE, including arranging for an interpreter for parents with deafness or whose native language is other than English.

Recommendation for Declassification

If the student has been receiving special education services, but it is determined by CSE that the student no longer needs special education services and can be placed in a regular educational program on a full-time basis, the recommendation will:

- a) Identify the declassification support services, if any, to be provided to the student and/or the student's teachers; and
- b) Indicate the projected date of initiation of the services, the frequency of provision of the services, and the duration of these services, provided that the services will not continue for more than one year after the student enters the full-time regular education program.

(Continued)

Students

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES (Cont'd.)**Declassification Support Services**

Declassification support services means those services provided to the student or the student's teacher(s) to aid in the student's transition from special education to full-time regular education. These services are provided by persons certified or licensed in the appropriate area of service in accordance with Commissioner's regulations. These services include:

- a) For the student: psychological services, social work services, speech and language improvement services, non-career counseling, and other appropriate support services; and
- b) For the student's teacher(s): the assistance of supplementary school personnel and consultations with appropriate personnel.

When appropriate, the District will provide declassification support services to students who have moved from special education to a full-time regular educational program in accordance with the recommendation of the CSE.

Procedural Safeguards Notice

The District will use the procedural safeguards notice prescribed by the Commissioner of Education. The District will further ensure that the procedural safeguards notice is provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so. If the native language or other mode of communication of the parent is not a written language, the District will take steps to ensure that the notice is translated orally or by other means to the parent in his or her native language or other mode of communication, that the parent understands the content of the notice, and that there is written evidence that all due process procedures have been met.

SUBJECT: USE OF TIME OUT ROOMS

"Time out" is a technique used to interrupt an unacceptable behavior by removing the student from the situation where the misbehavior is occurring. The State Education Department does not regulate the use of time outs, but does regulate the use of a separate room where a student may be removed for a time out.

Except as provided below, the District will not employ the use of time out rooms as a means of regulating student behavior.

A time out room is defined "as an area for a student to safely deescalate, regain control, and prepare to meet expectations to return to his or her education program." If a time out room is used, it must be used in conjunction with a behavioral intervention plan (that is designed to teach and reinforce alternative appropriate behaviors). The student is then removed to a supervised area in order to facilitate self-control. Time outs may also be used in unanticipated situations that pose an immediate concern for the physical safety of a student or others. Unanticipated or emergency use requires proper documentation, in accordance with Commissioner's regulations.

The District has adopted and implemented the following policy and procedures governing school use of time out rooms as part its behavior management approach consistent with Commissioner's regulations, including the physical and monitoring requirements, parental rights, and individualized education program (IEP) requirements for students with disabilities.

At a minimum, the use of time out rooms will be governed by the following rules and standards:

- a) The District prohibits placing a student in a locked room or space or in a room where the student cannot be continuously observed and supervised. The time out room will be unlocked and the door will be able to be opened from the inside. The use of locked rooms or spaces for purposes of time out or emergency interventions is prohibited.

Staff will continuously monitor the student in a time out room. The staff will be able to see and hear the student at all times.

Under no circumstances will a time out room in a school program be used for seclusion of the student, where the term "seclusion" is interpreted to mean placing a student in a locked room or space or in a room where the student is not continuously observed and supervised.

- b) Factors which may precipitate the use of the time out room:

Time out should be used only for behaviors that are destructive to property, aggressive toward self/others or severely disruptive to the class environment. General noncompliance, self-stimulation, academic refusal, etc., can be responded to with less stringent and restrictive techniques.

(Continued)

Students

SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)c) Time limitations for the use of the time out room:

Time limitations for the use of a time out room is determined by the individual needs and age of the student, but under no circumstance should exceed 15 minute time intervals for a Kindergarten – 3rd grade student or 30 minutes for a student grade 4th and higher.

Further, a student's IEP will specify when a behavioral intervention plan includes the use of a time out room for a student with a disability, including the maximum amount of time a student will need to be in a time out room as a behavioral consequence..

School administration or other personnel will be notified in the event a student is placed in a time out room for excessive amounts of time, and this information will be considered when determining the effectiveness of the student's behavioral intervention plan and the use of the time out room for the student. Whether the student requires a debriefing following the use of a time out room will be left to the staff knowledgeable about the individual student.

d) Staff training on the policies and procedures related to the use of time out rooms will include, but not be limited to, the following measures:

1. The Director of Special Education will be responsible to the Superintendent for establishing administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Commissioner's regulations relating to the use of time out rooms, including members of the Committee on Special Education (CSE) and Committee on Preschool Special Education (CPSE).

(a) Building Administrators and identified staff will be provided training on the appropriate use of time out rooms by the Director of Special Education or designee.

e) Data collection to monitor the effectiveness of the use of time out rooms:

District schools will establish and implement procedures to document the use of time out rooms, including information to monitor the effectiveness of the use of the time out room to decrease specified behaviors. This data would be subject to review by the SED upon request.

Data collection should appropriately include, but is not limited to, the following information:

1. A record for each student showing the date and time of each use of the time out room;
2. A detailed account of the antecedent conditions or specific behavior that led to the use of the time out room;

(Continued)

Students

SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)

3. The amount of time that the student was in the time out room; and
 4. Information to monitor the effectiveness of the use of the time out room to decrease specified behaviors which resulted in the student being placed in the room.
- f) Information to be provided to parents.

The District will inform the student's parents prior to the initiation of a behavioral intervention plan that will incorporate the use of a time out room for a student and will give the parent the opportunity to see the physical space that will be used as a time out room and provide the parent with a copy of the District's policy on the use of time out rooms.

Additionally, parents should be notified if their child was placed in a time out room. Whenever a time out room is used as an emergency intervention in accordance with Commissioner's regulations, the parent or person in parental relation will be notified of the emergency intervention. This notification will be provided the same day when possible.

Parent reports of alleged inappropriate interventions used in a time out room should be directed to school administrators.

Physical Space Used as a Time Out Room

The physical space used as a time out room will meet the following standards:

- a) The room will provide a means for continuous visual and auditory monitoring of the student;
- b) The room will be of adequate width, length, and height to allow the student to move about and recline comfortably;
- c) Wall and floor coverings should be designed to prevent injury to the student, and there will be adequate lighting and ventilation;
- d) The temperature of the room will be within the normal comfort range and consistent with the rest of the building; and
- e) The room will be clean and free of objects and fixtures that could be potentially dangerous to a student and will meet all local fire and safety codes.

SUBJECT: STUDENTS WITH DISABILITIES PARTICIPATING IN DISTRICT PROGRAMS

All students with disabilities residing in the District, including those of preschool age, will be provided with full access and opportunity to participate in District programs, including nonacademic and extracurricular programs and activities, that are available to all other students enrolled in the District. Nonacademic and extracurricular programs and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the District, referrals to agencies that provide assistance to individuals with disabilities and employment of students (both by the District and assistance in making outside employment available).

Parents or guardians of students with disabilities, including those students placed in out-of-District programs, will receive timely notice of District programs and activities.

Community Resources

The District may compile a list of appropriate community resources to provide to parents or persons in parental relation of a child with a disability. This list will clearly state that these services are in addition to programs and services provided by the District and will not be paid for by the District. Any member of the District's committees or subcommittees on special education, or the District, who, acting reasonably and in good faith, provides this information will not be liable for this action.

SUBJECT: SECTION 504 OF THE REHABILITATION ACT OF 1973

The Board affirms its compliance with those sections of the Rehabilitation Act of 1973 dealing with program accessibility. Section 504 of the Rehabilitation Act prohibits discrimination against qualified individuals with disabilities in federally assisted programs or activities solely on the basis of disability. The District will make its program and facilities accessible to all its students with disabilities.

The District will also identify, evaluate, and extend to every qualified student with a disability under Section 504 a free, appropriate public education, including modifications, accommodations, specialized instruction, or related aids and services, as deemed necessary to meet their educational needs as adequately as the needs of non-disabled students are met.

The District official responsible for coordination of activities relating to compliance with Section 504 is the Superintendent. The Superintendent will provide information, including complaint procedures, to any person who feels his or her rights under Section 504 have been violated by the District or its officials.

Prohibition Against Disability-Based Discrimination in Accelerated Programs

The practice of denying, on the basis of disability, a qualified student with a disability the opportunity to participate in an accelerated program violates both Section 504 and Title II, which extends the prohibition on discrimination established in Section 504. The District may not impose or apply eligibility criteria that screens out or tends to screen out a student with a disability from fully and equally enjoying any service, program, or activity, unless the criteria can be shown to be necessary.

It is also unlawful to deny a student with a disability admission to an accelerated class or program solely because of his or her need for special education or related aids or services (i.e., related services, supplementary aids and services, program modification and supports for school personnel) or because the student has an Individualized Education Program or Section 504 plan.

The District's schools may employ appropriate eligibility requirements or criteria in determining whether to admit students, including students with disabilities, into accelerated classes or programs. However, Section 504 and/or Title II does not require schools to admit into accelerated classes or programs students with disabilities who would not otherwise be qualified for these classes or programs.

- a) The parent(s) or persons in parental relation of the student;
- b) At least one regular education teacher of the student (if the student is, or may be, participating in the regular education environment);
- c) At least one special education teacher of the student, or, if appropriate, at least one special education provider (i.e., related service provider) of the student;
- d) A school psychologist;
- e) A District representative who is qualified to provide or supervise special education and who is knowledgeable about the general education curriculum and the availability of District resources. This individual may also be the same individual appointed as the special education teacher or special education provider of the student or the school psychologist. The District representative will serve as the chairperson of the Committee;
- f) An individual who can interpret the instructional implications of evaluation results, who may also be the CSE member appointed as the regular education teacher, the special education teacher, or special education provider, the school psychologist, the District representative described above, or a person having knowledge or special expertise regarding the student as determined by the District;
- g) A school physician, if specifically requested in writing by the parent or by the District at least 72 hours prior to the meeting;

- i) Other persons having knowledge or special expertise regarding the student as designated by either the parent or District;
- j) The student, if appropriate.

SUBJECT: COMMITTEE ON SPECIAL EDUCATION (CSE)/COMMITTEE ON PRESCHOOL SPECIAL EDUCATION (CPSE) (Cont'd.)

Subcommittee on Special Education Membership

The Board may appoint, as necessary, Subcommittees on Special Education to assist in the timely evaluation and placement of students with disabilities in accordance with applicable law and Commissioner's regulations. The Board will determine the number of subcommittees to be appointed upon the recommendation of the CSE.

Committee on Preschool Special Education (CPSE) Membership

The Board will appoint a CPSE whose membership and purpose varies slightly from the membership of the CSE. The CPSE must include those same individuals as the CSE as set forth within this policy and also include the following members:

- a) For a child in transition from early intervention programs and services, at the request of the parent or person in parental relation, the appropriate professional designated by the agency that has been charged with the responsibility for the preschool child; and
- b) A representative of the municipality of the preschool child's residence.

Member Attendance

All members of the CSE or CPSE must attend committee meetings except that the parent and District may agree in writing prior to the meeting date that the attendance of a member or members is not necessary or impossible in accordance with applicable Commissioner's regulations and, as a result, may be excused from the meeting.

Training

The training of qualified personnel is essential to the effective implementation of Commissioner's regulations regarding the education of all students with disabilities.

The Director of Special Education will establish administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Part 200 of the Commissioner's regulations as well as members of the CSE and CPSE.

Alternative Means of Meeting

When conducting a meeting of the CSE or CPSE, the parent and the representative of the District appointed to the CSE or CPSE may agree to use alternative means of meeting participation, such as videoconferences and conference calls.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION****Development of Individualized Education Program**

The Board directs the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) to prepare a written individualized education program (IEP) for each child with a disability. Each student with a disability will have an IEP in effect at the beginning of each school year.

The IEP will be developed by the CSE or CPSE upon referral, and reviewed or revised, as appropriate, for every child with a disability at least annually or when the program no longer appears to be appropriate to meet the student's needs.

Individual Evaluations

Parental consent must be provided for an initial evaluation. If this consent is not received within 30 calendar days of receipt of the referral, the CSE or CPSE Chairperson will document all attempts made to obtain consent.

Unless a referral is withdrawn, an individual evaluation at no cost to the parent will be completed by the CSE or CPSE within 60 calendar days after written parental consent has been obtained or a parental refusal to consent is overridden, unless:

- a) An extension is mutually agreed to by the parent and the CSE or CPSE for transfer students or students suspected of having learning disabilities; or
- b) The parent or student repeatedly fails or refuses to produce the student for evaluation.

No student will be required to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving an evaluation.

The individual evaluation will include a variety of assessment tools and strategies, including information provided by the parent. The purpose of the evaluation is to gather relevant functional, developmental, and academic information that may assist in determining whether the student is a student with a disability and the content of the student's IEP.

As part of any evaluation, a group that includes the CSE or CPSE and other qualified professionals, as appropriate, will review existing evaluation data on the student including evaluations and information provided by the parents of the student, current classroom-based assessments, local or state assessments, classroom-based observations, and observations by teachers and related services providers. In addition, the group will consider information about the student's physical condition, social or cultural background, and adaptive behavior.

(Continued)

Students

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

On the basis of that review, and input from the student's parents, the group will identify what additional data, if any, are needed to determine a variety of factors including, if the student has or continues to have a disability, present levels of academic achievement and developmental needs of the student.

The District must notify the parents if additional data is not needed, and the reasons for that determination as well as their right to request an assessment to determine whether, the student continues to be a student with a disability. The District is not required to conduct the assessment unless requested to do so by the student's parents.

The determination that a student has a learning disability will be made in accordance with the procedures outlined in Commissioner's regulations.

Individual Re-evaluations

The CSE or CPSE will arrange for an appropriate re-evaluation of each student with a disability:

- a) If the District determines that the educational or related services needs, including improved academic achievement and functional performance of the student warrant re-evaluation;
- b) If the student's parent or teacher request a re-evaluation;
- c) At least once every three years, unless the District and the parent or person in parental relation agree in writing that the re-evaluation is unnecessary.

The re-evaluation will be conducted by a multi-disciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of the student's disability. The re-evaluation will be sufficient to determine the student's individual needs, educational progress and achievement, the student's ability to participate in instructional programs in regular education and the student's continuing eligibility for special education. The results of any re-evaluations must be addressed by the CSE/CPSE in reviewing, and as appropriate, revising the student's IEP.

To the extent possible, the District will encourage the consolidation of re-evaluation meetings for the student and other CSE or CPSE meetings for the student.

Amendments to the IEP

Amendments to the IEP made after the annual review by the CSE or CPSE may be made by reconvening the CSE or CPSE and rewriting the IEP or by developing a written document to amend or modify the student's current IEP, provided that there is a request for, and agreement to, the amendment

by the parent(s) and the District provides the parent(s) a written proposal to amend the IEP conveyed in language understandable to the parent(s) in their native language or other dominant mode of communication, informs and allows the parent(s) the opportunity to consult with the appropriate personnel or related service providers concerning the proposed changes, and the parent(s) agree in writing to the amendments.

If the parent(s) agree to amend the IEP without a meeting, they must be provided prior written notice of the changes to the IEP and the CSE or CPSE must be notified of the changes. If the changes are made by rewriting the entire IEP, the District will provide the parents or persons in parental relation a copy of the rewritten IEP. If the amendment is made without rewriting the entire document, the District will provide a copy of the document that amends the IEP or, upon request, a revised copy of the entire IEP with the amendments incorporated.

Use of Recording Equipment at IEP Meetings

The Board will allow recording equipment to be used at meetings regarding IEPs for students with disabilities.

Provision of Individualized Education Program

The Superintendent or designee(s) will establish administrative practices and procedures to ensure that each regular education teacher, special education teacher, related service provider, and/or other service provider who is responsible for the implementation of a student's IEP is provided with either a paper copy of the IEP or is able to access a student's IEP electronically (including amendments to the IEP) prior to the implementation of the program. The individuals responsible for implementing a student's IEP will be notified and trained on how to access the IEP electronically. For purposes of this policy, "other service provider" means a representative of another public school district, charter school, Board of Cooperative Educational Services (BOCES), or school where the student receives or will receive IEP services. Further, the District will designate at least one school official who will be responsible for maintaining a record of the personnel who have received IEP copies for each student.

Any copy of a student's IEP will remain confidential in accordance with the Individuals with Disabilities Education Act, the Family Educational Rights and Privacy Act, and District policy regarding confidentiality of student records, and will not be disclosed to any other person other than the parent of the student, except in accordance with federal and state laws and/or regulations. Appropriate training and information will be provided to designated school personnel, as applicable, to ensure the confidentiality of this information. Procedures will be established to ensure that copies of students' IEPs are stored in secure locations and retrieved or destroyed when those professionals are no longer responsible for implementing a student's IEP.

(Continued)

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

The Chairperson of the CSE, CSE subcommittee, or CPSE will designate for each student one or, as appropriate, more than one professional employee of the District with knowledge of the student's disability and education program who will be responsible to, prior to the implementation of the IEP, inform each teacher, provider, or school personnel of his or her responsibility to implement the recommendations on a student's IEP. Relevant school personnel will have ongoing access to a copy of the student's IEP.

A copy of a student's IEP will be provided to the student's parents at no cost to the parent(s).

Functional Behavioral Assessments/Behavioral Intervention Plans

A functional behavioral assessment (FBA) is an evaluative tool, requiring parental consent, which should be used throughout the process of developing, reviewing, and revising a student's IEP when the student's behavior impedes learning of the child or others. The FBA is the process of determining why a student engages in challenging behavior and how the student's behavior relates to his or her environment.

The FBA provides a baseline of the student's problem behaviors with regard to frequency, duration, intensity, and/or latency across activities, settings, people, and times of the day and includes the:

- a) Identification of the problem behavior;
- b) Definition of the behavior in concrete terms;
- c) Identification of the contextual factors that contribute to the behavior (including cognitive and affective factors); and
- d) Formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

The FBA must, as appropriate, be based on multiple sources of data such as structured interviews, behavior ratings scales, standardized assessments, and checklists. To this end, the FBA cannot be based solely on the student's history of presenting problem behavior.

In the case of a student whose behavior impedes his or her learning or that of others, the CSE or CPSE will consider strategies, including positive behavioral interventions and supports, to address that behavior. The need for a behavioral intervention plan (BIP) will be documented on the IEP which will be reviewed at least annually by the CSE or CPSE. In addition, regular progress monitoring of the frequency, duration, and intensity of the behavioral interventions will be conducted at scheduled intervals and documented and reported to the parent(s) and CSE or CPSE.

SUBJECT: TRANSITION SERVICES

Transition services means a coordinated set of activities for a student with a disability, designed within a results-oriented process that is focused on improving the academic and functional achievement of this student to facilitate movement from school to post-school activities. Post-school activities include, but are not limited to, post-secondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation. The coordinated set of activities must be based on the student's strengths, preferences, and interests, and will include needed activities in the following areas:

- a) Instruction;
- b) Related services (the term "related services" does not include a medical device that is surgically implanted, the optimization of the device's functioning (e.g., mapping), maintenance of, or the replacement of such device);
- c) Community experiences;
- d) The development of employment and other post-school adult living objectives; and
- e) When appropriate, acquisition of daily living skills and provision of a functional vocational evaluation.

Beginning not later than the first individualized education program (IEP) to be in effect when the student is age 15 (and at a younger age, if determined appropriate), and updated annually, the student's IEP must include:

- a) A statement of the student's needs taking into account the student's strengths, preferences and interests as they relate to transition from school to post-school activities;
- b) Appropriate measurable postsecondary goals based upon age appropriate transition assessments relating to training, education, employment and, where appropriate, independent living skills;
- c) A statement of transition service needs that focuses on the student's courses of study, such as participation in advanced-placement courses or a vocational educational program;
- d) Needed activities to facilitate the student's movement from school to post-school activities, including instruction, related services, community experiences, the development of employment and other post-school adult living objectives and, when appropriate, acquisition of daily living skills and functional vocational evaluation; and
- e) A statement of the responsibilities of the District and participating agencies, when applicable, for the provision of such services and activities, before the student leaves the school setting, that promote movement from school to post-school opportunities.

SUBJECT: TRANSITION SERVICES (Cont'd.)

When developing transition goals and services, the District will discuss with the student's parents:

- a) Graduation requirements;
- b) The student's progress toward receiving a diploma; and
- c) The appeal, safety net, and Superintendent determination pathway options that may be available.

At the CSE meeting where the District discusses transition services with parents, it will provide written information explaining the graduation requirements, including eligibility criteria and processes for seeking an appeal and for requesting a local diploma through the Superintendent's determination pathway. The District will also inform parents that graduating with a local or Regents diploma terminates their child's entitlement to a free public education and special education services.

The District must invite a student with a disability to attend the student's CSE meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the student and the transition services needed to assist the student in reaching those goals. If the student does not attend the CSE meeting, the District must take other steps to ensure that the student's preference and interests are considered. To the extent appropriate, with the consent of the parent or a student who has reached the age of majority, the District must also invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

Graduation/Aging Out

The District is not required to conduct a reevaluation of a student before the termination of a student's eligibility due to graduation with a local high school or Regents diploma or exceeding the age eligibility for a free appropriate public education. However, the District must provide the student with a summary of the student's academic achievement and functional performance, including recommendations on how to assist the student in meeting his or her post-secondary goals.

Before a student's graduation from high school with a Skills and Achievement (SA) Commencement Credential or Career Development and Occupational Studies Commencement Credential (CDOS), parents must receive prior written notice indicating that the student continues to be eligible for a free appropriate public education until the end of the school year in which the student turns 21 or until receipt of a regular high school diploma.

SUBJECT: EXTENDED SCHOOL YEAR SERVICES AND/OR PROGRAMS

The District will provide, directly or by contract, special services, or programs during July and August (i.e., extended school year) to those students who require a structured learning environment for 12 months in order to prevent substantial regression as determined by the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE).

Substantial regression would be indicated by a student's inability to maintain developmental levels due to a loss of skill, set of skill competencies, or knowledge during the months of July and August. Students, including preschool students, must be considered for 12-month special services and/or programs to prevent substantial regression in accordance with Commissioner's regulations.

For students eligible for 12-month services and/or programs, the student's Individualized Education Program (IEP) will indicate the identity of the service provider during July and August, and, for preschool students determined by the CPSE to require a 12-month structured learning environment to prevent substantial regression. The IEP will also include a statement of the reasons for that recommendation, the projected date of the review of the student's need for these services, and the recommended placement.

Any District plan to operate a July/August program must be approved by the State Education Department in accordance with applicable laws, regulations, procedures, and/or guidelines.

SUBJECT: TRANSFER STUDENTS WITH DISABILITIES

To facilitate the transition of students with disabilities transferring into or out of the District the District will:

- a) As the district of origin, take reasonable steps to promptly respond to all requests from the new school district.
- b) As the new school district take reasonable steps to promptly obtain the student's records from the previous school, including the Individualized Education Program (IEP), supporting documents and any other records relating to the provision of special education services.
- c) Provide to a student with a disability who transfers school districts within the same school year a free appropriate education including services comparable to those described in the student's previous IEP.
 1. For transfers within New York State, the previously held IEP will be followed in consultation with the parents until the District adopts the previously held IEP or develops, adopts, and implements a new IEP consistent with federal and state law and regulation.
 2. For transfers from outside New York State, in consultation with the parents the previously held IEP will be followed until the District conducts an evaluation and, if appropriate, develops a new IEP consistent with federal and state law and regulation.

**SUBJECT: IDENTIFICATION AND REGISTER OF CHILDREN WITH DISABILITIES
(CHILD FIND)**

The District will locate, identify, and evaluate all students with disabilities who reside within its boundaries, including homeless children, children who are wards of the state, home-schooled children, and children attending private schools or charter schools. Further, it is the policy of the Board to conduct a census in order to locate and identify all children with disabilities within the District under the age of 21, including those children as described above, and to establish a register of those students entitled to attend school or receive preschool services.

The Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) will maintain and annually revise the register of these students and others referred to the committee as possibly having a disability, as appropriate. In addition, census data will be reported by October 1 to the CSE or CPSE as appropriate.

The District understands that its Child Find obligations have been expanded to include notification to every parent or person in parental relation, upon enrollment of their child in the District, of their rights regarding referral and evaluation for the purposes of special education services or programs in accordance with applicable federal and state laws. The notification will contain the name and contact information for the chairperson of the District's CSE or other individual who is charged with processing referrals to the committee in the District. The District may, in its discretion, provide notice by directing parents or persons in parental relation to obtain information located on the State Education Department's website relating to a parent's guide to special education in New York State for children ages three through 21.

Any student suspected of having a disability should be referred to the applicable CSE or CPSE for evaluation and possible identification as a student with a disability.

Nonpublic School Students with Disabilities Who Are Parentally Placed

If the District boundaries encompass a nonpublic school, the District, as the district of location, must develop and implement methods to identify, locate, and ensure the identification and evaluation of students with disabilities who have been, or are going to be, parentally placed in the nonpublic school.

The child find activities must be similar to those for students with disabilities in public schools and must be completed in a time period comparable to that for other students attending public schools in the District.

As the district of location, the District must also consult with the appropriate representatives of the nonpublic schools and parents of parentally placed nonpublic school students to determine an accurate count of students with disabilities attending those schools and receiving special education services.

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES

The Board recognizes the rights of the parent or guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation, and educational placement of a child with a disability. The District will observe all due process procedures for parents or guardians and children set forth in the Commissioner's regulations.

Definition of Parent

Parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child, a person in parental relation to the child as defined in Education Law Section 3212, an individual designated as a person in parental relation by General Obligations Law Title 15-A including a designated individual who is acting in the place of a birth or adoptive parent, or a surrogate parent who has been appointed in accordance with Section 200.5(n) of Commissioner's regulations.

A foster parent may act as a parent unless state law, regulations, or contractual obligations with a state or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

Surrogate Parents

In the event that no parent or guardian for a child with a disability can be identified, or after reasonable efforts the whereabouts of the parent or guardian cannot be determined, or the student is an unaccompanied homeless youth, or the child with a disability is a ward of the State and does not have a "parent" as defined above, or the rights of the parent to make educational decisions have been subrogated in accordance with state law, the Board will assign an individual from a list of willing and eligible persons to act as a surrogate for the parents or guardians. Alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

The person selected as a surrogate will have no interest that conflicts with the interest of the child he or she represents, and will have knowledge and skills that ensure adequate representation of the child.

Prior Written Notice (Notice of Recommendation)

Prior written notice must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education (FAPE) to the student and in certain other circumstances as set forth in relevant law and Commissioner's regulations.

(Continued)

Students

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time it requests parental consent. The prior written notice will contain all elements required by Commissioner's regulations.

A parent may elect to receive prior written notice and other required notifications by email if the District makes this option available.

Parent Participation in Meetings

The District must take steps to ensure that one or both of the parents of a child with a disability are present at each Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) meeting or are afforded the opportunity to participate in a mutually agreed upon time and place. The CSE or CPSE must also document its attempts to involve parents in the child's meeting and recommended educational program. A meeting may be conducted without a parent in attendance if the parents are unwilling to attend.

Additionally, the District will ensure the parent understands the proceedings of any meeting for their child including arranging for an interpreter as appropriate.

Parental Consent

A parent of a special education student or a student suspected of having a disability must provide informed consent before the District can take certain actions, including, but not limited to, evaluations, initial provision of services, and to access public benefits or insurance. The District will make reasonable efforts to obtain written informed consent and will maintain a detailed record of its attempts and the results of those attempts.

Parents with custodial rights—whether sole or joint—may exercise decision-making authority with respect to the student's education. Absent a court order or custody agreement to the contrary, a non-custodial parent may not control educational decisions for the student, though he or she may participate in the child's education.

Consent for an Unaccompanied Homeless Youth

Consent may be provided by a surrogate parent. However, until a surrogate parent is appointed, consent may be provided on a temporary basis by an employee of a temporary housing facility operated or approved by a local social services district or a residential facility for runaway and homeless youth.

Consent for a Ward of the State

A ward of the state means a child or youth under the age of 21 who:

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

- a) Has been placed or remanded in accordance with Social Services Law or the Family Court Act or freed for adoption in accordance with Social Services Law; or
- b) Is in the custody of the Commissioner of Social Services or the Office of Children and Family Services; or
- c) Is a destitute child under Social Services Law.

In the event that a child is a ward of the state, the District will make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child has a disability.

The District is not required to obtain informed consent if:

- a) Despite reasonable efforts to do so, the District cannot discover the whereabouts of the parent of the student, including consulting with the agency responsible for the care of the student; or
- b) The rights of the parents have been terminated in accordance with state law; or
- c) The rights of the parent to make educational decisions have been subrogated by a judge.

Consent for a Student Who is Home Instructed or Parentally Placed in a Private School at the Parent's Expense

If a parent of a student who is home instructed or placed in a private school by their parents at their own expense does not provide consent for an initial evaluation or reevaluation, or the parent fails to respond to a request to provide consent, the District will not continue to pursue those evaluations by using due process procedures and it is not required to consider the student as eligible for special education services.

Parental Revocation of Consent

Parental revocation of consent for continued provision of special education and related services must be in writing. When the parent revokes his or her consent, the District still must provide the parent with the usual written notice of its intentions with respect to the child.

If the parent of a student with a disability revokes his or her consent in writing for the continued provision of special education and related services to the student at any time subsequent to the initial provision of special education and related services, the District:

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

- a) Will not continue to provide special education and related services to the student, but must provide prior written notice to the parent before ceasing the provisions of special education and related services;
- b) Will not use due process procedures (i.e., mediation, resolution meeting, and/or impartial due process hearing) in order to obtain agreement or a ruling that the services may be provided to the student without parental consent;
- c) Will not be considered to be in violation of the requirement to make a FAPE available to the student because of the failure to provide the student with further special education and related services following revocation of consent;
- d) Is not required to convene a meeting of the CSE or develop an IEP for the student for further provision of special education programs and related services upon receipt of written revocation of consent; and
- e) Is not required to amend the student's education records to remove any references to the student's receipt of special education programs and services because of the revocation of consent.

Procedural Safeguards Notice

The District will provide the procedural safeguards notice prescribed by the Commissioner of Education to the parents of a student with a disability at least one time per year and also upon:

- a) Initial referral or parental request for evaluation;
- b) The first filing of a due process complaint notice to request mediation or an impartial due process hearing;
- c) Request by a parent;
- d) A decision to impose a suspension or removal that constitutes a disciplinary change in placement; and
- e) First receipt of a state complaint.

SUBJECT: DUE PROCESS COMPLAINTS: SELECTION AND BOARD APPOINTMENT OF IMPARTIAL HEARING OFFICERS**Due Process Complaints**

The District is committed to making every effort to amicably resolve disputes regarding educational programs for students with disabilities. In the event these disputes cannot otherwise be resolved, either a parent or the District may file a due process complaint challenging the identification, evaluation, or educational placement of a student with a disability, or a student suspected of having a disability, or the provision of a free appropriate public education to the student. The complainant may not have an impartial due process hearing until the complainant, or the attorney representing the complainant, files a due process complaint notice that meets the requirements set forth in law for the notice. All due process hearings will be conducted in a manner consistent with the timelines and procedures set forth in law and regulation.

Except as otherwise provided by law, all requests for impartial due process hearings must be submitted within two years of the date the parent or the District knew or should have known about the alleged action forming the basis of the complaint. Upon receipt or filing of the due process complaint notice, the District will provide the most current version of the procedural safeguards notice to the parents. The District will also inform parents in writing of the availability of mediation and any free or low-cost legal and other relevant services available in the area.

An impartial due process hearing will be conducted at a time and location reasonable and convenient to the parent and student involved. The hearing will be closed to the public unless the parent requests otherwise.

A student whose education is the subject of a due process complaint will remain in his or her current placement during the pendency of the impartial due process hearing unless both parties agree or as otherwise permitted by law.

Resolution Process

Prior to the opportunity for an impartial due process hearing, the District will convene a meeting with the parents and the relevant member or members of the Committee on Special Education or Committee on Preschool Special Education who have specific knowledge of the facts identified in the complaint. This meeting will provide the parents with an opportunity to discuss their complaint and the facts that form the basis of the complaint, and an opportunity to resolve the complaint with the District. The District will take steps to ensure that one or both of the parents of the student with a disability are present at the resolution meeting, and will notify parents of the meeting early enough to ensure that they have the opportunity to attend. The resolution meeting will be at a mutually agreed upon time and place, and in a location that is accessible to the parents. The District will ensure that all resolution meetings conform to the requirements set forth in the Commissioner's regulations.

The parents and the District may agree, in writing, however, to waive the resolution process or agree to use the mediation process to resolve the dispute.

SUBJECT: DUE PROCESS COMPLAINTS: SELECTION AND BOARD APPOINTMENT OF IMPARTIAL HEARING OFFICERS (Cont'd.)**Selection and Board Appointment of Impartial Hearing Officers**

In the event a due process complaint notice is properly filed, the Board will arrange for an impartial due process hearing to be conducted. In these instances, the Board will immediately, but not later than two business days after receipt of the due process complaint notice or mailing of the due process complaint notice to the parent, initiate the process to select an Impartial Hearing Officer (IHO) through a rotational selection process. To expedite this process, the Board may designate one or more of its members to appoint the IHO on its behalf.

The District will utilize the New York State Education Department's (SED) Impartial Hearing Reporting System to access the alphabetical list of the names of each IHO certified in New York State and available to serve in the District. The appointment of an IHO will be made only from this list and in accordance with the alphabetical rotation selection process and the timelines and procedures established by the Commissioner of Education. The District will record and report required information relating to the selection of IHOs and the conduct of impartial due process hearings according to the manner and schedule specified by SED.

The District will be responsible for compensating the IHO for prehearing, hearing, and post-hearing activities at the rate agreed upon at the time of the IHO's appointment. The District will also reimburse the IHO for certain travel and other hearing-related expenses in accordance with an annually determined schedule.

SUBJECT: INDEPENDENT EDUCATIONAL EVALUATIONS

Parents of children with disabilities have the right under federal and state regulations to obtain an independent educational evaluation (IEE) at public expense under certain conditions if they disagree with an evaluation obtained by the District.

A parent is entitled to only one IEE at public expense each time the District conducts an evaluation with which the parent disagrees. The District may ask the parent to explain the reason as to why they object to the District's evaluation although the parent is not required to answer.

The District will not unreasonably delay either providing the IEE or initiating an impartial hearing to defend its own evaluation.

SUBJECT: SPECIAL EDUCATION MEDIATION

The District will offer mediation to resolve disputes involving any matter for which an impartial due process hearing may be brought, including those that occurred prior to filing a due process complaint notice.

Mediation will be conducted by mediators furnished by a Community Dispute Resolution Center who are not employees of any school district or state agency that is involved in the education or care of the student who is the subject of the mediation process. Mediators may not have a personal or professional interest which would conflict with their objectivity in the mediation process and should be knowledgeable in laws and regulations relating to the provision of special education services.

Parents or persons in parental relation to students suspected of or having disabilities will receive written notice of the availability of the mediation program each time they receive notice of their entitlement to the impartial due process hearing procedures in accordance with federal and state law and regulations. If the parent and District agree, alternative means of meeting participation may be utilized, such as video conferences and conference calls.

Discussions during the mediation process must be kept confidential and may not be used as evidence in any subsequent due process hearing or civil proceedings.

If resolution to the complaint is reached through mediation, the parent and the representative of the District who has the authority to bind the District will execute a legally binding written agreement specifying the resolution. If the written agreement is inconsistent with the student's current individualized education program (IEP), the IEP must be immediately amended to reflect the mediation agreement.

The mediation process is voluntary and will not diminish or limit any rights provided for in law, including the right of the parent or person in parental relation to request an impartial due process hearing subsequent to mediation.

SUBJECT: CURRICULUM DEVELOPMENT, RESOURCES, AND EVALUATION

The Board supports and encourages development of a District-wide, articulated curriculum that conforms to state mandates and is responsive to the needs of children in a rapidly changing society. In order to help our students achieve success, the District will ensure that all curriculum is aligned with New York State learning standards and that approved curriculum is taught in every classroom.

The building principals will be responsible to the Superintendent for developing District-wide efforts toward the short and long-range improvement of curriculum and instruction.

Curriculum Resources

There are many resources for curriculum development that exist in our District, and the instructional staff, under the guidance of the administration, is expected to consider those resources for possible improvement of the instructional program. Each teacher has the privilege of being an initiator of improvement, as well as a reactor to changing conditions, and the principals will be involved in curriculum development.

The Superintendent may appoint staff members to curriculum study committees and their findings, as well as the collective judgments of the staff about possible changes, will be submitted by the Superintendent to the Board for consideration in the forming of curriculum policy.

Curriculum Evaluation

The Board will direct a continuing evaluation of the curriculum as part of a program of instructional improvement. All aspects of the curriculum will be subjected to a searching and critical analysis in an attempt to improve the learning and growth of students.

The administrative staff will evaluate the curriculum in a systematic manner involving school personnel and others as appropriate and make periodic recommendations for action by the Board. The Board may invite teachers or others to discuss the curriculum.

Evaluation of the Instructional Program

The Board expects staff members to maintain a continual program of evaluation at every level to determine the extent of progress toward the schools' objectives. The Board will periodically request the Superintendent to present factual information that it considers necessary to evaluate the effectiveness of the District.

SUBJECT: EQUAL EDUCATIONAL OPPORTUNITIES

The District provides equal opportunity for students and does not discriminate against any student enrolled in (or any candidate for admission to) its programs and activities on the basis of actual or perceived race, color, national origin, sex, disability, or age. Further, the District does not discriminate on the basis of weight, ethnic group, religion, religious practice, sexual orientation, gender, or any other basis prohibited by state or federal non-discrimination laws, and provides equal access to its facilities to the Boy Scouts and other designated youth groups.

Educational Services for Married/Pregnant Students

The District will not discriminate against students based on their parental or marital status. The opportunity to participate in all of the services, programs, and activities of the District will not be restricted or denied because of pregnancy, parenthood, or marriage.

Pregnant students will be encouraged to remain and participate in District programs. The forms of instruction provided to these students may include any or all of the following:

- a) Remain in school with provisions for special instruction, scheduling, and counseling as needed;
- b) Receive home instruction;
- c) Attend BOCES programs.

In this regard, the Superintendent or designee, in consultation with student services staff, the school physician and the student's personal physician, may make program modifications which are feasible and necessary to accommodate the special needs of these students.

Investigation of Complaints and Grievances

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether verbal or written, of discrimination and will promptly take appropriate action to protect individuals from further discrimination. All complaints will be handled in a manner consistent with the District's policies, procedures, and/or regulations regarding the investigation of discrimination and harassment complaints, including Policy #3420 -- Non-Discrimination and Anti-Harassment in the District and Policy #7551 -- Sexual Harassment of Students.

Additional information regarding the District's discrimination and harassment complaint and grievance procedures, including, but not limited to, the designation of the Civil Rights Compliance Officer (CRCO), knowingly making false accusations, and possible corrective actions, can be found in Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

SUBJECT: SAFETY CONDITIONS AND PREVENTION INSTRUCTION

The practice of safety will be considered an integral part of the instructional program through fire prevention, emergency procedures and drills, driver education, and traffic and pedestrian safety. Each principal will be responsible for the supervision of a safety program for his or her school. The safety program may include, but is not limited to, in-service training, plant inspection, fire prevention, accident recordkeeping, driver and vehicle safety programs, emergency procedures and drills, and traffic safety programs relevant to students, employees, and the community. The Board will provide inspections and supervision of the health and safety aspects of the school facilities.

Acquired Immune Deficiency Syndrome (AIDS) Instruction in Health Education

The Board will provide a health education program that includes appropriate instruction for all students concerning Acquired Immune Deficiency Syndrome (AIDS). Accurate information concerning the nature of the disease, methods of transmission, and means of prevention will be provided in an age-appropriate manner, stressing abstinence as the most appropriate and effective protection against AIDS.

No student will be required to receive instruction concerning the methods of AIDS prevention if his or her parent or legal guardian files with the principal a written request that the student not participate in this instruction, with an assurance that the student will receive this instruction at home.

AIDS instruction in the elementary grades will be taught by the regular classroom teachers, while this instruction in the middle and high school grades will be a part of the required health education curriculum.

Hands-Only Cardio Pulmonary Resuscitation and Automated External Defibrillator (AED) Instruction

High school students will be provided instruction in hands-only cardiopulmonary resuscitation and the use of an AED. Standards for this instruction will be based on a nationally recognized instructional program that utilizes the most current guidelines for cardiopulmonary resuscitation and emergency cardiovascular care issued by the American Heart Association or a substantially equivalent organization, that are consistent with the requirements of the programs adopted by the American Heart Association or the American Red Cross, and that will incorporate instruction designed to:

- a) Recognize the signs of a possible cardiac arrest and to call 911;

Environmental Conservation Instruction

The Board supports and encourages the development of a District-wide, articulated curriculum of environmental conservation integrated into other program disciplines.

Fire and Arson Prevention/Injury Prevention/Life Safety Education

This instruction will include materials to educate children on the dangers of falsely reporting a criminal incident, an impending explosion or fire emergency involving danger to life or property, an impending catastrophe, or a life safety emergency. The Board directs the administration to provide this instruction for all students for a period of at least 45 minutes during each month that school is in session.

Student Safety

Instruction in courses in technology education, science, home and career skills, health and safety, physical education, and art will include and emphasize safety and accident prevention.

Eye Safety

The Superintendent or designee will ensure that eye safety devices are distributed as necessary and that they are properly repaired, cleaned, and stored to prevent the spread of germs or diseases after use. Each classroom teacher is responsible for the safe and proper use of all instructional materials and equipment by students in his or her classroom.

All students in grades K through 8 in District schools will receive instruction designed to prevent the abduction of children provided by or under the direct supervision of regular classroom teachers. The Board will provide appropriate training and curriculum materials for the regular classroom teachers who provide this instruction. However, at the Board's discretion, this instruction may be provided by any other public or private agency.

The Commissioner of Education will provide technical assistance to assist in developing curricula for these courses of study which must be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness skills, information, self-confidence, and support to aid in the prevention of child abduction.

For purposes of developing these courses of study, the Board may establish local advisory councils or utilize the school-based shared decision making and planning committee established under the Commissioner's regulations to make recommendations concerning the content and implementation of these courses. Alternatively, the District may utilize courses of instruction developed by consortia of school districts, boards of cooperative educational services, other school districts, or any other public or private agency. The advisory council will consist of, but not be limited to, parents, school trustees and Board members, appropriate school personnel, business and community representatives, and law enforcement personnel having experience in the prevention of child abduction.

SUBJECT: PATRIOTISM, CITIZENSHIP, AND HUMAN RIGHTS EDUCATION

In order to promote a spirit of patriotic and civil service and obligation, as well as to foster in students of the District moral and intellectual qualities which are essential in preparing them to meet the obligations of citizenship, the Board requires students attending District schools, over the age of eight years, to attend instructional courses in patriotism, citizenship, and human rights issues, with particular attention to the study of the inhumanity of genocide, slavery (including the Freedom Trail and Underground Railroad), the Holocaust, and the mass starvation in Ireland from 1845 to 1850.

The Board recognizes that teaching students respect, civility and understanding toward others, as well as the practice and reinforcement of appropriate behavior and values of our society, is an important function of the District.

The District wishes to foster an environment where students exhibit behavior that promotes positive educational practices, allows students to grow socially and academically, and encourages healthy dialogue in respectful ways. By presenting teachers and staff as positive role models, the District stresses positive communication and discourages disrespectful treatment. This policy is not intended to deprive and/or restrict any student of his or her right to freedom of expression but, rather, seeks to maintain, to the extent possible and reasonable, a safe, harassment free and educationally conducive environment for our students and staff.

Furthermore, the District will ensure that the course of instruction in grades K through 12 includes a component on civility, citizenship, and character education in accordance with Education Law, with an emphasis on discouraging acts of harassment, bullying, and/or discrimination. The Board, in recognizing the educational uses of animals in the classroom, requires that permission be obtained from the building principal before animals are brought into the school or classrooms. It is the principal's responsibility to ensure that there is an appropriate educational purpose if any animal is housed in a classroom. Animals are not to be transported on school buses with the exception of service animals.

Study and Care of Live Animals

It will be the responsibility of the principal or designee to develop a plan of care for those animals housed in school in the event of an emergency school closing or in the event the animals remain in the classroom on days when school is not in session.

Dissection of Animals

Any student expressing a moral or religious objection to the performance or witnessing of the dissection of an animal, either wholly or in part, will be provided the opportunity to undertake and complete an alternative project approved by the student's teacher; provided, however, that this objection is substantiated in writing by the student's parent or legal guardian. An alternate activity clearly related to and of comparable rigor will be assigned in lieu of laboratory dissection. Some examples of alternate activities include the use of computer simulations or research. Students who perform alternative projects will not be penalized.

The District will give reasonable notice to all students enrolled in a course that includes the dissection of an animal and students' parent(s) or legal guardian(s) about their rights to seek an alternate project to dissection. This notice will be made available upon request at the school and distributed to parents and students enrolled in a course that includes dissection at least once at the beginning of the school year.

Instruction in the Humane Treatment of Animals

Students in elementary school must receive instruction in the humane treatment and protection of animals and the importance of the part they play in the economy of nature as well as the necessity of controlling the proliferation of animals that are subsequently abandoned and caused to suffer extreme cruelty. This instruction will be for a period of time as specified by the Board of Regents and may be joined with work in literature, reading, language, nature study, or ethnology.

Therapy dogs in the school setting shall be recommended by the Building Principal to the Superintendent of Schools for approval by the Board of Education on an annual basis.

The following information will be submitted by the handler prior to approval by the Board of Education:

Use of the Therapy Dog in School

The District supports the use of therapy dogs for the benefit of its students subject to the conditions of this policy. Examples of activities that students may engage in with a therapy dog include petting and/or hugging the dog, speaking to the dog, giving the dog simple commands that the dog is trained to respond to, and reading to the dog.

Animal assisted therapy can be a goal-driven intervention, which is directed and/or delivered by a health, human, or education service professional and is meant to improve physical, social, emotional and/or cognitive function of an individual. SUBJECT: THE USE OF THERAPY DOGS IN SCHOOL

A therapy dog is a dog that has been individually trained, evaluated, and registered with his/her handler to provide animal assisted activities, animal assisted therapy, and animal assisted interactions within a school or other facility. Therapy dogs are not the same as “emotional support animals” nor are they “service animals” as that term is defined under the Americans with Disabilities Act. The handler is an individual school district staff member who has been individually trained, evaluated, and registered with the therapy dog to provide animal assisted activities, animal assisted therapy, and animal assisted interactions within a school or other facility.

The handler shall assume full responsibility for the therapy dog’s care, behavior, and suitability for interacting with students and others in the school while the therapy dog is on school district property. All other animals entering a school building must meet the requirements of Policy 3211, Service Animals or Policy 8360, Animals in the School (Instructional Purposes).

The handler shall be solely responsible for the supervision and humane care of the therapy dog, including any feeding, exercising, and cleaning up after the therapy dog while the therapy dog is in the school building or on school property. The handler shall not leave the therapy dog unsupervised or alone on school property at any time. The district bears no financial responsibility for the required therapy dog training, care or feeding of the animal.

The Building Principal shall notify parents and staff on an annual basis regarding the presence of therapy dogs in the school building.

Therapy Dog Standards and Procedures

Identification: The handler and therapy dog shall wear appropriate identification issued by the school district.

Health and Safety: The Board of Education shall ensure that the therapy dog does not pose a health and safety risk to any student, employee, or other person at school and that the therapy dog is brought to the school district only when properly groomed, bathed, free of illness or injury and of the temperament appropriate for working with children and others in the schools.

A leash shall be used during student interactions unless holding such leash would interfere with the therapy dog's safe, effective performance of its work or tasks. However, the handler shall maintain control of the therapy dog at all times and shall not tether the therapy dog to any individual or object.

Authorized Area(s): The handler shall ensure that the therapy dog has access to only such areas of the school building or properties that have been authorized by school district administrators.

Allergies and Aversions: The handler shall remove the therapy dog to a separate area, as designated by the school administrator, in such instances where any student or school employee who suffers dog allergies or aversion is present in an office, hallway, or classroom.

Damages and Injuries: The Board of Education shall not assume responsibility and/or liability for any damage to school property or injury to district staff, students, or others in the school caused by the therapy dog, except to the extent independently required by law. Any liability imposed on the handler will be covered by the handler's insurance policy which the handler shall purchase as described above.

Exclusion or Removal from School District Property: A therapy dog may be excluded from school district property if a school administrator determines that: (1) The handler does not have control of the therapy dog; (2) The therapy dog is not housebroken; (3) The therapy dog presents a direct and immediate threat to others in the school; or (4) The therapy dog's presence otherwise interferes with the educational program. The handler shall immediately remove his/her therapy dog from school property when instructed to do so by a school administrator.

Bite Policy: The Spencerport Central School District has a zero bite policy. A bite is defined as the bruising or breaking of the skin. A therapy dog that is determined to have bitten a person on school grounds or while engaged in therapy work will be permanently barred from working in the Spencerport School District.

If the parents or family members indicate that the Title I plan is not satisfactory, the District will submit their comments to the State Education Department along with the plan;
- b) Improve student academic achievement and school performance through coordination, providing technical assistance, and giving support necessary to assist and build the capacity of all participating schools in planning and implementing effective parent and family engagement activities, which may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education;
- c) Coordinate and integrate parent and family engagement strategies with other relevant federal, state, and local programs;
- d) Conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of its Title I schools. The evaluation will include identifying:

- a) Describe how to convene an annual meeting, at a convenient time, to inform parents and family members of their school's participation in Title I programs, to explain Title I requirements, and to identify the right of the parents and family members to be involved. All parents and family members of these children will be invited and encouraged to attend the meeting;
- b) Offer flexibility in scheduling meetings, and may provide transportation, child care, or home visits related to parent and family member engagement, using Title I funds;
- c) Involve parents and family members in an organized, ongoing, and timely way in planning, reviewing, and improving Title I programs, including this policy;

The District will respond to any suggestions as soon as practicably possible; and
- e) Develop a compact jointly with parents and family members that outlines how they, school staff, and students will share responsibility for improved student academic achievement. The compact will also detail the means by which the school and parents and family members will build and develop a partnership to help all children achieve the state's standards.
- f) Have a compact that:

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING

In compliance with the Children's Internet Protection Act (CIPA) and Regulations of the Federal Communications Commission (FCC), the District will ensure the use of technology protection measures (i.e., filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. These technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are obscene, pornographic, or, with respect to the use of computers by minors, considered harmful to students. The District will provide for the education of students regarding appropriate online behavior including interacting with other individuals on social networking websites and in chat rooms and regarding cyberbullying awareness and response. Further, appropriate monitoring of online activities of minors, as determined by the building or program supervisor, will also be enforced to ensure the safety of students when accessing the Internet.

Further, the Board's decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the District, including the selection of appropriate instructional materials and activities to enhance the schools' programs and to help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing any inappropriate sites. Proper safety procedures, as deemed appropriate by the applicable administrator or Chief Information Officer, will be provided to ensure compliance with the CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet may include, but will not be limited to, the following guidelines:

- a) Ensuring the presence of a teacher and/or other appropriate District personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using email, chat rooms, instant messaging, and other forms of direct electronic communications. As determined by the appropriate administrator, the use of email, chat rooms, as well as social networking platforms, may be blocked as deemed necessary to ensure the safety of students;
- b) Monitoring logs of access in order to keep track of the websites visited by students as a measure to restrict access to materials harmful to minors;
- c) In compliance with this Internet Safety Policy as well as the District's Acceptable Use Policy (AUP), unauthorized access, and other unlawful activities by minors are prohibited by the District and student violations of these policies may result in disciplinary action; and
- d) Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use, and dissemination of personal identification information regarding students.

Instruction

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING (Cont'd.)

The determination of what is "inappropriate" for minors will be determined by the District and/or designated school official(s), the definition of which may vary depending on the circumstances of the situation and the age of the students involved in online research.

The terms "minor," "child pornography," "harmful to minors," "obscene," "technology protection measure," "sexual act," and "sexual contact" will be as defined in accordance with CIPA and other applicable laws or regulations.

Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor, or other person authorized by the District.

The District will provide certification, in accordance with the requirements of CIPA, to document the District's adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., blocking or filtering of access to certain material on the Internet) for all District computers with Internet access.

Internet Safety Instruction

In accordance with New York State Education Law, the District may provide to students in grades K through 12 instruction designed to promote the proper and safe use of the Internet. The Commissioner will provide technical assistance in the development of curricula for this course of study which will be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information, and support to aid in the safe usage of the Internet.

Additionally, students will be educated on appropriate interactions with other individuals on social networking websites and in chat rooms, as well as cyberbullying awareness and response.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

Despite the existence of District policy, regulations, and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access this content or material from their home, other locations off school premises, and/or with a student's own personal technology or electronic device on school grounds or at school events.

The District is not responsible for inappropriate content or material accessed via a student's own personal technology or electronic device or via an unfiltered Internet connection received through a student's own personal technology or electronic device.

(Continued)

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING (Cont'd.)**Notification/Authorization**

The District's AUP will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and student's obligations when accessing the Internet.

The District has provided reasonable public notice and has held at least one public hearing or meeting to address this policy prior to Board adoption. Additional public notice and a hearing or meeting is not necessary if and when amendments are made to this policy.

This policy must be made available to the FCC upon request. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of this policy as well as any other District policies relating to the use of technology.

This policy is required to be retained by the school for at least five years after the funding year in which the policy was relied upon to obtain E-rate funding.

The principal, in cooperation with the child's teacher, shall arrange for the child to use a suitable alternate instructional material for that aspect of the program.

Any criticism of instructional materials that are in the schools shall be submitted in writing either on the "Request for a Clarification of Instructional Material Form" or in writing using the content of that form as a guide.

At public meetings of the Board of Education, or at other official school functions, no person shall orally initiate charges, complaints or criticisms regarding instructional materials used in the District.

Once completed, the Request for Clarification of Instructional Materials Form shall be submitted to the principal of the building in which the material is located for submission to the Superintendent of Schools. Allegations thus submitted will be considered by a committee made up of the principal, librarian and faculty members appointed by the Superintendent; the faculty members of this committee will be in the subject matter field of material challenged.

The challenged material will be judged by the committee as to its conformity with policies and regulations of the Board of Education.

The Superintendent of Schools shall either approve, approve with modifications, or disapprove the committee's written report and recommendations and so notify all concerned in writing.

Should the person(s) filing the complaint, or the committee, wish to do so, they may make a final appeal to the Board of Education. The Board of Education will make the final decision as to the retention or rejection of the challenged material in the schools.

Controversial Issues

Controversial issues may be studied as part of the curriculum and teachers will present these issues in their classrooms in an impartial and objective manner.

Teachers wishing to call upon outside speakers in the presentation of controversial issues are required to obtain the approval of the principal who will keep in mind the obligation for presenting opposing views as well, and who will inform the Superintendent prior to the presentation.

If parents or citizens of the community believe that unfair and biased presentations are being made by a teacher, the Superintendent may provide for a hearing so that both parties may fairly express their views.

SUBJECT: INSTRUCTIONAL MATERIALS**Textbooks**

The term "textbook" refers to a book supplied to a student for a fixed period of time for his or her personal use and basic to the study of a subject. The Board will make provision for funds to be budgeted for the purchase of textbooks and related instructional materials.

Upon the recommendation of the Superintendent, the Board will designate the textbooks to be used. Textbooks, once designated, cannot be superseded within a period of five years except by a 3/4 vote of the Board.

Students will be required to pay for lost books or for excessive damage to books.

Textbooks for Resident Students Attending Private Schools

Resident students attending private schools will be supplied non-sectarian textbooks in accordance with the requirements of Education Law. The District may ask for evidence that the selected textbook is used in one or more public school districts in the state. This evidence may include an authenticated list of public school districts using the textbook from the publisher.

Workbooks

The term "workbook" refers to the type of book that provides spaces to write in and is consumed each year. It is usually paper-covered and designed to be used in connection with a textbook. The Board must approve the expenditure of funds for the purchase of workbooks and manuals.

Calculators

The District can require students to provide their own "supplies" such as pencils, pens, paper, etc. Calculators do not fall into this category and must be considered like classroom teaching materials for which the District is authorized to levy a tax. In addition, the District may purchase, and must still provide, calculators even if operating under a contingent budget if the calculators are required for participation in an educational program. The New York State Education Department requires the use of calculators for intermediate and high school level mathematics and science assessments. Students will not be charged for a calculator or otherwise required to purchase one in order to participate in an educational program of the District.

Instructional Computer Hardware**Loan to Students Attending Nonpublic Schools in the District**

The District will loan, upon request of an individual or a group of individual students, to all students legally attending nonpublic elementary or secondary schools located in the District, instructional computer hardware in accordance with applicable law and regulations.

(Continued)

Instruction

SUBJECT: INSTRUCTIONAL MATERIALS (Cont'd.)

Instructional computer hardware will be loaned free of charge, subject to rules and regulations as are or may be prescribed by the Board of Regents and school authorities, and will be required for use as a learning aid in a particular class or program. Instructional computer hardware containing computer software programs which are religious in nature or content will not be purchased or loaned by the District.

The District is not required to loan instructional computer hardware to nonpublic school students in excess of that acquired in accordance with Education Law Section 753 and will be loaned on an equitable basis to children attending nonpublic schools in the District and to students with disabilities residing in the District who attend approved programs. However, the District will not be required to loan instructional computer hardware purchased with local or federal funds or with state funds, other than Instructional Computer Hardware Aid funds.

School authorities will specify a date by which written requests for the purchase and loan of instructional computer hardware must be received by the District. This date will not be earlier than the first day of June of the school year prior to that for which instructional computer hardware is being requested. For a child not attending a nonpublic school prior to June first, the parent or guardian may submit a written request for instructional computer hardware within 30 days after the child is enrolled in the nonpublic school. In no event, however, will a request made later than the times otherwise provided in accordance with Education Law Section 754 be denied where a reasonable explanation is given for the delay in making the request. All nonpublic schools in the District will be notified of the specified date.

The form of request used by a lending District may provide for a guarantee by a parent or guardian for the return of the hardware or, in the case of loss or damage, for payment of its value.

SUBJECT: USE OF COPYRIGHTED MATERIALS

It is the intent of the Board to abide by the provisions of the United States Copyright Law. All employees and students are prohibited from copying materials not specifically allowed by the copyright law, fair use guidelines, licenses or contractual agreements, or the permission of the copyright proprietor.

A copyright officer may be appointed by the Superintendent to provide information for all personnel regarding current copyright law and to maintain copyright records. The copyright officer will also serve as the designated agent registered with the U.S. Copyright Office to expeditiously respond to any notices of claimed copyright infringement.

Any person who willfully disregards the copyright policy will be in violation of Federal Copyright Laws and District policy and will assume all liability. Appropriate copyright notices will be placed on or near all equipment used for duplication.

SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM

The Board acknowledges the importance of religion to the understanding of society and the richness of the human experience. The District will be guided by three concepts when making decisions about the appropriateness of activities for inclusion in the school program: the activity should have a secular purpose, the activity should neither advance nor inhibit religion, and the activity must not foster an excessive entanglement of government with religion.

Nurturing the development of knowledge and respect for the rights of all cultural and religious groups is a continuing goal of the District. Students, faculty, and administration are reminded of the pluralism of religious beliefs and are urged to be conscious of and respect the sensitivity of others.

Opportunities to learn about cultural and religious traditions should be provided within the framework of the curriculum. Information about religious and cultural holidays and traditions focusing on how and when they are celebrated, their origins, and their histories should be part of this instruction. This educational opportunity should be handled with great care, sensitivity, and respect for the feelings and beliefs of individuals.

An environment should be created and encouraged where students of various ethnic backgrounds feel comfortable in sharing comments about their religious and cultural traditions. No student should be singled out to share or participate in discussions solely on the basis of that student's identification with the cultural or religious heritage being addressed. A student's preference not to share or participate in these discussions should be honored and respected without penalty.

Teaching About and/or References to Religion

The U.S. Supreme Court has stated (in Abington v. Schempp and Murray v. Curtlett) that education without the study of religion is incomplete and that such study is not prohibited by the First Amendment. The following statements distill the essence of the Court's decisions as to what constitutes legal and illegal religion studies in the public schools:

- a) The school may sponsor the study of religion, but may not sponsor the practice of religion.
- b) The school may expose students to all religious views, but may not impose any particular view.
- c) The school's approach to religion is one of instruction, not one of indoctrination.
- d) The function of the school is to educate about all religions, not to convert to any one religion.
- e) The school's approach to religion is academic not devotional.
- f) The school should study what all people believe, but should not teach a pupil what he/she should believe.

(Continued)

Instruction

SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM (Cont'd.)

- g) The school should strive for student awareness of all religions, but should not press for student acceptance of any one religion.
- h) The school should seek to inform the student about various beliefs, but should not seek to conform him to any one belief.

“Public Education Religion Studies: Questions and Answers.” Public Education Religion Studies Center, Wright State University, Dayton, Ohio, Copyright, 1974.

Religious influences and practices are a part of literature and history and, as such, can and should be an appropriate subject of study. Teachers may emphasize moral and ethical principles of religions, and may provide information and the opportunity for students to study the forms and practices of various religions, and the various printed documents that embody the beliefs of different religions. However, any such activity should present information about religions and shall not teach or seek to establish these beliefs.

In accordance with the New York State Curriculum in the Social Studies, students when exposed to information concerning religions and religious beliefs, will not be subjected to an advocacy, either openly or covertly, or by subtlety, of a particular religion or of religious beliefs.

School Activities Related to Religious Holidays or Themes

School activities related to the teaching about religious holidays or themes must be consistent with, and representative of, the District's curriculum.

In planning school activities related to the teaching about religious holidays or themes, special effort must be made to ensure that the activity is not devotional and that students of all faiths can join without feeling they are betraying their own beliefs. Similarly, age appropriate activities are encouraged within the framework of the curriculum. Teaching about religious and cultural holidays may include activities such as parties and special foods, if they reinforce educational goals.

Symbols in the Schools

The purpose of using religious symbols should be to teach about religious concepts and traditions, and to convey historical or cultural content, not to promote or celebrate religious concepts, events, or holidays.

Music in the Schools

The purpose of using religious music should be to teach musical concepts, to convey historical and cultural content, or to create aesthetic experiences in a setting which emphasizes artistic expression and educational value, not to promote or celebrate a religious faith.

(Continued)

SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM (Cont'd.)**Curriculum Areas in Conflict with Religious Beliefs**

Students will be given the option to be excused from participating in those parts of an activity, program, or area of instruction involving a religious theme which conflicts with their own religious beliefs or that of their parents or guardians in accordance with applicable law and regulations. Alternatives may be provided that are of comparable instructional value.

The District will make this policy available in order to ensure community, faculty, student, and parental or guardian awareness.

SUBJECT: OPENING EXERCISES**Pledge of Allegiance**

Each morning, the Pledge of Allegiance will be recited in all schools and classrooms of the District.

In compliance with various Federal court and Commissioner's decisions, students may decline to recite the Pledge of Allegiance and may refrain from saluting the flag. Students who choose to refrain from such participation have the responsibility to respect the rights and interests of classmates who so wish to participate in a meaningful ceremony. Students may decline to participate in the salute to the flag and the Pledge of Allegiance without securing permission from their parents and/or guardians.

Instruction

SUBJECT: INDEPENDENT STUDY

Independent study, for credit, will be available to meet the individual needs of students in grades 9 through 12. The principal, after consultation with relevant faculty, will award credit to the student based on successful completion of the independent study and demonstrated mastery of the learning outcomes of the subject.

Students enrolled in the District may earn a maximum of three units of elective credit toward a Regents diploma through independent study. The student's participation in independent study must be approved by a school-based panel consisting of, at a minimum, the principal, a teacher in the subject area for which independent credit is sought, and a guidance director or administrator.

Credit for independent study may be awarded for elective courses only and will not be awarded for courses required for the Regents diploma as specified in Commissioner's regulations.

SUBJECT: HOME INSTRUCTION (HOME SCHOOLING)

From time to time, parents will choose to instruct their children at home. The Spencerport Central School District will attempt to cooperate with parents who wish to provide home instruction for their children realizing that the child who is educated at home should receive an education in a manner consistent with an educational plan and at least substantially equivalent to that given to students of like age and attainments in the local public schools. The required subjects should be taught in a competent, systematic and sequential manner, specifically in relation to the required courses as enumerated in Commissioner's Regulation Section 100.10.

Provision of Services to Home-Instructed Students

Home-instructed students are not awarded a high school diploma. A high school diploma may only be awarded to a student enrolled in a registered secondary school who has completed all program requirements set by the Board of Regents, the school or the District.

- a) Home-instructed students are not eligible to participate in interscholastic sports. Commissioner's Regulations mandate that only students enrolled in the public school are allowed to participate in interscholastic sports. The District does not permit home-instructed students to participate in any extracurricular activities such as intramurals or school-sponsored clubs.
- b) The District is not required to loan available textbooks and other materials (e.g., library materials, microscopes, computer software, eTextbooks, and movie projectors). However, the District may loan textbooks to home-instructed students upon request, if such books are surplus in district schools.
- c) The District is not required to furnish health services.
- d) The District is not responsible for providing remedial programs.
- e) Home-instructed students may not participate in the instructional program of the District except for dual enrollment opportunities the District may make available under the "Dual Enrollment Law" and for special education programs and services the District is required to offer (exceptions are listed below).

The District is *not authorized* to provide Career and Technical (Occupational) or gifted educational programs to home-instructed students.

- f) Solely for the purpose of Education Law Section 3602-c, home-instructed students with disabilities are deemed to be students enrolled in and attending a nonpublic school, which enables them to receive special education services, as well as to be included for computation of state aid for the education by the District.

Instruction

SUBJECT: HOME INSTRUCTION (HOME SCHOOLING) (Cont'd.)

The Committee on Special Education will develop an Individualized Education Services Program (IESP) for the student. The IESP will be developed in the same manner and with the same content as an individualized education program. The Board will determine a location where special education services will be provided to a home-instructed student. This location may, but is not required to be, in the student's home.

Further, the District shall conduct a census and register of students with disabilities who reside in the District in accordance with Education Law and Commissioner's Regulations.

- g) Home-instructed students shall not be allowed to use school facilities except as provided for community organizations in Policy #3280 -- Use of School Facilities, Materials, and Equipment.

Primary responsibility for determining compliance with Commissioner's Regulations addressing home instruction rests with the Superintendent of Schools of the school district in which a home-instructed student resides.

SUBJECT: HOMEWORK

The Board of Education acknowledges the educational value of homework as an extension of the instructional program of the schools. Homework affords the opportunity for reinforcement of important learning through meaningful work assigned as independent practice. For the purposes of this policy, “homework” shall refer to those assignments to be completed by the student outside of class or independently while in attendance at school. Homework provides valuable information regarding where students may need additional assistance.

SUBJECT: TUTORIAL INSTRUCTION SERVICES

The objective of the Board of Education is to provide an educational opportunity for every child, including those children who are unable to participate in a regular classroom program. In consideration of this condition, the Board of Education employs certified teachers to serve as tutors for the children.

Home Tutoring (Homebound Instruction)

Resident children attending public or nonpublic schools who are unable to attend school because of physical, mental, or emotional illness or injury as substantiated by a licensed physician are eligible to be instructed at home or in a hospital by an appropriately certified teacher provided by the District. These students will be provided with instruction in accordance with New York State Education Law and Commissioner's regulations.

Procedures for students requiring home tutoring will be developed under the direction of the Superintendent or designee.

SUBJECT: FIELD TRIPS AND INTERSCHOLASTIC TRIPS

The Board of Education recognizes that field/interscholastic trips are an educationally sound and important ingredient in the instructional and extracurricular programs of our schools. Field trips of significant educational or recreational value are encouraged and permitted under the regulations established by the Superintendent of Schools or his/her designee. Education value, educational equity, safety, orderliness and minimal disruption to the regular instructional schedule are factors which should receive prime consideration.

Field trips are in one of four categories:

- a) Curriculum trips
- b) Trips sponsored by classes/organizations
- c) Interscholastic trips
- d) Academic Competitions

All trips should be in District-owned conveyances. Trips using conveyances other than District-owned shall require prior approval from the Superintendent.

School principals and the Director of Physical Education and Athletics must fill out completely and submit to the Superintendent Field/Interscholastic Trip Applications, at least three (3) months in advance of the planned event. Requests with less than three (3) months notice require justification in order to be considered for approval.

Requests must be made before the students and parents are involved. This will ensure that the trip is judged by the Superintendent of Schools and the Board of Education on the basis of the merit of the event.

For all field trips and/or athletic competitions, except regularly scheduled academic and athletic competitions, which are greater than fifty (50) miles one way, or include overnight lodging, applications shall be transmitted to the Superintendent, who will submit his/her recommendation to the Board of Education for their approval.

Field trips for academic and athletic competitions at state, regional or national levels for academic or athletic teams, who qualify, may be approved by the Superintendent or his/her designee at the time the team is notified of the opportunity.

All field/interscholastic trips will be reviewed on a case-by-case basis by the Superintendent or his/her designee.

Instruction

Charter Bus Trips for Students

The Board of Education endorses the use of field trips to enhance the instructional goals of the District. The Board recognizes that, on occasion, the use of non-school owned conveyances must be considered and that the safety and welfare of its students is of paramount concern.

Student bus trips should be in district-owned conveyances. Trips using conveyances other than district-owned shall require prior approval from the Superintendent of Schools or his/her designee.

Trips using charter buses shall require the approval of the Director of Transportation due to the necessity of following the Department of Motor Vehicle guidelines regulating charter trips.

Building groups initiating a student field trip requiring the use of a chartered bus must submit a Request for Charter Bus Transportation Approval to the office of the Assistant Superintendent for Instruction for submission to the Board of Education.

Instruction

SUBJECT: OTHER AUTHORIZED SERVICES

- a) The instructional services of the Spencerport Central Schools shall include, in addition to instruction as such, the supporting services of administration and supervision, recruitment of personnel, school health, research and evaluation, and specialized services for atypical children.
- b) Such supporting services shall be provided in the following special schools and classes:
 - 1. Insofar as resources shall permit, special classes for children with unusual capacity, intelligence or endowment.
 - 2. Special schools or classes for pupils with a low level of mental maturity who have had a considerable lack of success in the regular schools and who, in consequence, have become school problems and may become community problems.
 - 3. Teaching of the homebound children who are unable to attend classes in school but who can profit from instruction at home under parental supervision, or in hospitals, detention centers, or other agencies which have temporary custody of children.
 - 4. The correction of speech defects by special teachers or remedial speech.
 - 5. Child study, guidance, and clinical services as approved by the Board of Education.
 - 6. Health services and classes as approved by the Board of Education.
 - 7. There shall be maintained a continuous census of children of school age, and provision shall be made for promoting school attendance through adjustment of personal problems, education of parents, and enforcement of attendance and child welfare laws.
 - 8. Insofar as resources will permit, the Board of Education may provide summer school instruction for grades one to twelve inclusive.
 - 9. Insofar as resources will permit, the Board of Education shall operate classes for adults in fields of instruction for which there is a sufficient demand.
