Dear Spencerport Community,

On behalf of our entire faculty and staff, let me say how wonderful it has been to have your children back in school this past week. Their energy has been infectious, and we don't take for granted how lucky we are to play a role in their development as thinkers, performers, athletes, and artists.

Thank you for sharing with us your back-to-school photos. Please visit our website, <https://bit.ly/3L0nHUW>, to see the many pictures that were submitted, including 13 WHAM's Matt Molloy. This was a great way to celebrate the start of 2022-23, and we wish all of our families a successful year!

## Bright Spots

### **Beautiful student performance**

A special thank you to students Will Geiger, Emma Nowak, and Mikayla Amico from our High School Treble Choir. These talented vocalists helped us to kick off our staff opening day in the most beautiful manner. Their performance of One Voice was a powerful reminder that when we come together as one, we can accomplish so much. I encourage you to listen to this beautiful performance and I want to thank teacher Ann Murphy for all the ways she supports our students and community.

## Updates

### Volunteers for strategic planning committee

As you know, our district has initiated a strategic planning process, and we started with the community ThoughtExchange earlier this summer. Thank you to all of the respondents who shared their hopes and visions for the future of our district. This information will truly be invaluable as we look to the next phase of the process. This brings me to an invitation.

Families or community members who would like to serve on our districtwide strategic planning committee are asked to send an email of interest to [info@spencerportschools.org](mailto:info@spencerportschools.org) by Thu., Sep. 22. The committee will meet on Thu., Sep. 29, from 4–8 p.m., and confirmed members will receive an email with details and location.

### 9/11 Remembrance

Sunday will mark the remembrance of 9/11. Twenty-one years ago, nearly 3,000 people lost their lives in the horrific acts of terror against our state and our nation. I wanted to take a moment to remember the victims and the brave first responders who lost their lives in the most unfathomable way. I also want to honor the survivors and victim's families whose lives were forever changed on

Sincerely,

Kristin Swann
