Dear Spencerport Families,

My weekly message is coming to you a day early because tomorrow is Superintendent's Conference Day. While there is no school for students, our staff will have the opportunity to engage in professional learning designed to address the district's priorities of:

- creating a safe and welcoming environment to all on our campus
- curriculum, instruction, and assessment practices across curricular areas
- social/emotional learning and best practices in working with dis-regulated students
- supporting the needs of diverse learners

We appreciate the diligence of our staff and look forward to the opportunity to collaborate with each other so we can provide our best for our students and community.

Recognitions

National Custodial Worker Recognition Day

Early this week marked National Custodial Worker Recognition Day and I'd like to recognize each of our custodial teams for all their hard work. Did you know that our custodial teams are responsible for cleaning over 860,000 square feet of classroom space, offices, and common areas every day?!

With the fall semester well underway, Darin Price, director of facilities, and our custodial staff are very busy keeping our schools clean, safe, and running smoothly. Thank you to our custodial staff listed below.

You are the first people in our schools each day and the last to leave making sure our spaces are ready for all of our students and staff every day. We couldn't do what we do without your great work across all our buildings!

THANK YOU! to our **SCSD Custodial Team**

National Principals Month

Observed during October each year is National Principals Month, and this is a great opportunity to recognize our principals for their hard work and dedication.

Thank you to our principals, David Caiazza, Michael Canny, Jim Centola, Denise Lemcke, Sean McCabe and Telcie Pincelli. We are truly fortunate to have their leadership in our schools and district. #ThankAPrincipal

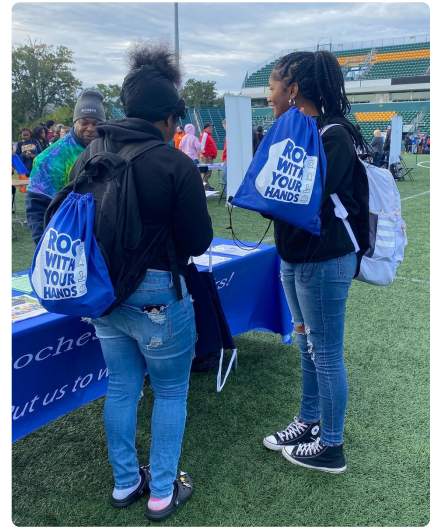

Bright Spots

ROC With Your Hands

This week 29 students from our high school attended the first annual ROC With Your Hands event on October 4. The Rochester Technology & Manufacturing Association and the city of Rochester hosted this event as employers across our state continue to attempt to hire workers in the skilled trades.

We want each one of our 3,600 students to receive a world-class education during their time at Spencerport, and we encourage students who are interested in going directly into the workforce to consider advanced manufacturing and skilled trades career paths. Students in attendance participated in breakout sessions and networked with individuals from a range of backgrounds and experiences in the skilled trades. Our goal is to help all students navigate a positive pathway to success and economic independence. Thank you to our outstanding business teacher, Melissa Garofalo, and our students for making us #Spencerportproud!
